Established 1865 | JASPER, TEXAS, FRIDAY, OCTOBER 5, 1917 | Vol. 53 No. 16

The President of the National Good Roads Association and the Engineer of the State Highway Commission will be at Jasper on October 11th at meeting of East Texas Highway Association. Other prominent men will be here. Come

FROM OUR BOYS AT THE CAMP

To keep the 18,000 Sammies at Camp Bowie well-fed and therefore able to undergo strenuous training, the Government is allowing them daily 40,875 pounds of meat, 9,000 dozen eggs, 10,000 gallons of coffee, 600 bushels of green beans, 700 bushels of okra, 600 bushels of tomatoes, 700 bushels of potatoes, 6,000 loaves of bread, 4,000 pounds of butter.

Each company is allowed to maintain its own mess, the Government providing 40 cts. per day for each soldier, but this amount is increased by receipts from the company exchanges and contributions from the men. The ability of the mess sergeant and the cook also counts in keeping the huge appetites of the men satisfied on the Government's allowanc.

Tere are regulations at the mess table as much as on the drill grounds. If a soldier should ask for more than he eats, he is sharply reprimanded, for that means a loss to others, and in many companies but one helping, though substantial, is permitted.

There is keen rivalry at camp over "chows," several claiming to have the best rooks and to be the best fed company. Company 2, H. Q. S., 111th Train and Military Police, of Jasper, for instance, lets its men receive as many helpings to meat, bread and potatoes as they desire, with the provision that they eat all they take.

Sergeant Buck Moss is in charge of the company mess while Carl Macheckney is head cook. In warm weather the men have lemonade or ice tea instead of coffee, but the last few days coffee has been served.

"I like to see the men eat heartily," said Sergeant Moss Sunday, after the men had finished supper. "It shows they appreciate your efforts. Yes, sir, our company is the best fed in the whole division. With the intense drilling and the coming of the cooler weather, the men are eating more than usual, so now it has become a problem to spread that forty cents over three meals and give them an abundance. But we do it."

The company mess sergeant deals direct with the packing houses and jobbers to keep the larder filled. Our mess hall has been given an immense ice box, where meat and vegetables are kept fresh.

A detail of three men is picked out of the company to assist the cook for three days at a time.

Sanitary officers maintain rigid regulations to keep kitchens and mess halls clean. Consequently there is an absence of flies. The housewife visiting the kitchens of our mess hall will find it as spick and span as her own. All trash and "leavings" are either burned up in incinerators or hauled off. This means as much for the health of the men as good food.

The company will vary its food day by day. If beans are served one day, peas or macaroni will be given the next.

When the bugle calls mess, the 18,000 hungry men, just in from morning drill, lose no time in obeying that summons. Each Sammie gets his shining mess kit, and in single file they enter the mess hall, and pass before the cook and his assistants, who stand behind great pans of meat and vegetables, and a 50 gallons tank of steaming coffee.

After each meal, the men file out, and in large wash boilers containing hot water, scrub and scour their own utensils, for it is part of the regulations that they keep knives, forks, plates and cups clean.

The 111th Engineers regiment, numbering nearly 900 officers and men, hiked two miles west of Camp Bowie Monday morning and began work on a five mile trench and underground system. The system will be the most elaborate ever constructed at any army camp in Texas.

As soon as the trench system is well under way, building of pontoon bridges will begin.

The 111th is one of the "dare-devil" regiments, that the war department expects to carry on work under fire.

ONE OF THE BOYS.

Jasper will be well represented in the higher institutions of learning this year. A ist of pupils from here was given last week, and besides the following have entered. Misses Cora Lazenby, Corrie Braswell and Willie Mae Cook to the University of Texas; Messrs. David and Jonn Abe Henderson to the Southern Methodist University; Miss Cecil Walters to Sam Houston Normal. Mr. John H. Seale, Jr, left several weeks ago for the State University, making seven from the town in that school.

Messrs. Davis and Bressler, of th State University's Department of Extension, were in Jasper Sunday, preparatory to a tour of the county schools, making stereopticon lectures. They will address the Jasper people at 7:30 tonight

Adjournment.

There were about twenty-five visitors present, quite an increase over the first meeting. The program was well rendered and the pupils certainly deserve credit for the success of this movement. We expect more and more visitors each time.

The Society will not meet Friday afternoon, as heretofore, but will render its program Saturday night for the Local Institute. Everybody come.

LOCAL ITEMS

Mr. and Mrs. Sam Davis visited relatives here the latter part of last week.

