Dear Home Folks:
I hope this will find you all well, as for me I don't feel good. Guess Ellis is at Dallas now. Has Emma come home yet? I hope so as you need her to help you so much. I don't know how long I will be here, but I am expecting to leave sometime this week. I will write you a letter when I move. There are lots of boys here under 21 years of age. I went to preaching Sunday morning and evening both, sure heard a fine Baptist preacher. There is one boy here that lives close to Center, he knew me but I didn't know him. Guess Dennard is in school now. Did Ellis put the order in for that hay? I hope he did. I sure don't like to live down here. I don't have any news. Love, Lenard
