"A great net of mercy drawn through an ocean of unspeakable pain"

Another Good Investment

WE paid out some Red Cross money a while back. Paid it out---and forgot it. That's how much it hurt. Might not be a bad idea to have a look at what that money has been doing.

That money went, dollar for dollar, where it did a full day's work, wherever it was.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm flannel belly-band around six-year-old Antoine out back of Noyon.

No use,---we can't figure this Red Cross task in cents' worth.

There's the whole path of ruin from Belgium to Switzerland, just to visualize one thing at a time. If your Red Cross money went there it very likely provided pots and pans, food and clothes, beds and blankets, for the repatriated people.

Three years ago these people were prosperous and contented---self-respecting, steady, saving, hard-working, everyday, small-town citizens.

Now they have the "earth under them and the sky over them"---not one thing else.

It's for you to say whether this great work of mercy shall stop.

The Red Cross is yours, just as our Army and Navy are yours; yours to support with the same fervor and loyalty that leads you to the bottom of your purse for Liberty Bonds.

It's for your voice to say whether your Red Cross shall falter now or sweep onward, greater and more helpful than ever before.

And it's your dollars that must answer.

Non-Partisian League Head Denies Charge Of Senator Sherman

ST. PAUL, Minn. Apr. 24—A. C. Townlay, president of the National Non-Partisian League, in a formal statement to day, denied the charges which were made against him yesterday by Senator Sherman of Illinois.

"I reseut, and every patriotic citizen should resent, Senator Sherman's assault upon "our President". at a criticle time when all loyal Americans should be supporting the goverment".

Said Townley. "Senator Sherman's accusation that I am pro-German and that the National Non—Partisian League is financed in part by German money is a malicious false hood. If he will repeat this libel off the Senate floor, where he is not protected by his senatorial privileges. I will refute his lying statements in a court of law:" The above is clpped from Apr. 5 Beaumhnt, Enterprise. A few standpat reactionary Senators, and representative, and the main monoply controlled by Big Business, and the little "U tickle me and I tickle U" papers have been fighting the farmers Non-Partisans League. Some in congress opposed the N. P. League representatives $10,000,000.00 loan to farmers in the drouth striken states to buy seed wheat, but they loaned millions to ship contractors, and manufacturer's, which was right; and the farmer can never hope for a fair deal unite in a political movement so as to controll all legislation.

Is the League patriotic? Well at all their meetings they take up collections for the Red Cross For about nine months the Courier has exchanged with the parties official weekly magazine, The Non Partisian Leades, and we have never read a line in it that was unpatriotic; but it stands four square by President Wilson and his policies; and his declared policies; and told its readers to invest evey cent they could in Liberty War Bonds, and help the Red Cross and it is a fact that where it is strongest in the North-west there was proportionately the largest sale of Bonds to farmers.

Read what Secretary of Tresury McAdoo had to say:

In reply to a telegram from the National Non Partisan League unreservely tendering the services of the organization and the use of its speakers in the Third Liberty Loan campaign, and offering to create a department for selling Liberty Bonds, Secretary of the Treasury McAdoo has wired back in part:

"I deeply appreciate the assurance of your co operation in making the Third Liberty loan a success and I welcome the support and assistance of the great Northwest in this patriotic service to the country."

This official recognition of the league by the administration in a great and patriotic service will undoubtedly come as a blow to those interests that have sought to raise the question of the league's loyalty because they dared not meet its issues and arguments.

Disloyalty charges in their entirety origiaated with pin headed politicians in deadly fear of a deserved retirement to private life and traitorous profiteers facing merciless publicity and loss of power. The League is proud to count these among its enemies. It cannot furnish better proof of its sincere loyalty to our country our democracy and our war aims.

Any common fool knows that the U. S. secret service would iong ago have caught up with any disloyal acts if the league ment harm to our goverlment. We might just as well brand the lumbermens association as a disloyal body because a few pro. German lumber exporters have been arrested; and the same principle applies to every other business association. The farmer pays all taxas, directly and indirectly and he is waking up and the grafters are trembling.