Mrs. L. A. Thompson is visiting her sister at Voth.

Miss Alice Richardson of Buna visited friends here last week.

Misses Alvado and Setella Choate visited homefolks at Jasper from Friday until Sunday.

Quite a number of young people enjoyed a social affair in Mr. Jim Davis' new home Saturday night.

Miss Gertie Smith of Erin, was at singing here Sunday afternoon.

Mr. Noah Davis made a business trip to Kirbyville last Saturday.

Messrs. Lee McLemore, Tim West, Otis Bean, and Mallard Monk were visitors to "somewhere in Bula Springs" Sunday night

The school was visited by about twenty-five people Friday afternoon for the Literary Society.

Messrs. Bressler and Davis of the Extension Department of the University of Texas, were visitors to the Bula Springs School Monday. Dinner was spread and a large number of the patrons were present. The stereopticon views were fine and Mr. Bressler's speech is indeed, worthy of mention. The school boys learned some new games from these men also.

OPENING AT TEMPLE

The Temple School opened Monday morning, September 17, 1917, in the magnificent new school building. The builning ha all modern equipment.

The children from Zeirath and Bonami are carried in school wagonettes to the school, while the Temple children walked.

There were a number of fathers and mothers to welcome the teachers into the community, and to show their hearty cooperation with the school and the teachers to the up-building of theeir children and to the community.

The assembly was opened by singing "America," after which Mr. J. A. Daugharty, Mr. A. N. West and Mr. J. T. Hawthorn made very interesting talks on "The part the fathers and mothers play in school."

The teachers, Miss Smith, Miss Withers and Miss Bivens were called on for talks. They could say nothing more than that they were glad that they teaching in a community where the fathers and mothers were interested in the education of their boys and girls.

After thte assembly, the pupils passed to their rooms and a record was made of them, which was a hundred and twenty-three.

We can think of nothing but a successful year for the Temple school.

Next Tuesday will be cattle dipping day at the Jasper vat.

THIS WOMAN HAD TO BE LIFTED FROM TRAIN TO CARRIAGE

"I Never Saw or Heard of Anything to Equal Tanlac" Says Son—Gains 15 Pounds and Can Now Walk Two Miles Without Tiring.

"When my mother, who is sixty-four years old, came to my home thirty days ago, she was so weak I had to carry her in my arms from the train to the carriage, but she can now walk two miles without getting tired and this Tanlac has been worth all of one hundred dollars a bottle to her," was the remarkable statement made by A. L. McFather, a well known farmer living on R. F. D., No. 4, Mount Calm, Texas, while in the Old Corner Drug Store at Waco a few days ago.

"For more than fourteen years," he continued, "Mother suffered from stomach trouble, and during all that time she had to live on the very lightest things she could get. She couldn't even drink sweet milk, or eat meat of any kind, and the flimsy things she did eat often caused her terrible suffering suffering. She was badly constipated and was all the time taking something for that trouble. She was tired all the time, the least exercise would wear her out completely, and all during the day she had to lay down and rest. She suffered agony with pains in her sides and was so nervous and miserable she could hardly sleep at all. She took all kinds of medicines for years, but she kept losing weight and getting worse all the time.

"I was alarmed about her when I met her at the train, and found her so feeble. I had read and heard so much about Tanlac I decided for her to try it, and the day she took her first dose she weighed only ninety-six pounds and was almost as weak as a kitten. Well, Tanlac has made simply a new woman out of her. She now weighs one hundred and eleven pounds and has actually gained fifteen pounds in the past thirty days. Some folks may doubt it, but it's the plain truth, she can walk two miles without getting tired. I have never seen or heard of anything to equal Tanlac. Mother can eat anything she wants now, and as much as she pleases, without the least trouble afterwards and she sleeps as sound as a healthy baby every night. She is not the least bit constipated now and her nerves are as calm as a lamb. The pains have entirely left her sides and her strength and vitality is remarkable. Tanlac has restored her health in every way and I want everybody to know what it is that has relieved her of all those years of suffering and made a well woman of her."

Tanlac is sold in Jasper by Stone Bros., in Kirbyville by Syler & Gilbert, in Evadale, Roganville, Bessmay, Browndel and Kirbyville R. F. D. by the Kirby Lumber Co., in Magnolia Springs by Dr. G. D. Morgan, and in Remlig by Alex. Gilmer Lumber Company.

THE RED CROSS

We have often been asked why we are not working as other Chapters, and what we do with the money taken in.

