Santa Claus Coming To Diboll December 15th

Lumberjack 1955 Football Banquet Scheduled Friday

The 1955 football banquet is on tap for tomorrow night, Friday, December 9, at the old community center. The event will get underway at 7:00 p.m.

Each person attending the local banquet will have one of the Diboll Lumberjacks as his guest. Players fathers, coaches and other guests are expected to hike attendance to better than 50 persons, according to Ralph McGill, president of the Local Club, which is sponsoring the event.

Mr. Elmer Smith, coaching assistant to Paul Bryant at the Texas A and M College, will deliver the address before the Lions Club. He will also bring with him a film of the TCU-A and M football game played this year.

Holiday Workers Need SS Cards

Many school students and our housewives plan to work in jobs covered by social Security during the holidays. These part-time workkers will need social security cards, the same as full-time employees according to Mr. L. R. James, District Manager of the Social Security Administration at Lufkin.

Mr. James urges all persons who plan to work during the holidays and who do not already have social security cards to apply for them immediately. Those who have lost their cards should ask for duplicates. Job hunters having social security cards at the time they file their applications for jobs will secure employment quicker, declared Mr. James, since many employers will not hire workers unless they do have in their possession social security cards issued in their correct names.

Mr. James said that nine out of ten jobs of all kinds and practically all of the temporary holiday jobs are covered by social security. So these part - time workers are not only earning extra money and getting valuable experience, but are also building up credit under the Old-Age and Survivors Insurance Plan.

Girl Basketballers Lose First Game

Johnny Waldie's Lumberjackettes lost their game to Colmesneil Friday night, 48-9. The humiliating score was not considered too bad, since it is the first game played by the Diboll girls in two years.

Doris Hollingsworth scored all Diboll's points. Colmesneil's girl Flowers counted 26 points, and M. Belt scored 11.

The girls will be in action again tonight at Lumberjack Gym preceding the A and B games with Groveton.

Judy Taylor Honored On 9th Birthday

Judy Taylor celebrated her ninth birthday with a party, on Wednesday, Nov. 30th, at her Diboll home. Judy is the daughter of Mr. and Mrs. Franklin Taylor.

Those present at the party were: Joe and Bill Smith, Ronnie Rector, Billy Tucker, Jimmy and Tommy Farley, Gary Hendricks, Susie Schienke and Moody Smith, Jr.

Also Peggy and John Ralph Pouland, Judy Booker, Dixie Hickman, Dicy Bowman, Mary Scarborough, Alma Jane Smith, Sharon, Carol, and Gloria Taylor, Bruce McGill, and Johnny Booker.

Those attending from Lufkin were Marty, Libby and Jim Love

NOTICE

Customers and patrons in the Lufkin area are reminded that the store closing hours for the Lufkin business firme will be 6 p.m., Dec. 21 through Christmas Eve, December 24, Herman Taylor, chairman of the Merchants Division said.

Drive On To Spur Dining-Out

Marion Isbell, president of the National Restaurant Association (left), and George R. LeSauvage, president of the New York State Restaurant Association, get help from a pretty girl in counting out the First Prize in International Silver's "Dine-Out" Slogan Contest.

In this era of contests galore, imagine one in which the public is ineligible but one which, nevertheless, is likely to influence mightily the pattern of family life all over America.

This contest, sponsored by the International Silver Company and its dealers, seeks a slogan that will influence more people to dine out more often. Some 200,000 restaurant owners and executives are expected to participate. The slogan, when found, will be featured in millions of dollars worth of advertising in newspapers and other media all over the country in an all-out effort by the restaurant industry, and major companies that supply it, to increase the "dine-out" habit.

So get ready Mr. Family Man! The International Silver contest, under auspices of the National Restaurant Association, closes December 31. Shortly after the first of the year a slogan will have been found. You can then expect your wife to remind you that publications all over the land are urging you to "Give the little woman a treat — take her out to eat!" Incidentally, International Silver is offering a $1,000 first prize for the right slogan and 25 other prizes for runner-up slogans.

Little "D"

MARTHA HONEA setting her wedding date - - FOSTER KING scheduling group picture of the music students - - JOHNNY WALDIE and ERWIN DuBOSE disappointed over All-District selections - - BILL JONES commenting on Alto - Crosby football contest - - D. C. HOLDER rushing home to disconnect TV during rainstorm - - J. T. HUTSONS going into cafe business - - BILL JONES and JESSE CARR collecting material for a new fence at High School Stadium - - M. Schienke preparing Christmas tree for The Village.

Diboll's Dimunitive Drop of Dynamite, 130 pound quarterback, Royce Grimes, and big Ken Burnett were placed on the District 19-A All-District team last week. Grimes will have to aim for another target next year, since Big Ken will graduate. The tiny quarterback will be back again next year. Should he pilot the Jacks as well again, Diboll should show Timpson, Hemphill, Garrison, Corrigan as well as Joaquin and Cushing a fine brand of football.

During the basketball season, News-Bulletin sports coverage will be by Amos Lewis, Diboll High School Student. Hode all of you enjoy Amos' coverage and views.

Santa Claus will be here on Thursday, Dec. 15. As is mentioned in the papper. Diboll merchants have arranged for the visit.

