WOMEN'S LUNCHEON
April 22, 1976
Angelina Hotel

Betty Hobbs, Chairman presided.

Billie Slaydon gave the invocation.

Betty Hobbs explained that the Women's Committee should be a group of ladies interested in seeing Lufkin become a pace setter for this area. Also it was a committee to make women more aware of the Chamber of Commerce and its activities and to encourage women to serve on the various committees of the Chamber.

She stated that today's meeting was to get some ideas of what the ladies would like to do and become involved in.

Betty gave a brief history of the committee which was formed in 1975 with Bert Gann as chairman. One of the committee's functions last year was the "Woman of the Year" Award.

Some suggestions for this year were:
- Women to serve on Goodwill Committee
- Have a luncheon Committee
- Have a Membership Committee
- Have a coffee for new Chamber Members
- Ladies to serve coffee at Career Day
- Have a "Friendship Week"
- Make calls for "First Friday"

Mrs. Bronaugh suggested some way of making members aware of what the Chamber is doing.

Another luncheon was planned for the Third Thursday of May.

Adjourn.

Those attending the luncheon were: Virginia Allen Cindy Arnold, Sue Bresie, Janie Chappell, Linda Cowart, Polly Davis, Verna Deal, Jeannette Fischer, Bert Gann, Jean Harper, Betty Hobbs, Kay Holleman, Georgia Hunt, Meredith Jackson, Dorothy Jumper, Maxine Lindstrom, Mary Ann Langford, Pat Massingill, Margie Mathis, Charlene McClary, Nancy Mewbourne, Maria Mire, Mary Etta Moreau, Stella Naranjo, JoAnn Nerren, Darlene Pittman, Sara Rich, Maurine Short, Billie Slaydon, Inez Thompson, Debbie Wilkins, Charda Bronaugh.

Present: K.C. Platt, Warren Cooper, Jesse Bradford, Alex Alexander, Carl Eidson, James Chamness, Carrel Knight, Billy Davis, W.D. Baker, George Stephenson, Bob McCurry, Hayne Daniel, Herman Bate, M.S. Rogers, Tom McGregor, Howard Victery, Charles Arnold, Johnny Jackson, Floyd Yancy

Charles Arnold reported that the ribbons had been ordered.

Mr. McGregor said that the cages would be provided for the showing but not for displaying the rabbits.

It was stated that about 18 buyers were already committed for the steer sale and that there probably would not be any problem of getting 50 buyers.

There is to be no resale. Those who wish to resale can do so to the packers.

For the pigs, the top 10 will be sold. Each student can have only one pig. No sheep nor rabbits will be sold.

Two machine products will display their farm machinery at the show.

## AGRI-BUSINESS COMMITTEE MEETING
January 27, 1976 - 4:00 p.m.
Chamber Office

**Present:** Warren Cooper, O.L. Hubbard, Jesse Bradford, James Chamness, Carl Bidson, Bob McCurry, Alex Alexander, Carrel Knight, Billy Davis, Tom McGregor, Howard Victory, Charles Arnold, George Stephenson, Hayne Daniel, M.S. Rogers, Mike Mathis, Johnny Jackson, Jerry Huffman

Johnny Jackson called the meeting to order.

It was discussed and decided that the weighing for the Jr. Livestock Show would begin at 8 a.m. and judging would begin at 11 a.m.

Johnny Jackson said they should try to get the feed dealers out to the show since they had gained so much off the feed being bought from them.

The advisors were told to get their breeding entries in by Friday if they weren't already in.

Johnny Jackson told the committee that the Chamber would send out letters to secure sponsors.

For the prize money for the breeding show, motion was made and seconded that the prizes be the same as they were in 1975. Motion carried.

Improvements were discussed as follows: Better organization after the sale so the owners know what to do with the calves. It was agreed that the packers be contacted and separate pens labeled for each packer. When the steers are sold, the buyer will be asked at that time what to do with his calf. Taking pictures - Take the pictures of the owners and calf earlier in the day. Then just tell who the buyer was rather than trying to get their picture. Get the buyers pictures only with the Champion and Reserve Champion.

It was agreed to forget about asking the FHA and 4-H Girls to exhibit this year.

Jesse Bradford had agreed to take care of the rabbit division. He said the classifications would be: Bucks under 6 months; Bucks over 6 months; Does under 6 months; Does over 6 months. He reported that the East Texas Rabbit Breeders Association was to furnish trophies for the Champion and Reserve Champion. Also, they would furnish tables and some coops, but there might not be enough. The rabbits are to be judged at 10 a.m. The advisors were told to send a list of their rabbit entries to the Chamber so that ribbons can be ordered. No rabbits will be sold.

It was agreed that area farm and ranch oriented businesses be asked to display equipment. Mike Mathis was to get in touch with them and see if they were interested in doing this.

March 30, 1976 - 11:00 a.m.
Civic Center

Present: Thomas Moore, Larry Byrd, William Elmore, Polly Davis, Jerry Hill, Bob Hobbs, Alton Holt, Jimmy Hunter, Rev. Charles McIlveene, Bob Morgan, Phillip Morris, Leeland Petty, Dr. Doug Prewitt, Don Reily, Travis Riley, L.B. Smith, Horace Stubblefield, Brian Thompson, Captain Jim Waller, Richard Youngblood, Bayo Hopper, Bubba Medford, Tom Gann, David Anderson

In the absence of Thomas Moore, Leeland Petty called the meeting to order.

David Anderson of the Lufkin Visitor and Convention Bureau spoke to members concerning our participation in vacation shows. He stated that he considered the shows in St. Louis, Dallas and Houston worth the time and money invested in them.

Anderson passed out a list of tentative bookings for the Civic Center and spoke optimistically of the use of the building.

A proposal was brought up by David Anderson that civic and service organizations with fifty members or more be allowed to use the Civic Center once free of charge. After a discussion of such a proposal, consensus was that this was not a good idea.

Concerning goals for '76, Anderson proposed publishing brochures on restaurants, hotels and motels and the Civic Center.

Discussion was then opened for suggestions from committee members on how to stimulate more use of the Civic Center. Larry Byrd suggested some type of an ad campaign to publicize our facility. Further discussion will follow at a later date.

Other discussion centered on the publication of a monthly convention newsletter consisting of listings of all events and meetings in the Lufkin Area.

There being no further business, the meeting was adjourned.

# FORESTRY COMMITTEE
## February 26, 1976 - 2:00 p.m.
## Chamber Office

Present: Jim Hutchins, Howard Victery, Rex Spencer, Buddy Wichman, H.W. Porter, Jerry Huffman

Buddy Wichman, Chairman, called the meeting to order.

Woodlands Clinic: Discussion followed on the 1976 Woodlands Clinic. Howard Victery would serve as general chairman. He commented since the State Clinic was set for April 27, we should have ours on Tuesday, April 20. Everyone agreed. This would give foresters most of March and first part of April to train the teams. Decision was made also to have the competition at Southland's Woodland Trail on 103 again as last year. Jerry Huffman was asked to check with Southland for their approval. Victery suggested a meeting with foresters, ag teachers and members of this committee at the site prior to training to iron out any miscommunication. He would check with Bobby Young about a date for this and relay information to Huffman who would set up meeting. Plaques for clinic would be awarded as follows:

1) Green Hand Team
2) High Individual
3) High 4-H Club
4) Chapter Farmer

Entry fee of winning team would be paid to state.

Huffman was asked to call last year's list of foresters to see if they again would serve to train the teams.

