Dear Mama + all

We are much better but Paul still is speckled. Evelyn has not taken them yet but she is so fussy I expect her to any time.

I intended to have their picture made for Mothers day but did not and then Paul was not "fitten" to have a picture made so will do that later. Hope you are feeling better. There are lots of sickness in town and they have put beds in the hall at the hospital.

Have a little sewing to do but will not be able to do much until Paul goes back to school and Evelyn gets over the chicken pox. You should have seen Evelyn in a program at the Church the other night. They took pictures and hope they are good. Must close and get busy. Love, E Dean + all
