Dear Dennard,

Well old bean it was quite a shock to hear from you as it has been such a bally long time since you wrote.

Glad you are making so good but you still have room for improvement; eh what?

I saw a good show the other night with Glenn Miller and his band. "Orchestra Wives." You have surely heard "I've Got a Gal in Kalamazoo;" well they played that and some more good ones.

Patsy and me have just had some time catching a mouse. I found one in the bread box and shut up the bathroom with Patsy and the mouse and you should have seen the chase they had. Like to have not killed it but it finally gave up. Patsy would not bite him hard.

Listen, you pick me some more sweet gum and don't melt it before sending it and send me some of those peanuts and I'll send you something. Don't send them until I write you again because I am going to move.

Answer real soon

Lots of Love,
Emma Dean