We are not yet a chapter. It takes five hundred members for the chapter, and we did not get this number until the latter part of August. Then we had to write for and await the coming of an application blank, which was filled out and sent September 4th. We have not yet gotten our authority to work as a chapter. As far as we can learn from other chapters, it takes about two months to get started after your application blank is signed and sent in. Auxiliaries get started sooner, because they are under the jurisdiction of a chapter and can start work as soon as the chapter gives them permission.

There is a five thousand dollar fine and five years in jail for anyone tampering with Red Cross funds. We keep books of all money received and it is deposited in the Citizens National Bank, and our books are open for inspection.

The Beaumont Chapter, on receiving their second snipment of material, will send us any that can be spared.

MEMBER.

Coming and Going.

He left yesterdady for Center having been appointed as farm demonstrator for that county. Jasper county will miss the enthusiasm of Prof. Rawlinson, and Shelby is to be congratulatedd on securing him.

JASPER LOSES A GAME

The Jasper High school foot ball team met defeat at the hands of the Beaumont High school eleven at Beaumont last Saturday by a score of 66 to 0. The Beaumont team is composed largely of players with two and three years' experience, while the local team consists mainly of new men. At the beginning of the game the losers were affected somewhat with nervousness. Their frequent fumbles assisted materially in piling up the score for Beaumont, who made more than half of her points during the first quarter.

After the first period, the Jasper eleven showed more strength. However, they were able to make first down only six times during the entire game, and only two of these came in succession. Of the local team the players who showed up best were Stephenson, Neal, Ratcliff, and Hunt. Ventura was in the game during the last quarter only, but his work during this time indicated that he will develop into a strong player.

The Jasper line-up was as follows:

R. E., Hunt; L. E., Stephenson; R. T., Neal; L. T. Hancock; R. G., McKenzie; L. G., Stone; C., Bates; L. H., Orton; R. H., Ratcliff; Q., Snell; F. B., Banks.

Substitutes. Hardy for McKenzie; Mickins Ratcliff for Neal; Neal for Bates; Ogden for Stone. Ventura for Ratcliff; McKenzie for Banks.

Every circus must have a spectacle, a "spec," as many of the inhabitants of white top land call it. But to the Gentry Brothers Shows, coming to Jasper, Monday, Oct. 15, befall the honor of featuring not only a spectacle, but a children's riding hour, when the pages of story books are turned and the dreams of childhood come true. Immediately after the matinee each day, the Gentry elephants, the camels and the two hundred ponies are mounted by a host of laughing and shouting kiddies and it seems that the menagerie tent of the circus contains all the youthful happiness in the universe. And the animals like it, too. The little eyes of the huge elephants twinkle gleefully and the ponies neigh their pleasure. Even the jungle beast cease their deep throated growling during this magic period. "The Children's Riding Hour." The show grounds will be opposite the College.

County court was in session the first of the week, with only a light docket.

HOW NEWTON FEELS

Some of our people really believe that the statement being made by the advocates of the bond issue, that the neighboring counties are trying to get the East Texas Highway is simply "campaign thunder." But if they will read the following letter, being circulated in Newton Co., they will see that if we fail, the people over there are waiting.

The letter is published in the Newton News.

To the voter of Newton County:

An opportunity is now presented Newton county whwich MUST BE ACCEPTED or it will be gone forever.

No such chance to obtain a splendid highway from the north line to the south line of Newton county has ever been presented, and in all probability will ever again be offered.

The National and State Governments are jointly building a National Highway through the central part of the United States from the north line to the Gulf of Mexico. They are paying one-half of the cost of constructing this road, and the several counties through which the road passes are paying the other half.

If Newton county secures this great National Highway the National and State governments will expend an amount of money on this road equal to the amount of money Newton county has already wisely spent on the north and south road approximately $70,000.00; and, therefore Newton county will only have to pay one-half of the cost of completing the roadd after they have spent said amount.

If this greatly needed National Highway is secured it will open a line of travel and traffic from Orange to Hemphill, thence to Centeer and thence North; and then the enormous tourist traffic, which will be brought about by people traveling from the North to the Gulf, will be such that the money expended in this county alone by them will bring prosperity to every home, and Newton county will be on the main line of travel for the great and the small, from the North and South.

In addition to this, we will have a road which will enable us to go at all seasons of the year and on which we can haul double and treble the loads we now haul.

We can get all this at practically no expense to ourselves, as, after the Government and State have done their part, then the citizenship of this county will only have to pay, at the present rate of taxation, only 12½ cents on the dollar of that portion which the county contributes toward the building of the road.