During the next couple of weeks, this paper will resume its series of articles about people of Diboll. I'm sure most remember the human interest in the old Buzzsaw, published By Southern Pine Lumber Co., in dealing with colorful character, domestic and vocational life in Biboll.

Everyone seemed to enjoy the articles, and we have since had many requests to take upwhere the Buzzsaw left off.

If you know of anyone in Diboll, whose life you thin. would be of interest to other Diboll fanms, write Box 38, with your suppestion.

Lions - Boosters Prepare Baskets

The Lions Club in Conjunction with Booster Club members this week prepared baskets for needy familys of the Diboll Community.

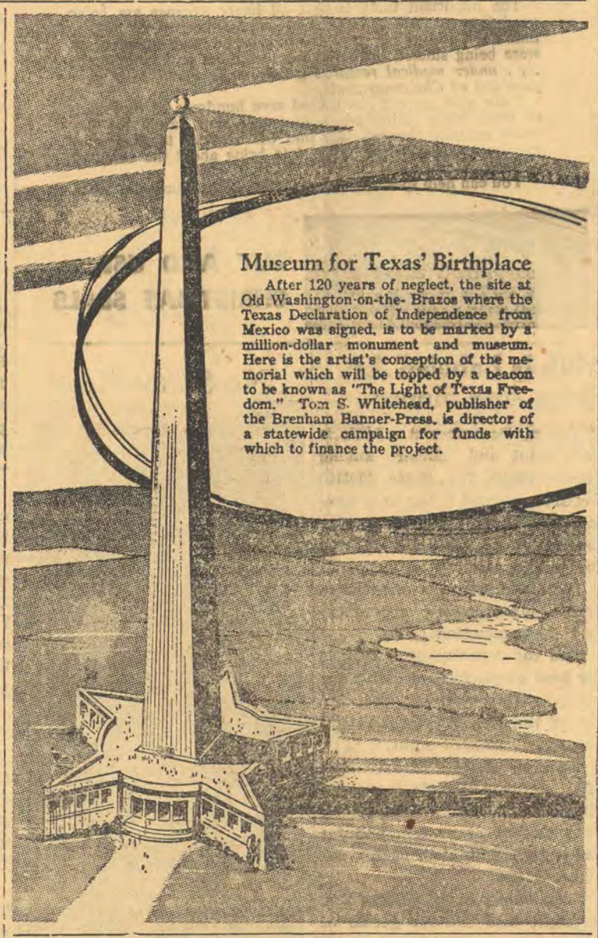
Baskets will be placed in at least 12 business houses here and those placed in grocery stores will contain food and also fruits and nuts.

Baskets in other stores, such as variety, may be filled with toys and other gifts.

Mr. Tom Kelley, chairman, said that any gift may be placed in the baskets at the convienience of the merchant.

Stores to display these baskets for the needy are. Powell, Holder, Village Food Mkt., J. C. Smith, Russell, Richardson, Pazlics, Vaughns and other business Firms of Diboll.

A movie is also on tap prior to Xmas. Date will be given next week. A can of food will be the addmission price.



Museum for Texas' Birthplace

After 120 years of neglect, the site at Old Washington-on-the- Brazos where the Texas Declaration of Independence from Mexico was signed, is to be marked by a million-dollar monument and museum. Here is the artist's conception of the memorial which will be topped by a beacon to be known as "The Light of Texas Freedom." Tom S. Whitehead, publisher of the Brenham Banner-Press, is director of a statewide campaign for funds with which to finance the project.

Diboll Looses First Game Of Season 63-65

BY AMOS LEWIS

Coach Bennis Franks' Lumber Jack basketball team dropped their first game of the season last Tuesday. They fell to Cushing, 65-63, in a thrilling overtime finish. The Jack B team also fell to Cushing.

The Jacks revenged their initial loss last Friday night, however, as they pounded a good Colmsneil team here, 58-38.

Big Ken Burnett, fresh from the football wars, waged a 24 point attack to lead both teams in scoring. Bobbitt followed the Burnett with 14 points.

Opening the second quarter, the Jacks retained a 15 point lead the remainder of the game.

SAYS HE'LL WIN

Coach Franks, questioned on the team's chances for a winning season, said, "If we can stand the pressure as well as we did at Cushing in our first game, I think we'll have a good club. Naturally it's too early to make any definite predications, especially before we see the other district teams in action. I expect to win some ball games."

And he probably will, for the veteran Coach has built a winning club every year since coming to Diboll in 1948.

The Jacks returned the game with Colmesneil Tuesday night, and will meet Groveton here tonight. They will meet Groveton in the second district tilt of the season there on January 10.

'B' TEAM SPLITS

The B team lost to Cushing and then came back to win over Colmesneil 33-13. Billy Saxton sank 12 points, followed by Amous Lewis with 7. Brown and Youngblood rang up 8 and 5 respectively for Colmesneil.

Mr. Robert Hammer and Mr. Marvin Hamner of Lufkin were visitors in Diboll Friday.

Two Diboll Lads Make 2nd All-District Team

BY BETH DURHAM

Two Diboll Lumberjacks were placed on the Second All-District football team at a meeting of District 19-A coaches last Thursday at Corrigan.

End Ken Burnett and quarterback Royce Grimes were placed on the mythical second team.

Woodville dominated the team by placing six men. Groveton, placed two, Trinity two, and the Corrigan team one on the District team.

