Introduction

Twenty-five years ago almost 75% of the people in the United States receiving care for mental disability were treated as inpatients, primarily in large residential institutions. By 1975, approximately 75% were being seen as outpatients, for the most part in community based settings. Most authorities state that community based services must become the mainstay of the mental health and mental retardation services system.

In FY 1981, the Deep East Texas MHMR made great strides toward doing just that. Deep East Texas Regional MHMR Services is a network of care facilities located in towns and communities throughout the 13 county region, established to help the mentally impaired strive toward normal lives. Community based programs mean keeping families together, keeping people on their jobs, and keeping them in or near their own homes.

Community 1. a social group of any size whose members reside in a specific locality, share government, and have a common cultural and historical heritage. 2. a social group sharing common characteristics or interests and perceived or perceiving itself as distinct in some respect from the larger society within which it exists (usually prec. by *the*): the business community; the community of scholars. 3. *Eccles.* a group of men or women leading a common life according to a rule. 4. *Ecol.* an assemblage of plant and animal populations occupying a given area. 5. joint possession, enjoyment, liability, etc.: community of property. 6. similar interests. 7. *the community,* the public; society: We must consider the needs of the community.

Board of Trustees

The Board of Trustees of Deep East Texas MHMR is the legal governing body responsible for establishing the policies that govern the operations and functions of MHMR and its employees.

Statutory authority for the Board comes from Article 5544-204, Section 4.01 V.A.C.S.

Members represent a wide variety of backgrounds and professions. In addition to serving on the Board, all members are active in numerous other civic and church related projects.

V.B. Woods

Mr. V.B. Woods has completed his third year as Chairman of MHMR's Board of Trustees.

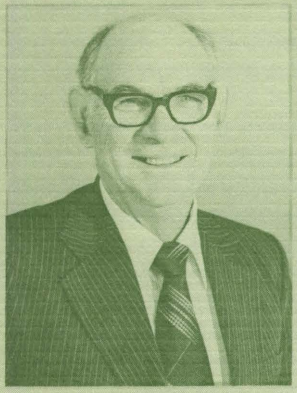

"It's been a pleasure to serve in my capacity as chairman for the last three years and to work with such a dedicated group of Board members, staff and volunteers," Mr. Woods said. "Serving on MHMR's Board is one of the most enjoyable and challenging civic activities in which I participate."

Mr. Woods is the Executive Vice-President of Lovelady State Bank in Lovelady, Texas.

He is a member of the Groveton Lions Club and is a veteran of service in the United States Army and is a graduate of Texas A&M University and Sam Houston State University.

Board of Trustees

Allen Sturrock

Allen Sturrock is County Judge of Tyler County and represents that county on the Board.

He is a member of the Woodville Lions Club, the Tyler County Mentally and Physically Handicapped Association and is active in the Deep East Texas County Commissioners and Judges Association. He is the current President of the Deep East Texas Council of Governments, and a graduate of Stephen F. Austin State University. Mr. Sturrock serves as Vice-Chairman of the Board.

R. Ben Hille

R. Ben Hille of Livingston represents Polk and San Jacinto counties on the Board. He operates his own insurance and real estate business in Livingston.

Mr. Hille was a line officer in the United States Navy and is a graduate of Lamar University and the University of North Carolina at Chapel Hill. Mr. Hille serves as Secretary of the Board.

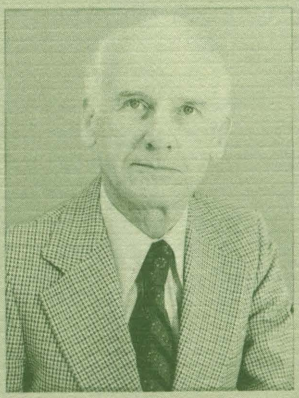

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

Board of Trustees

Nancy C. Speck, Ph.D.

