DEDICATION

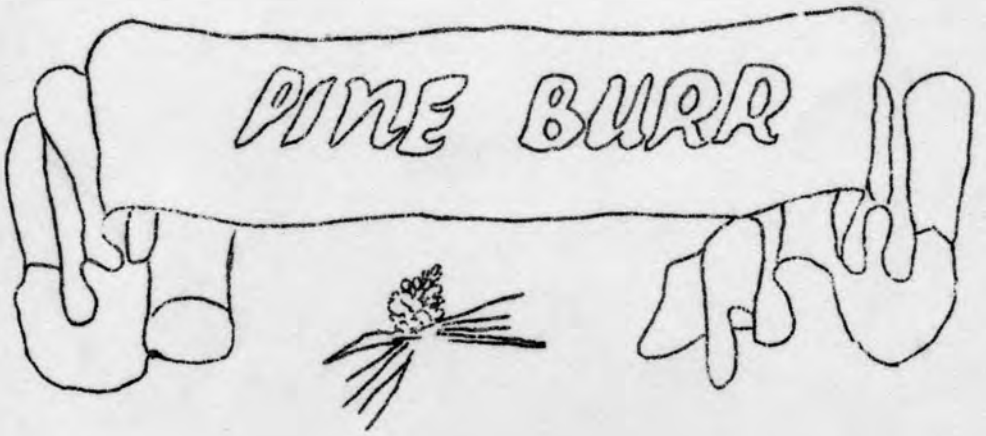

Because of their untiring efforts and the invaluable assistance which they gave in the erection of our new school plant we hereby dedicate the first issue of the PINE BURR to the following:

Mr. H. G. Temple
Mr. E. G. Prud'homme
Mr. G. S. Smith
and
Members of the Pineland School Board

Mr. Temple and Mr. Prud'homme, as representatives of the Temple Lumber Co., made generous grants of material and labor for the erection of the new buildings.

Mr. Smith was President of the School Board during the building program and was always ready to respond to the call of the school.

The Pineland School Board held many long and fruitful sessions trying to make the means at hand accomplish the ends desired.

OUR NEW SCHOOL BUILDING

Our new school plant began as a dream in the mind of Supt. M. B. Morris who is constantly reminding us of the potential beauty and possibilities of East Texas. Then our ever thoughtful School Board realized the impossibility of keeping our old building in shape to do an acceptable school program. After much consideration and lots of planning with the W.P.A. officials and representatives of the Temple Lumber Company, United Gas Co., and Magnolia Pipe Line Co., it decided to salvage as much of the old building as possible and build a new one.

Mr. W. C. Meador of Jasper was selected to draw up the designs for a modern school plant. The project was submitted to the W. P. A. and after due time was approved by the President and others who were directing this program. In the meantime the Lions Club, P.T.A. and other civic organizations took over the job of voting the first school bonds that had ever been voted in our district. They went at this job with so much enthusiasm that they set a state record of 115 votes for to 0 against.

The construction of the building was supervised by the following men: Mr. Meador as Architect, Mr. P. H. Honsarling of Houston as heating engineer, Mr. Gary L. Burton of San Augustine was Area Engineer for the W. P. A., while Mr. B. M. Bradshaw and Mr. Joe Bill Pigford were construction superintendent and timekeeper

for the W. P. A.

The total cost of the new plant was approximately $60,000. The program was financed by $18,500 bonds voted by the community, a W.P.A. grant, and contributions of material and labor by Temple Lumber Co.

The new buildings are modern in every respect. While the outside framing is of lumber the interior walls are made of hardboard and insulite walls and ceiling. This makes the rooms practically sound proof and provides excellent insulation for the steam heating system. The plant consists of an auditorium, symnasium, sixteen classrooms, three-room music studio, three offices, reception room, and library with rock chimmeys, janitor's room, four store rooms and four dressing rooms. Modern sanitary facilities are provided throughout the system. Plumbing equipment is connected to septic tank with 3,200 feet of drainage tile laid in gravel beds. The lighting fixtures are arranged to meet the requirements of the State Department of Education and are connected with safety mercury switches. Individual steel lockers are provided for the students in high school and each grammar school classroom is equipped with wardrobe lockers for teachers and classroom libraries.

