Sunday.

Dec 8. 1957

Dear Mama & Boys:

We received your letter the past week; glad you all was O.K, Hope you all are well; we are O.K except Waldo; he got his left arm broke yesterday; it broke betweene the wrist and elbow. He either fell off a fence or a little boy pulled him off, they were playing together here about a half block from the house. The Dr said he may have to ware a Cast on his arm about 6 weeks.

Hope you all are having nice weather there now, it is still nice here, but pretty cold.

Glad you finally got to go to get your Brace adjusted, Hope your Back will keep on improving now. How is the sick folks?

that live around there? Hope they are enproving.

How do you like your new dial telephone by now? I guess you like it better as I guess you all have learn more about how to use the dial by now.

How is Dennard's Cow by now? Hope she is O.K. looks like he and Ellis won't write me anymore. I ask you in one of my other letters who Dennard is working for now at Timpson, but you never tell me and he don't write me either.

Mama did you get the little package we sent you? Hope you did. and that you like it.

we haven't heard anymore from E.D. Did they come down there? we hope to leave here Sat or Sun the 14 or 15, we intend too finish ~~[illegible]~~ our Xmas shopping this next week. Mama we got you a nice Xmas present besides all the Names that

(over)

we drew. You see all of Marie's family drew names too; so you see we had several presents to buy besides your's and she had to buy for her parents; sure hope you like what we got for you.

Waldo doesn't like for other people too see him with his arm in that Cast, he said he don't want to come down there if he had to ware that thing, but I told him that all of you all wanted too see him, I don't think he will mind it so much after a day or too. You all take Care of Yourselves, write soon,

Love;

Len + all,

P.S. Mama I Am sending you a box of Xmas Cards, I thought it would save you a bit of trouble going to a store and buying them; Hope you like the Cards, I think they are nice.