Burnett, one of the most exceptional ends on offense and defense to play in this district, was expected to be named to the first team along with Freddy Friday. Ballots, however, show that coaches were in favor of Bobby McWilliams of Woodville for the right end post.

SECOND TO KOLB

Woodville's Bryant Kolb beat out Royce Grimes for the Quarter Back position. Observers opinion showed that Kolb did not play as well under pressure in the Crosby game, nearly as well as Grimes, who was under pressure each and every time he stepped back to pass.

JUST TWO MEN

No other Lumberjacks placed on either the second or third teams. Woodville's John Anthony and Jim Chapman, along with Trinity's fleet-footed K. D. Dunlap rounded out the first team backfield.

The first and second teams as picked by 19-A coaches are:

FIRST TEAM

LE—Freddy Friday, Groveton
LT—Donald Spurlock, Corrigan
LG—Odis Johnson, Trinity
C —Tom Hamilton, Woodville
RG—Travis Tullos, Groveton
RT—Ronald McBride, Woodville
RE—Bobby McWilliams, W'ville
QB—Bryant Kolb, Woodville
FB—John Anthony, Woodville
LH—K. D. Dunlap, Trinity
RH—Jim Chapman, Woodville

SECOND TEAM

Haver Dunlap, Trinity; Jerry Kemper, Groveton; Bobby Coats, Woodville; Farrell Henderson, Groveton; J. E. Anderson, Groveton; Owen Hasham, Trinity; Ken Burnett, Diboll; Royce Grimes, Diboll; Holloman of Groveton; Buddy Chisholm, Corrigan; Elton Poindexter of Woodville.

Santa To Distribute Candy To Children

Santa Claus is coming to Diboll.

The jolly old fellow from the North Pole will be in Diboll on December 15, it was announced this week by a group of Diboll merchants who have arranged for the visit.

Santa will be picked up somewhere outside Diboll and will be brought into town on the fire truck. He is expected to arrive in The Village at 3:00 p.m. on Thursday, Dec. 15.

MERCHANTS TO HELP

Diboll merchants and businessmen will help Santa distribute candy to all the youngsters who come to The Village. Santa will not be able to make it to Diboll until 3 p.m., so the merchants will not have a parade this year.

DECORATION CONTEST

In honor for Santa's visit, Diboll merchants are sponsoring an exterior lighting and decoration contest, which will run from December 19 until the 24.

Out of town judges will be on hand to judge the Christmas decoration arrangements on the 24th and prizes will be delivered that Christmas Eve night.

First prize winner can win $15 in cash, second prize $10 and third prize $5.

Merchants who are bringing Santa to Diboll are: Foster King John Lea, Charles Hanks, Leroy Porter, Maynard Schienke, Dan Fenley, J. T. Hutson, J. C. Smith, Lee Estes, Ted DePriest, Tom Tatum, Bennie Rector, H. W. Pinkerton, Zelda Arrington, Sherod Powell, Ralph McGill and Paul Durham.

Other merchants who did not attend last week's meeting, but who will be helping Santa will be announced later.

Maynard Schienke will be in charge of Christmas decorations in The Village.

Bro. Don Turner Addresses Group

Bro. Don Turner, Pastor of the First Baptist Church spoke to the Training Union Workers of the First Baptist Church, Lufkin in their monthly meeting last Monday night. Bro. Turner, who is Associate Director of the Unity Association Training Union, spoke of the necessity of more Training Union workers seeking the Leadership of the Holy Spirit as the plan of their work.

"Moses learned more on the Backside of the Dessert than he did in the schools of Pharoah, Paul learned more in Arabia alone with God than at the feet of Gamaiel, Ezekiel learned a great lesson at Chebar, and Elijah was taught by God when alone at Brook Cherith. John the Beloved Disciple was alone with God on the Isle of Patmos when he received His revelation and so must we seek a place alone with God if we are to properly lead his people.", Brother Turner said.

NOTICE

CALL IN THAT NEWS!

Dibollians are invited to call all their news of interest to Mrs. Jimmie Ferguson at 2401. If it concerns people, its news,; if it concerns, Diboll people, that's real news and we of the News-Bulletin will be also happy to bring it to the public's attention.

BULLETIN

All Dibollians are invited to enter the Lighting and Decoration Contest, beginning Dec. 19 and ending Dec. 24. The Contest is sponsored by Diboll merchants in conjunction with the Annual Christmast program.

Prizes of $15, $10 and $5 cash will be delivered to the lucky winnrs for first, second and third places on Christmas Eve night.

Highway Dept. Plans Road Work In 1956

The Texas Highway Department has announced from Austin that the first step has been taken that will set up a new program of highway work for the calandar year of 1956. This program is especially designed to protect the investment already made in the State system of roads.

Mr. V. G. Koch, District Engineer of the Texas Highway Department at Lufkin, has stated that the following state hiways and roads in his area are scheduled for work under this program:

Loop 36—From St. 103 South, a distance of 1.2 Miles. Estimated cost is $7,800.

FM 324—From end of curb & gutter in Lufkin to South City Limit, a distance of 1.0 Miles. The estimated cost is $13,200.

US 59—From Angelina River, South, a distance of 1.5 miles. Estimated cost is $11,000.

