Diboll Mothers To Visit Homes Collecting Funds Mon. Night

Little "D"

BILLIEJEAN TUCKER making trip to Lufkin—JOHN ESTES asking friend's birthdate—BESSIE OWENS hurrying to work — RUSTY LEA showing off baby daughter — MR. and MRS. BEN DONAHOE sporting new Chevrolet — Ditto the JACK VAUGHTS — MRS. C. HANKS shopping in Drug store —DR. STEVENSON making a few calls — BILL JONES visiting sick friend — ROYCE GRIMES buying earrings for a friend — BENNIS FRANKS wearing his usual calm attitude though his Lumberjacks are setting a rapid pace — R. A. Stewart reported doing better.

Poll Tax deadline is nearing, All should consider it a rare privilege to have the opportunity of making his personal vote for representatives in government.

Arrogance or indifference toward voting would be a direct indifference within itself to the ones who have fought long and hard to give us this privilege.

Your poll tax money goes for a good cause. Your vote should go to a candidate who would give us good government.

For months now the Booster Club has been trying to get a program started in the way of recreation for our young folks.

It's a shame, though good-hearted and public spirited of those envolved, that so few be made to make the decisions for the younger set. That is, more parents should voice their opinions for this recreation.

If we can't make some sort of arrangement whereby our opinions can be made known to those who plan these recreational facilities, I don't see how a non participant can later on enter the discussion and feel morally right.

The Booster Club is not a member organization. It was not formed for any particular 'set' or 'clique'. You can help make it a better organization by attending the meetings or in a way making your opinion be known to someone who does attend.

For every man who lives to be 85, there are seven women-but by that time it's too late.

If you want a place n the sun you must expect to get blistered.

Diboll mothers will wage their war on polio Monday night, Jan. 30, by going from house to house and collecting funds, according to Mrs. A. R. Weber.

The ladies who have volunteered for the drive will visit those homes which have their porch light or either their front light turned on, although all homes will be visited.

Last year mothers netted more than ever before in their drive, but this year is expected to be even better, Mrs. Weber said.

Workers in the drive are: — Mesdames Kenneth Nelson, Hillory Pouland, J. C. Denman, Leroy Porter, Claud Welch, Aubrey Cannon, Jean Burns, Ollie Johnson and Calvin Lawrence.

Mrs. Weber said she hoped that people would cooperate in the drive by turning on their porch lights about six p.m. The drive is scheduled to run between 6 and 7 p.m.

The chairman told the News-Bulletin that a survey showed only a very small percentage of people had already contributed to the March of Dimes, therefore leaving the 'gate opent' for Dibollians who wish to do their part in fighting polio.

"I hope every person will keep this point in mind," she said,— "that none of us are financially able to wage an individual war on polio. Should one of us contact the disease, we would have to seek aid from the Foundation for Infantile Paralysis. So give with this thought in mind."

Miss Pat Jordan Is Feted On Birthday

Miss Pat Jordan was honored on her 17th birthday with a party Saturday night, given by her parents, Mr. and Mrs. W. E. Jordan.

Cake, Cokes and sandwiches were served as refreshments.— Approximately 35 guests attended.

Out of Town guests were: Mr. and Mrs. B. H. Jordan, and Miss Sandra Hoover. and Miss Weltha Fitts, all of Houston.

Airman Earl Carr Stationed At Brooks

Airman Third Class Earl Carr has just been assigned to the 2577th Air Force Flying Center, Brooks Air Force Base, Texas, where ne will serve as a telephone repairman.

Born in Cold Springs, Texas, AirmanCarr is the son of Mr. and Mrs. J. J. Carr, Box 103, of Diboll Texas.

Attend Church This Sunday

Junior High Scores 38-36 Victory

Coach Ulman McMullen's high cagers hung a 38-36 loss on the Livingston team as Calvin Lawrence scored 12 points.

Red Oaks and Robert Finley poured in 11 and 9 respectively to aid the Diboll attack. Livingston took an early 10-7 first quarter lead but Diboll held the visitors to a single field goal in the second frame to tack up a 17-12 half time lead.