Nancy C. Speck, Ph.D., represents Nacogdoches County on the Board. She is a graduate of the University of Texas at Austin and Temple University. She received her Ph.D. from Texas Woman's University in 1978. Dr. Speck is an assistant professor in management, and Assistant Vice-President for Academic Affairs, Stephen F. Austin State University. She is also serving as President of the Nacogdoches County Chamber of Commerce. Dr. Speck serves as Treasurer of the Board.

Ward R. Burke

Ward R. Burke represents Angelina County. He is Vice President-Law for Temple-Eastex, Incorporated, and offices in Diboll.

Mr. Burke is a former member and chairman of the Board of the Texas Department of Mental Health and Mental Retardation, a member of the Board of Texas Association for Retarded Citizens, Inc., and is past president and currently on the Executive Committee of the Texas Council of Community Mental Health and Mental Retardation Centers, Inc. Mr. Burke is immediate past Chairman of the Board.

Board of Trustees

The Rev. Robert Carter

The Rev. Robert Carter is pastor of Pinecrest Baptist Church in Silsbee and represents Hardin County on the Board.

He is a graduate of East Texas Baptist College and has a Master of Divinity from Southwestern Baptist Theological Seminary. He is also a 1973 graduate of the Universal Bible Institute with the degree of Doctor of Divinity.

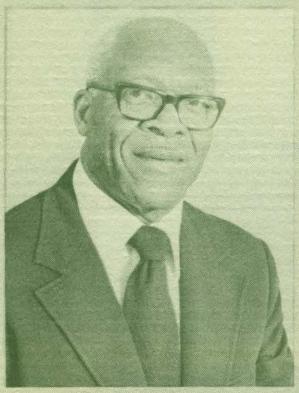

Agnes B. Rhoder

Agnes B. Rhoder of Crockett is a current doctoral candidate at the University of Texas at Austin. She lives in Crockett and represents Houston County on the Board.

Mrs. Rhoder is a former teacher in the Crockett Independent School District and is a member of the Texas State Teachers' Association and the National Education Association.

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

Board of Trustees

Perry Sampson

Perry Sampson of Center represents Shelby, Sabine and San Augustine counties.

Mr. Sampson is Federal Grant Coordinator for the Center Independent School District and is a member of the Center Neighborhood Improvement Association, the Texas State Teachers' Association and the National Education Association. Mr. Sampson is active in numerous local youth activities.

George E. Gee

George E. Gee represents Jasper and Newton counties on the Board. He is a retired pharmacist in Jasper and is a member of the Sabine-Neches Pharmaceutical Association as well as several state and national professional associations.

Mr. Gee is a graduate of the University of Texas College of Pharmacy.

Wayne Lawrence, Ph.D.
Executive Director

1981—A Year of Challenge and Achievement

Fiscal year 1981 was the seventh year of operation for the Deep East Texas Regional MHMR Services and one in which the Center took great strides in assuring the quality and effectiveness of its services. It was during this year that the Center voluntarily sought accreditation from the Joint Commission on the Accreditation of Hospitals.

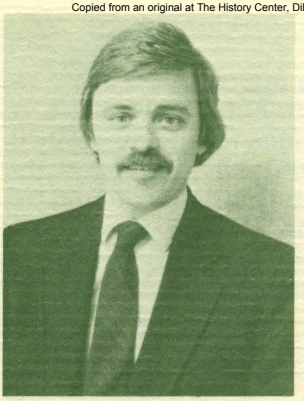

Intensive efforts by Center staff paid off when Deep East Texas received the maximum two-year accreditation. This accreditation by JACH represents the backbone of the Center's quality assurance effort.

"The fact that our Center received accreditation by JCAH is a reflection of the genuine interest which the Board and staff have in providing the highest possible quality of care to our clients," commented Mr. V.B. Woods, Chairman of the Center's Board of Trustees.

Accreditation means professional recognition for organizations that strive to provide high quality care. To attain accreditation, this Center sought consultation from JCAH, which evaluated the Center's performance against standards developed by leaders in the field of community mental health.

