TOURIST DEVELOPMENT COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE
May 27, 1970

Present: Robbie Warren, Lester Adkison, Travis Billingsley, Ray Cornelius, John Doyal, Woody Gann, Eddie Lemoine, Leeland Petty, Ross Vick, Jr., Bayo Hopper, Herman Brown, J. M. York, Hassell Holder, Bob Coleman.

Absent: Falcor Perry, Keith Barnes, R. F. Bradley, Jr., Darwin McHaney, H. C. Polk, Burton Riley, Bill Windsor, William Winston.

Chairman Robbie Warren presided at the meeting. Mr. Warren outlined recent activities of the Tourist Committee and reported on the successful East Texas Tourist Conference held in Lufkin. It was reported that the East Texas Chamber of Commerce had reported that the 100,000 copy supply of the East Texas Vacation Guide would be depleted by May. It was stated that the East Texas Chamber expected to increase the circulation for the guide to 130,000 and thus, would have an increased cost of the guide ads taken by the various communities. Committeemen were of the opinion that the Tourist Committee should make plans to have an ad in the 1971 Vacation Guide. There was some opinion expressed that more sponsors for the ad should be solicited.

Motion was made by Leeland Petty, seconded by Ross Vick, that the Tourist Committee recommend that the Chamber underwrite an ad for 1971 in the Guide and that the Committee work out details of financing and increasing of sponsors. Motion carried. Suggested 4 color, full page ad to cost approximately $1,437.50.

Lester Adkison presented the matter of possible development of a marina at the lake side off Highway 103 East near Ewing Park. It was stated that additional marinas and facilities were needed on the Angelina County side of Rayburn Lake. Mr. Hassell Holder of the Corps of Engineers indicated that development of such a project might be possible in a cooperative contract with the Corp of Engineers. Mr. J. M. York of the State Highway Department stated that the highway department, through an agreement with the Texas Parks & Wildlife Commission was scheduled to build two boat launching ramps at the location in question. It was stated that the ramps could not be build until the water level was lower. It was stated that in order to properly develop a marina facility that approximately 5 acres would be needed. Both Mr. York and Mr. Holder offered cooperation on investigating the project. A sub-committee composed of Lester Adkison, Chairman, Leeland Petty, and John Doyal were named to follow up on the project.

Committeemen were enthusiastic about the possibility of a marine development, which facilities would be the nearest lake development.

Committee discussed the possibility of establishing Billboards at strategic distant points from Lufkin. It was explained that the present contracts for four Billboards would not expire for two more years, that the Chamber paid $100 per month for the four Billboards.

The committee discussed ways and means to continue publicizing of National Forests, Sam Rayburn Lake, Boykin Springs and Ratcliff Lake. Committeemen were provided with copies of the 1970 East Texas Vacation Guide, that the Lufkin community was advertized in a 4-color full page advertisement, 100,000 copies was being distributed.

MINUTES OF THE AGRICULTURE COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE, INC.
September 29, 1971

Present: W. E. Wood, Eugene Brookshire, Charles Arnold, O. L. Hubbard, Davis McKenzie, K. C. Platt, Leon Caver, John Henderson, Herman Bates, Hayne Daniel, Joe Belk, James Chamness, Emmette Smith, Floyd Yancy, Harold Strong Jesse Bradford, George Stephenson.

W. E. Wood, Chairman, Presided. Plans were formulated for the 1972 Angelina County Junior Livestock Show. February 21, 1972 was set as the date for the show.

The possibility of adding $5.00 to the premium awarded to "Choice" calves was discussed. It was suggested that since the Grand Champion steer and the Reserve Champion steer always sold at a good premium, that owners of the steers would benefit in a goodway monetarily, anyway that only Rosette Ribbon Awards be made and that the $25 Grand Champion premium and the $15 Reserve Champion be discontinued and that such money be used to apply on Choice and Good payments. It was stated that based on 76 calves grading Good and 22 Grading Choice, in the 1971 Show, that the 1972 premium list would be increased by $490.

Motion was made by Herman Bates, seconded by James Chamness, that the Committee approve payment of $25 for Choice Steers; $20 for Good Steers and $15 for Commercial or Standard Steers; and that only Rosette Awards be given for Grand Champion and Reserve Champion Steers. Motion carried.