The neighboring county of Jasper is making strenuous efforts to get this road and its citizenship are fully awake to their opportunities, but owing to the attitude of Sabine county and Orange county, which counties prefer to have the road come through Newton county, we now have the best chance of getting it.

Now is the time—the day and the hour! Tomorrow the opportunity will be gone forever.

Committees will soon visit you to ascertain your position in regard to this great benefit to the county, and you should constitute yourself a committee of one to hunt out the highways and byways, also to learn the facts, and see that no man is uninformed or misinformed, and that every voter in our county is in line with this great opportunity for advancement now presented.

The building of the road will cost Newton county some money, which, of course will have to be raised by a bond issue, but it is to be remembered that it will cost us but one-half of what it will cost to build a like road at any time in the future, as the government pays the other half; and in fact, it will cost us less than one-half, because we have already expended approximately $70,000.00 of our half, for which we will get credit.

See your committeeman in your voting precinct and see that he reports your name to the Central Committee on the right side, on the side of advancement, development and intelligence. Respectfully,

Newton County Good Roads Asso.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A Barnes, Charleston. Ill. "I have never found anythisg so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

THE LIBERTY LOAN

A Few Serious, Interesting, and Simply Told Facts About Our Country, The War, and the Liberty Loan.

The total yearly income of all the people in the country is estimated at forty billion dollars.

During the first year of the war we must find eighteen and one-half billion dollars, or about forty-seven dollars for every hundred dollars that we earn.

These figures are astounding, but we can "get by," and if you will read on you will see how we are going to do it.

There are two ways in which the Government will raise this money—by taxation and by borrowing money from you.

The more the government will allow you to loan to it the less it will have to tax you right now. Therefore, ease your taxation by buying a Liberty Bond.

Arguments about facts which have been mentioned are useless. We are in the war; we MUST win, and to do it the money MUST be found.

This is how we are going to find the money—by economizing and by saving.

Duty demands it; common sense advises it, and the Government calls upon you to do it.

WASTE AND EXTRAVAGANCE MUST GO, and the money so saved loaned to the Government or given to them in taxes to carry on the war.

Give up the money you waste on the "unnecessaries" of life and buy a Liberty Bond with it. You will be putting by for a rainy day and serving your country at the same time.

Many people in the Eleventh Federal District have money that they do not need until spring. They should loan it to the government at good interest. It is good business and good Americanism.

You do not part with your money when you buy a Liberty Bond. The Bond is as good as the money; it is yours to borrow on; to sell, or do as you like with It pays good interest too.

Taxes never come back; they pay no interest; they are a dead expense.

AGAIN WE SAY, EASE OUT YOUR TAXATION BY BUYING A LIBERTY BOND.

Do not be scared at having to fisd all this money. Billions of it will be paid back to the farmers and workmen of this country. Billions will be loaned to our Allies at interest and will form a huge National Bank Account which we can draw upon later. This country is in the position of a man who has to deny himself in order to keep his business going, but who will make a fortune if only he has sense enough to put up the money when it is needed.

The patriotic appeal of the Loan is so clear that it does not need to be hammered at.

Our boys are giving their lives; our friends and allies their money and their lives; the whole civilized world is fighting that Right and not Might sshall rule, that the world shall be made a safe place for honest men, women, and little children to live in,

To keep insisting that you, as an American, should support such a cause is quite unnecessary. The answer to the call of the Liberty Loan is to be found in your common sense and in your heart.

Think over very seriously and very carefully these few serious, interesting, and simply told facts about our country, the war, and the Liberty Loan. Then do your duty to yourself and to your country —Buy a Liberty Bond.

COTTON HOLDING CAMPAIGN

Mr. T. G. Marks, Assistant Organizer of Farmer's Institutes, will hold a farmers' Institute at each of the following places:

Bessmay, Saturday, October 6th, 2:00 p. m.

Kirbyville, Monday, October 8th, 2:30 p. m.

Jasper, Tuesday, October, 9th, 3:p. m.

Brookeland, Wednesday, October 10, 3:00 p. m.

Special attention will be given to the all-important question of a cooperative holding movement. Let us stop the slumping of cotton. Let us work together for 30 cent cotton, or more.

We especially invite the press, the business men, and all agricultural organizations to cooperate in getting out a large attendance to hear these valuable lectures. We are in the fight for higher priced cotton, and to have a voice in price fixing. Come and help us. Ladies invited.

STEWART VISITS JASPER.