The oaganization has the O—K of the Federal authorities, but in spite of this; our bribe taking, grafte american huns are mobbing it's organizers in places

We honesnly think if the Alliance, or Farmers Union had waited untill now to start, the enemies of free goverment; and especially those who oppose farmers organizeing, would have called them pro germans.

The "Union Standard." the official Labor Journal of union labor, in Waco and Mc.Lennan Co. and the Sauthland—Farmer charge that one Dabney White of unsavory "anti farmer" political fame, aided and abetted by a "reverned" Huges! and the District attornev Dunk Gaston, and thh Sheriff of Wood Couty were the ring leaders in mobbing 3 of it's organizers at Mineola on Apr. the 5th, in a brutish manner.

We haye just this to say, tha we honestly believe that th Non Partision Leagee is just as patriotic as any other labor organization and that it would be utterly impossible for it to be otherwise and the loyal members in it not divulge its disloyal y.

No! tee grafters of big business fear for the honest farmers to act as a political body and they will stoop to any act and utter any falshood in fact deliberately commit murder to hold their power just like "their model patron the Hun, Kaiser of Germany."

We claim this is a country of justice and supsinely set by and see law and decency insulted.

May 6th was the anniversary of the sinking of Lusitana and cold blooded murder of over one thousand innocent people by the "Beast of Berlins" order and it is sheer tomy rot for the grafters and their emmissaries to try to make the sensible people believe that a great farmers political organization would favor or sympathize with such brutish deeds.

The Courier has many Issues of "The Non-Partisan Leader" and any one can look over them at our office and be convinced.

A TRAGEDY:

Friday evening the 10th' after the s. b. T. & N O train left Mr. Oscar Gibson had a fisticuf with Spurgeon Mc Mullen, then one with John Hawkins, after being seperated; Hawkins went to his garrage, and Gibson went off also

About 5 ocl' Gibson went to go into Hawkins garrag threatning to shoot Hawkins; Mr Tom Greer who was in front told Hawkins to run, he also told Gibson twice "as saw he had a pistol," to stop, when he failed to stop Greer fired twice, hitting him in the left arm and side first, and the last time in the back. Dr. Stewart had him moved to Fosters hotel where he died about 7 P. M.

He was burried at Zavalla on Saturday. The Courier joins with the many friend of Marion Gibson and his "wife who being in feeble health was under the care of Dr. Bullett all night". as they are respected and honored, for their sterling caracter by all who have ever known them.

Col. Simon Henderson of Kelty went to Beaumont Sunday, and in a talk with him; he plainly expressed his condemnation of the mobbing of those who are unpatriotic, as we have stringent state and Natiional laws for punishing them. He was accompanied this far by his wife, and

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

IT COST ONE DOLLAR TO SAVE THIS LIFE

Perhaps It Was Your Red Cross Dollar That Gave This Broken Flier His Chance to Live.

By BRUCE BARTON
Of the Vigilantes.

From the ground they could see that there was something the matter with his machine. And even while they watched through their glasses he began to fall.

A minute later the little Ford ambulance was puffing its way across the five miles of shell-stricken road that lay between them and him

They found him beside the machine. He was unconscious, but a tree had broken his fall.

"Just in the nick of time," said the doctor crisply. "He'll be a pretty sick boy for a few weeks, but we'll have him all right again and back with his French comrades."

So they put him into the little Ford ambulance, and—less than an hour after they saw him fall he was safe in a clean white bed.

"That's what it means to have plenty of equipment, plenty of ambulances and doctors and bandages and everything," said the Red Cross man who told me. "It means the difference in getting there on time or getting there just a minute too late."

"Wonderful!" I answered. "And how much did it cost you to make that trip—to save that one French boy's life?"

He flushed a little. "We don't measure it in terms of money."

"I know it. But what do you think it cost," I persisted—for gasoline and the trip and the bandages and all?"

"Perhaps a dollar, maybe two. But why do you ask?"

"A dollar!" I answered. "A dollar to save a boy's life! To send him home again from the war to the mother and father who have scanned every headline and waited breathlessly for every visit of the letter carrier! Can a dollar do a miracle like that?"

"It can," said the Red Cross man.