The possibility of holding the show, possibly at the Rodeo, where a large crowd could be accomodated, and where a better show could be held, was discussed. Problems such as weather, in an open arena; securing buyers for the show; could crowds be attracted; could show be held one day--for the crowds and judging; and calves be sold at auction barn and other problems were discussed.

It was decided that a committee composed of Bobby McCurry, of Diboll; Joe Belk of Huntington; Hayne Daniel of Hudson and Herman Bates of Lufkin be named to a sub-committee to discuss the matter and if desirable, make some plans for recommendation to the Committee and the Chamber Board.

Chairman Wood stated that the annual Angelina County Hay Show would be held October 18 at 7:30 p.m. at the National Guard Armory.

The Committee voted unanimously to invite Hamp Walker of Houston and Dr. J. C. Green to Judge the Show.

MINUTES
AVIATION COMMITTEE MEETING
ANGELINA COUNTY CHAMBER OF COMMERCE
7 p. m.
LUFKIN, TEXAS
APRIL 19, 1971

PRESENT: Bill Lindsey, Claude Smithhart, William Busby, Harold Kaemmerling, Mrs. Bill Lindsey, Ray Modisette, J. B. Odom, Dr. Royce Read, Rozelle Smith, Mrs. John Winston, Doyle Grissom, Wayne Harding, and Herman Brown.

ABSENT: Dr. A. E. Broughton, Ray Fisher, Falcor Perry, Cooper Richards, Jeff Sewell, Bill Trout.

Chairman Bill Lindsey presided at the meeting. Jim Odom, 1970 Chairman made a short report on the committee's work in 1970. He stated that the welcome sign had been erected at the entrance, that a small entrance fence had been built; that planning had been made to landscape the area where the old terminal building had been located; but that to date not too much had been accomplished. He further reported that there was a need for picnic tables and seats at the area.

It was stated the rest room facilities were being planned for the FAA section of the terminal building, that runway marking lights had been reordered, shipment apparently awaiting the approval of Federal Aviation. It was also reported that the county was planning to rework and curbe the entrance roadway into the terminal building.

It was also suggested that the county be urged to establish some sort of pickup service on trash for dumping in an area dump grounds.

Possibilities of the planting of shrubs and plants along the entrance roadway were discussed. It was decided to wait until the road and curb had been rebuilt before pursuing the matter at length.

It was reported that the Nacogdoches Chamber of Commerce through its Aviation Committee was urging that a joint meeting between Lufkin and Nacogdoches, be held to pursue possibilities of working toward establishing a Regional Airport. It was agreed that local action to secure a Regional Airport between the two cities would have a number of problems, the chief of which would

Copied from an original at The History Center, Diboll, Texas www.TheHistoryCenterOnline.com 2018:001

be the fact that Angelina County had a great investment in the airport, and had good facilities. It was generally agreed that a joint airport, if in existence, would well make for better airlines service for Lufkin. It was stated also that securing such an airport would of necessity have to bring about the formation of an Airport District between the two counties, or the two cities involved. Herman Brown read a letter from the Federal Aviation Administration in which it was stated that the FAA was interested in Regional Airports and that there might be funds available for planning.

It was decided that about all that the committee could do was to contact the Nacogdoches group and agree to meet in a joint exploratory meeting, possibly to be held in Nacogdoches since Nacogdoches was extremely interested in promoting the matter.

J. B. Odom, also a member of the Angelina County Airport Board, reported that application for a flight school operation had been made by two pilots and that there was a possibility of such a school being established.

There was considerable discussion with regard to the upkeep and attention to the Angelina County Court House landscaping, shrubs and grass indication being that the County Judge was unsymphatetic with the needed program of proper care. It was pointed out that the Lufkin area Garden Clubs has spent much money as well as the county in making the County Court House an attractive public building and grounds.

Herman Brown stated that he would discuss the matter with some of the County Commissioners.

The committee will also request various garden clubs to make neighborhood contacts to urge floral tree and shrubs planting.

The winning FFA (not Green Hand) Team and 4-H Teams in the county will represent us at the State Woodland Clinic at the Experimental forest, Nacogdoches, Texas on April 15, 1971.