Representative L. C. Stewart of Magnolia Springs, spent a short time in Jasper this week, telling his friends about the recent session of the legislature. He says no one could hear the evidence against Governor Ferguson and take any action other than that taken by the Senate.

Of course only a few laws were passed at this session, but among them was a new game law that applies to this county, and makes several changes.

The new law provides that only two wild turkeys may be killed by any person in one season, and the open season is only the months of March and April.

A radical change is that protecting the squirrels. They may only be killed during the months of August, September, October, November and December, and only five may be killed in one day. Mr. Stewart says that while it is fact that the squirrels are getting very scarce, he is not sure whether the people are yet ready for a protective law, but that the law was gotten up to protect them in Tyler, Orange, Hardin, and Angelina, and if Jasper and Newton had not been added by him the hunters from those counties would have soon exterminated them in this county.

It is unlawful to trap any fur-bearing animal except rats from the first of March to the first of Novembeer. Many trappers have been coming from other parts of the state and camping all the year on the rivers, violating all the game laws, and it is intended to stop this. Furs taken during the closed season have practically no value, yet the animal is killed. Our own citizens sometimes trap during the winter, where the game has not been exterminated by these professionals, but they do not care to waste time during the summer, when the hides have practically no market value.

Sour stomach, belching wind in the bowels and constipation can be corrected by taking a dose or two of Prickly Ash Bitters. It is just the thing for such ailments. A. P. Scarborough & Co., Special Agents.

REWARD FOR SAVING BIRD

Ten-Year-Old Boy Given Medal for Rescuing Imprisoned Robin by Daring Ascent of Tree.

The Connecticut Humane society through its president, Rev. William Deloss Love, has informed ten-year-old Michael Ravolefe of the Second North school, East Hartford, that he is to have a medal for rescuing an imprisoned robin.

Little Michael had to climb an elm tree 75 to 85 feet high to effect the rescue, says the New York World. The robin had flown to one of the topmost branches with a long string in its bill for nest building. The string caught in a stout twig and as the robin worked to get it free, the string tangled itself into a double hitch about one of its legs. It was thus held prisoner and was noticed for two days helpless trying to work itself loose and squeaking plaintively.

Michael's schoolfellows were talking about the bird and he asked them to lead him to the elm. It took him more than half an hour to work his way to the top of the tree. And at the last of the job it required nerve and coolness, for he was out on very slender and swaying branches.

But he managed to reach the twig to which the string had fastened itself and snapped it off. With this hanging to its legs the robin fluttered to the ground, was released and flew off wildly chirping at its restored freedom.

IT LOOKED THAT WAY

"How did you like the new preacher's sermon?"

"Didn't like it!"

"That's funny, you were nodding your head to everything he said."

"FREEZE" AT AIRPLANES' APPROACH.

All soldiers are now instructed what to do when a hostile scouting airplane is sighted by troops on the march.

On the warning "Airplane!" every man drops on his right knee, with his head bent well over the muzzle of his rifle, which is held in a sloping position in front of the body. To look up is fatal, for it creates a sea of white faces. All ranks then remain as motionless as they possibly can until the airplane has passed over them, says London Answers. In fact, they may be said to "freeze," as wild animals freeze when seeking to evade observation.

MEN, COME TO ME

I have made a special study of chronic diseases of men and am devoting my life to the correction of same. Weak, nervous men who have brain panic suffering from indiscretions of youth and folly will see how quick the right remedy, at the right place and time, will do the work. Restores lost energy and manhood. No man should give up hope or become discouraged or disheartened until he has consulted me free.

Varicose or enlarged veins, weak blood vessels, poor circulation, palpitation of the heart, sour stomach, bad memory, short of breath, trembling of the lungs, easily excited. Tired feeling in the morning, low vitality, sluggish circulation, will you continue suffering with these ailments or will you place your case in my hands and let me prove to you what the proper treatment will accomplish.

Kidney, Bladder and rheumatic conditions quickly and permanently relieved. These diseases readily yield to my blood making and blood purifying remedies.

Acute Diseases, infection and swollen glands receive careful attention. These diseases, if allowed to run unchecked will lead to serious complications. A word to the wise is sufficient. Prostatic disturbances, nervous debility, variococele, hydrocele, blood poison, bladder diseases, sores, ulcers, skin diseases, contracted diseases, manly weakness, lost vitality and kidney diseases. STATEMENT

Of the Ownership, Management, Circulation, etc., required by the Act of Congress of August 24, 1912, Of The Weekly News-Boy, published weekly at Jasper, Texas, for October 1, 1917.