A certain Methodist minister held a revival in Pineland and after he returned to his home he said,"The people of Pineland are as proud of that new school building as a small boy is of a little red wagon." And we say, "Why not?"

TOWN HALL NEWS OF 1940

The year 1939-40 was an unusual one in the history of Pineland. Many events have occured that will cause all true Pinelanders to cherish the memories of this year to the end of time. The range of these events extend all the way from one of the largest snows in our history to the drilling of the first oil well within the city limits.

To start the events of this school year we had the completion of our new $60,000 school plant. While the buildings were not completed until the last of October we were able to begin our classes in them by the second Monday in Sept. A description of the plant will be given in another section of this annual.

By the combined efforts of Temple Lumber Co., United Gas Co., Magnolia Pipe Line Co., and the Lions Club we were able to persuade the Texas Highway Dept. that we needed a hard surfaced road connecting Magasco and Pineland to the U.S. 96. This is an event that has really taken us out of the mud.

After a period of much planning and lots of preparation we assembled in the high school gymnasium on the night November 17, 1939 for the combination Dedication-Home Coming program. In spite of the very unfavorable weather this proved to be the biggest event in the history of Pineland. Our school is every Pinelander's first love. The old graduates and former teachers joined with the proud citizens in contributing to the success of the occasion. The program of the night was as follows:

Invocation---------- Rev. G.R.Thomas
Welcome Address---------- Mr. R. A. Smith
Response---------- Mr. W. A. Hargis

Short Speeches
Dedication Speech, H. E. Robinson, Department of Education

Through the efforts of Pineland's hardworking "mayor", Mr. E. G. Prud'homme, and with the co-operation of the Temple Lumber Co., and the W. P. A. Pineland has several new rock-lined drainage ditches and its first concrete sidewalk. Of course, we are proud of these imporvements which have done so much to rid our town of mosquitoes, flies, and disagreeable odors. Our appreciation of the new sidewalks is illustrated by the story told by a bus-driver who passed through Pineland during the early morning hours. He reported that as he drove down Ave. B. he noticed one of our prominent citizens who was walking back and forth on one section of the sidewalk and frequently he would stoop down and pat it tenderly. When the driver came up the citizen remarked, "Well, Albert, you know this is an age of great progress."

The month of January 1940 was a white one, as you can see from some of the pictures in this book. This snow was a real treat to us in the South, especially to the school children who got almost a week off because the water pipes were frozen. Everybody joined in the snow fights and sledding parties.

During May 75,000 soldiers came to East Texas and West Louisiana for the greatest peace time manouvers in the history of our nation. We got to see airplanes, blimps, tanks, big guns, machine guns cavalry, trucks, pup tents and soldiers of every rank.

While we are putting out the initial issue of our school annual the boy in town are sporting their first volunteer firemen's equipment. Everybody listens for the call of the siren and clears the way for the city's first fire truck.

We have been here too long to predict the weather in East Texas but we are prohesying a brighter day for our progressive little city.

Course of Study:

The Pineland High School has affiliated credits as follows: English (4), Science (4), general science, agriculture, biology, physics and chemistry; mathematic (3), general mathematic, algebra and plane geometry; social science (3), world history, American history, public speaking and civics; Homemaking (4); Spanish (2) Commerce (3½), bookkeeping, Commercial law, Commercial arithmetic, typing and economics, Art (2).

Every pupil in the Pineland school system is also encouraged to take part on programs and special activities. Our records show that 90% of the student

Copied from an original at The History Center. www.TheHistoryCenterOnline.com 2012:004