FM 325—From old City Limit of Lufkin, East, a distance of 2.5 miles. Estimated cost is at $13,000.

FM 844—From US 69 South, a distance of 2.9 miles. The estimated cost is $3,800.

FM 843—From US 59, 7 Miles North of Lufkin, West to US 69, a distance of 6.7 miles. Eestimated cost is $28,000.

S.H. 103—From 8.4 Miles W. of Lufkin to Neches River, a distance of 4.2 Miles. The estimated cost is $31,500.

S. H. 94—From end of curb and gutter in Lufkin to Neches River, a distance of 8.8 miles. The estimated cost is $51,000.

Mr. Koch stated that the Highway Commission has authorized the development of this program for the purpose of protecting the investment of the public in the State Highway System.

It was announced that work will begin on these projects as soon as final planning is completed and right of way secured. Mr. W. L. Stockton, Resident Engineer, will be in charge of the work in this area.

Irrigation farmers in the high Plains area of Texas have installed approximately 1,822 miles of undergrown concrete pipe since 1948. These irrigation systems are water conservers and also eliminate many other problems common to ditch irrigation.

1955 Basketball Dates Released

Coach Bennis Franks this week released the 1955 district basketball schedule. Mr. Franks also pointed out that season tickets are on sale for all home games. They may be obtained by calling any person at Diboll High School.

THE SCHEDULE

Jan. 6—Corrigan, There
Jan. 10—Groveton, There
Jan. 13—Woodville, Here
Jan. 17—Hudson, Here
Jan. 20—Trinity, There
Jan. 27—Corrigan, Here
Jan. 31—Groveton, Here
Feb. 3—Woodville, There
Feb. 7—Hudson, There
Feb. 10—Trinity, Here

Basketball scorecards for all district games may also be obtained. They were published by the compliments of Bowman - Vaught Garage.

$650 Set As WMU Missionary Goal

The WMU of the First Baptist Church have set their Goal for their Christmas Offering for the Foreign Missions at $650. Each year at Christmas Southern Baptist Churches take a Special Offering for Foreign Missions.

It is estimated that Gifts this year will exceed nine Million dollars in Texas alone. It is Christs Birthday we remember, certaintly He, whose Birthday we celebrate would rejoice at a Sacrificial gift to Foreign Missions in His Name.

Mrs. E. P. Ramsey Sr., Local WMU President says that this Goal represents a 15 percent increase over last years offering.

Clyde Thompson To Host Group

Clyde Thompson, superintendent of llogging operations at Southern Pine, will host a group of state officials at Boggy Sough this weekend. The senators, representatives, and other state officials will gather at Boggy Thursday and stay until Saturday noon.

Home cooked meals and deer hunting will highlight the session, according to Mr. Thompson.

CHAMBER OF COMMERCE NEWS

A total of 420 representatives have been made for the annual Chamber banquet, Clyde Thompson said Thursday. President Thompson urged members to place their orders for tickets at once as school officers must have meal reservations by the weekend.

The chambers annual report is on the press and will be ready for distribution by banquet time. Dr. J D Grey of New Orleans will deliver the main address. New officers will be installed. President Thompson said.

Governor Allan Shivers presents deer hides to Mrs. Milton Smith, chairman of the State Advisory Council for Volunteer Services at Tuberculosis Hospitals, for use in occupational therapy at State TB hospitals.

Vets Q's & A's

Q - As a Korea vetern, I have 120 days from the date of my discharge to obtain Korean GI term insurance. What would happen if I were to wait until the last day, and it happened to be on a Saturday or Sunday when the VA was not conducting business?

A - If the final day of the 120 day period falls on Saturday, Sunday or holiday, the time for obtaining Korean GI term insurance would be extended to inlude the first workday that followed.

Q - I am planning to take graduate courses at college under the Korean G I Bill. What does VA consider to be full time graduate college training?

A - There are no set number of hours you are required to take. For graduate students, VA accepts the word of the school as to whether veterans are pursuing their training full-time or part-time.

Q - Would it be possible to get a GI business loan to obtain working capital for my small business? I qualify, under the law.

A - Yes. Uuder the law you could get a GI business loan to obtain working capital. But you would have to find a lender willing to make the loan under GI terms.

Q - I am receiving retirment pay from the armed forces and I also am eligible for VA disability compensation. I realize I have the right to choose either of the two benefits. But, if I make a choice, would I be allowed to change at some future date? Or is the choice I make now binding for the rest of my life?

A - The choice you make now would not be binding for the rest of your life. You would have the right to change at any time.

H-O-W-D-Y

I guess I'm getting old. At least my wife tells me I am, and she ought to know, Anyway, with all the radio, newspaper, and TV coverage, I failed to see or hear now many traffic deaths there were over the nation during Thanksgiving holidays.

When we consider that at the least, three people go to the hospital for each one killed, I'd bet that there are twelve to fifteen hundred people dead or in the hospitals now that were alive and healthy the day before Thanksgiving. Appalling, isn't it?

And we've another three day holiday coming up. Christmast, less than three weeks from now—And, based on past experience, some two thousand people are healthy now that either will not be around or will be in the hospital by the end of the year.