And then the thought occurred to me that perhaps it might have been one of my dollars.

It was somebody's dollar that did it. It might have been mine—or one of yours.

Who knows?

AMERICA—THE SYMBOL OF FAITH AND HOPE

By GEO. W. GOETHALS
Acting Quartermaster General

EVERY American citizen should be proud of the American Red Cross. It is daily, indeed hourly, giving an example of mercy to the whole world. Through its operations the suffering of soldiers and civilians is being alleviated.

The American people should continue to support the American Red Cross. Through it they are helping their own men and helping the allies. Through it they are making America the symbol of faith and hope in a distracted world.

In the finest American hotels now, no wheat product of any kind is served. Countless thousands of America's wealthiest people—men and women who have money enough to pay $100 a barrel for flour and not feel it—are patriotically responding to the Nation's call and using no wheat bread of any kind. In this connection here are five proverbs frome Mr. Hoover's office that deserve a place in everybody's memory:

"There are many substitutes for wheat flour but no substitute for victory.

"The difference between the patriotic and the unpatriotic American hovsewife is measured by the amount of wheat flour in her kitchen.

"The return ticket for our boys in France will be secured largely through American savings of wheat, sugar and fats.

"It's better to eat corn dodger than to be one

SCHOOL TEACHING AND THE HIGH COST OF LIVING

Are you content to continue teaching without any increase in salary when the cost of living has more than doubled in the past twelve months? Or will you enter the broad field of business where the demand for trained young men and women is the greatest in the history of this nation? The commercial conerns of the ceuntry, realizeing the advance in the cost of living, have increased salaries in proportion, and bookkeepers, stenographers, private secretaries and opperators receive good salaries for twelve months in the year and receive advances promtly as they progress in experiance and skill. Teachers' salaries are limited, while buisness positions pay salaries as large as the abilities of the employees justify. ties of the ability seek their

Salary and level in business verry quickly because of the widespread demand for help. Can you blame several thousand teachers who are quitting the profession annually to enter commercial work where they have an opportuhity of increasing their earning power each year and where their training fits them for the responsible positions of life? Do you know that, with only a small cost in money and from three to five months' training, you can step into a good paying commercial position? Compare this with the time and money which teachers must spend in preparation before they can begin earning, after which they are employed only six to nine months in the year and spend what little money they save to attend summer normal during vacation.

Make up your mind to spend your vacation this summer in Americas largest training school, over three thousand enrollments the past year, and prepare yourself to answer one of the many calls we have daily for our graduates. Write the Tyler Commercial College, Tyler, Texas, for their large. free, illustrated catalogue and read what teachers who have attended it say of the many advantages offered to tdose who desire to enter the business world.

THE RED CROSS

By EDGAR A. GUEST.

I AM too old to share the fight;
Too many years have come and go
Since first I saw the morning light.
My youth has been and traveled o
I am too old to join the line,
Far-flung today that truth she
I may not die for what is fine,
But I am not too old to give.

I am not yet so old that I
Have drifted from the world apart
I still can hear the helpless cry,
And mercy still can reach my heart.
I still can share from day to day
The burden that our youth must bea
And I thank God that I can say
The Red Cross is my symbol there.

I am too old to bear a lance,
Across the shell-torn Flanders' field
I may not go where troops advance
And death's grim terrors are reveale
But I can hear the helpless call,
And I can serve them while I live;
And I thank God that through it all
I shall not be too old to give.

