This is it...

Our Pride and Joy

A new school! What a future for our pupils who, in September, entered this building for the first time... a building accommodating our school with all the modern facilities available--- spacious rooms, tile floors, venetian blinds, windows allowing cross ventilation and plenty of natural light to enter into the already bright classrooms.

But just as important as the building itself is that this new school is indicative of the progress of Beulah Community.

We sincerely appreciate the efforts of our school board, and members of the community for bringing to us the speedy realization of this new building---- a building which is truly incentive of learning.

To the Students:

With advancing years, memories will be those longest retained, and most pleasantly recalled. This year book will long serve as a reminder of little things that might otherwise be forgotten, and is a faithful record of both individual and group accomplishments.

May it serve you well, and be an increasingly cherished possession.

Sincerely,

Marlin Christropher

The pages of this annual represent the combined efforts of the teachers and parents of Beulah Community. They have worked long hours to produce an authentic record not only of this school year but prior years.

Within its covers the various phases of the school life have been combined to produce a portion of the long history of the Beulah School

To the individual pupil and parent this annual has tremenduos appeal at this present time and its value as a souvenir will increase with the passing years.

Sincerely,

Audra Christropher

Burtis Scorborough

It is to the loving memory of Burtis Scarborough that we dedicate this page in our annual to him. Burtis gave his life and lost it in the service of our country in 1943. He gave his life that we may be able to laugh and sing and praise God as he enjoyed doing.

His many friends remember Burtis as kind and loving and generous. He was the son of Mr. and Mrs. D. C. Scarborough.
