Our Superintendent

The progress that the school may have made during this school year should be attributed to you, the students. Your splendid co-operation and loyalty have made possible the scholastic and extra-curricular achievements accomplished during the year. Your school days should be looked upon not only as a preparation for life, but also as a part of your daily life. Your scholastic attainments, character development, habits, and ideals in school and out are measured in terms of effort put forth.

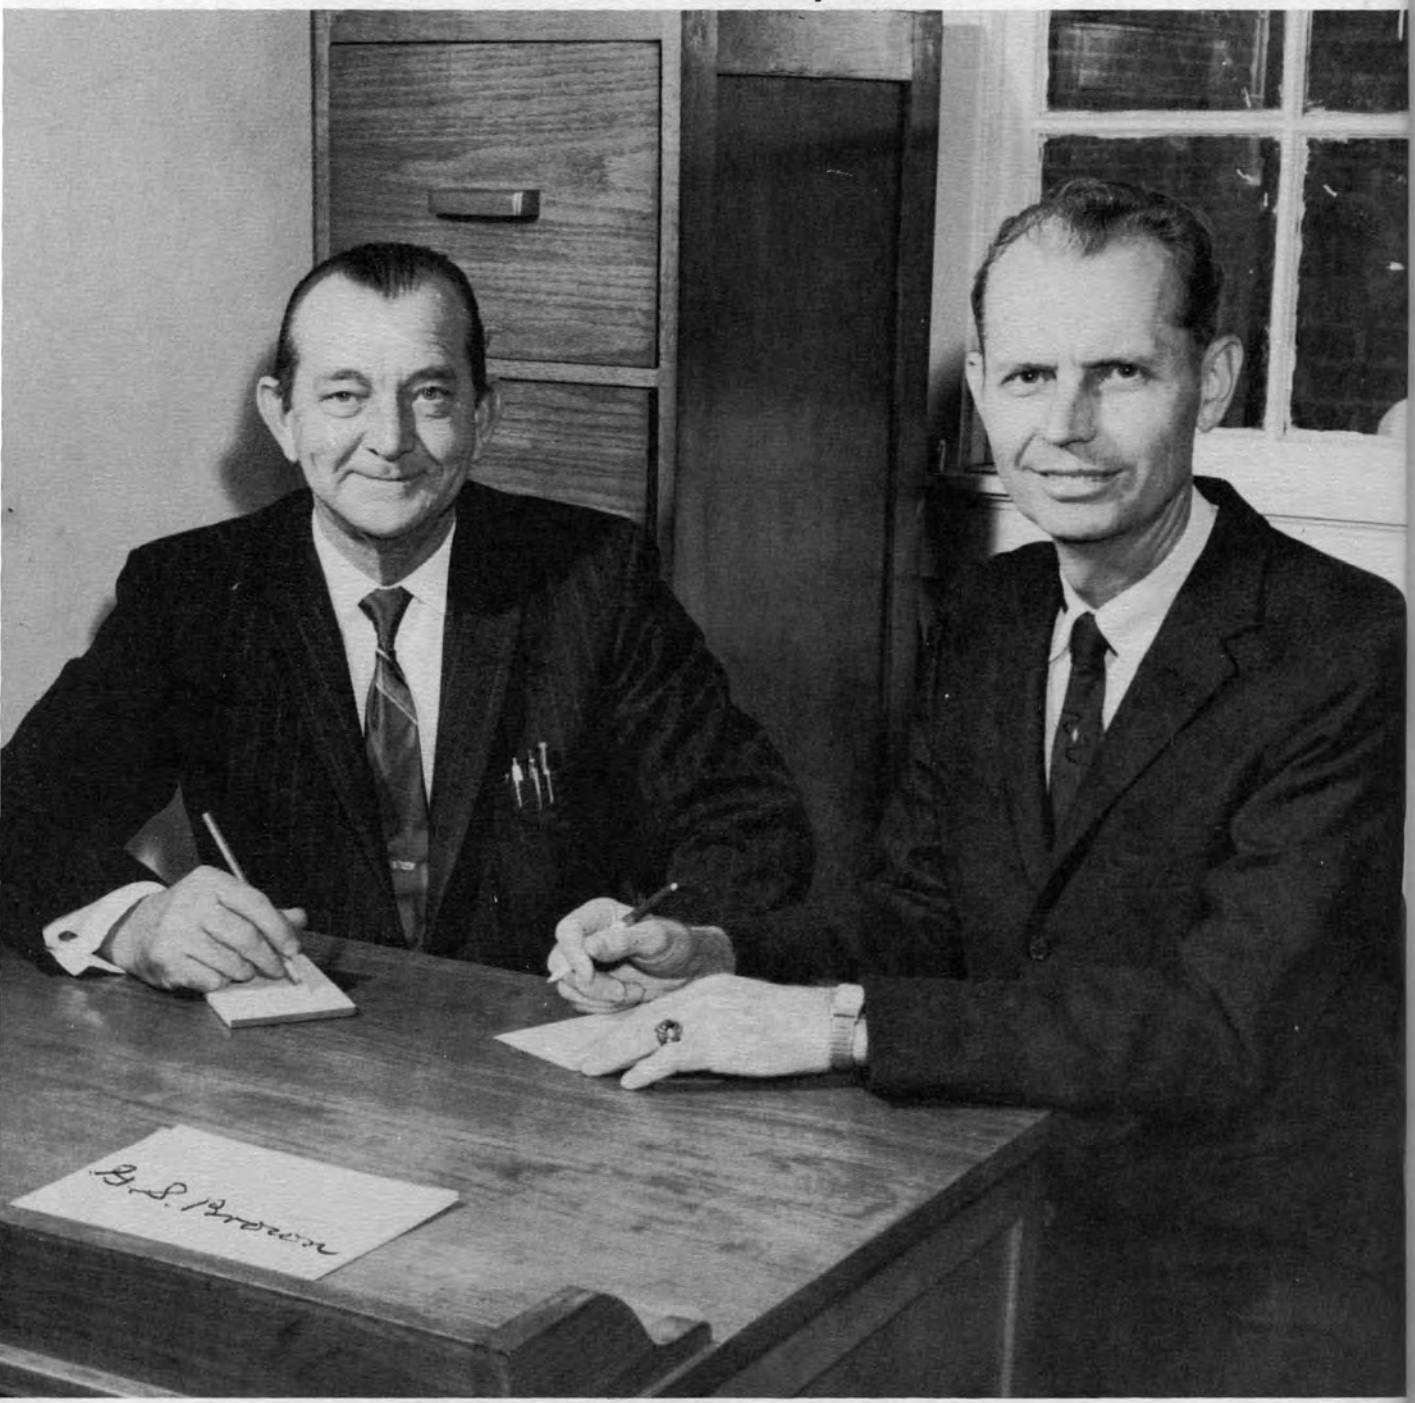

Sincerely,

C. H. Whitsitt