## EDUCATION COMMITTEE
March 18, 1976 - 4:00 p.m.
Chamber Office

Present: Harry Castleberry, John Duke, E.C. Johnson, Ed Casburn, David Anderson (Ames), John Wood, DVM, Bill Philmon, Phillip Leach, L.B. Smith, Thomas Rainey, Sam Slaydon, Emmett Smith, O.L. Hubbard, James Croley, Duncan Garner, Dr. Doug Prewitt, Jerry Huffman

Dr. Prewitt called the meeting to order. He made a brief report on the Career Information Day which is scheduled tentatively for May 6 in the day for students and open to the public in the evening. There is to be a film on the free enterprise system along with the booths.

Dr. Casburn reported on his findings on the Junior Achievement Award Program. The Lufkin Rotary Club had attempted to get this program started a couple of years ago, but had never succeeded, with money being their problem. This is a national program with guidelines. There needs to be approximately 20 students to set up a corporation. They must produce a product. An industry or business must sponsor this venture. This corporation is dissolved at the end of the year/ It is a miniature business operation. John Duke made the motion that a sub-committee be appointed to look into this program. David Anderson seconded the motion/ The sub-committee was appointed: Dr. Casburn, Chairman, E.G. Pittman, Bob Bowman, John Duke, David Anderson and Phillip Leach.

Dr. John Wood briefly went over last year's STAR Program. Motion was made by Duncan Garner that this program be continued. The motion was seconded by John Duke. It was decided that these awards should be made in May. The sub-committee appointed for this STAR Program was John Wood, Chairman, Bert Gann, Louis Bronaugh, Sam Slaydon, and Gene Brookshire.

A sub-committee was named to view films to purchase for teaching the Free Enterprise System. They are: Duncan Garner, James Croley, Bob Bowman and Alan Miller. Also, it was pointed out that Temple Industries has an excellent film on tree farming.

Harry Castleberry presented a suggestion for a program where area employees and employers be educated on the free enterprise system. This committee would make speakers available to the surrounding area. It was suggested that the employees and employers be surveyed to see if there was an interest. John Duke made a motion that this be explored further by a sub committee. Harry Castleberry seconded the motion. The sub-committee is: David Anderson, Chairman, E.C. Johnson, Harry Castleberry, L.B. Smith, O.L. Hubbard and Perry Allgood.

In discussion about the Teachers Reception, it was decided that something must be done. A dinner meeting was suggested. Sam Slaydon and Jerry Huffman are to work on improving it.

Adjourn.

Smith, Emmett Smith, Dr. John Wood, Richard Pulaski, James Croley, David Anderson, Phillip Leach, Ed Casburn, Joe Byrd, Perry Allgood, Harry Castleberry, E.C. Johnson, Dick McKay, Thomas Rainey, Duncan Garner, Jerry Huffman

Dr. Doug Prewitt, Chairman, opened the meeting.

Discussion followed on goals for committee for 1976.

CAREER INFORMATION DAY: This year Career Information Day would be held May 6 at the Lufkin Civic Center in conjunction with the Business/Industry Committee. Doors would open from 9:00 a.m. - 3:00 p.m. for students, 6:00 - 9:00 p.m. for general public. A film promoting free enterprise would be shown to students as they entered building and then tour booths and exhibits. Jerry Collins would assist in getting area business and industry to participate. Sub-committee for this would meet soon to finalize plans.

JUNIOR ACHIEVEMENT: Dr. Ed Casburn brought up the need for such a program in our county. Rotary Club had pursued such a project but felt the Chamber should be the guiding organization. A sub-committee was appointed to look into this possibility. Dr. Casburn was named chairman, members to include: Rod Pittman, Bob Bowman, John Duke, David Anderson, Phillip Leach.

STAR AWARD: Dr. John Wood discussed the 75 STAR Program, Student Teacher Achievement Recognition and recommended continuance of it for 76. Motion made by Duncan Garner, seconded by Harry Castleberry. Motion carried. Dr. Wood was again named chairman. Project to be completed in May at First Friday

FREE ENTERPRISE: Discussion followed on need to set up some type of education for schools, employers and employees on teaching free enterprise. Chamber Manager Jerry Huffman reviewed the films and slides available from US C of C on this. Decision made to rent films and slides, set up an afternoon for viewing and decide which ones we might purchase for beginning a film library on free enterprise. Sub committee to do this were named: Duncan Garner, chairman, James Croley, Bob Bowman, Alan Miller, Tom Rainey.

FREE ENTERPRISE FORUM: Harry Castleberry discussed the areas of need for more emphasis on free enterprise education, citing a study which showed the ignorance of the American public students and business as to what it was all about. He felt a need was apparent to offer our services as the Education Committee to not only our area but surrounding counties and cities. Consensus was this was an excellent idea.

TEACHERS RECEPTION: Dr. Prewitt asked committee to think about ways to update our new teachers reception which would be scheduled in the fall.

Meeting adjourned.

# MINUTES
# LEGISLATIVE COMMITTEE
September 29, 1976 - 3:00 p.m.
Conference Room - LNB

Present: Clyde Thompson, Ed Wagoner, Mickey Thompson, Harry Castleberry, Bill Royle, Jerry Benson, John Kay, Herman Brown

Chairman Ed Wagoner called the meeting to order and welcomed Mickey Thompson, Legislative/ Politcal Manager, Southwestern Division, Chamber of Commerce of the United States.

Mickey Thompson told the committee that he was here to find out as much as possible about our Congressman and how he would be apt to vote on some issues.

Mr. Wagoner told Mickey Thompson that Clyde Thompson was probably the one present who was closest to Congressman Wilson.

Congressman Wilson has helped on the Management Forestry Act (Monongahelia). He had agreed to vote for it and get other Texans to vote for it.

On the Humphrey-Hawkins Bill (a jobs bill that will guarantee a job), the committee agreed that Congressman Wilson will probably vote for this. This bill would drastically change the economy. It will depend a lot on the presidential election and who is elected.

Harry Castleberry pointed out that Wilson's voting record and his outspoken manner do not run parallel. It was also brought out that he is more conservative now than when he was in Austin. Harry Castleberry said if Wilson would get rid of his socialistic trends, he would be a good statesman.

It was agreed also that Congressman Wilson would probably vote for the repeal of Section 14B of the Taft-Hartley Act since he pro labor.

Some possible candidates for the Senate were discussed.

Mickey Thompson asked if the right business people talked to Congressman Wilson about getting his vote on the Humphrey-Hawkins Bill if it would do any good. Clyde Thompson said it was doubtful, but he would see what he could do.

Herman Brown said the reason business people can not get what they need is legislation because they depend on their trade associations to do their lobbying.

Mickey Thompson asked if Charles Wilson decides to run for Senate who would they like to replace him with and who would be most likely to replace him? No one really knows. Some possibles were discussed. We need someone as vigorous as Charles and less socialistic. Some of the possibilities were: State Senator Don Adams, Rep. Buddy Temple, Jerry Johnson from Nacogdoches. It was stated that Buddy Temple and Jerry Johnson were not that well known. Don Adams is neither pro business or pro labor. At present, he is the strongest man in this district.

Ed Wagoner asked if there was any merit in the Chamber getting a car pool for the coming election. This was to be discussed later.

It was pointed out that Senator Bentsen seemed more conservative he had run for President, but no one could really know how he stands.

Chairman Wagoner thanked Mickey Thompson for coming to visit with the committee.