Diboll held a 25 to 12 lead entering the fourth quarter. They out-scored Livingston 13 to 12 in the last stanza to wrap up the win. Gary Walker's ten points was tops for the losers.

The Diboll Juniors face Colmesneil tonight.

They beat Livingston last at Livingston, while losing to Lufkin and Hudson the preceeding week.

Newspapers Prove To Be Valuable

The newspaper, with all its ups and downs, work and dissapointment, came through in regal style recently, adding emphasis to the fact that it is the best accepted news media available.

The strike in Detroit which closed the city's three large dailies sorely hurt retail merchants and the reading public. The merchants reported, around the Christmas Season, that buying was off by a large per cent.

The boys are back at work in Detroit. It was reported that readers grabbed the first papers eagerly and with enthusiasm, proof indeed that morning meal or evening meal — they both go by strangely without the aid of the day's newspaper.

Only Three Days To Pay Poll Tax

Citizens have only three days left in which to pay their poll tax. The deadline is midnight, Jan. 31.

Angelina County Tax Assessor and Collector, D. B. Blyrd told The News-Bulletin that the Diboll citizens may pay their poll tax to Jack Sweeny at the Southern Pine Lumber Co. here. It will be the same as paying in Lufkin.

Mr. Byrd said that he expects this to be a good year for poll tax returns since it is a Presidential election year. Not too many Angelina County citizens have paid their poll tax yet, as of Monday of this week, so a last minute rush is anticipated.

Exemptions will be granted to those sixty years of age or older.

Auto Drivers Advised About Fire Problem

Fire signals here last Thursday afternoon sent about 150 automobiles scurrying to the Lake View Addition to investigate.

What appeared to be a burning home turned out to be the burning of an old car house on wheels belonging to Southern Pine Lumber Co.

Lakeview residents were very lucky it was not a home fire, for the steady stream of cars clogged all roads leading to the scene less than six minutes after the sirene warning.

Most people just sat in their cars watching the fire.

One observer remarked: "One of these days there'll be a bad fire, and I have a feeling people will just drive by and watch it burn. Don't they know they are in the way?"

TEXAS PUBLIC SCHOOLS WEEK has been proclaimed by Governor Allan Shivers for March 5-10. Receiving the proclamation for the sixth annual statewide observance is John McKee of Dallas (left), who has served as state chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1951.

One Of Diboll's Oldest Families

One of Diboll's oldest families is pictured here, the Anthonys and Pearsons are well known around these parts, and it is the pleasure of The News-Bulletin to bring them to your attention.

They are from left to right: Sitting: Mrs. Alphonsus Pearson, 84, she has one son, Oscar Pearson. Center Victoria Stepherson, 75 one son, Jim Stepherson; three daughters, Lottie Clark, Clara Yates, and Allie Small. Far right: Martha White Howell, 65, three sons, Arthur M. White, A. J. White, and J. P. Howell; three daughters, Bertie Mae Tawater, Foncie Plemons and Marie Alsbrooks.

Standing: Frank Anthony, 75, who has one daughter, Myrtle Williams and three grand children.

Standing center: Tom Anthony, 70, two sons, Jeffie Anthony and Carrie Anthony; two daughters, Pauline Womack and Florine Lee.

Standing right: Ben W. Anthony, 63, who has three sons, Clifford, George and Joe Anthony; five daughters, Bertha Perkins, Laura Lee Fussell, and Bobby Jean Luce, Shirla Burns, and Juanita Anthony.

All have grandchildren and Mrs. Stepherson has been a host of great grandchildren.

District Governor. Dr. T. E. Ferguson Of Nachogdoches Attends Meeting Here

Lion dignataries were present at the local Lions Club meeting held yesterday at the First Methodist Church here, said President Ralph Magill.

District Governor Dr. Thomas E. Ferguson of Nacogdoches, deputy Dist. Governor Tommy Morrison of Jasper, and Zone chairman E. A. Stanfield of Lufkin were present to hear and see a special program.

The program was presented by the publicity director of the Crippled Children's Camp at Kerrville. Slides and movies to show life at the camp were presented.