M. F. (Buddy) Wichman suggested that the following professional foresters work with FFA and 4-H Advisors in instructing students: Bill Fulmer, Temple Industries; Jim Hutchins, U. S. Forest Service; Ed Applequist, Texas Forest Service; Jim Hileman, Owens-Illinois Company; Ed Wilkins, Southland Paper Mills; Bill Gibson, U. S. Forest Service and Tom Crater, Texas Forest Service.

The Committee reiterated its former request that Angelina County be placed on the scheduled Texas Forest Trails for designation.

It was stated that a Bill had been introduced in the House of Representatives which proposes to eliminate the use of Mirex, a chemical in the control of forest insects. Committeemen were concerned since the seedling program would be greatly affected as the Mirex was used in specific and local applications to control cutting ants and forest insects which prey on young seedlings. It was decided to secure more information on the bill and then alert proper people involved.

The committee reiterated its 1970 position with respect to the establishment of the Big Thicket National Park in that the Committee supported the "35,000 acre--String of Pearls--concept."

The committee discussed the possible merits of investigating whether or not it might be possible for public school classes at some designated intervals to hold "out-door" classes in nearby forests and wooded areas so as to bring children closer to nature and the appreciation thereof. It was agreed that problems of scheduling such field-type classes would be monumental.

MINUTES
PUBLIC AFFAIRS COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE
Lufkin, Texas July 27, 1971

Present: Joe Beckham, W. Joe Anderson, John Duke, Marion Clay, Larry Ross, Robert L. Poland, Louis Renfrow, and Herman Brown

Absent: A. G. Cromwell, R. K. Arnett, M. D., Dr. B. E. Atkinson, Jr., Bob Bowman, Oscar Brookshire, Horace Cardwell, W. F. Collins, Gene Morris, Marion Croley, D. D. S., Peyton Denman, M. D., E. L. Gabler, Dr. C. C. Murray, Clyde Thompson, E. M. Tate, Gilbert Spring, Bill Trout, Ralph McClain, and Ed Wagoner.

Chairman Joe Beckham presided at the meeting. Welfare Reform Bill, H R 1, passed by the U S. Congress and forwarded to the Senate for consideration was thoroughly discussed. Committeemen made it plain that they recognized the need for welfare assistance. Committeemen voiced strong disapproval of Title IV of the proposed Welfare Reform Bill, known as the "guaranteed income" section. Committeemen were not in favor of a complete federal take over of welfare responsibility. The opinions expressed were to the effect that welfare as proposed in the bill would destroy the incentive of many people to work who otherwise might strive to be self-sufficient and productive citizens.

Motion was made by Robert Poland, seconded by W. Joe Anderson, that the Committee oppose the Title IV of the Welfare Reform Bill, H R 1, and further, that concern be expressed of continued expansion of Social Security. Motion carried.

Chairman Beckham reported that H R 1746 was proposed to give the Equal Employment Opportunity Commission power over employers of the nation to order them to "cease and desist" on a decision to be made by the Commission. The Committee took the position that such power should not be granted but that enforcement of violation of employment discrimination laws should be left to Federal Courts for enforcement.

Motion was made by John Duke, seconded by Larry Ross, that the committee favor H R 9247 as a substitute for H R 1746, such a bill being a court enforcement bill. Motion carried.

The committee discussed and was considerably concerned about the proposed creation of a Federal Consumer Protective Agency, H R 16, which agency under the terms of the bill would be authorized to alter the basic rules of the market place; obtain a wide variety of confidential business information by subpeona, by product testing, from other federal agency files, and in fact, have powers to assault business firms directly as well as indirectly, in many business related proceedings. Committeemen reasoned that consumer protection, highly desirable, should be handled by existing governmental agencies in Washington.

Motion was made by John Duke, seconded by W. Joe Anderson, that the committee oppose H R 16 and advocate existing agencies of government carry on necessary work in consumer protection. Motion carried.

Adjourn.

MEETING, PUBLICITY COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE, INC.,
AUGUST 10, 1971

PRESENT: Bob Marshall, Bill Carter, Darrell Yates, Leeland Petty and Herman Brown.

ABSENT: Bob Bowman, Miss Virginia Allen, Paul Durham, Sam Griffin, Joe Murray, Carl Rode, Jerry Steen, M. A. (Andy) Traylor, Hank Huggins, Robert E. Medford, Kenneth Barfield, and Lester Adkison.

Chairman Bob Marshall presided at the meeting.