Before adjournment, Mickey Thompson asked the committee how they felt about having a meeting of the Legislative Committees of the Chambers in this Congressional District to discuss issues? This meeting would be held after the first of 1977. The committee is to give this further consideration.

Adjourn.

WASHINGTON UPDATE: The United States Chamber of Commerce was offering a new program entitled Washington Update. The program, a video cassette, would offer pertinent information from the Washington political scene in reference to legislation that would affect the business community. Cost would be $25 for five day rental of the video cassette. The program would be offered quarterly. On motion by Jerry Benson and second by Herman Brown, it was approved to ask the Chamber Board for approval to try this program with one issue. Consensus was that it could be utilized at local civic and service organization meetings and in the school districts.

LETTER WRITER GUIDE: Consensus was to order enough copies of this brochure from the National Chamber to send to each member of the Chamber.

MEET YOUR CONGRESSMAN: Consensus was to recommend to First Friday Chairman Bob Bowman that we invite each of our elected legislators in Austin and Washington to appear before the Chamber membership at a First Friday program.

WILDERNESS AREA: Ed Wagoner reported that Congressman Charles Wilson would be in Lufkin April 15 for a hearing on the proposed wilderness area and hoped that the Chamber would make a statement at that hearing. Jerry Benson made the motion that a recommendation be made to the Chamber Board opposing the creation of the wilderness area and that a representative from the Chamber attend the hearing and so state the Chamber's position. Motion was seconded by Harry Castleberry. Motion carried.

There being no further business, the meeting was adjourned.

LEGISLATIVE COMMITTEE
March 1, 1977 - 4:00 p.m.
Chamber Office

Present: John Ross Kay, Ed Wagoner, Herman Brown, Tom Nowaski, Vernon Berry, Maurine Short, Harry Castleberry, Jerry Benson, Bill Royle, Bill Perkins, Jim Cornelius, Henry Holubec, Jerry Huffman

John Ross Kay, Chairman, called the meeting to order.

RESOLUTIONS NEEDED: The first item discussed by the committee was the need for discussion in reference to three resolutions to be passed by the committee. 1) House Bill 3 now in the Texas Senate, a highway funding bill, was discussed. Consensus was that this bill was important to the future of the highway system within the State and that we should recommend to the Chamber Board the support of this bill. Jim Cornelius made the motion to recommend such to the Chamber Board for resolution and that our state legislators be so notified. Jerry Benson seconded, motion carried. 2) The Right to Work Law was discussed. Mention was made that this would again be brought before Congress and passage of such would be detrimental to the free enterprise system. On motion by Ed Wagoner and second by Harry Castleberry , a motion was passed recommending that the Chamber Board pass a resolution in opposition to the repeal of the Right to Work Law. 3) Common Situs Picketing was also discussed and mention was made that this also would be brought to the attention of the Congress during this session and that already President Carter had expressed support. On motion by Harry Castleberry and second by Tom Nowaski, a motion was passed recommending to the Chamber Board that a resolution be passed in opposition to the common situs picketing bill.

GOALS FOR 1977: Discussion then continued on possible goals for the committee during 1977.

OPINION SURVEY: Chairman Kay passed around to the committee members a proposed opinion survey which could be mailed to all Chamber members soliciting their opinion on a number of legislative items. The purpose being to find out from the membership what legislative items were important to them and how they felt about them. After discussion Kay said he would have a proposed opinion survey form prepared for the next meeting to be approved by the committee.

TEXAS UPDATE: A new column was to be started in the Lufkin News which would report upcoming legislation in Austin which would affect the business community. Chairman Kay said the newspaper had agreed to do this and would give a byline to the Chamber Legislative Committee.

NEWSLETTER COLUMN: Congressman Charles Wilson, State Senator Don Adams and State Representative Buddy Temple had been contacted about preparing a column for the Chamber of Commerce newsletter concerning activities in Austin and Washington which would be of particular interest to Angelina County businessmen. Chairman Kay noted that this month's newsletter had a column from State Representative Buddy Temple.

LEGISLATIVE BREAKFAST: A legislative breakfast would be hosted in Austin by the Chamber of Commerce in conjunction with the East Texas Chamber for the East Texas delegation. The breakfast was set for March 16, a Wednesday. Plans were announced to get a good delegation to attend by chartering a bus and leaving the afternoon before to attend the meeting. Jerry Benson volunteered to chair this project.

## July 15, 1977 - 11:00 a.m.
## Chamber Office

Present: L.J. Conner, C.R. Carney, Hayne Stokes, Jim Roby, Bob Almand, Emmitt Travis, Jack Gorden, John Parker, Elliott Cavanaugh, Pascal Broach, Mike Allbritton, Fred Daiches, Bob Waltman, Chuck Stemple, Arthur Brooks, Harry Castleberry, Mrs. Robert Taylor, Steve Crow, Bo Freeman, and Mayor Pitser Garrison

Mayor Pitser Garrison, Chairman of the Downtown Re-Development Committee, opened the meeting for discussion. He commented that the purpose of this meeting was to gather ideas from the group of downtown merchants about possibilities of improving downtown. He said this meeting was merely an idea session and that ideas discussed would be followed through at a later date to pursue their possibility and feasibility. After this meeting, he said another meeting would be called of all downtown property owners to garner their ideas and support. Through these sessions it was hoped to generate a combined effort for downtown improvement.

THE FOLLOWING IS A COMPILATION OF IDEAS DISCUSSED:

1. Traffic congestion is a problem. Consider the feasibility of narrowing the sidewalks and widening the streets to move traffic better. Consider the possibility of right and left turn lanes, one way streets, a foot policeman in peak traffic times.

2. Consider the feasibility of doing away with parallel parking. It has been proven that this type of parking cuts down traffic flow by 33%.

3. Delete parking totally on First Street.

4. Survey present parking in downtown to see who is utilizing the parking spaces.

5. Create additional off street parking lots.

6. Consider a combination of one way and two way streets for best possible solution.

7. Create a Downtown Improvement Foundation to fund downtown improvement projects. (NOTE: a committee was appointed to pursue this possibility. Chaired by L.J. Conner, and includ- Elliott Cavanaugh, John Parker, Fred Daiches.) Motion was made by Harry Castleberry and seconded by John Parker to support the creation of such a Foundation. Motion carried.)

8. Increase parking fines in Downtown for employees who are parking overtime.

9. Eliminate parking meters on major thoroughfares with limited (two hours) parking with someone to control this by marking tires, etc.

10. Improve sidewalk curbs.

11. Improve present streets where water drainage is a problem.

12. Improve store fronts and overall appearances.

13. Clean up vacant buildings.

14. Consider a continuous canopy in downtown with each merchant participating.

15. Extend Angelina Street north for another thoroughfare.

Mayor Garrison thanked each member for being in attendance and assured the group that the meeting with downtown property owners would be held soon and he would be getting back to them for future planning sessions.

There being no further business, the meeting was adjourned.

Present: Henry McCullough, Dr. Allan Cannon, Tom Dunn, James Croley, Doug Prewitt, Sam Slaydon, Harry Castleberry, Louis Bronaugh, Joe Elliott, Nancy Mewbourn, Vernell Havard, Joe Floyd, Victoria Youngblood, Jerry Huffman

Louis Bronaugh, Chairman, called the meeting to order.

CAREER FAIR: Bronaugh asked the committee to be considering dates for the Fourth Annual Job Fair. He said tentative dates had been set for the week of February 13, 1978, but exact dates needed to be set soon.

