Music, when soft voices die,
Vibrates in the memory. . . . . .

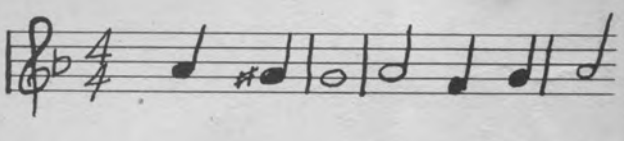

. . . . . .and in our memory will linger pleasant melodies long after we have left Lufkin High School. We owe the memory of these lovely melodies to one who has given so much of his spiritual, mental, and moral wealth to the progress of Lufkin High School and to its band.

To WILLIAM H. BYRD we respectfully dedicate the 1948 edition of THE FANG.

Hail Lufkin High School
Hats off to you.
Ever you'll find us
Loyal and true,

Firm and undaunted
Always we'll be.
Hail to the school we love,
Here's a toast to thee.

WADE H. KEENE
Principal of Lufkin High School

Mr. W.H. Keene has been Principal of the Lufkin High School for two years. Under his leadership, the High School has enjoyed a period of progressiveness and pleasantness. The personnel and students are looking forward to a greater L.H.S. under his leadership.

Mrs. Lois Wells
Secretary

Mrs. Wells has been with us for the first time this year. Now we are wondering how we could do without her. She works, not only for Mr. Keene, but for the faculty and all of the students. A friend indeed is a friend to whom we go for stencils, absence permits, lost and found articles, and untold other things. Thanks for so cheerfully listening to all of our problems.

The Fang Staff

The annual staff have many problems and even more work. The cooperation of the pupils and teachers this year has really made all of the work worth while.

Miss Boozer watches while Anna Royce Hughes trims pictures to be mounted. Mary Ann Beaumier, the editor, studies the arrangement of a page while Virginia Garrison types the accompanying sheet.

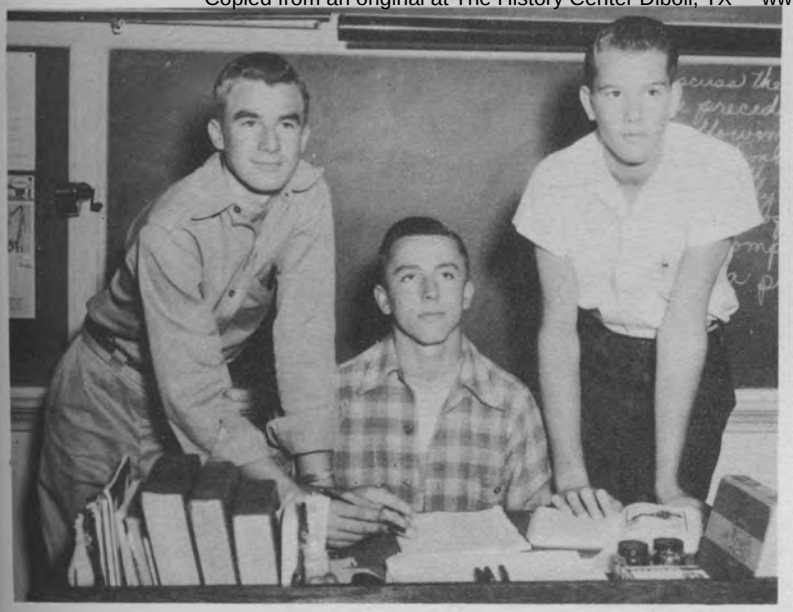

Art editor, Bill Wilson, sketches a cover sheet, while Peggy Hataway and Dorma K. Deane discuss printing and other art work.

Walter Jack Spears gets a snap of Jimmy Horn while he studies the sport section of the annual. Walter made many of the pictures used in the annual this year. Jimmy served as sports editor.

Charlene Stroud and Marjorie Hudgens had charge of the advertising. Thanks to them, it pays!

During this school year the members of the F.H.A. have enjoyed hours of work and play. During National F. H. A. Week the girls attended the Area meeting in Nacogdoches.

One of the highlights of the year was the F.H.A. and F.F.A. Christmas dance in the high school gym.

February 24th the club entertained the students with an assembly program. The Kitchen Cabinet Orchestra furnished the music for the play "Susie to the Rescue!"

The club members attended an area meeting in Gladewater in April.

The F.H.A. girls were amply rewarded for their hard work getting ready for the Texas Forest Festival. The attractive booth and float were well worth all the planning and work. Girls that were on the float in the parade were Ruby Shirey, Ima Jean Havard, Jean Farris, Mary Louise Robertson, Lela Nell Lavender, and Mary Jane Fontenot.

The student body should be very grateful to Mrs. Lois Walker, Pete Cooney, Bill Wilson, and all the members of the committee for the splendid entertainment in assembly this year. Until football season was over, pep rallies were something looked forward to by all of the students. Another favorite for everyone was the Hit Parade programs.

Other highlights of the year were such programs as Get Acquainted Day, Armistice and Thanksgiving Programs, and interpretation of the spirit of Christmas by the modern dance girls, Future Home Makers Day and many others.

A BASIC FACTOR IN TEXAS' INDUSTRIAL PROSPERITY

Dependable, low-cost electric power in Texas . . . the kind that meets the rigid requirements of industry . . . is one of the basic factors contributing to the state's rapid industrial growth. Strategically located generating stations supply power through vast networks of transmission and distribution lines to any location where plants and factories may use to best advantage Texas' abundance and diversity of raw materials and natural resources, excellent transportation facilities, intelligent native labor, and the many other advantages abounding in the Lone Star State. Texas Power & Light Company pioneered transmission line service in Texas when it built the first high-tension line in 1913. Today it serves a 52-county area which includes the richest and most populous part of Texas and the chief distributing and commercial centers of the Southwest. Dependable, low-cost TP&L electric power service provides for today's needs of this rich area, and this Company is always planning and building for the ever-increasing needs for future growth and industrial development.

I like you
lots — and think you're
swell. Too bad I didn't
get to know you til
this year. Have fun (I
know you will) — Come
up to T. U. and see me
some time. (I'm staying in
Littlefield — not Swedish Rite) —
Always remember