The committee discussed the printing of 25,000 special four-color publicity folders. It was explained that the folders, if ordered and printed at the time of the printing of the 1972 issue of East Texas Vacation Guide, could be secured for $620.00. Copies of folders as printed by some other East Texas communities were shown.

It was stated that there were not sufficient funds budgeted for the folders. Herman Brown suggested that the Board of Directors be requested to approve the transfer of reserve funds to the operation account in order to make it possible for the committee to secure the funds.

It was agreed that such a request would be made of the board at the August 12th meeting.

Committeemen were also requested to be on the alert for opportunities for community publicity. Copies of newly published folders, City and Rayburn Lake maps were shown, completed in the spring.

ADJOURN.

MINUTES
TOURIST DEVELOPMENT COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE
MARCH 18, 1971

PRESENT: Leeland Petty, Lester Adkison, Travis Billingsley, John Doyal, Ray Polk, Ross Vick, Jr., and Herman Brown.

ABSENT: Keith Barnes, Buck Bradley, Jr., Oscar Brookshire, Mike Harrell, Woody Gann, Darwin McHaney, Andy Traylor, Burton Riley, Robbie Warren, Bill Windsor, and William Winston.

Leeland Petty presided at the meeting.

The committee discussed the city maps as published by the J & R Map Company of Van Buren, Arkansas. Herman Brown stated that the suppl on hand was about 2,000 maps. Committeemen were of the opinion that maps should be given a wider distribution. Ross Vick stated that First Bank and Trust was having 10,000 aerial photo-type of city map printed; that the color proofs would soon be ready for view; that the bank would cooperate with the Chamber on solving the map distribution problem.

Motion was made by Ross Vick seconded by John Doyal that the Chamber contact the J & R Map Company and make inquiry about the possible cost of securing 25,000 or 30,000 maps instead of the 15,000 as printed for the sponsors and distributed in the main by the Chamber of Commerce.

Herman Brown stated that the white-non-advertising map would also be printed by the Chamber, that firms could purchase some of those maps at the Chamber's cost.

Chairman Petty stated that the East Texas Chamber of Commerce Tourist Conference would be held in Nacogdoches on April 20-21. He urged committee members to attend.

Motion was made by John Doyal seconded by Travis Billingsley that the Board be requested to budget for a full-page ad in the 1972 East Texas Vacation Guide on a plan which would call for the Highway Merchants Association to share in the ad cost. Motion carried.

Street condition of Timberland Drive was discussed. It was stated that the street was extremely dirty in some sections. Motion was made by John Doyal that the City of Lufkin be commended on its street work program but also to request that the city give consideration to inaugurating a street curbing program on Timberland and further that the city be requested to sweep sections of the thoroughfare more often in view of the fact that a lot of dirt was collecting on the street. Motion carried.

The Committee also voted to join the Civic, the Forestry and the Highway Committees in renewing the request that the State of Texas to designate a Texas Forest Trail in Angelina County. Motion was made by Lester Adkison seconded by Ray Polk.

The Committee also suggested that governments of the City and County be urged to give more widespread publicity to dumping ground locations and in the case of the City of Lufkin give more publicity as to the hours when dumping is allowed.

Minutes, Aviation Committee
Angelina County Chamber of Commerce
March 24, 1972

Present: Claude Smithhart, Gary Kennedy, S. Harry Kerr, Tom Meredith, J. B. Odom, Ray Modisette, Herman Brown, and Bill Fenley.

Absent: James Love, Arnold E. Broughton, William Busby, Ray Fisher, Wayne Harding, Harold Kaemmerling, Bill Lindsey, Ralph McClain, Rozell Smith, and Joe Standley.

Claude Smithhart presided at the meeting. The proposed Lufkin-Nacogdoches or Regional Airport was discussed. Some doubt was expressed as to whether or not expenditure of several hundred thousands of dollars to create a joint, twin-city airport would increase air service. It was also pointed out that it took quite a long time for such an airport to come into existance.

The committee did decide that the possibilities of establishing such an airport should be studied and explored. The committeemen wanted make it plain that the committee did not, in any way, want to hinder the existing Angelina County Airport, but that future plans and needs should be considered.

The Committee discussed the matter of existing airline service and was considerably concerned over the fact that flights from Lufkin to Houston had been cancelled. Opinion was expressed that, since the airline company started using the Beach 99 aircraft, service had not been really adequate and dependable.

