Foreword

The doors through which we pass, . . .the friendly greetings as we go to class. . . .the class rooms. . . youth coming and going. . .

The 1955 Edition of the JUNIOR FANG has but one purpose--to help you relive again this past year in the old building--to help tell the story of the football games, the sociabilities before class, the Coronation Dance, and all the other things which have gone into the making of this memorable year. The future years will bring new faces and a change of scene, but there shall be for us this record of the friends we knew, the things we did, and the memories that are still dear to us.
