Dear Mama Ellis & Kennard,

Will try to write you all again but doesn't seem like it has been 2 weeks since I wrote last. Hope you are feeling better. We are OK.

I have been trying to sew some. I made Evelyn a pair of coveralls that are really cute. Tell Lillie she has grown a lot this summer. Are they still trying to run all three chicken houses? Does A.O. ever get any outside work?

Do you all have any dry peas? Seems like they are getting green peas from somewhere in here. Wish I could freeze some or can them either.

We haven't had any rain in several weeks. Sure is getting dry and dusty. They have had rain in South Texas and other places.

Warren will be gone next week out to West Texas but not as far as Amarillo. He went to Fort Worth last week.

Mrs Chapman is OK. I think she is going up to Arkansas to see her other daughter pretty soon. She only spent one week with us. Got pretty restless then.

Must get something fixed for supper. Answer soon.

Love.
E Dean Warren Paul