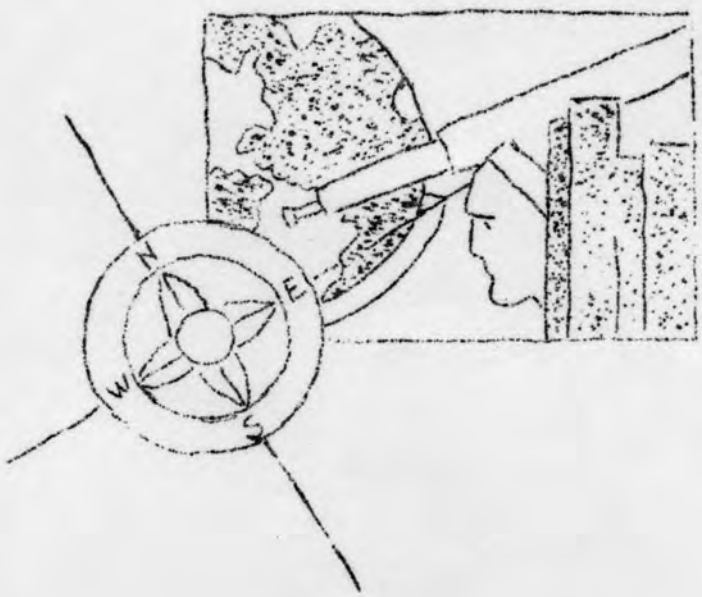

body appeared in public performances during the year. Public school music is offered two periods each week for every child. Choral Clubs are organized for high school and grammer school. The Interscholastic League meet for Sabine County has been held at Pineland for the past three years and about 75 % of our student body has taken part in these activities.

Objectives of the Pineland Schools:

