tell me if you found them.

I havent got paid yet, guess I will get paid next monday. Mama; I wish you and Dorthey would write Emma Dean and get her to come home after June 1st if she don't get her a job by then, but please don't let her know that I wrote you about it. I know she would be much better off at home and she could be lots of help to you all. I did not get to see her Sunday evening as she was gone when I got there. Say, Demerd did you get promoted? hope so. How is Dorthey & family? I mailed six (6) post cards last monday. You all write me as soon as you get this.

Love,

Lenard.
