Dear Home folks:

Just a few lines in answare to your letter which I got yesterday, was glad to hear from you all, and to learn that you all were O.K, As for us we are O.K at the present.

Say Ellis I was not supised to learn that you got your Questioniere, I knew they would get one of us or try too any-way. I don't think they are taking any-one that is over 28 years of age now, but I will do anything I can to keep you out. I am sending the statement that you wanted, that I have let you resume full

responsiability as dependent for mama and Emma and Jennie.

You can tell them that it did not look like the crop would make enough to justify me to have a part in it and that I just decided to let you resum full responsibility of the farm. Did you tell him that I was not at home now?

Ellis you find out what they will do about this as soon as you can, (get this) They may want me right away, but I dont think they are taking men over 28 years of age now. They may ask you how long you have been manager and dependent for mama. You can tell them, sence about the
