1961

Center High School

It is just the small things that you remember about a school day: The warm friendliness of the gang in the cafeteria before classes begin; griping about all the homework you have to do; the last tense moments of a ballgame.

These are the incidents which you will recall long after the big events have been forgotten. These are the things that made the year unforgettable. These are the things that we have tried to capture in words and pictures in this yearbook.

Now, may we present to you, your 1961 ROUGHRIDER.

TO THE STUDENT BODY:

It is always a pleasant task to bring greetings to the students of our high school through this, our Annual, the ROUGHRIDER. May the story told within these pages thrill you for many years to come.

It is my hope and desire that each of you has grown in strength of character, breadth of spirit, and boldness of imagination, during these days of high school work. With these implements, together with self-discipline, you can scale the highest peaks of your ambition.

May success attend your every effort.

Sincerely,

TO THE STUDENT BODY:

You have embodied in this volume some of the finer aims and ideals, activities and achievements of the school year 1960-1961. It is an accomplishment that will reflect the personality of your high school life and many fond memories.

I owe sincere appreciation for the spirit of cooperation that has existed throughout the student body and faculty during this school year. Peace and cooperation in school are conducive to a more widespread civilization and will insure progress. The world has a right to look to our high school-trained citizens for at least a part of this. That you may furnish your share of it is my earnest hope.

Yours very sincerely,

R. E. Malone

Christian Anti-Communism Club

"Ye shall know the truth, and the truth shall make you free."

The Christian Anti-Communism Club was initiated February 21, 1961, when several students met with Mr. Barr and Mrs Ellis to formulate a club dedicated to fight communism. The objectives of the club are to educate, to instill dedication, and to inspire patriotism.

The club recently put an American flag in each school room, and is succeeding in informing many regarding the threat of the communist conspiracy to destroy America, freedom, religion, and individual rights.

We feel that this club is indicative of young America's increased awareness of the threat to America. We are for the U.S.A. "America, right or wrong; when right, to be kept right, when wrong, to be put right."