It was decided that the committee would contact officials of Texas International Airlines and request them to meet with the committee to discuss the airline service problem and what the future might hold. It was also decided that users of airline service be surveyed to learn, if possible, why the airline service was not being used to a greater degree; and to learn if such firms would likely use the airline if more dependable service could be inaugurated.

It was announced that S. Harry Kerr and Harold Kaemmerling had purchased Lufkin Air Academy and were offering air charter service, flight training and air taxi service.

Chairman Smithhart announced that the committee would be notified when a meeting could be set up with the airline officials.

Adjourn.

MINUTES
BUSINESS-INDUSTRY RELATIONS COMMITTEE
ANGELINA COUNTY CHAMBER OF COMMERCE
MARCH 23, 1972

PRESENT: Walter Atwell; B. A. Bradshaw; Joe Elliott; Alton Holt; Bayo Hopper; Tom Meredith; Bill Thornton; William Winston; Rodney Wood and Herman Brown.

ABSENT: Robert Richardson; R. S. Bradshaw; C. L. Brown; Joe C. Denman; Sidney Gholson; Ralph New; Norman Norris; John Parker; John D. Smith.

Walter Atwell, Chairman, presided. It was explained that the purpose of the committee was to create and maintain a good working relationshop and communications between business and industry; To advertise local industry; To serve as a watchman on the tower to oppose legislation which might have an adverse affect on industry; or to support legislation which might be needed to benefit industry.

The revision of the Lufkin and Angelina County Manufacturers and Processors Directory was discussed. The new directory is revised and published annually.

Promotion of activities designed to spotlight the value of local industry during Industry Week, April 2-8 were discussed. It was not deemed feasible to attempt to sponsor an Industrial products show for 1972 but considered worthy of consideration for 1973.

Motion was made by William Winston seconded by Joe Elliott, that the Committee sponsor Industry Week activities, secure an Industry Week Proclamation from the Mayors of the county and to publicize the week emphasis. Motion carried.

The possibility of creating and building a portable exhibit to publicize industries and products which could be displayed at many places was discussed. It was decided that the Chairman should name a sub-committee to investigate the possibilities and secure estimated costs and report to the committee. Chairman Atwell named Alton Holt, Chairman, Bayo Hopper and John D. Smith as members of the committee.

It was suggested that the committee consider working out a plan to display industrial products in show windows of vacant stores. John Parker, William Winston and Rodney Wood were named as a sub-committee to check into the suggestions and make exhibit arrangements, if at all possible.

Copied from an original at The History Center, Diboll, Texas www.TheHistoryCenterOnline.com 2018:001

Considerable discussion was had with respect to the possibility of annually sponsoring tours in industrial plants. It was explained that the agri-business tours in the Fall of the year were including some plant tours in the annual event. Possibility of coordinating Education Committee sponsored tours and Industrial Committee tours was also discussed. It was noted that the Business-Education Day (sponsored by the Education Committee) tour had been planned so that one year teachers visited business and industrial firms and that on the following year business people would tour the school systems of the county. It was noted that for 1972 business and professional people were to tour schools on April 18.

Other committee activities discussed but on which no specific action taken was the possibility of sponsoring an industrial breakfast or an industrial dinner, the idea suggested that business firm representatives would invite owners and managers and management personnel of industry to attend a dinner or breakfast at which tribute could be paid to industry for the gigantic economic that industry has on the economy of Lufkin and Angelina County.

BUSINESS - INDUSTRY RELATIONS COMMITTEE
SUGGESTIONS FOR CONSIDERATION
Walter Atwell, Chairman
Robert Richardson, Director Advisor

Revise and reprint manufacturers directory.

Develop a working relationship and understanding between the committee and the industrial and business firms.

Publicize the value of local industry.

Promote activities to recognize industries on Industry Week. Survey industries to ascertain if industries would like for Chamber to sponsor an industrial show during Industry Week (First Week in April) 1973. Possibilities: Civic Club Speakers, Printed Materials, Industry Management Personnel as guests.

Work with Public Affairs Committee and support or propose legislation which might affect industrial operation, growth, and expansion.

Consider building a traveling Industrial Exhibit for display at banks, savings & loan associations, and public buildings.

Urge that news media "tell the story" every time a plant is visited.

Arrange for attractive, locally manufactured products to be displayed in vacant store windows.