CAREER EDUCATION PRESENTATION: Victoria Youngblood, representing a new career education program at SFA, made a special presentation to the committee on this new program. Essentially she asked the help of the Education Committee to assist this effort in helping to recruit resource people from the business community to make themselves available to go into the schools to speak career oriented programs. She said that "teams" of teachers on each school district were being formed to accomplish getting career education phased into the total teaching curriculum and that from time to time they would need resource people to help accomplish this. Consensus of the committee was to assist in this effort as much as possible. Mrs. Youngblood said that the committee would be contacted as soon as the project was underway.

CPR PROGRAM: Bronaugh said that the CPR program was ready to begin in the school system and that enough instructors had been trained to carry it out. At present, the only holdback was funding. The Heart Association was planning a drive soon and it was his hope that money could be raised in conjunction with this effort to accomplish the CPR goal. He said approximately $3,000 was needed.

JUNIOR ACHIEVEMENT: Chamber manager Huffman commented that a pilot JA program was set for LISD and would begin soon. A meeting with the students was set for October 11, 7:30 p.m. at Lufkin High School. He commended C.L. Brown at Southland Paper for getting this program going.

Discussion followed on the format and some things which could be changed. Nancy Mewbourn of the Women's Division added that she hoped the committee would consider using their services more in the future. She said they were available to assist more with projects like the banquet and would be delighted to help. Chairman Bronaugh said he would see that they were called on more.

# TOURIST/CONVENTION COMMITTEE
# March 31, 1977 - 11:00 a.m.

Present: Barry Hays, Bayo Hopper, Herman Brown, Bubba Medford, Thomas Moore, Jim Waller, Alton Holt, Woody GAnn, Nancy Mewbourn, Leeland Petty, Tom Gann, Harvey Westerholm, Jerry Huffman

Woody Gann, Chairman, called the meeting to order.

TOURIST BROCHURES: Manager of the Lufkin Visitor and Convention Bureau, Barry Hays, brought the members up to date on all the brochures distributed by the Chamber of Commerce in reference to tourism and conventions. Each member of the committee was given a copy of the brochures. Chairman Gann asked that each member of the committee take the information with them and become familiar with what was available for tourism promotion. He commented if any member had ideas on new brochures or ways to improve existing ones, to please notify the Chamber office.

MOTEL/MOTEL ASSOCIATION: Leeland Petty commented on the new motel/hotel association which had been formed under the auspices of the LVCB and said the group was functioning well. They were meeting once a month to discuss mutual problems and programs. He said that this group would be available to help in securing conventions and asked the committee to call on them if the need arises.

BILBOARDS: Chamber Manager Jerry Huffman reported on the status of the four billboards coming into Lufkin. He commented that the billboards we had last year and in previous years were costing $100 per month and since that contract has expired, the price had soared to $600 per month from the same company. He said that other bids were being sought and hoped to have a complete report by the next meeting.

SAM RAYBURN LAKE DEVELOPMENT ASSOCIATION: Barry Hays reported on this new organization which had been formed around the Lake and said that the Chamber and LVCB were extremely interested in working with them. Sam Rayburn is one of the best tourist assets we have and the need to have such an organization close to the people in our area would be beneficial to us all. He said we would continue a strong push to build a strong relationship with the group.

CIVIC CLUB SIGNS: Chairman Gann brought up for discussion the unsightly condition of the four civic club signs which were on the major entrance ways to our city and wondered if this committee might take a hard look in re-doing such signs immediately. Discussion followed. Bayo Hopper made the motion that a committee be appointed to look into a plan for such signs which would remove the present ones and replace them with more attractive and updated signs. Leeland Petty seconded and motion passed unanimously. The Pilot Club would be contacted about this since they were instrumental with the Chamber in putting the signs up originally.

PENTECOSTAL CHURCH CONFERENCE: Leeland Petty said that the annual conference of the Pentecostal would be coming soon and wanted to be sure that Chamber officials were on hand to greet them. On motion by Petty and second by Alton Holt, it was decided to recommend that Chamber President Rufus Duncan be notified of the conference and asked to welcome them to Lufkin.

Also discussed was better ways to make the delegates of this meeting more familiar with our area. On motion by Nancy Mewbourn and second by Tom Gann, it was decided to make

cont.

brochure information available in the Canteen area at the conference about Lufkin and the many attractions we have to offer such as the Texas Forestry Museum, Zoo, etc.

CONVENTIONS' PLACARDS: On motion made by Herman Brown and second by Thomas Moore, it was decided to print convention placards to welcome conventioneers to Lufkin. The placards would be individualized for whatever convention was in town and distributed among the retail establishments, restaurants and hotels in the area.

INTERCLUB COUNCIL: Jim Waller suggested that consideration be given to the Chamber forming an InterClub Council composed of the President of the many organizations to meet on a regular basis to discuss total community projects. This idea would be pursued.

COMMITTEE MEMBERSHIP: Chairman Gann asked that each member of the committee be sent a list of the entire committee membership. Chamber manager Jerry Huffman said this would be done.

TRAVEL SHOWS: Barry Hays reported on the travel shows which he attended in January, February and March. He attended shows in Austin, San Antonio, Dallas, Houston and Des Moines. He commented he was more impressed with the out of state shows than in-state due to the number of "Northerners" who were vacationing in our area and in the Valley area. He thought we might consider participating in more of the out-of-state shows.

CIVIC CENTER: Hays also commented on the many uses of the Center. He said that in April for example, the Center was booked 21 out of the 30 days. He added that the Center was gaining in use and he looked for an even busier schedule in the months ahead.

ADJOURNMENT: Chairman Gann adjourned the meeting and said another meeting would be called in several weeks to hear updated reports on several of the projects which had been discussed.

## BUSINESS/INDUSTRY RELATIONS COMMITTEE
## February 24, 1977 - 11:00 a.m.
## Chamber Office

Present: Jerry Collins, George Honea, A.G. Cromwell, Woody Gann, Bayo Hopper, Tom Nowaski, Herman Brown, Lehman Booher, Dick McKay, Dr. Nash Hogue, Jerry Huffman Bill Trout

Jerry Collins, Chairman, called, the meeting to order.

Discussion followed on program activities for the coming year:

FREE ENTERPRISE EDUCATION: Chairman Collins commented that this committee would be working closely with the Education Committee in promoting the Free Enterprise system in the public schools. Two areas of concern would be part of the committee activity, (1) the Career Fair, scheduled for April 6 & 7 at the Lufkin Civic Center, Collins urged as many businessmen as possible to have booths in this event, not only to offer career opportunities to our youth but to promote the free enterprise ideals. He said well over 1000 students were expected to view these booths. (2) A Free Enterprise Speakers Bureau, four films and eight slide presentations promoting business and the system were on order from the U.S. Chamber of Commerce and Collins noted that from time to time we would be calling on businessmen to be available to show these presentations at civic and service clubs and within the schools.

INDUSTRIAL EXPANSION AWARD: This award presented annually by the Governor of Texas was a project the committee would continue in 1977. In 1976, Lufkin Industries had been nominated for the award and received an honorable mention in the State competition. Collins said he would be calling on members of the committee to serve as a sub-committee to decide our nomination for 1977.