State of Texas,
County of Jasper,

Before me, a Notary Public in and for the State and county aforesaid, personally appeared W. C. Blake, who having been duly sworn according to law, deposes and says that he is the publisher of The Weekly News-Boy, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher—
W. C. Blake, Jasper, Texas.
Editor—
W. C. Blake, Jasper, Texas.
Managing Editor—
W. C. Blake, Jasper, Texas.
Business Managers—
W. C. Blake, Jasper, Texas.

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

W. C. Blake, Jasper, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

The State Highway Commission met in Austin a few days ago, and the following orders were passed:

Judge J. C. Hunter, county judge of Culberson county, presented a petition for state and federal aid, backing it up with county road warrants, a total of $75,000, and got the full amount allowable, $35,000. He said work in Culberson county would be begun at once.

J. A. Brooks, county judge of Brooks county, was granted $5,000 state and $20,000 federal aid to complete Diamond Highway No. 12, across the sand dunes in Brooks Co.

The commission granted a petition for $7000 federal aid for the Dallas-Rockwall highway.

Judge Bramlette, representing the county court of Gregg county, was granted $15.000 federal aid for the pot road in Gregg county.

Judge J. R. Wilhelm, county judge of Hays county, presented a petition for state and federal aid, and was granted the limit by law of federal aid for post road contruction in Hays county.

EAST TEXAS HIGHWAY ASSOCIATION.

From the President of the East Texas Highway Association, Mr. Elmer L. Lincoln, Linden, Texas, the following mesage has been received by Mr. John H. Seale, the Secretary:

"I hope you are getting along fine in your campaign for road bonds. You people cannot afford to fall down cannot affordd to fall down on this matter, for I fear it would mean a radical change in the route of the East Texas Highway, should your bonds fail to carry. I know you will all do your best, and if your issue carries, I don't believe there will be any further quetion about the route of the highway."

Every precinct in Jasper county especially should be represented at the meeting at Jasper, next Thursday, October 11.

There is every probability that all the counties through which the road passes will be represented, as well as some of te counties that want the road—if Jasper fails on the bond issue.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Jasper County—Greeting:

You are hereby commanded to summon David H. Emery, whose residence is unknown, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published n your County, if there be a newspaper published therein, but if not, then in any newspaper published in the First Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said First Judicial District, to appear at the next regular term of the District Court of Jasper County, to be holden at the Court House thereof, in Jasper, Texas, on the 4th Monday in November, A. D. 1917, the same being the 26th day of November, A. D. 1917, then and there to answer a petition filed in said Court on the 27th day of September, A. D. 1917, in a suit, numbered on the docket of said Court No. 1862, wherein Gertrude C. Emery is Plaintiff, and David H. Emery, hereinafter called Defendant, and said petition alleging

1st. That she is and has been for a period of twelve months prior to the filing of this petition, an actual bona fide inhabitant of the State of Texas, and a resident of said County of Jasper for at least twelve months next preceding the filing of this suit, that on or about the —— day of —— A. D. 1900, in Omaha, Nebraska, plaintiff was lawfully married to defendant; that they continued to live together as husband and wife until on or about the first day of July, A. D. 1916, when by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife.

2nd. Plaintiff alleges that during the time she and defendant lived together as aforesaid, she was kind and affectionate to him and always conducted herself in a lady-like manner, and her conduct generally was that of a true and lawful wife, but defendant, unmindful of his marital vows, about one year prior to the time of theirs aid separation, began a course of unkind, harsh, cruel and tyrannical treatment toward plaintiff, which continued until plaintiff was forced and compelled to abandon defendant as aforesaid; that defendant often cursed plaintiff nnd the children of plaintiff and defendant, and applied to them the most opprobrious epithets without any cause or provocation on the part of this plaintiff, and that during said time plaintiff was in a very delicate state of health, and that said cursing and continual abuse was very detrimental to plaintiff's physical condition; that defendant, unmindful of his marital vows, was untrue to plaintiff, and for some time had intimate relations wiih a woman by the name of Mrs. Seeley, of Beloit, Kans., and also with a woman by the name of Minnie Thomas, of Geneva., Neb.; that said marriage relations between plaintiff and defendant still exist.

3rd. Plaintiff alleges that defendant's action and conduct towards her generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered.

WHEREFORE, plaintiff prays to the Court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, either in law or equity, that she may be justly entitled to, etc.

WIGHTMAN & HANCOCK,
Attorneys for Plaintiff.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
