Dedication

We, the staff and senior class of Central Independent High School do present and dedicate this, the 1958-1959 BARKER to Mrs. Nettie O'Neal.

To "Miss Nettie" who for many years was a teacher and resident of the Central School District, a member of the Central P. T. A., and important asset to the Central Ind. School, we wish to express with all sincerity our love, devotion, and our heart-felt gratitude for the many appropriate and much-needed services rendered to our school.

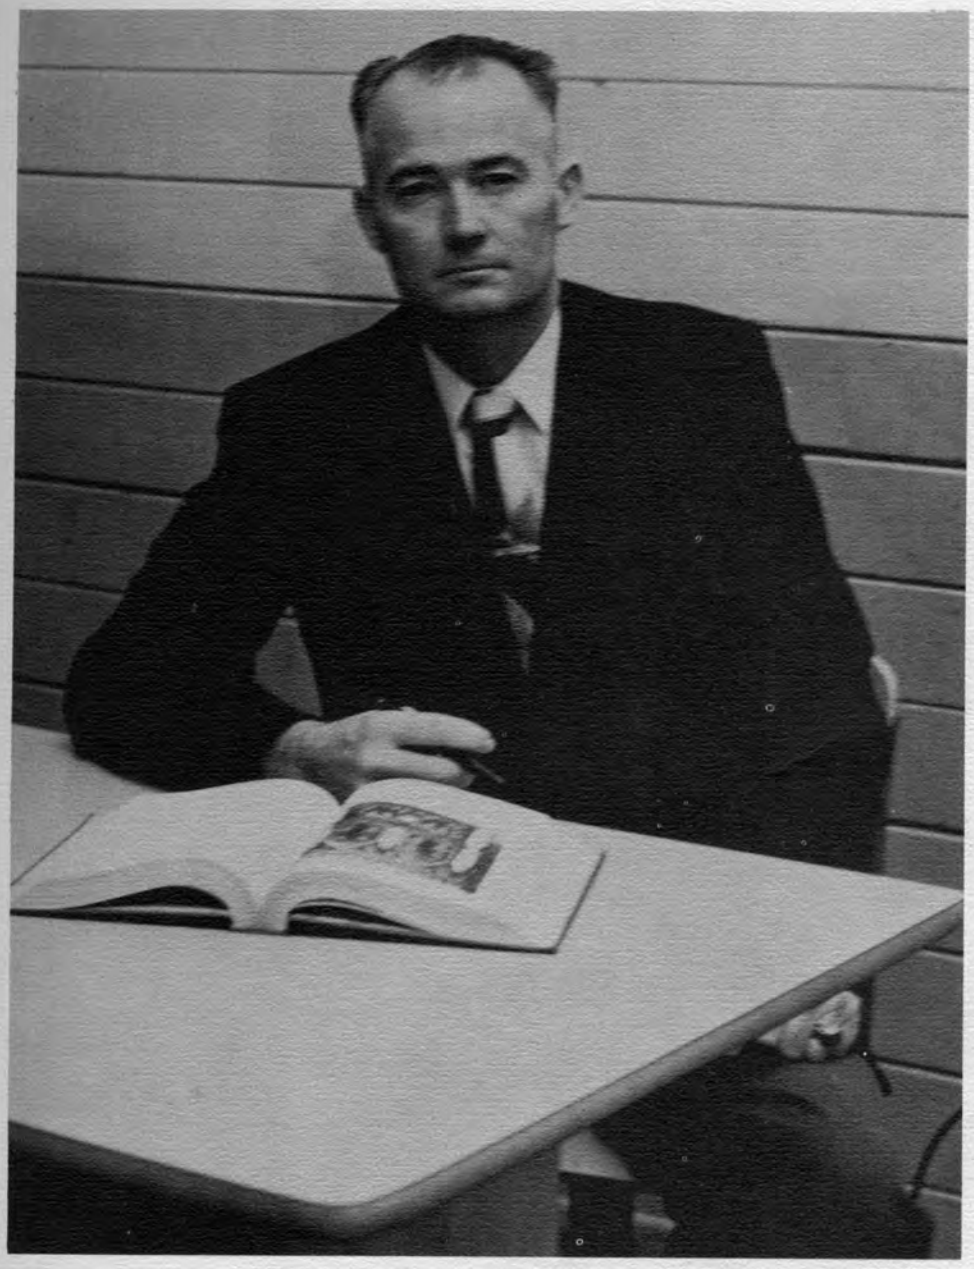

Because of the faithful service rendered to our school and for the help given to many boys and girls who had just begun their education, we are especially happy to have this opportunity to dedicate this, the 1958-1959 issue of THE BARKER to Mrs. Nettie O'Neal.

Class Will

THE CENTRAL HIGH SCHOOL CLASS of '58, '59, being of sound body and weak mind, and about to depart on various roads that lead to success after graduation, wish to leave the following to those still behind striving for fame in education and sports.

To the elementary school the class would like to leave all its old examination papers to be used carefully as an example to those that study to be Seniors.

To the Juniors the Seniors would like to leave all their old shoes; for it is said that those who wish to succeed must follow in the footsteps of those who have gone on before.

To the eighth grade the class would like to leave its quiet dignity that was drilled into them by the faculty over a period of twelve long years.

To the Freshmen the class would like to leave its formula for raising money for the class benefit so there will be nothing for them to do but study to be Seniors.

To the tenth grade the class would like to leave all the worn out bubble gum found under the desk used by the Seniors---not to chew, of course, but to keep those troublesome covers on books.

To the seventh grade the class would like to will all its funny books gathered over a period of years by the class---cut to fit any textbook in Central School.

We THE SENIORS, hope that the underclassmen will make good use of their heritage and become even greater "SENIORS" than we have been.