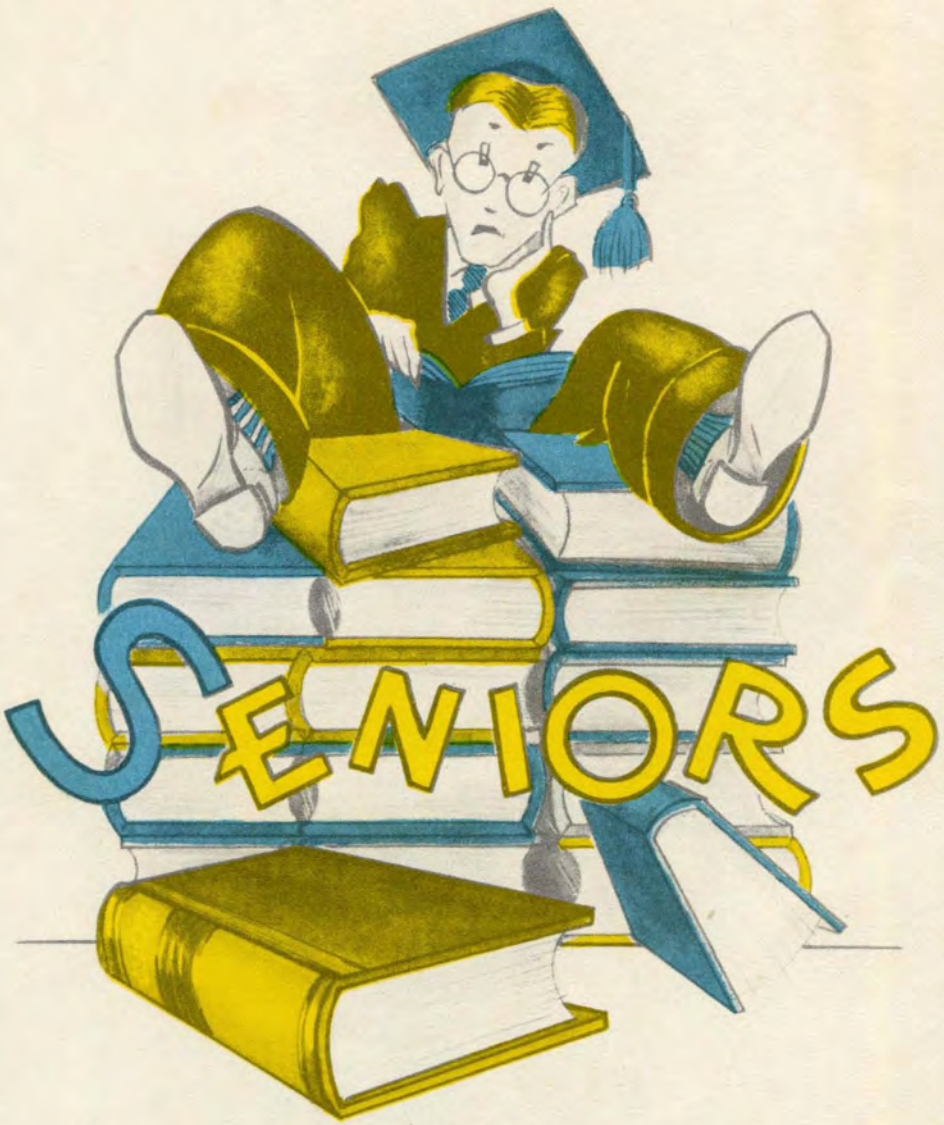

1. The aim of the school is to provide the greatest possible opportunities for the maximum growth of every child in our community.
2. The aim of every instructor is to train boys and girls--not subjects. Every teacher strives to have a sympathetic understanding of the problems of each individual child.

Requirements of every member of the School system:

1. To always let our conduct be that of a lady or a gentleman.
2. To attempt to do the best work possible.
3. To keep the spirit of a loyal Pinelander.

The Senior Class History:

There are eight members of the Class of 1940 who have been in the class together from the first grade on up to the eleventh. They are Edwina Barclay, Lillian McDonald, Doris McCarty, Clotilde Wright Wood, Charles Smith, Lyndon Daly, Mary Frances Damrel and Ethel Holder.

From time to time there have been new members coming in and some of the old ones dropping out. Gladys Brandon started to school here in the eighth grade. Searcy Rasbury, Gladys and Walter Hebert, Joe Earl Leavines and Marcille Weeks joined the class in the ninth grade. Merle Crouch transferred from Bronson to us in the tenth grade. James Edgar (Bobby) Johnson, Enlow Horn, Buster Chambers, George Hanks, and O'Neal Forse joined our class at the beginning of the senior year.

Senior Activities:

We, the Seniors of 1940, have had a busy and also a pleasant year. At Christmas time our Room Mothers gave a class party in the home of Mrs. Barclay. We exchanged gifts and every Senior declared this to be a very Merry Christmas.

In February, we had a picnic chaperoned by our sponsor and his wife, Mr. and Mrs. M.M.Hall. The time was spent in playing games and eating.

Tuesday evening, April 30, we gave our class play, "The Old Crab", a three act comedy to a large and appreciative audience. Each of the twelve members of the cast gave a stellar performance and the play was rated as one of the best ever put on in Pineland.

May 3 was set aside as "Senior Day" and is one that will long be remembered by every member of the class. At about 8:45 Friday morning we left for Bland's Lake arriving there at ten o'clock We spent the day swimming, boat riding, dancing, and kodaking. Of course we had lots to eat for we ate both lunch and supper at the lake and arrived home about 9 o'clock that night tired but happy.

On May 7 the class sponsored the recital given by the pupils of Miss Ruth Phillips' school of the dance. The money made from this program was applied to the school mimeograph fund.

The Junior-Senior banquet given in the gymnasium May 10 was one of our best and most colorful affairs of the season. First a toast was given by the juniors to the seniors followed by the senior response. There were several dance and piano numbers and a saxaphone-trombone duet. The senior prophecy and will were read and the juniors gave their parting gifts to each of the seniors. After the banquet the remainder of the evening was spent in dancing.

On the evening of May 28 Mrs. J.H.Daly entertained with a lawn party followed by dancing in the gymnasium.

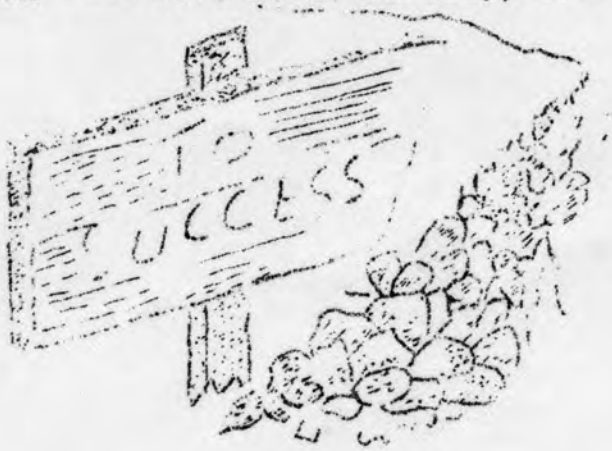

Our next social event was a party given by Mrs. Hughes in her home on May 20. The climaxing event was the party at Mrs. R.A. Damrels' following the graduation exercises.