Fast driving, I think, is considered the main cause of accidents. And it's no wonder, what with the high-powered cars being made now, with improved gasolines and oils, etc. And the emphasis on all car and gasoline advertising is on speed, zoom and zip. This make of car made a record of so many minutes and seconds over a different road or up a high mountain, beating the time of other makes. A certain gasoline advertises that it has been especially treated to give fast getaway.

And naturally it is hard to stay within the legal limit of 60 miles per hour. I have the good fortune of owning a '56 model auto. It's a six, not an eight cylinder, but even so, it's powerful and runs smoothly, and holds the road so well I find myself going seventy without realizing it unless I keep my eyes on the speedometer. That isn't practical, however, and even at seventy cars pass me so fast I'm tempted to get out, go around front, raise the hood and see if my motor is running.

We have laws that make us have good brakes, lights, etc. If we are caught without these we are liable to arrest and fine, and that is the way it should be. We also have a law setting the legal speed limit on the highway. Obviously people are not going to obey that law voluntarily, and even though they are subject to arrest and fine, if caught, there just are not, and never will be, enough cops, (policemen) to patrol every mile of highway.

Now, if it is sensible, as it most certainly would seem, to have laws governing all other phases of automotive operation, why, in the name of common sense can't a law be passed to put governors on all motors, set to the legal speed limit.

The only exceptions would be officers, doctors, ambulances, etc. Those caught speeding without a permit or governor would then be subject to a fine or perhaps imprisonment.

All other control methods are ineffective, why not try this?

An all-time high for corn production in Texas, 251.5 bushels an acre, has been set by a Lamb county 4-H boy, Royce Turner. He topped the field in the annual Texas hybrid corn Production program. Last year his twin brother, Doyce, became the first program participant to break the 200 buchel an acre barrier with a yield of 204.3 bushels. Out of the 118 participants completing their 1955 records, 55 produced in excess of 100 bushels an acre.

A VACCINE FOR TB?

A brief statement by
JAMES E. PERKINS, M.D.
Managing Director, National Tuberculosis Association

At the present time there is not a satisfactory vaccine against TB.

After years of study, a vaccine, called BCG, was developed that does increase resistance . . . but gives neither strong nor predictable protection.

Tuberculosis poses peculiar problems to researchers seeking an immunizing agent. Vaccines have been most successful against diseases where a single attack of the disease itself brings about immunity against future attacks. This, unfortunately, is not true of TB. One attack is no guarantee against future attacks of tuberculosis. In fact, TB is notoriously a "relapsing" disease.

However, in the uncharted future of science and medicine, it is certainly possible that a vaccine could be developed that would confer strong and lasting immunity. Or the secret of preventing tuberculosis may lie elsewhere . . . in enhancing nutrition for example, or perhaps a superior drug can be used to prevent as well as treat TB.

The important thing is that all likely avenues are being carefully investigated. This past year questions pertaining to immunity and other problems connected with tuberculosis were being studied in more than 40 clinics and laboratories . . . *under medical research grants made possible by your purchase of Christmas Seals.*

Your past support has helped save hundreds of thousands of lives. Your continued support will help hasten the day when medical research will find the answers to perplexing problems which must be solved to bring about the conquest of tuberculosis.

You can help speed that day . . . by buying Christmas Seals.

BUY AND USE CHRISTMAS SEALS

Milk Is Labeled As Saint And Sinner

Austin, December 8 - Milk is both saint and sinner among human foods, the State Hetlth Department said today in a statement favoring compulsory pasteurization of all milk offered for public sale.

The statement was directed to cities planning milk ordinances or milk production codes.

Said the department, "Milk is the best single food available for human consumption, and also one of the most dangerous - unless it is handeled right."

"Milk contains the essentials of a balanced diet. It is rich in vitamins. It has an especially good quality of protein and fat and a high content of realily usable calcium.

"But unless it is pasteurized, it might also contain germs of tuberculosis, typhoid and paratyphoid fevers, gastro-enteritis, diphtheria, streptococcal infections, undalant fever, foot and mouth diease, diarrhea, dysentery, and perhaps even polio.

Pasteurization means holding milk at a temperature of 143 degrees Fahrenheit for 30 minutes or at 161 degrees for 15 seconds.

State health Commissioner Henry A. Holle credits pasteurization with being the most important single disease preventive in the sanitation, nxet to water purification.

Health officials at all levels of authority view pasteurization as the best insurance for the industry and consumer, the simplest, least objectionable, and most trustworthy method of rendering milk safe.

These same officials say that while good milk has done more than any other single food to obtain and maintain health, bad milk formally was responsible for more sickness and death than all other foods combined.

Statistics compiled by the U. S. Health Service on epidemics of milkborne diseases indicate the risk of contracting an illness from raw milk is approximately 50 times as great as from pasteurized milk. There is no record of a milk-borne disease outbreak attributable to pasteurized milk.

"Pasteurization is the only practical commercial method of destroying all disease organisms in milk," Dr. Holle concluded.

Diboll Wins Two Firsts; One Third

Diboll captured two first place prizes and one third in the District V Leadership Contest held at Huntington, November 29.

Placing first in the FFA Farm Broadcasting, was a team composed of J. T. Weimer, Larry Bowman, and Billy Minton.

The Chapter Skills Team, winning another first place, was operated by J. R. Telford, W. L. Miller, and Carroll Black.