TEXAS INDUSTRIAL WEEK: Set as the first week in April consensus was that we should have a concerted effort to promote our present industrial base, recognizing their efforts and contributions to the community. This state wide promotion was sponsored by the Texas Industrial Commission. Mike Harbordt was named chairman of this activity with A.G. Cromwell and Paul Harrison and Herman Brown to serve with him. Chamber manager Huffman would contact other Chambers who have had successful programs like this to get their ideas. A.G. Cromwell suggested a joint meeting of all the major civic clubs during this week to promote this effort and have a special industrial type speaker. Collins asked Cromwell to pursue this idea.

LOCAL INDUSTRY PROMOTION: Other ideas discussed as projects for this committee included 1) a local newspaper column which would run on a weekly basis highlighting one industry 2) creation of newspaper, radio and tv advertising to promote local industry.

RESOLUTIONS: Discussion followed on two bills in Congress which would be detrimental to business and the free enterprise system, specifically the repeal of the right-to-work law and common situs picketing. On motion by Dick McKay and second by Bill Trout, the motion was made to recommend the legislative committee recommend to the Chamber Board that they pass a resolution voicing the Chamber's opposition to both bills. Motion carried unanimously.

There being no further business, the meeting was adjourned.

Discussion followed on how to better arrange arena. K.C. Platt volunteered to work on this and report at next meeting.

Each entrant would furnish their own hog pens.

A 60¢ per pound base was set for the steer auction, same was decided for market hogs.

Charles Arnold suggested the committee consider moving the Junior Livestock Show to the fall which he felt would make it easier to purchase calves and have a better show.

This idea was tabled until after the Show at which time it would be discussed and the feasibility of it decided.

AGRI-BUSINESS COMMITTEE
March 24, 1977 - 4:00 p.m.
Chamber Office

Present: Jesse Bradford, W.D. Baker, Bob McCurry, James Chamness, Sherman Jones, Billy R. Davis, Don Kennedy, Tom McGregor, Herman Bate, George Stephenson, Hayne Daniel, Charles Arnold, Johnny Jackson, Howard Victery, Raymond Moore, Bob Hobbs, George Henderson, Jr., Jerry Benson, Gene Brookshire, Doug Prewitt, Dr. George Thannisch

Ray Polk, Chairman, called the meeting to order.

CRITICISM OF 1977 JUNIOR LIVESTOCK SHOW: Chairman Polk asked the committee to air any and all criticisms that they had about the operation of the 1977 Show so that we could list them and not make the same mistakes next year. One of the main problems seemed to be in the form of publicity, sponsors were not mentioned, other donors were left out of news releases. For example, Land O'Pines was not mentioned as the $100 donor of the Best Dairy herd award, Texas Farm Products was not mentioned as a $100 donor and a trophy sponsor. Consensus was publicity could be handled much better and needed to be better organized. Chairman Polk said he would see that this was better organized for next year and that the Chamber did a better job in getting the publicity out. After discussion, the following ideas were presented and considered:

1) For 1978, the committee decided to ask the Chamber for a budgeted amount which would guarantee the liquidity of the show. The amount would be decided before the 1978 Chamber budget was decided but would possibly be in the amount of what the premium money required. 1977 this totaled about $2300.

2) Idea was mentioned of paying only premium money to only the top five in each class.

3) Gene Brookshire made the motion that premium money be discontinued on all entries which were auctioned and all entries in the Steer Show. Second by Raymond Moore. Passed with one opposed.

4) There was a definite need to have more than one person doing the record keeping. Recommend for 1978 that at least two be scheduled and three if possible to help make the record keeping of the show more organized.

5) There was a definite need for more than three persons working on getting buyers for the auction. A committee of 5-7 should be named and should begin work early in January for the Show auction.

6) Judges for 1978 should be decided and invited as soon as possible. Polk said he would name a judges committee within the next few weeks.

7) Motion was made by Johnny Jackson that the reserve champion in each steer class be given a trophy. Jerry Benson second. Passed unanimously.

8) Motion was made by Johnny Jackson that we sell the top sixty in the steer show for 1978. Second by Bobby McCurry. Motion carried unanimously.

9) Decision was made not to allow any hay in the show arena.

10) Discussion followed on need to better organize the resale part of the show. Possibility of securing one buyer who would buy the resale calves for market prices.

Polk commented that he had received many comments favorable to the operation of this year's show and thanked all those who had a part in making it such a good show. He said although we had a few administration problems we would work on them and asked everyone's cooperation in getting the kinks out. He said the 1978 show would be even better.

Meeting adjourned.

LEGISLATIVE COMMITTEE
March 8, 1978 - 11 a.m.
Chamber Office

Present: Vernon Berry, Jim Cornelius, George Porcher, Harry Castleberry, Bob Flournoy, Bill Thornton, Jerry Benson, Ed Wagoner, John Ross Kay, William Drew Perkins, Herman Brown, Leon Levens, Dr. Nash Hogue, Garland Picou and Jerry Huffman

Bob Flournoy, Chairman, called the meeting to order.

FEDERAL DISTRICT COURT: First item for discussion was the proposed Federal District Court for Lufkin. Jim Cornelius said that Congressman Wilson had instigated a bill which would create such a court. The area covered would represent twelve counties, and he said it would be a tremendous asset to the area. He felt it should be given our total support. He recommended that the committee pass a resolution in support of the new Court to be presented to the Chamber Board for their approval and also appoint a sub-committee that would be responsible for getting Chambers of Commerce in other areas included in the twelve counties to pass resolutions in support of it. Cornelius made such a motion and it was seconded by Jerry Benson. Motion carried. Chairman Flournoy asked Cornelius if he would prepare a resolution for him to take to the Chamber Board for action and he agreed. Flournoy also appointed the following sub committee to work in getting other areas to pass resolutions: Jim Cornelius, chairman, Bill Perkins, Bill Trout and John Ross Kay.

LABOR REFORM ACT: Discussion followed on the proposed Labor Reform Act now before Congress and what a detrimental piece of legislation it was to the business community. Consensus of opinion was that a resolution should be drafted opposing it and presented to the Chamber Board for action.

CONSUMER PROTECTION AGENCY: Discussion continued on the proposed creation of a National Consumer Protection Agency and the total negative effects it would have on the entire business community. Decision was to also oppose this bill and present a resolution to the Chamber Board for action.

LETTER WRITING CAMPAIGN: Discussion followed on how the committee could assist in combating bill detrimental to the business community in both the State and National legislatures. Need was apparent to get to the issues sooner and let the Congressmen know how businessmen felt about them. Ed Wagoner said as a committee we needed to get as many persons as possible to write their Congressmen and express their opinions. He made the motion that each committee member be responsible for writing letters on key issues throughout the year to their Congressmen and attempt to convince their business colleagues to the same. Harry Castleberry seconded, motion carried.

PRECINCT CONVENTIONS: Harry Castleberry commented that we needed to work to get more members of the business community active at the precinct level. He added this was truly the grass roots of the political system and we needed as much influence as possible at this level. Consensus was this was an excellent idea and should be pursued.

LEGISLATIVE BREAKFASTS: Chairman Flournoy said he would like to see the committee sponsor several Legislative Breakfasts with the speakers being our State Senator, State Representative, U.S. Senators and U.S. Representative. A series of four breakfasts would be held for the year. Consensus of the committee was this was an excellent idea. Flournoy appointed the following committee to carry out this program: Jerry Benson, chairman, Ed Wagoner, Leon Levens and Bill Thornton.

OTHER APPOINTMENTS: Chairman Flournoy appointed another committee composed of Garland Picou, chairman, Nash Hogue, Harry Castleberry and Vernon Berry for the purpose of determining best way to carry out a total letter writing campaign on key issues.