Cherokee County Women Endorse John C. Box

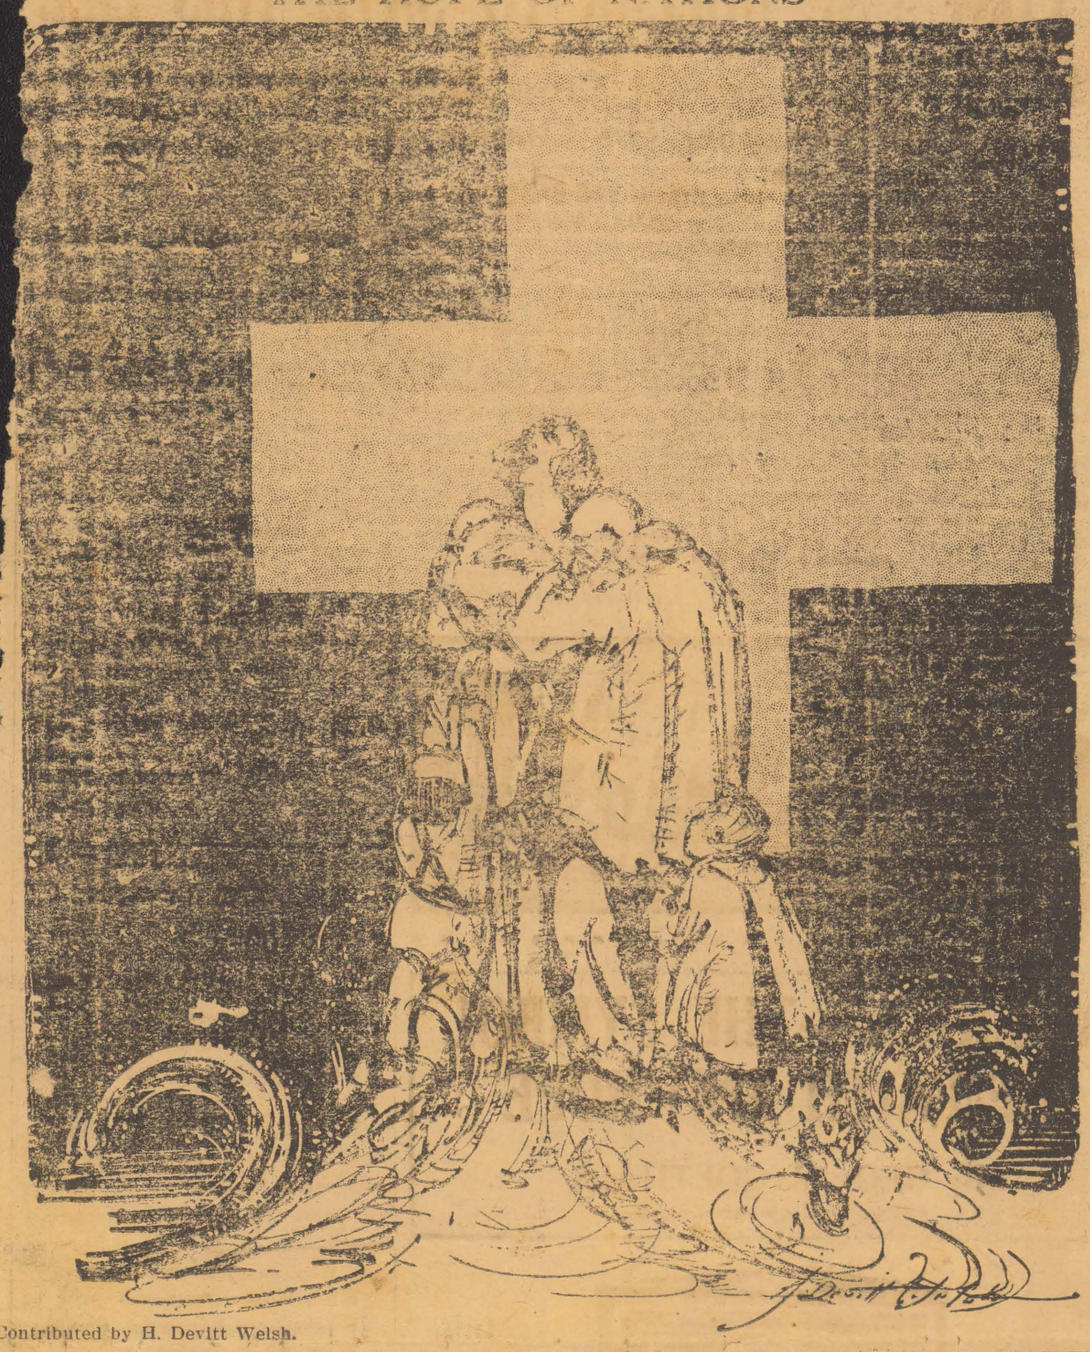

The ladies of Jacksonville and Cherokee County have formed a "John C. Box Club" with numerous and increasing membership, declaring they do so because: "Judge Box is clean and upright in private and bubiib life, able in argumemt, strong in speech. He is a student of history and Govermental affairs, a working constant friend of Christianity, education, prohibition, good goverment and whateuer else promotes human betterment, and a Democrat from boyhood.

