Message From Our Superintendent

I consider it a great privilege to write a few words in a book that has been so carefully planned and worked on so tirelessly by our Annual Staff. I think it is a job well done and a book that will be enjoyed by all in years to come.

Again, I must say that the seniors graduating this year is one of the most civic minded and most co-operative classes that we have worked with during my time at Central. You may remember that the faculty is behind you and ready to help you at all times.

Message From Our Principal

The Annual Staff, Sponsor, and each person that had a part in the making of our 1955-56 Bulldog are to be congratulated. I wish to express to each my appreciation for the fine way in which all have co-operated to do a fine job.

To the fine group of seniors my wish is for the advantage of every opportunity in life. If you ever think we can be of help do not fail to call on us.

Elementary Principal's Message

Let us all be thankful for the many skills displayed in our 1956 Annual. Our works are displayed for our future happiness, so may we join hand to hand in conquering the many problems entering into our ever changing society.

More than ever before we are encountering a challenge of strength and ingenuity. This challenge can be met through a determined consolidation of efforts by the fireside, in church, and in our schools.

Almost a quarter of a century has passed since USECO published its first school annual. As we review those pages of yesteryear, a pleasant thought comes to mind—on some tomorrow this, the nineteen hundred and fifty-six edition, will take its place in your heart as a pictorial history of the "good ole' days."

We know this book will increase in value with the passing of each year, and are honored to have played a part in recording it.