Garland Picou reminded the group that Preston Smith was visiting Lufkin that evening at 5:00 at the Hotel Angelina.

Ed Wagoner and Jim Cornelius reported that a hearing on the Clear Cutting lawsuit was to be held by the 5th Circuit Court of Appeals on Monday, March 13. Both hoped the court would act quickly on the matter and dissolve the present injunction.

There being no further business, the meeting was adjourned.

# AVIATION COMMITTEE
# February 2, 1978 - 11:00 a.m.
# Chamber Office

Present: Jim Bob Odom, Ray Fisher, Tom Meredith, Alton Holt, Horace Stubblefield, Curtis Swain, S. Harry Kerr, Ray Modisette, Jerry Huffman

Jim Bob Odom, Chairman, called the meeting to order.

GOALS FOR COMMITTEE: Odom reviewed goals for the committee he hoped to accomplish in 1978. They included:

A. To promote general & business aviation to let people in Angelina County know what is going on in area.
B. Create a brochure on the Angelina County Airport.
C. Erect sign into entranceway to airport.
D. Have program on aviation for one of monthly First Friday luncheons.

REPORT ON AIRPORT: Ray Modisette commented on Angelina County Airport. He said an ILS system for E-W runway was being considered with possibility of accomplishing this through private donations ($147,000 - last bid). Government assistance seemed impossible at this point so it was necessary to seek private funds.

METRO AIRLINES: Chamber Manager Huffman reported that Jay Seaborn of Metro Airlines had called him, Mayor Garrison & Airport Board Chairman Curtis Swain in reference to Metro pulling out of either the Lufkin or Nacogdoches airport by April 30. After discussion, it was decided to send a letter to Seaborn asking exactly what the committee could do to help the situation and offer to meet with Seaborn on a solution.

REGIONAL AIRPORT STUDY: Still in progress for Phase IV & Phase III which would locate a regional airport location and proceed on preliminary engineering and how to fund such a project. Huffman said that Turner, Collie & Braden had been asked to give a progress report on this study at a Feb. 21 Lufkin/Nacogdoches Advisory Committee Meeting.

There being no further business, the meeting was adjourned.

Thomas Moore, Chairman, called the meeting to order.

1978 GOALS: After discussing the goals for the year the committee adopted a list of priorities as attached to these minutes.

FIRST FRIDAY: Chairman Moore reported that the Transportation Committee would have the responsibility of the program for the Chamber's monthly First Friday program in April. He said plans were to have the official dedication of the Lufkin Avenue completion and have members of the Texas Department of Highways and Public Transportation here for the event. He commented that members of the committee would be notified in advance about the particulars.

COMMUNITY MEETING: Discussion followed on the need to get all the County area elected officials together for a meeting on area road and transportation needs. Moore said we would plan an area wide meeting inviting County officials, Lufkin, Diboll and other county communities to participate to get their viewpoints on priorities for the area in transportation. A meeting would be planned and carried out soon to accomplish this.

WORK PROGRAMS FOR ANGELINA COUNTY: District Highway Engineer J.L. Beaird presented a list of County work programs scheduled by the Highway Department for perusal by the committee. The schedule was as follows: (see attached pages)

He commented the present set of priorities established by the Commission were obsolete due to the increase in population our area was experiencing. Discussion followed on several local needs which the committee felt should be mentioned to the Commission. They were:

A. An overpass at Loop 287 and Highway 59 (scheduled in 10-20 years)
B. An overpass at Loop 287 and Highway 94 (not scheduled at all)
C. Consideration needs to be given now to widening US 59 from Loop 287 to FM 324 into six lanes due to vast increase in traffic that area is producing
D. Update priority on widening Highway 94 from Loop 287 to the Trinity County line
E. Consideration needs to be given now to securing right of way for an outer belt

Several items were mentioned which affected West Loop 287 traffic to include:

These were just a few of the growth projects which would affect the area.

3. Recommend to widen US 69 to six lanes from Loop 287 to FM 324
4. Widen highway 94 from Loop 287 to Trinity County Line

Chairman Moore said he would ask Mayor Garrison to be the spokesman for the delegation. He also said that he, Chamber Manager Huffman, City Manager Harvey Westerholm and District

## FORESTRY COMMITTEE
## February 10, 1978 - 3:30 p.m.
## Chamber Office

Present: Bobby Young, Ed Wilkins, Charles Arnold, Chuck Armstrong, Hollis McAdams, Howard Victery, Doug McClary, Rex Spencer, Jim Sanders, Dwight Thrash, Charles Allen, Jerry Huffman

Ed Wilkins, Chairman, opened the meeting and welcomed each member.

WOODLANDS CLINIC: Wilkins brought up for discussion the first project for the year was the Woodlands Clinic held annually for the 4-H and FFA chapters in the county. Howard Victery reported the State contest was set for April 26 and ours needed to be scheduled some time before that. Victery also briefed the new members of the committee on what the Woodlands Clinic competition was all about. After discussion, the date for the event was set for Thursday, 10 a.m., April 20 at the Woodland Trail on 103W.

Wilkins commented that we would need to raise about $150 to fee students and workers on that day. Hollis McAdams said he would volunteer Georgia-Pacific for the entire $150 and they would sponsor this. Wilkins thanked McAdams for his donation.

TEXAS FORESTRY FESTIVAL: Wilkins said President Jim Stephens had asked the Forestry Committee to look into the feasibility of bringing back the old Texas Forestry Festival, a highlight in Lufkin in the late 40's and early 50's. As we were in the heart of the forestry industry, it seemed a natural thing to do. Discussion followed on such items as:

a.) Need to organize a meeting with representatives of all forestry related personnel industries, TFA, TFS, U.S. Forest Service, etc. and get their feedback
b.) Make sure entire event was oriented to forestry in all areas of activity
c.) Contact Winfield, LA, and Elkins, W.V., who were hosting successful events like this and get information on how they are run
d.) Contact TFA and see if they would assist in the effort

After discussion, Rex Spencer moved that we proceed with the idea and see if we could revive the Festival sometime in 1979. Hollis McAdams seconded. Motion carried.

NEW PROGRAM: Charles Arnold brought up an idea for consideration. He said a few years ago, Sears used to work with 4-H and FFA chapters in a contest concerning forestry. He said each chapter had a 10-acre tract loaned to them and they were responsible for taking care of it - learning about forestry, conservation, ecology, etc. From this, each chapter was judged on the job they did and prizes awarded. Since Sears had dropped the effort, he felt it would be a good idea for this committee to sponsor such an activity in Angelina County. Consensus was this was an excellent idea. Wilkins asked Arnold to pursue this and contact the other county FFA advisors for their input.

There being no further business, the meeting was adjourned.

# TOURIST/CONVENTION COMMITTEE
# January 18, 1978 - 11:00 a.m.
# Chamber Office

Attendance: Nancy Mewbourn, Harvey Westerholm, Bill Elmore, Leeland Petty, Tom Gann, Bayo Hopper, Herman Brown, Alton Holt, Betty Hobbs, Jerry Hill, Doug Prewitt, Jerry Huffman

Alton Holt, Chairman, called the meeting to order.