Advisor Bob McCurry said his group took third place in Senior Conducting, a field in which they hope to improve in the future.

PALM SPRINGS, CALIF. — The swallows may return to Capistrano but the beauties return here. The one shown above is at the pool of the El Mirador with its famed Tower of The Stars in the background.

Farm Tax Guide Now Available

Washington, D. C. - Congressman Teague stated today that in order to provide for a convenient and easy to read publication explaning the income tax laws and reguations, particularly applicable to farmers and ranchers, the Internal Revenue Service has published a booklet entitled, "Farmers' Tax Guide, 1955."

A supply of these booklets Mr. Teague said have been furnished to each County Agriculture agent for distribution without charge to anyone desiring a copy. A limited supply was also given to the office of each District Director of Internal Revenue.

Congressman Teague said that anyone unable to secure a copy of this booklet through their County Agriculture Agent should feel free to write him at his Washington Office, Room 101, Old House Office Building, Washington 25, D. C.

Groveton Indians Receive Award

The Groveton Indians were awarded the 1955 trophy for the Best Sportsmanship, it was announced this week by Johnny Waldie.

At the beginning of each year, each school in the district is given score sheets, on which are recorded player behaviour, spectator attitude, and calibre of officiating.

The Groveton Indians, long one of the 'cleanest' ball clubs in this part of the country, were voted worthy of the trophy by unanamous decision of coach-

an Electric Range

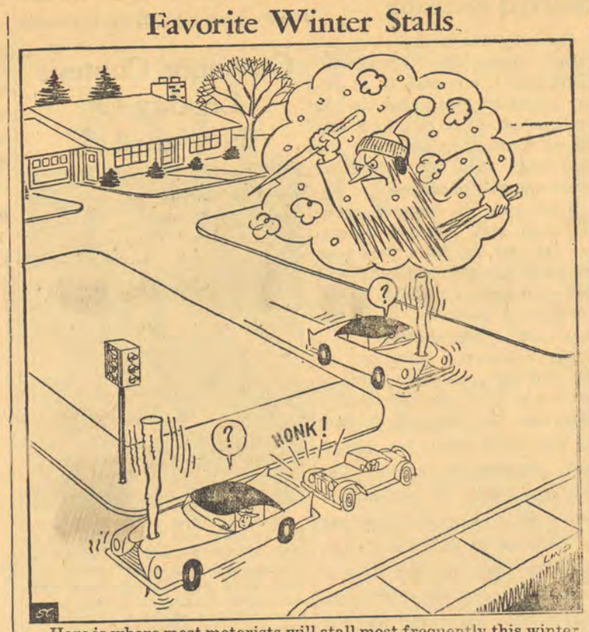
Favorite Winter Stalls



Here is where most motorists will stall most frequently this winter. The cause is carburetor icing — responsible for stalling up to 55% of cars on cold damp days, according to road tests at Gulf Oil laboratories. On such mornings a frosty ice often forms inside the carburetor, blocking air passages at idling speed. Until the carburetor warms up, stops at intersections or in traffic can cause stalling. A remedy has been developed in anti-carburetor icing additives, which are now available in some premium gasolines.

For all the greatness of His mercy to us, His love for us, God requires so very little of us—and yet some of us find that little so difficult, find it so hard, even while doing justly, to be merciful to those less fortunate, to be humble in our proud self-assurance.

Canada's Winter Magic

When powder snow lies deep on the Canadian countryside, it's time to think of winter vacations. They're rapidly becoming part of modern living, and with good reason. A galaxy of winter sports and recreation areas awaits travelers in both Eastern and Western Canada, with unsurpassed accommodation and other tourist services. For details on where to go and where to stay on a winter vacation, write to the Canadian Government, Travel Bureau, Ottawa, Canada.

HELP FOR POLIO PATIENTS is forthcoming from Epsilon Sigma Alpha, business girls' sorority, in the form of a state-wide program through which the Texas chapters of the group will supply self-help devices to Texans recovering from the effects of the disease. Drafting plans for the program are, left to right, Mrs. Jean Beasley, Austin, state president; Mrs. R. O. Pearson, Abilene, state women's advisor for the National Foundation for Infantile Paralysis; Mrs. Wilma Shahan, Port Neches, ESA's state projects director. The business girls' group also will assist with the coming March of Dimes (January 3-31) throughout Texas.

Shivers Gives Hides To Hospitals

Austin, Texas, - Like many Texac hunters, Governor Allan Shivers gives the hides of deer he kill to state tuberculosis hospitals. Patients use the tanned leather for moccasins, purses and other articles they are taught to make in the hospitals' occupational therapy program.

Commenting on this program the Governor said, "I am told scientific methods of treating tuberculosis include the effective use of drugs, surgery, and social and vocational rehabilitation. This rehabilitation includes occupational therapy and job training.

"Anyone who previously could enjoy the outdoor activities of hunting, fishing, and other such recreation has difficulty in adjustng to hospital life. I am glad patients in our state tuberculosis hospitals have, in addition to modern medical and surgery treatment, the benefit of services which help to brighten the long months of inactivity necessary for many of them to regain their health."

Governor Shivers commended the Texas Tuberculosis Association and its affiliated local units for their contributions from the Christmas Seal Sale have made possible the emuloyment of registered occupational therapists in state TB hospitals.