Local Lion members brought guests to see the special program. Noon meal was served in prior to the program.

"We wish everyone had been able to have seen this impressive program," Magill told The News-Bulletin.

About . . . People You Know

BY MRS. J. FERGUSON
(Telephone 2401)

Mrs. Lefty Vaughn, Mr. and Mrs. Zeph Vaughn spent Sunday in Orange visiting Mrs. Bobbie Copeland.

Mr. Eddie Farley is feeling much better following recent relapse, although he is not allowed any company.

Mrs. O'Hara Chandler of Victoria spent several days in the Chandler home here recently.

Miss Linda Beth George of Houston is visiting her mother.

Mr. and Mrs. W. C. George visited in Diboll last week.

Mrs. Betty Baskett and children of Orange is visiting her sister, Mrs. Lottie Mimp.

Rumor is that Hallapin Hugh Davis is soon to take manager ship of Diboll Gulf Service.

Local Lions Club was host to several Lion dignataries here yesterday, reports Ralph Magill local president.

The Billy Brown home, now under construction, is the newest addition in Pinedale.

Jesse J. Carr reports that the Southern Pine trucks had a rough go of it while hauling in West Texas areas last week.— Snow and ice was piled high on highways from Elkhart West.

Land Commissioner Outlines Program

YES—

We give the following information for those who may not have been privelidged to attend the Post Officers Conference in Austin Over the Jan. 20-21-22 week end in Texas.

Officers from each Legion Post in the State was partially represented.

The master point presented before this American Legion Group was that the overall program was for — "GOD AND COUNTRY".

During the meeting there were many delicate discussions held, among which was the veterans land program.

As presented by the present Land Commissioner of The State Of Texas, The Taxpayer of the State has not lost one nickle—(5c), in the Veterans Land Grant.

In-as-much as they have recovered a substantial amount of the monies stolen, the agency handling the veterans affairs entailing land grants (or loans), have shown in excess of $1,000,000,000) One Million profit, despite the element taking their share.

The point that the gentleman under our opinion was trying to impress upon the public was:

1: The Tax Payer has not put up one cent, and has not lost a D—D (the last D stands for Dime).

2: The manner in which this program was brought about was by selling bonds at 2½ per cent to the boys in New York and etc. and then letting the worthy Texas Veteran have it at 3 pct.

This gave the Veteran a potentiality which was heretofore impossible. A Forty year loan at 3 per cent—try to get one, without the American Legion.

The fact that was brought to the attention of those present— It is those who are NOT INFORMED who have the tendancy to cause the static.

If the Veterans of THIS county would contact their local Post service officer, or County Service Officer, he may receive valuable information concerning the new program being set up.

The American Legion is an Out - Standing Organization— Their motto: "For God And Country"—

Join a Post Today—

Jacks Whip Tigers, 64-42; To Play Corrigan Here Fri. Night

Bunch - Shivers Vows Are Solemnized

Miss Mary Alice Bunch was married to Billy Ray Shivers on December 24, 1955.

The two were united in matrimony at 8 p.m. at the home of the bride's parents, Mr. and Mrs. Lamar Bunch, in an impressive candlelight ceremony. Christmas decorations served as the main theme in the Bunch home, depicting the colorful season.

Mr Shivers, the son of Mr and Mrs C S Shivers, Rt 1, Diboll is now with the US Air Force at Lackland AFB in San Santonio where he is undergoing his basic training

Donald Pinkerton served as the bridegroom's best man.

The bride's sister, Elaine Bunch, was the maid of honor. And Misses Janis Fox and Willie Mae Hickman were bridesmaids.

Miss Bunch was given in her marriage by her father.

The double-ring ceremony was performed by the Rev. Don Turner of the First Baptist Church of Diboll.

A reception followed the wedding ceremony. Mrs. Nina Fox served cake and Mrs. Shell Johnson presided at the punch bowl.

The bride returned to her studies at Droughn's Business College in Dallas. She plans to live with her husband upon his completion of training at Lackland, provided he is stationed in the United States.

Mr. and Mrs. Lamar Bunch celebrated their 20th wedding anniversary the same day their daughter was married.