Budget 1978: First item of discussion was the proposed budget for tourist/convention activities for 1978. The Chamber received $5,000 each year from the City of Lufkin which they in turn matched with $5,000 for an overall $10,000 budget. Chamber manager Huffman reviewed the budget with the committee as it was proposed for the year. It included:

| | |
|---|---|
| Billboards | $3,600.00 |
| Southern Hushpuppy Olympics | 1,000.00 |
| ETCC Ad/Brochures | 3,000.00 |
| Manufacturers List | 250.00 |
| Civic Club List | 175.00 |
| Equipment | 300.00 |
| Misc. Advertising | 800.00 |
| City Map | 900.00 |
| Total | $10,025.00 |

Billboards: Chairman Holt brought up for discussion the need for new billboards on the major entrance ways into Lufkin, specifically, 59 North & South and 69 North & South. He asked the committee for their opinion on (a) building & owning our own board or (b) leasing through a sign company. He felt we could find Chamber members who might donate the locations. Discussion followed. Tom Gann made the motion that Chairman Holt appoint a committee to investigate both possibilities and report to the committee their findings; second by Bayo Hopper. Motion carried. Chairman Holt appointed Leeland Petty and Herman Brown to look into this.

Vacation Shows: List of 1978 Vacation Shows the Chamber had already participated in or would be participating in were presented. They were:

| Date | City | Attendance |
|---|---|---|
| Jan 5-9 | Chicago (ETCC) | 350,000 |
| Jan 6-14 | Houston | 300,000 |

| Feb 3-12 | St. Louis (ETCC) | 150,000 |
| March 5-12 | Dallas | 100,000 |

With the exception of the Houston & Dallas Shows, the Chamber was cooperating with the East Texas Chamber of Commerce. In Houston we had a booth just for Lufkin and would do so in the Dallas show. Since Barry Hays, LVCB Manager had resigned, Chamber manager Jerry Huffman asked for assistance from anyone of the committee who might be able to assist in manning this show, Tom Gann and Alton Holt said they could possibly help.

Conventions: A list of conventions already scheduled at the Lufkin Civic Center was presented. They were as follows:

Chairman Holt said he wanted this committee to be more involved with welcoming conventioneers this year. He appointed Betty Hobbs as chairperson of a committee to be responsible for coordinating welcoming conventions.

CIVIC CLUB SIGNS: Chairman Holt brought up for discussion the need to replace our present civic club information signs on entranceways to Lufkin. A proposed new sign design was shown to committee. A committee of Harvey Westerholm, Bayo Hopper, Holt and Jerry Huffman was appointed to get prices on sign construction and proceed with getting the signs up.

ORIENTING AREA CITIZENS: Discussion followed on need to make restaurant owners, service station personnel and convenience store managers more aware of promoting the area. As the first line of service to newcomers to the area, these people were most important in creating a good image for newcomers, visitors and conventioneers. Consensus was that the tourist committee should host these persons at a special meeting to a) explain to them the goals and efforts of the Committee and b) seek their support in carrying out these goals.

There being no further business, the meeting was adjourned.

Present: Johnny Jackson, Bob McCurry, Asa Burgess, Charles Arnold, Sid Rogers, George Stephenson, Hayne Daniel, Joe Belk, Billy Davis, Sherman Jones, James Chamness, Alex Alexander, Tom McGregor, Bill Trout, Raymond Moore, [illegible] Taylor, Howard Victery, Peyton Mathis, Doug Prewitt, Jerry Huffman, Floyd Yancy

Doug Prewitt, Chairman, called the meeting to order. He thanked everyone for working on the Jr. Livestock Show. Dr. Grooms, the judge for the show, had written a letter with some constructive comments which Chairman Prewitt read.

Bob McCurry presented Doug Prewitt an appreciation award from area advisors.

There were suggestions and comments as follows:

Show Show Suggestions: Dr. Harrell suggested to someone at the show that next year there be 2 men instad of one judging shop exhibits. Someone commented that the arrangement of the shop exhibits had helped tremendously in this year's show.

Dr. Groom's Letter: In his letter, Dr. Grooms suggested that there might be two judges for the animal shows. Two judges won't help if you get one for the breeding and one for the steers since most of the kids showing breeding animals have steers also. It was suggested that maybe it would help to start judging earlier. Raymond Moore suggested that we drop the male section of the breeding show.

Broilers Added: Alex Alexander made a motion that we have a pen of five broilers entered in the show. Sid Rogers seconded the motion. Charles Arnold said if we were going to add broilers to the show, that all chickens should be ordered from one place, picked up the same day and started at the same time. Decision was made to sell 3 pens. Motion carried. Doug Prewitt appointed a committee of Asa Burgess, Sherman Jones, Hayne Daniel and Floyd Yancy to work out the details of adding broilers and rules.

Bull Show Dropped: Raymond Moore made a motion to drop the bull show from the breeding show. Johnny Jackson seconded. Motion carried.

Brahman & Other Cross Separated: Charles Arnold made the motion that Brahman and Other Cross be separated and that Other and Crossbreed be added to the Breeding Show classes. Sid Rogers seconded the motion. Motion carried.

Show Awards: George Stephenson suggested that in the shop exhibits, winners of second and third places be given plaques and that W.A. DuBose & Son Co. be given recognition for sponsoring the first place award of $100.

Steer Class: After some discussion, Raymond Moore made a motion that the Steer Classes be left as they have been in the past. Joe Belk amended that motion in that all Brahman Cross be show in Brahman Cross Class. It was agreed that this was being done as well as could be already. The motion was seconded and carried.

Judge for 1979: Bob McCurry made a motion that Dr. Grooms be asked back next year for steers, swine and lambs. Johnny Jackson seconded that motion. Motion carried.

Weigh-in: Charles Arnold made the motion that there be only one weighing per steer at weigh in. Sherman Jones seconded the motion. It carried.

Harry Castleberry, Chairman, Opened the meeting.

NEWS MEDIA RECEPTION: First item of discussion was the news media reception which had been scheduled for Tuesday, January 24. Castleberry told committee there was a conflict due to the Community Concert being set for that time. Discussion followed on a new date. Consensus was to set the reception for February 2, a Thursday.

FIRST FRIDAY: Castleberry asked the group to be responsible for greeting at the First Friday Luncheons by teams. Consensus was that this idea was a good one. Following team assignments were made for remainder of year for greeting at First Friday luncheons:

February 3 - Jerry Benson
March 3 - Jack Mott
April 7 - Lehman Booher
May 5 - Jack Gorden
June 2 - James Croley
July 7 - Jim Waters
August 4 - Jerry Benson
September 1 - Jack Mott
October 6 - Lehman Booher
November 3 - Jack Gorden
December 1 - James Croley

The remaining members of the Goodwill Committee would be asked to wear their green jackets, and mingle with the crowd. They would promote activity in the Chamber and try to communicate activities of the Chamber to new members.

VISITING MEMBERS: Committee accepted the responsibility of visiting Chamber of Commerce membership as a group. Idea was to break into teams of two; be assigned certain members to visit and in a given period of time, visit with the members, talk to them about the Chamber and seek their support. Chamber Manager Huffman suggested a questionnaire be prepared to get members to answer -- questions such as how long a Chamber member, what is the Chamber going you agree with, and what are some things the Chamber could and should be doing. Committee staff would be responsible for preparing a list of members to visit since they would know who needed to be visited first, etc.

INDOCTRINATION: A meeting was to be scheduled to kick off the visitation program and indoctrinate the Goodwill Committee members as to what to expect when visiting members as well as what was hoped to be accomplished. The kick off meeting was sscheduled for 4:00 p.m., Thursday, February 16, in the Harvest Room at Lufkin Federal. Visitation assignments would be made at that time. The week of February 16 - 23 would be the period of time designated to accomplish the visitation. Team captains would be charged with seeing that the visits were made and report back on the results at a meeting scheduled for 4:00 p.m., Thursday, February 23, at the Chamber office.

