another thing. I dont ever get a sunday off. its our hardest day.

Got a letter from Lew. he said Aaron was on his way across, sure is bad. hope they dont send him. he's been lucky so far.

I dont see how they can take Ed. + I dont think they should give him so much to farm. he's going to do all he can any way + that's all anyone can do. but there's not much fairness in it.