Dogwood Festival Slated March 24

The Tyler County Dogdood Festival will be held in Woodville Saturday, March 24, it was announced last week.

Theme of the festival this year will be "The Era of Elegance," based upon the pre-Civil War period when Tyler County enjoyed one of its most prosperous eras.

On the afternoon of March 24, a parade will be staged in the downtown Woodville district, with a free show yet to be arranged following suggestions of improvement of the festival.

Complete arrangements for the festival are being mapped out by various committees at the present.

Locals Grab 4th District Win Easy; Bobbitt, Glover Take Score Honors

BY AMOS LEWIS

Continuing their winnings the Diboll Lumberjacks whipped the Trinity Tigers, 64-42, Friday for their fourth district win in five outings.

Blasting away with accuracy in the first two quarters, Diboll sharp shooting guards and forwards paced the Jacks to a 28-14 halftime advantage.

Jim Bobbitt came alive in the third quarter, helping attain the 36 point margin against Trinity's 28. In the game Bobbitt scored 22 points, followed by James Glover with 15, the first time this year that two players have topped center Ken Bennetts output.

STOP HUDSON

The Lumberjacks sailed into the once tough zone defense of Hudson last Tuesday, and they found that passing the ball has its advantages as they romped to a 47 to 32w in.

Usually a rough competitor, Hudson has hit one of 'those' years. Thev have certainly now beaten Diboll more than we have beaten them over the years.

Burnett topped game scores with 21 points. James Glover again was second with 13.

TOUGH FROM NOW ON

Fans admit that it will be a tough sledding from here in for the Lumberjacks. Though they have taken every club in the district but Woodville, beating them in the second round of play will be a little different.

That the locals have the better club is an accepted theory. To make it fact they must beat the Woodville team on their home court, thus making a play off necessary. Unless, of course, another team should upset Woodville, and that seems rather a hopless doubt.

WILL TO WIN

The big point to consider, is, can the Jacks mentally beat Woodville. We believe they have the team material, but Diboll hasn't won their basketball district for so many years, we are afraid they are of the opinion that they can't win it.

This is purely guesswork, but certainly the Lumberjacks are capable of beating Woodville by exactly the margin they have taken the other district clubs.

B TEAM WINS, LOSES

Diboll's B team beat the Trinity B team 44-27 as Ronnie Moyers meshed 12 points. They lost to Hudson on Tuesday, 39-27 with Billy Saxton hitting for 14 points.

The Lumberjacks will host the Corrigan team Friday night at 8 p.m. at the Lumberjack Gym. It will be the second meeting of the two teams, Diboll taking the first.

This willl be a district contest, also.

Marshall Story To Be Told On TV Program

The Story of Vernie Marshall will be told next week on The Humble Company's TV program, Texas in Review.

Mr. Marshall, retiring executive director of the Texas Conservation Board, has done much to help Texas land owners conserve millions of acres of farm and ranch land.

Texas in Review may be seen Sunday, January 29 over KPRC TV, Houston or KTRE TV Lufkin at 10:00 p.m.

Post Office Gives Praise To Public

Public cooperation today was credited with improved handling of a record volume of Christmas mail in this area. George A. Gray, director of the Post Office Department's Texas - Louisiana Region, said reports now being made to his office in Dallas indicate that there was about a six per cent increase in mail over Christmas of 1954.

MR. AND MRS.

HARD TO BELIEVE

"It's almost incredible," George sighed, "but it's true — the unfairness of the income tax."

"A painful story," Molly said, "but I'm listening."

