Attention: Mr. Burnecke:

Gentlemen:

This is to advise you that when shipment occurs, the common brick from Corsicana, Texas will be routed SP-A&NR railroad and the Bridgeport, Texas manufactured tile will be routed RI-SP-A&NR Railroad.

I discussed with Mr. Walker of your office this morning and informed him that the Perla facebrick cannot be routed in on the A&NR without a higher rate. He advised not to incur the excess freight rate; therefore, we are shipping the Perla facebrick routed as follows:-

MOP to Texarkans - T&P to Shreveport, SP.

We appreciate your request on this subject and understand the important reciprocal relationship on the A&NR Railroad. We are pleased that we could comply with your request on the two heavy items, common brick and hollow tile.

Very truly yours,

Dear Sid:

Re: MEMORIAL HOSPITAL

Mr. E. L. Kurth and other leaders in Memorial Hospital, because of increased cost of construction and in order to cut down out-side financing, decided recently to raise employee contributions from $100 to $125. You have already paid for your employees on the basis of $100 or a total of $6,100.

If convenient, Memorial Hospital can use the balance of $1,525 anytime between now and the end of June which will bring your contribution on the $125 per employee basis to $7,625.

Very truly yours,

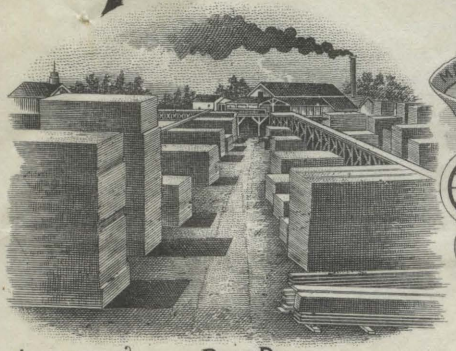

D. W. Thompson, Sec'y

Dear Mr. Scott:

On March 5, 1948, at a Special Meeting of the Building Committee of Memorial Hospital, the group expressed a desire to have the following information placed in an air-sealed metal box and preserved in the Dedication Stone: Photostatic copy of the Charter, copy of the By-Laws; newspaper and magazine clippings pertaining to construction of Memorial Hospital; lists of employees of the various contributing members, etc.

It is now hoped that the laying of the Dedication Stone will be in early July; hence, I shall appreciate your furnishing me between now and July 1 a complete list of employees as of June 1, 1948, separated as to White and Colored.

Your early attention to this matter will be appreciated.

Dear Sid:

You have the opportunity to subscribe at this time for 25% or more of your pro rata of first lien note issue of Memorial Hospital. Your pro rata of the total first lien issue will approximate your membership contribution of $7,625.00.

You will recall first lien note issue totaled $450,000 with interest at 4% from date; interest payable semi-annually; but no part of the principal of the first lien issue is payable during the first two years.

Your early reply indicating whether and how much your company desires of the first lien note issue will be appreciated.

Dear Mr. Kurth:

Replying to your joint letter of September 30, regarding this company making a special contribution to be used in furnishing a private room, etc. in Memorial Hospital.

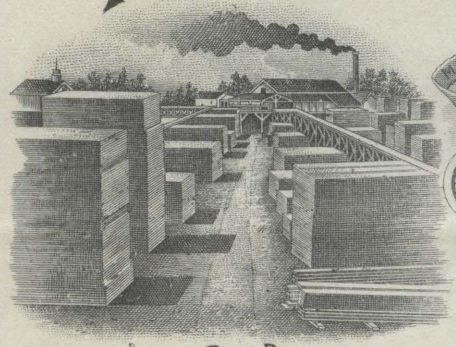

After careful consideration we do not desire to make such a contribution, being of the opinion that the opportunity for such contribution should be offered to private individuals or non-subscribers. The writer has requested the opportunity to furnish one private bedroom, this being an individual contribution.