The Junior Class, although the smallest class in high school, is one of the strongest in spirit and cooperation.

The Junior Class activities really began with a campaign to elect their nominee Queen of the Hallowe'en Carnival. Under the capable leadership of Mrs. Gunter and Mrs. Prud'homme this class was successful, for the third consecutive year, in annexing this enviable honor. This year's candidate was Margaret Murray. Her escort was Eck Prud'homme, Jr. who reigned as King of the Carnival. As a further compliment to the Queen of the Carnival, Margaret and Eck represented Pineland in the crowning of the Queen at the San Augustine County Fair.

One of the highlights in social affairs was the Christmas party at the home of Mr. and Mrs. E. G. Prud'homme. Games and stunts furnished the main entertainment of the evening topped off by shooting fireworks found in Christmas stockings.

On the night of May 10, came the Junior-Senior Banquet, an outstanding event in the lives of all juniors and seniors.

On Junior Day, May 11, we went to Boykin Springs and spent the day. This was a happy day for all of us.

On the evening of May 18, the Juniors shared honors with the Seniors at the Lawn Party given by Mrs. Daly. Our hostess provided excellent entertainment and more refreshments than both classes could consume.

The Juniors lived up to the school tradition of decorating and providing ushers for the Commencement programs for the Seniors of 1940. Therefore, we feel that we closed the year as all loyal Juniors should and shall be looking forward to the time when we will be the Seniors of '41.

Class History

We began our class activities with the Queen's Race for the Hallowe'n Carnival. We selected Loretha Green as our candidate and had two parties to raise money for our candidate. We worked hard and came out second in the race. The Juniors won for the third straight year. We shall be ready to give them another battle next year.

We had four parties during the year. Two of them were for the Queen's Race. We had a play party at Mrs. Wilson's and a picnic at the Cousin's Park.

Class Activities

This being our first year in High School of course our social activities were not as big or as numerous as those of the other classes. We had one class party and a picnic which we all enjoyed very much. As a class we took an active part in the Hallowe'en Carnival and although we did not win we worked hard for our candidate for Queen, who was Gloria Tillery.

In athletic events we were always represented and made a good showing in every contest in which we took part.

Coach L. T. Halbert started the 1939-40 football season with a squad of boys that had little or no experience. Despite the fact that in every game played the team was out-weighed from ten to twenty pounds, the Indians turned in a good year's performance.

The Pineland track team coached by Mr. Halbert worked on other sports until it was too late to have many inter-school meets. In the County Meet held at Pineland March 29th the boys proved that they were capable of living up to the tradition of the school.

Eck Prud'homme led the senior team by winning first place in broad jump, 100 yard dash and 220 yard dash.

Nolan Morgan was high point man for the juniors by winning first place in 100 yard dash, 50 yard dash, broad jump and was on the winning relay team.

Our track and field team was able to qualify only one man, Glen Gilchriest in the district meet. We are expecting to do much better in 1941.

Chm. Hospitality Com.	Mrs. G. Fortson
Chm. Room Mothers Club	Mrs. O. H. Williams

Under the leadership of the above named officers and with the help and cooperation of all the parents and teachers the Pineland P.T.A. has spent one of the most profitable years of its existence.

The main activities sponsored by the club have been as follows:

1. Organization of a Room Mothers Club
2. A Halloween Carnival
3. Back to School Party
4. Homecoming Banquet
5. Organization of a Girl Scout Troop
6. Play "Safety First" sponsored by the Room Mothers Club
7. Lunches and drinks sold at County Meet

During the year approximately three hundred dollars have been added to the treasury. Some of the things which have been purchased for the school through this fund are: song books, dishes, and silver for serving, curtains for the library and reception room, two fireplace sets, furniture for the reception room, shades for the auditorium, sweaters, and awards, and library and duplicator supplies.

We feel that we have had a successful year's work but are hoping and planning for bigger and better things next year.