Anestimated $24 billion will be spent by farmers of the nation for electrical appliances and equipment during the period from 1956-1957. This is an average of $5,300 per farm.

About People You Know

Jack Sweeny is thrilled over killing a buck.

Mrs. F. Farmington reported in from Beaumont where her son Franklyn is improving in a hospital.

Mr. and Mrs. Arthur Sweet and daughter of Gatesville visited in the Calvin Lawrence home Saturday and Sunday.

Mrs. F. H. Baskett and children of Orange is visiting Mrs. Lottie Wimp and son, David.

Mr. George Pedigo returned home from a short vacation.

Mrs. Roxie Bateman is reported much improved after a serious illness.

Mrs. Melba Johnson and Mrs. W. E. Chandler returned home from Victoria where they visited relatives.

Guests in the Chandler home over the weekend were: Mr. and Mrs. Jim Massey of Baytown, Mr. and Mrs. Carl Ferguson of Beaumont, and Bill of Beaumont.

Mrs. Pete Hendricks of Houston visited her father, Frank Laing, who is ill. He is in the Diboll Clinic.

Mr. E. A. Farley reparted for duty Monday after a two week illness. He was in Memorial at Lufkin.

R. V. Honea was through Diboll a couple of weeks ago, enroute from Livingston to Lufkin. He did not stop in Diboll to see old friends, however. Attention, Boots Jackson!

Your telephone grows more valuable with each new installation . . . you can call more people, more people can call you. And, even in the face of rising prices for everything from apricots to zippers, telephone service still remains a low cost, high value bargain . . . the biggest in your budget.

A PENNY Still BUYS A LOT

The clean, blue flame of natural gas is the biggest bargain in your home today . . . just as it has been for many years.

While the price of nearly everything else you buy has increased greatly over the years, natural gas service is still selling at 1935 rates — and lower. Our residential and commercial customers, on the average, are now paying less per thousand cubic feet of natural gas than they did 20 years ago.

Natural gas serves the homes and industries of the Gulf South — serves them dependably and economically.

Gas is best

Faith Baptist Join In Lufkin

Sunday afternoon at 2:30 pm a counsel of members of Baptist Churches in the Unity Baptist Association helped with the organization of the Faith Baptist Church Sunday afternoon. This new Church plans to build in the Union Road Section of Lufkin. They are at the Present meeting in the Temporary District Court Room. Rev. Ray Nadeau was called as Pastor of the New Church.

Rev. Lloyd Ballard, Pastor of the First Baptist Church at the Burke Church preached the Congressional Sermon.

Silent Sensation!

5.9 h.p. Alternate Twin Comet Engine

This "Super Silent Six" sneaks up on you—*and* the fish! With *complete* engine silencing . . . handy Push-Button Clutch . . . Dual-Purpose Drive for true weedless operation . . . 5.9 Full Jeweled* horsepower—*weighs only 42 pounds!* Remote Fuel Tank.

*Ball and roller bearings throughout.

SEE YOUR MERCURY DEALER

Mr. and Mrs. R. V. Honea of Livingston announce the approaching marriage of their daughter, Martha Ann, to Haywood Lee Quarles,, son of Mr. and Mrs. Ed Quarles of Burke.

The rites are to be solemnized by the Rev. T. H. Honea, the grand-father of the bride-to-be, at the home of Mr. and Mrs. George Honea of Lufkin on Jan. 1, 1956.

Both Miss Honea and Mr. Quarles have resided in Diboll most of their lives.

Brother Turner Addresses Group

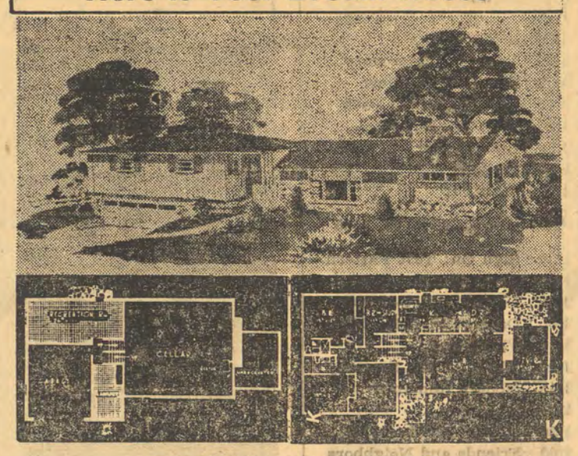
Bro. E. L. Knox, Sunday School Superientendent of the First Baptist Church, introduced Brother Turner who spoke to the teachers and officers of the church on the theme of Ignorance of God. Citing the fact that many so called intelectuals are ignorant of God and His Will, Bro. Turner challenged the assembled officers of the Church to recal that the Bible Is God's Word. It is the Book we teach."

Shirley McKinney Is Class Favorite

Miss Shirley McKinney of Diboll, Texas has been elected favorite of the sophomore class at East Texas Baptist College. Miss McKinney will be presented as class favorite in the 1955-'56 annual.

The Martian is scheduled to be out in the early spring.

Here Is Your Dream House



THE HOUSE OF SUNSHINE

Pictured above is a split-level home which looks like a ranch house—with all the lighting and freedom of a ranch house—but actually has three levels.