Consider the possibilities of sponsoring tours. This could be done in connection with B-E Day and Education Week. This may not be necessary as the Agri-Business tour each year includes some industries.

Lufkin, Texas March 2, 1972

Present: Dr. Henry McCullough, Dr. Langston Kerr, Joe Anderson, B. A. Bradshaw, John Duke, O. L. Hubbard, Wilbur Kent, D. D. McGaughey, Gene Morris, William Philmon, Dexter Satterwhite, Sam Slaydon, L. B. Smith, W. D. Wallace, David Walker and Herman Brown

Absent: Eugene Brookshire, Oscar Brookshire, Ward Burke, Freddie Courtney, Cliff Estes, Lee Friesen, Mrs. Bert Gann, Johnny Jackson, Dr. Roy Leamon, Dr. James Reese, Dr. Dan Spivey, Bill Trout.

Chairman Dr. Henry McCullough presided at the meeting. Report from the sub-committee recommending that a Business-Education Day be sponsored on April 18, 1972 was approved on motion by John Duke seconded by D. D. McGaughey. A motion that the Chairman be authorized to appoint a Business-Education Day sub-committee to work out details was approved on motion by D. D. McGaughey and seconded by L. B. Smith.

The committee also voted on a motion by Bill Philmon that recognition of students of the county who had received honors for scholastic attainments be continued. The possibility of presenting certificate awards was discussed. Practice in the past has been the writing of a personal letter to each student to be recognized.

Motion was made by John Duke, seconded by D. D. McGaughey, that the committee hold the annual Teachers Reception early in September. The motion carried. Dr. Langston Kerr offered the use of the high school cafeteria, saying that it would be doubled in size and air-conditioned by September.

Ways and means were discussed to organize a truly effective Business-Education Day. It was generally agreed that a tour system would accomplish good results in the Lufkin schools; that in the county schools, delegations should also be toured in each school so as to best show business people the good educational programs and facilities.

It was agreed that the committee would seek the aid of the Civic and Service Clubs in an effort to secure 200 people, if at all possible, to make the visits to Lufkin, Diboll, Hudson, Central, Huntington and Zavalla schools.

It was also decided that all citizens be invited to join the business and professional men on the tour.

Upon motion made by W. Joe Anderson, and seconded by Judge David Walker, the committee voted to adopt a Resoluation in which citizens of the County be urged to participate and vote in school board elections. Herman Brown was requested to draft the resolution.

The possibility of recognizing business firms which make contributions to education was discussed. No specific plan was adopted.

Chairman Lloyd Moore presided at the meeting.

The Committee discussed and recommended the following program:

Oppose the proposed HR 6962 which would place Federal Highway construction under the Department of Community Affairs. Support no divisions of Highway Tax Funds.

Reiterate the need for establishing a Stop sign on Ellis Street on west side of Railroad tracks. City may be waiting for a traffic study.

Request that planning be made to improve Paul Avenue from Timberland to North Third Street.

Point up need for extension of Wilson Street to Kurth Drive.

North Chestnut Street becomes important as new civic center is planned. Chestnut should be improved from East Lufkin Avenue to Paul Street, to Howe Street and to Laurel and Atkinson Street

The need for better traffic control at North First and Laurel Street will be more evident when the civic center is built on North First Street.

Recommend that the speed should be reduced from 45 miles per hour to 35 miles per hour on Timberland Drive from East Denman to Loop 287 at the Mall.

Contact City Master Plan Engineers regarding the feasibility of planning a cross-town thoroughfare from Southwood Drive to South Timberland Drive. A suggested route might extend from Southwood via Lazy Lane, Tom Temple and Janeway to Timberland.

Absent: H. J. Shands, Jr., Joe W. Elliott, George H. Henderson, Jr.

Chairman R. H. Duncan presided at the meeting. He related that he had been in contact with a prospective apparel manufacturer. He related that because of the peculiar nature of his contact it was best not to divulge the name of the firm, until it appeared that the owner would be interested in locating in Lufkin.

It was stated that the firm wanted to lease an existing building to test out the true possibilities. The former food store building located on South First, under lease by Brookshire Brothers, was a building to be suggested. Oscar Brookshire advised that Brookshire Brothers would cooperate in making the building available for lease.