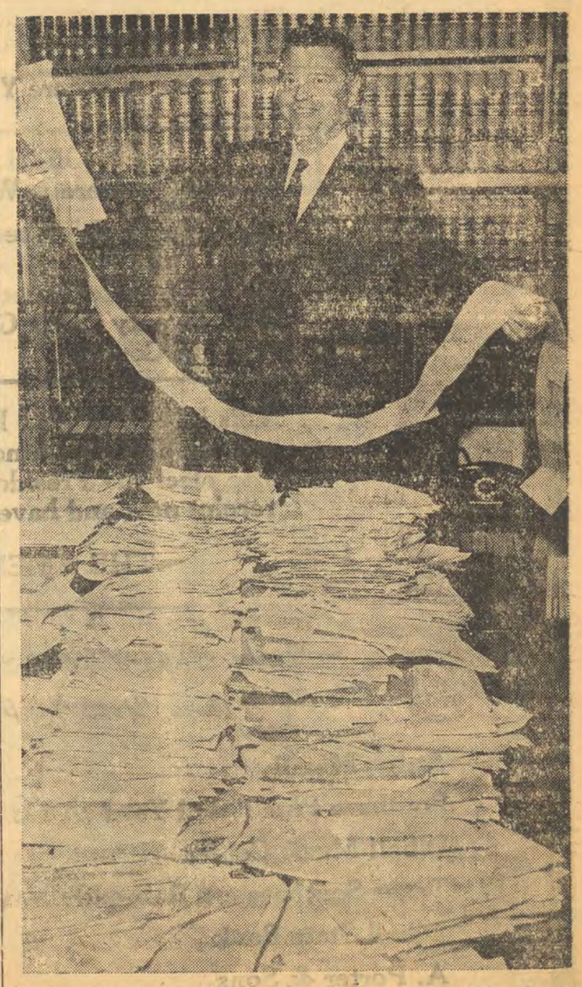
"Well, suppose one's net tixable income this year is $4,000, and the next year he doubles it, to $8,000. Instead of being two times as much, his income surtax goes up nine times as much!

"That's hard to believe," the Mrs. observed.

"If you find that's hard to believe, keep on listening! Suppose that the man goes on up the ladder of success — as it used to be called—and doubles his income again. What do you think he would have to pay in surtax—nine times as much, 25 times as much, or 50 times as much?"

"Of course you're joking," Molly smiled. "It couldn't be 50 times as much!"

"But it is, believe it or not! You double four money twice, and the government will multiply your surtax by 50! And from then on, the government gets more than you do out of every additional dollar you make!"



'RUN AGAIN' — That's the advice Ralph W. Yarborough said today he finds in his ever increasing volume of mail.

Yarborough said he has received 20,000 letters, postcards, and petitions (like the one he is pictured holding, above) in the past eight months.

Come On Dibollians . . .

HAVE YOUR SAY

The American Way

People in Diboll can pay their poll tax to Jack Sweeny at the Personnel Office of Southern Pine Lumber Company, or to the County Tax Assessor-Collector at the courthouse in Lufkin

Either Way Is All Right

But Do It Before JANUARY 31st

★ And Besides Gaining The Right to Vote Look Where Your Money Goes:

OUT OF $1.50 POLL TAX
Here Is Where It Goes

1. One Dollar Goes To The State School Fund
2. Thirty Cents goes To State General Fund
3. Twenty Cents Goes For Fees of Office In County

This is the big year. Poll tax sales and voting will probably set a new record. This year we also elect the President, so get your poll tax receipt now and have your say,

THE AMERICAN WAY!

These Civic-Minded Merchants And Citizens Urge You To Pay Your Poll Tax!

Paneling Is A Cinch

For The Man Handy With Tools

I used Quality Southern Pine . . . used white paint and wiped it before it dried. First time "The Boss" really appreciated my do-it-yourself efforts. The trick is to get the RIGHT paneling. Be sure yours comes from the best of the big mills. Look for the SPIB mark on the end of each piece. It will show you the true grade . . . but the important thing is the numbers 77 or 78 . . . they tell you that your paneling came from the Southern Pine Lumber Co. mills. There isn't anything better than that.

Tips on Touring

By Carol Lane

Women's Travel Authority

When the temperature's below freezing and the winter winds howl, it's easy to decide that the finest piece of equipment in the car is the heater. It *is* a wonderful mechanism, but there are too many drivers who don't know how to use it properly—and safely.

For example, as the heater warms the air inside the car, condensation causes the windshield and rear window to cloud over. What's the best remedy for this situation?

One car manufacturer advises: Have the cowl vent open. During warm-up, put the temperature control on the heater in the warmest position. As the car warms up, regulate heater to give the desired temperature. Make sure that there is adequate circulation of air — either from the side vent windows or the heater blower.

