Gentlemen:

At a recent meeting of the Board of Directors of your Memorial Hospital, Mr. D. W. Thompson, Col. Cal. C. Chambers, and I were appointed as a Memorial Fund Committee, charged with the responsibility of suggesting a propitious objective to which the funds now in hand might be placed.

Among the ideas advanced are the beautification or landscaping of the hospital grounds and the purchasing of a medical library. Administrator Cardwell will very shortly attend the Annual Hospital Convention and will consult his fellow administrators on the use of such funds in their hands. He will bring back other ideas.

In the meantime, we have established a "Book of Memory." This book will be placed in the hospital where visitors might have access to it. In the book the names of all donors and the person memorialized are to be placed.

It was the definite decision of the committee that every member sponsor should be urged to make use of the "Book of Memory" idea, not only as a permanent living memorial to the departed friend or relative, but to make the funds derived therefrom available to Memorial Hospital for some permanent objective that might be beneficial to its patients. Each of us, personally and as corporations, pay out sizeable sums annually for flowers, which unquestionably comfort the family of the deceased, but they soon wither and die, while the funds invested in some sort of useful, functional memorial live on.

There is now something in excess of $500.00 in the Memorial Hospital Fund. This can grow into a sizeable trust by our thoughtful use of it.

Yours very truly,

A. E. Cudlipp, Chairman
Memorial Fund Committee
