It took a lot of work
But we had a lot of fun.
Mr. Douglas thought we wouldn't
But we finally got it done.
We hope you like it.

Mr. Fred Douglas — A Dedicated Man

We the Annual Staff of 1974 proudly dedicate the 1974 Lumberjack to our advisor and friend, Mr. Fred Douglas. He is better known as Brother Fred to the students of DHS. Brother Fred possesses many outstanding character traits which many do not have. He is a preacher when you have an emotional problem, a teacher when you need knowledge, an advisor when you need guidance and a friend when you need him. All of these characteristics are what make Brother Fred the outstanding person he is. Possibly the Seniors are the closest people to Brother Fred and he's been there every time they have needed him. The Seniors appreciate him more than anyone and want him to know how much he means to them. The Annual Staff, along with all the Seniors want to say Thank-you and We Love You!

WITH THESE PICTURES WE HOPE TO DEPICT THE PROGRESS MADE UNDER THE LEADERSHIP OF SUPT. DAVID FOSTER DURING THE SIX YEARS HE SERVED AS HEAD OF THE DIBOLL SCHOOLS.

Along with many progressive innovations incorporated into the overall program the following physical features have been added: new junior school classrooms, high school agriculture building, building trades classroom and shop, high school library, and an administration building.

The Lumberjack Staff takes this means of expressing for the faculty, students, and community, our appreciation for Mr. Foster and his family and we wish them a bright and happy future as they leave us for another field of service.

ACADEMICS

Dear Lumberjacks:

May the contents of this book be used to refresh your memory of friends, teachers, activities and achievements of the 1973-1974 school year. It has been a grand year; we have shared a touch of fame in our success and awards. In my opinion the most noble achievement of total school effort, is the accreditation of the Diboll High School by the Southern Association of Schools and Colleges.

The days of this year are past, the pages of this book reflect past events and achievements. But the potential of our lives is in tomorrow. For life is made up of the dreams that inspire us, the faith that sustains us, and the hopes that lead us on. Life cannot be measured by its years but by its spirit, not by quantity, but by quality.

Sincerely,

David G. Foster, Superintendent

An 8-2 record is good for any high school football team, even when the two losses come from teams you were supposed to stomp.

The Jacks opened the season with a victory over the Timpson Tigers 7-6. Next, Livingston was defeated 13-9 by the Jacks, despite several illnesses that changed the line-up.

After a week with no game, the Jacks took on the Groveton Indians. The Jacks made their season record 3-0 with a 35-0 win. On October 5 the Mighty Jacks opened their district play with a game against San Augustine. The Jacks put it all together for a convincing 25-13 victory.

Diboll went into the next game tied with Woodville and Newton for first place in district. Woodville defeated the Lumberjacks 14-6. The upcoming foe was the Corrigan Bulldogs. The Jacks soundly defeated them 25-7. The Jacks then defeated the Kirbyville squad 39-0. The Jacks next ground out the Hemphill Hornets 26-0.

Diboll went into their next game with a lot of determination but it seemed smothered out by thoughts of a possible "showdown" the next week with defending champs, Newton. Buna put it on the Jacks 12-7.

The Jacks pride was back the next game. They defeated the Newton Eagles 32-27, handing them their only loss of the season.

The "B" Team did a fine job of representing our school this year. Besides breaking a two year losing streak, the team showed the community of Diboll that they can look forward to even better football seasons in the future. We salute our "B" Team for their determination, their courage, and their ability to overcome.

Our Company Helps Grow Trees Forever For Man and Wildlife

As a member of the Southern Forest Products Association, we're sponsoring a "Trees Forever" program. The objective is to double timber growth in our region, to satisfy a broad range of environmental and economic needs in the years ahead.

Our program is designed to assure the availability of quality Southern Pine lumber in sufficient quantity and at reasonable cost to meet the growing housing demand.

The program will also improve the suitability of our forests for outdoor recreation, and conserve and protect wildlife.

With SFPA, we hope to accomplish these goals by helping private owners of forestland initiate forest management and reforestation programs. Every private landowner owes it to himself to find out about the economic and environmental benefits of forestry programs.