Mr. Duncan reported that officials of the company would probably come to Lufkin on December 4 to look at the building. It was considered that the best procedure would be not to involve the committee until after the first contact with Mr. Duncan, who would show the building.

It was stated that eventually the firm would require 400 women to be employed as garment workers, that if the firm would select Lufkin, providing labor was sufficiently available, that a survey would be conducted.

PUBLIC AFFAIRS COMMITTEE MEETING
ANGELINA COUNTY CHAMBER OF COMMERCE
WEDNESDAY MAY 27, 1972
11 a. m.

PRESENT: Bob Bowman; Henry Rogers; W. Joe Anderson; Horace Cardwell; John Duke; Louis Renfrow; Larry Ross; Ed Wagoner and Herman Brown.

ABSENT: R. K. Arnett, M. D.; W. W. Beaver; Joe Beckham; Oscar Brookshire; Marion Croley; A. G. Cromwell; Ralph McClain; Robert Poland and Clyde Thompson.

Bob Bowman, Chairman, presided at the meeting.

Herman Brown outlined work of the committee for the past year, setting for the actions taken by the committee on legislative issues. It was reported that the committee had opposed the Guaranteed Income Provision of the Welfare Reform Bill; had supported HR9247 which would require the courts to decide on cases involving the Equal Opportunity Law; urged fair and reasonable air pollution regulations at a hearing in Dallas; supported the Occupational Law but opposed setting up a "governing commission" but rather supported that complaints for non compliance be heard in the courts.

The committee reiterated the need for the establishment of a Branch of the Federal Court for the Eastern District of Texas. Committeemen reasoned that with the growth and expansion of the Lufkin-Nacogdoches area and of other towns in the Central East Texas area that such a court was needed. The motion was made by John Duke and seconded by Louis Renfrow.

The committee, by unanimous consent, voted to continue to support the "35,000 acre String of Pearls" concept for the proposed Big Thicket National Monument.

Motion was made by Horace Cardwell seconded by Larry Ross that the committee oppose the establishing at the present time a $2.00 minimum wage. The committee took the position that raising the minimum wage was not in keeping with the present price and wage freeze law; that student labor employment would be greatly reduced at a time when such student labor was needed; and that a 25% increase could not allow the economic stabilization program to work. Motion carried.

The committee viewed a 20-minute Public Affairs slide presentation entitled "It's Up to You in 72" dealing with and urging citizens to be active in political affairs during the elections.

The committee decided to offer the slides-sound program, prepared by the U. S. Chamber of Commerce, to Clubs and Organizations. Adjourned.

MINUTES, JOINT MEETING
PUBLICITY, TOURIST AND HIGHWAY MERCHANTS COMMITTEE
May 4, 1972

Present: Mrs. E. P. Stringer, R. A. Hunter, B.M.E. Smith, John Winston, Gene Brookshire, Bob Marshall, Virginia Allen, Ken Barfield, Bill Carter, Ray Polk, Travis Billingsley, Lester Adkison, Roy C. Nash, Robbie Warren and Herman Brown.

Herman Brown presided at the general session.

Bob Marshall explained the publicity folders, vacation guide advertisements and other brochures. In the discussions, the costs of maps, brochures, ads and chamber literature was outlined.

Ray Polk briefly outlined the Chamber's participation in the East Texas Chamber sponsored program; discussed vacation show participation and stated that the Tourist Conference would be held in Kilgore on May 16-17. He related that he had attended a Tourist Committee Meeting held in Tyler earlier in the year.

Lester Adkison, of the Highway Merchants Committee, discussed highway entrance clean-up emphasis; how traffic signals had been regulated; that the highway merchants had paid off-duty police for helping on Timberland Drive traffic at conjected times; and that the Highway Department and the City of Lufkin had cooperated in the matter of marking U. S. Highway 59 and the East Side Loop; that the Highway Merchants Group had paid $500 on the East Texas Vacation Guide, taken by the Chamber.

Mr. Adkison related that highway merchants doing business with visitors were generating $2,974.00 sales tax monthly. It was suggested that the three committees recommend to the Board that the City of Lufkin be requested to budget $5,000 for 1973 for advertising the Lufkin area. It was further stated that a new law adopted by the Legislature allowed cities to spend as much as 1% of the sales tax for advertising purposes.