On the ground level are large living and dining rooms and a well-appointed, bright kitchen. A short flight up brings you to the sleeping quarters which are luxuriously comfortable and spacious, including ample storage room. Below is a trim, over-sized basement where recreation room, heating equipment and laundry are located.

There are two full-sized baths. There is also an extra breakfast space in the unusually large kitchen. All over the house you will find heaps of closet room, lots of air and sunshine—thanks to the huge picture windows.

Never before published anywhere, a complete study plan of this house is available to readers of this newspaper.

• • •

The plan is FREE, but please send 25 cents to cover mailing and handling costs. Address: Modern Plan Service, 100 Stevens Avenue, Mount Vernon, New York (Dept. F)

Texas 4-H'ers Win Trips To Chicago

THREE Texas 4-H Club members have been selected as delegates to the 34th National 4-H Club Congress in Chicago, Nov. 27-Dec. 1, for their accomplishments in the 1955 National Poultry, Recreation and Rural Arts, and Soil and Water Conservation programs.

Melton Frosch

Delores Duerksen

Jimmy Pickett

The work of Melton Frosch, 16, of Mabank, in conserving soil and water, has brought him state honors in the 4-H Soil and Water Conservation program. His award is an all-expense trip to the National 4-H Club Congress, provided by the Firestone Tire & Rubber Company.

Melton is a six-year member of the Kaufman County-Wide 4-H Club.

For a four-year demonstration he selected 25 acres of poor grassland, covered with trees, a creek, brush, undergrowth, etc. The first year he removed brush and undergrowth, leveled the land, used good fertilizer and mowed three times to keep down weeds. The second year he seeded Hairy Vetch, and killed most of the trees, leaving only shade trees. The third year he seeded King Ranch Bluestem with Hairy Vetch, fertilized and mowed twice. The fourth year he built a small lake and tarraces to control water, mowed twice and sodded the dam and outlet.

In four years he increased the grazing capacity from one cow per 12½ acres for four months grazing to one cow per one and 2/3 acres for ten months grazing.

His local club leader is Mr. Floyd Thurm...

• • • •

Delores Duerksen, 15, of Plainview, has won state honors in the 4-H Recreation and Rural Arts program. Leadership and achievement in the program earned her a trip to the Club Congress, provided by United States Rubber Co.

Delores, a 4-H'er for six years, carried 11 projects. She started her recreation work in her first year of 4-H, leading songs and games. She became leader of all recreation for her County-Wide Sr. 4-H Club, led by Mrs. Elmo Ellis and Mrs. A. J. Duerksen.

She won many honors for outstanding achievements in other projects, including first place for demonstrations in baking, dairy and dairy foods, and received four blue ribbons on dress revues.

Delores was elected recreation leader of the Halfway 4-H Club.

All these programs are conducted under the direction of the Cooperative Extension Service.

• • • •

State 4-H Poultry honors have gone to Jimmy Pickett, 17, of Iago. His trip to the National 4-H Club Congress is provided by the National Committee on Boys and Girls Club Work.

Records covering his eight years in 4-H show that he raised 2,841 chickens. Jimmy studied the best characteristics of many breeds and latest methods in feeding, housing and caring for his flock.

He won many cash awards with his entries. Through the sale of the prize winning exhibits he financed other projects and saved for his college education.

Jimmy raised 219 capons, 1,475 fryers, 235 turkeys, 180 rabbits, three beef calves, 21 dairy animals, and carried three electrical projects.

He is a member of the Iago 4-H Club led by Earl Pickett and W. N. Ander.

It was not until 1860 that gas was utilized to any great extent for cooking, and gas ranges were regarded as an innovation at the Centennial Exposition in Philadelphia in 1873.

X-mas Mailing Has Started Rushing

Checking the progress of the "Mail Early for Christmas" campaign, Postmaster B. F. Hines predicted today that the '55 pre-holiday season will be a real record breaker as he noted the mounting flood of Christmas cards and gift packages.

'Last year we handled many pieces of mail between December 1st and the 25th. This year we have already received and sent thousands Christmas cards, letters and packages, and the real rush is just starting."

The Postmaster went on to say that the mounting volume of Christmas mail makes it doubly important for everyone to help on the "Mail Early for Christmas" program. He warned that packages mailed to out-of-state points after this week may not be delivered in time for Christmas. He said that the flow of Christmas cards is running about normal but parcel post is definitely behind schedule and suggested that all out-of-state parcels still to be mailed should be sent by air parcel post, and pointed out that Christmas cards addressed to the most distant points should go air-mail.

The postmaster again reminded that all gifts should be wrapped securely with plenty of heavy paper and tied with strong cord. "Write legibly or better yet print the recipient's full name, street address, zone number, city and state on all mailing labels and cards," it was urged, pointing out that a new pamphlet, 'Packaging and Wrapping Parcels for Mailing' is now available free of charge.

Governor Contests Legality Of Foreign-Aid

In a speech to a mining group, Utah's Governor Lee disclosed his plan of withholding the payment of his income tax on the contention that it is unconstitutional for American taxpayers' money to be used for the support of foreign governments. He is hopeful that his action will bring the constitutional question before the Federal Courts.

The addition of the 2,000 mile pipeline bringing natural gas to Washington, Oregon and Utah will bring the total mileage of the nation's natural gas system to about 420,000 miles.