He is a son of the plain people, born among them on a little East Texas farm, climbing upward by labor and study and worth, enjoying their congidence and devoted to them in heart, word & deed. He is the friend of labor; and, to use his own words, "the man who is not the friend of laboring people is not a friend to mankind. We the women of Cherokee County, waut the women and people of ofher counties to know what kind—of—a—man they now have a chance to send to Washingtyn".

The Great American Dollar Has a Great American Heart

WILLIAM GERARD CHAPMAN.

I AM the Great American Dollar. I was born of Toil and Sweat and sired by Human Endeavor. Treasured and trained by Thrift, I grew powerful and competent to perform for my masters the duties of a willing servant. Apprenticed to Industry, I earned wages that repaid my sponsors for their care and self denial. They loved me—not for myself alone, but for what I accomplished for human good, for by tireless labor I smoothed the paths of their lives and the fruits of my energy made sweeter their days.

A Sudden Awakening.

In piping times of peace I grew self complacent, and, forgetting the Spartan character of my upbringing, became more and more the slave of Luxury. Then suddenly came an awakening. The forces of Good entered into conflict with the Legions of Evil, and battle raged upon the earth. The Land of the Free, where I had my being, entered the great fight that Right might triumph, and Men and Dollars were marshaled to combat the enemy.

I chanced to be of those that lingered behind, for I was the mainstay of my masters, but one day the call of the wounded in a far country was heard by them, and they sent me to where the coffers of compassion waited to receive me. There by the alchemy of human sympathy I was transmuted into instruments of aid and relief and healing. Beneath the banner of white bearing a blood red cross I fought the good fight against pain and disease and death that the heroes who fell in the great war of Humanity against the Hun might be co ed and iven new life.

Comfort for the Wounded

Now, on the thundering battle line in my new identity I minister to the wounded, bringing them from blood soaked ramparts to beds of comfort, giving ease to maimed bodies, relief to limbs writhing in torture, cooling drafts to parched throats. And under my beneficent ministrations the sons of my masters are rescued from agony, the hero youth of the land are restored, or the last hours of the wounded to death robbed of the grisly horror of neglect.

The flower of our young manhood go in ever growing hordes to right the world's wrongs. New legions of the Great American Dollar must be marshaled to equip the army that follows—the Red Cross Army that wages its splendid fight against pain and death behind the battle lines. Enlist your dollars to fight under the Red Cross banner, you who would staunch the wounds of those who battle to bring peace and safety to you and yours and your home land—and to the world. For thus is the Great American Dollar ennobled!

A MESSAGE FROM FRANCE

Spirit of This War Pictured by French Schoolgirl in Letter Received by John H. Finley.

THIS letter is one of the many messages which have been received from the schools of France in response to the messages from American universities and schools, carried to them by John H. Finley, Commissioner of Education and President of the University of the State of New York. It is reproduced here and comes from a pupil in the Lycee Victor Durny in Paris, which he visited last May, and there heard the pupils singing "The Star Spangled Banner" in French and crying in chorus, "Vive l' Amerique." It is doubted if there has been a more graphic or poetic expression of that which separates the men in the opposing trenches or of that which brings America and France together.

"It was only a little river, almost a brook; it was called the Yser. One could talk from one side to the other without raising one's voice, and the birds could fly over it with one sweep of their wings. And on the two banks there were millions of men, the one turned toward the other, eye to eye. But the distance which separated them was greater than the stars in the sky; it was the distance which separates right from injustice.

"The ocean is so vast that the sea gulls do not dare to cross it. During seven days and seven nights the great steamships of America, going at full speed, drive through the deep waters before the lighthouses of France come into view; but from one side to the other hearts are touching."