It was pointed out that tourists spent, on the average, of 5.7 days in Texas, but spent 16 days on the average in Florida. Committeemen were of the opinion that Lufkin and Angelina County should bid for more visitor business and for longer stays.

Motion was made by Gene Brookshire, seconded by Robbie Warren, that the three committees, in joint action, recommend that the Chamber Board of Directors approve that the City of Lufkin be requested to budget $5,000 for advertising purposes in 1973. Motion carried.

Announcements were made about the Southern Hushpuppy Olympics scheduled to be held May 27.

MINUTES,
MEETING DOWNTOWN RETAILERS GROUP
NOVEMBER 30, 1972

PRESENT: Fred Daiches; Taft Barringer; Herman Chalker; Emmitt Travis; Harry Castleberry; Ruth Durham; Ken Wealand; Don Thacker; Joe Stanley; T. J. Hilliard; Perry Allgood and Herman Brown.

Herman Brown presided in the absence of John Waak, General Retailers Chairman. Perry Allgood, Chamber President-elect, also attended the meeting.

The group present discussed Shopping Season store hours.

Motion was made by Fred Daiches, seconded by Ken Wealand that downtown area stores observe 9 a.m. to 8:30 p.m. store hours starting December 11 and continuing through December 22; and further, that regular store hours be observed on Saturday, December 23rd. Motion Carried.

A roundtable discussion was held on verious aspects of the Christmas Parade. It was generally agreed that the parade was a gigantic event the best event of the year to draw crowds. Herman Brown stated that some modifications of the 1973 parade might be made.

General improvement of downtown was discussed but not action taken. It was also indicated that a strong effort should be made to promote downtown business, to be done by the downtown merchants, as the Chamber by its nature was obligated to work for and develop all facts of the community and county.

Adjourn.

Minutes, Retailers Committee Meeting
Angelina County Chamber of Commerce
August 22, 1972

PRESENT: John Waak, Fred Daiches, Dixon Abney, Taft Barringer, Gene Brookshire, Harry Castleberry, Ruth Messer, Jimmy Clark, Jerry McGuyer, Don Thacker, Frank Gilley, Ken Wealand, L. J. Conner, Billy Dawson, Mrs. Jeanette Fisher, Wilbur Lee, Emmette Travis, N. C. Stephens, Joe Tatum, Joe Hornsey, C. W. Fenley, Jr., L. L. Earle, Bill Royle, Scotty Looney and Herman Brown.

John Waak, Chairman, presided at the meeting. Discussion of holidays to be observed as "Closing Holidays" was held. It was noted that not all shopping centers and groups would observe the same holidays as generally observed by the downtown stores and other retailers not in the shopping centers. It was generally agreed that all groups would observe about three holidays.

Motion was made by L. J. Conner, seconded by Emmette Travis, that the Retailers Committee set for observance the following holidays in 1973: Monday, January 1, New Year's Day; Wednesday, July 4, Independence Day; Monday, September 3, Labor Day; Thursday, November 22, Thanksgiving Day; and Tuesday, December 25, Christmas Day. The motion was carried.

It was decided that the Christmas Opening and annual Santa Clause Parade should be held on Tuesday, November 28, at 4 p. m.

The matter of hot checks received by business firms was discussed at length. It was suggested that the committee request the Angelina County Commissioners Court to consider the employment of another deputy sheriff to aid in serving of warrants. There were pros and cons about county officials' responsibility in connection with the prosecution of habitual hot check givers.

Motion was made by Fred Daiches, seconded by Harry Castleberry, that the Chairman name a committee to meet with the County Commissioners about the problem and the matter. Motion carried. Committeemen named were: John Waak, Joe Hornsey, Jim Clark, Joe Tatum, L. J. Conner, Wilbur Lee, Eugene Brookshire, and N. C. Stephens.

It was further decided that a committee composed of President Bill Fenley, John Waak, Joe Hornsey and Eugene Brookshire should invite Judges Anderson and O'Quinn, Sheriff McBride, County Attorney John Henry Tatum, and the Lufkin Justice of Peace to lunch and discuss the problem with the officials and then report to the larger committee before making any appearance at the Commissioner's meeting.

The matter of shoplifting was also discussed. It was suggested that the same sub-committee confer with city officials about the possibility of the assignment of a plain clothes officer to circulate throughout the stores.

ADJOURN.

HERMAN BROWN, EXEC. VICE PRES.