VACATION SHOW: Chamber Manager Jerry Huffman asked the help of the committee in manning a vacation show in Dallas, March 5 - 12. As LVCB Manager Barry Hays had resigned, help would be needed to work the booth space. Several of the group said they could probably help. Huffman said he would get back in touch with them later when he know exactly how many were needed.

There being no further business, the meeting was adjourned.

## AVIATION COMMITTEE
May 31, 1979 - 11:00 a.m.
Chamber Office

Present: Bubba Henderson, John Stover, Ray Modisette, Celso Harper, Pitser Garrison, Jerry Huffman, Dan Jones, Jim Odom, H.J. Shands, Jr., Alton Holt, Horace Stubblefield, Ray Cornelius, Tom Paxson

Chairman Bubba Henderson called the meeting to order.

DISCUSSION: Henderson explained to the group the reason for the meeting was to discuss the recent application by Metro Airlines to the Texas Aeronautics Commission to delete service to Angelina County Airport. Two things needed to be decided (a) whether we are going to protest the application by Metro and (b) in what area we should begin looking for commercial air service.

H.J. Shands, Jr., Chamber President, commented he felt we should definitely have our say and file a protest to the application. He said the publicity at least might assist us in getting another service into the area.

Mayor Pitser Garrison made the motion that the Chamber protest the application by Metro and request a hearing on the subject before TAC. Horace Stubblefield seconded. Motion carried.

Garrison added he would like to see a large delegation at the hearing if we were successful in getting it.

Dan Jones, County Judge, suggested we look into the reason why area federal employees could not use Metro. He understood it had something to do with them not being certified.

Mayor Garrison said he felt the City would support the protest and Judge Jones commented the County would also.

Consensus was the Chamber would file the protest along with City & County.

FACTORS TO BE CONSIDERED: Items to be included in the report were:

A. Larger population in Lufkin area over Nacogdoches
B. Continuation of Service - Lufkin has had commercial air service since 1949
C. Safety factors - Angelina County airport was a much better facility
D. Allocation of Fuel - Angelina County's allocation was greater than Nacogdoches'
E. Economic Barometers - all are greater in Lufkin area

John Stover agreed to assist in filing the protest.

Henderson said he hoped such could be filed early next week as the deadline was June 9.

There being no further business, the meeting was adjourned.

Also many of the Lufkin school teachers would attend. He invited the members of the committee to come by the Lufkin Civic Center on one of the two days to view the event. ## INDUSTRIAL PROSPECT COMMITTEE
## October 25, 1979 - 11:00 a.m.
## Chamber Office

Present: James Kerbo, Oscar Brookshire, Robert Telford, Robert Richardson, Bill Lacey (TP&L), Frank Davis (TP&L), Rayford Williams, Pat Foley, H.J. Shands, Jr., Jerry Huffman

Absent: Rufus Duncan, Harvey Westerholm, Alton Holt

Attendance: 70%

James Kerbo, Chairman, called the meeting to order.

PRESENT PROSPECT STATUS: C of C President H.J. Shands read a letter from Wheelabrator-Fry which indicated they were locating their proposed new plant in La Grange, Georgia. He complimented the committee on there efforts with the company even though they elected to go elsewhere. He also told the group that Haliburton was going to locate here and follow-up should be made with them to assist their location. Shands commented that coordination was being made to help Brigadier Industries out of Georgia to purchase Carolina Homes here. He hoped to have further information on this later.

PROSPECTING CRITIQUE: Kerbo complimented the committee on their efforts in the successful location of Chromium Corporation. With that in mind, he asked Frank Davis of TP&L's Industrial Development Department to critique the industry solicitation efforts both pro & con, so we could better analyze our procedures.

Davis praised the group for their successful efforts and proceded to make constructive comments on our solicitation efforts. He mentioned these plusses:

+The power structure of the community was obviously solidly behind the efforts of the Industrial Foundation

+The City & Chamber worked together and had an excellent rapport

+Lufkin was a viable and growing community

+The City had several "home grown" industries that were highly successful

+Geographical location was good

+Civic Center and country club were excellent amenities

+Adequate motel facilities

Davis mentioned several needs that should be worked on in our efforts, to include:

-Need for more available sites with adequate utilities, zoning, etc.

-Need for streets into present sites

-A sign signifying industrial property owned by Foundation with contact person

-Suggested having all prospects in one vehicle, perhaps using a van.

cont.

-Suggested the need for a professionally done, first class 12-15 minute slide program on community

-Creation of a well done industrial facts brochure

Davis suggested the committee begin an all out effort for light manufacturing operation particularly any industry that hired predominantly women.

Again, he complimented the committee and said he hoped that they realized his comments were merely constructive and that the present program was well done.

Speculative buildings were discussed as well as a need to blitz Houston market for industry expansion contacts.

There being no further business, the meeting was adjourned.

Chamber Office

Present: Jesse Bradford, Herman Bate, Joe Belk, Bob McCurry, Charles Arnold, Billy Davis, Sid Rogers, James Chamness, Sherman Jones, Emmett Smith, Hayne Daniel, George Stephenson, Harold Porter, Floyd Yancy, Alex Alexander, Keith Perry, Larry Risinger, Jerry Huffman & Howard Victery

Howard Victery called the meeting to order. He distributed checks to the advisors. After stating that the reason for the meeting was to critique the recently held Jr. Livestock Show, Mr. Victery opened the floor to comments:

Jesse Bradford made a motion that an ownership date of Dec. 15 be placed on hogs, rabbits and lambs. Arnold seconded the motion. Motion carried.

Bob McCurry said that a better way of putting calves in correct classes was needed. After much discussion, Jesse Bradford made a motion that the rules be amended that the steers be classified on February 15 as advisors see fit. Bob McCurry seconded the motion. Vote tied. This was turned over to the rules committee.

Charles Arnold made a motion that there be something in the rules saying that the kids had to show their own livestock, including steers, lambs and hogs except in special instances when prior approval had been given. Motion carried.

Alex Alexander complained that there should be some guidelines for the clean-up committee.

It was pointed out that Hudson had furnished the chicken pens for this year's show, but everyone showing chickens should get their own pens. George Stephenson told the other advisors he would tell them where they could get the pens.

It was stated that the Show Arena should be larger.

Alex Alexander made a motion that the rules be changed to sell either 10 pens or 50% of the broilers, whichever is smaller. Motion carried.

Charles Arnold said that an eligibility statement was needed. It was the general consensus that the only persons eligible to show were active 4-H and FFA members still in school.

Emmett Smith said there is a great need for a committee to handle the loading of the animals after the show.

Jessee Bradford made a motion, seconded by Alex Alexander that a 50¢ per rabbit entry fee be paid in order that the judges might be paid and possibly some prize given. Motion carried.

Jesse Bradford suggested that we look into the possibility of running a tabloid section in a Sunday paper prior to next year's show. Howard Victery named a committee of Jesse Bradford, Billy Davis & Emmett Smith to look into this possibility.

Howard Victery also named a committee of George Stephenson, Joe Belk & Bob McCurry to select next year's judge.

Charles Arnold presented Howard Victery a plaque expressing the appreciation of the advisors for his work as chairman of the Agri-Business Committee on the Livestoch Show. Meeting was adjourned.