In slow, city driving the heater blower should be on full. For highway driving, usually it can be turned to low, or completely off. Should windows then begin to fog, turn the blower back on to full.

Even if window fogging is no problem, never overheat the inside of the car. You may get drowsy—and that's an invitation to disaster.

If you're on a long motoring trip during the winter and have to leave the heater on, it's a good idea to stop every so often, get out of the car and walk around for a minute or two. You'll find the cold air will pep you up—sharpen your reflexes for the driving ahead.

Mental Cases Are ½ Of Problem

Austin—Mental disorders today represent a real problem—and it is estimated that more than fifty per cent of all hospital beds are filled by persons of mental or nervous diseases, declares Dr. Henry A. Holle, Commissioner of Health.

It thus appears that modern civilization is eracting a terrific toll. High speed living, with its cruel demands upon nature, is responsible for a large part of the trouble. The fact is that significent percentage of the patients entering hospitals for mental disorders are there because of organic or toxic causes.

For example, general paresis is the cause of one-fiftieth of the mental troubles in males now entering mental hospitals. This condition is an organic disease of the brain due to the germ responsible for syphilis. It is a preventable disease. Early and effective treatment of acquired syphilis will block the end results of general paralysis in the insane.

Workers Needed At Rockdale Plant

Rockdale—Applicants are still needed to fill more than fifty of the job openings at Aluminum Company of America's Rocdale Works. The additional personnel is needed to help operate new facilities now under construction at the plant.

Employment manager, A. E. Menke said, "The answer to the request for appliances has been very good. Almost every town and community in this vicinity has provided one or more applicants and we welcomed the opportunity to talk with each one of them. However, we still need more applications to fill the remaing jobs."

LEADERS GET TOGETHER

Majority Leader of the Senate Lyndon B. Johnson and Tommy Woodward, 5, of the March of Dimes, shake hands for victory over polio at Senator Johnson's office in the Capitol in Washington. Tommy is the 1956 poster boy and the Majority Leader told him his state of Texas will keep fighting infantile paralysis until the crippling disease is licked. Tommy said he was going to Texas on his trip around the country.

Washington Snapshots

WORKING FOR UNCLE

You remember the story of the taxpayer who wandered into one of the offices of the Internal Reevenue Service and explained that the purpose of his visit was "just to meet the people I work for."

His quip, of course, referred to the money he paid the government for taxes. But it is often forgotten that many people do a substantial amount of work for the government in other ways.

Consider the cost in money and time of preparing the vast volume of reports and other types of paperwork required by Uncle Sam.

Of course some of the reports are essential. But even these might be simplified to reduce the burden on businessmen.

The problem is to determine what reports should be eliminated and what to simplify. This is being tackled by the Bureau of the Budget as the result of suggestions by the Hoover Commission on Organization of the Executive Branch of the Government.

Nearly 1.8 million square miles—60 pct. of the land area of the continental U. S.—are in Texas.

One child out of every 10 in Texas will spend some time in a mental hospital, says the Texas Society for Mental Health.

Highlights and Sidelights FROM Your State CAPITOL

Austin — Insurance firms of all types are feeling the effect of the public's reaction over the failure of U. S. Trust and Guaranty Co. There appears to be a public wariness of insurance — and salesmen at the moment.

Steps are being taken to resell the public on the insurance business. One such move was an offer on the part of 28 legal reserve companies to "take over" the life insurance policies of the defunct concerns. Thus they would protect policy holders from loss of their life insurance.

Todate no policy holder in a legal reserve life insurance co. in Texas has suffered any loss. Nevertheless the companies are feeling the pinch of the adverse publicity.

J. Ralph Wood, president of the Southwestern Life Insurance Co., was one of the 28 executives who presented the "guarantee" proposal to the insurance commission. "We want to protect the good nam of Texas insurance companies," Wood stated, "and also protect the innocent life insurance policy holders."

Your official state inspection station reminds you that you have only until April 15 to obtain your new sticker. Don't wait until the last minute. Do it now!