In March, 1981, the JCAH Board of Directors announced that Deep East Texas scored 856.3 out of a possible 1000 points. Five hundred ninety-two points are required for the maximum two-year accreditation. Deep East Texas MHMR is only the second center in Texas to achieve accreditation.

Sandy Skelton
Director, Client Services
Division

Meeting Local Needs

Deep East Texas MHMR is responsive to the needs of the region it serves. The Center uses input from county advisory councils, local advocacy groups and professionals in the fields of mental health and mental retardation to formulate plans for changes in programs and facilities.

In April, 1981, a new facility for mentally retarded women was officially opened in Hardin County. The halfway house, located in Silsbee, was renovated to meet strict safety standards. This facility was made possible in part by matching funds provided by the Silsbee Association for Retarded Citizens.

Designed to accommodate eight women, the Hardin County Halfway House serves as the final step on the road toward independent living. Training in such skills as money management, budgeting, shopping and food preparation is provided. Each resident is taught to maintain her own room and clothing and shares in the cooking, cleaning and yard duties at the house.

Sunrise Manor, the Center's Halfway House for mentally retarded men, moved to a new location in March of 1981. Still in Lufkin, the new facility has 15 beds, five more than the old location, and provides much more space for group activities. The new building was obtained by Pineywoods Mental Health, Inc. through the generosity and support of Simon and Loucille Henderson and John and Virginia Winston.

The efforts of Pineywoods Mental Health, Inc., a private, non-profit corporation formed to acquire property on behalf of the Center, have helped to make the Halfway House approach to treating the mentally retarded a continued success.

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

Local Support

The thirteen counties in the region that Deep East Texas serves voluntarily contribute their share of local funds toward better services for the mentally ill and retarded. Again in FY 1981 all thirteen of the counties chose to participate by partially funding the Center's operations. This Center views the continued financial support from the counties it serves as a vote of confidence as well as an essential source of funds. for its continued growth.

Peer Review

During FY 1981, Deep East Texas MHMR implemented a new system of peer review. This peer review process has been used extensively in the medical community and is based on reviews conducted by a committee of Center staff members. Prior to this time, peer review at Deep East Texas MHMR had been done by an outside agency. It should be noted that the Center will continue to utilize an external review process to investigate adverse or unusual incidents.

The Peer Review Committee reviews charts from every treatment unit operated by this agency. Mr. Robby Patterson, Committee Chairman, remarked, "In general, the charts the committee has reviewed reflect a high level of staff competence and a true effort to clearly document the treatment provided."

"Nothing happens unless first a dream."

Carl Sandburg

Warren O. Sibley, M.D.
Director, Clinical Division

Impact on Inappropriate Institutionalization

The efforts of the Center continued to have an impact upon inappropriate institutionalization of residents from the thirteen county service area during FY 1981. The population of the Center's service area continues to grow at a fast pace, but the rate of admissions to the nearest state hospital, on a proportionate basis, has continued to decline.

The rate of admissions to the State Hospital from the Deep East Texas service area in 1975 was 228 per 100,000 population. In 1981, this figure dropped to 189 per 100,000. This represents a drop of more than 17% in admissions to the State Hospital in relation to the total population. This continued decline in the rate of admissions is due, in part, to the increased availability of both outpatient and inpatient mental health services at the community level.

Client Satisfaction

One method that MHMR uses to test its effectiveness is a client satisfaction survey. This annual survey was conducted in partial fulfillment of requirements of the Joint Commission on the Accreditation of Hospitals but has also been a part of our quality assurance program for several years.

The questionnaires contained 31 specific items (eight additional items for those receiving residential services). The table below gives a sampling of responses.

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

	Positive	Negative
1. Treated in a respectful manner by Center staff?	91%	8%
2. Currently receiving services which make you feel and live better?	87%	12%
3. Do you feel safe within the confines of the program in which you participate?	89%	10%
4. Are you satisfied with the services you receive?	88%	11%

Susan Rushing
Director, Program Support Services Division

Client Follow-up

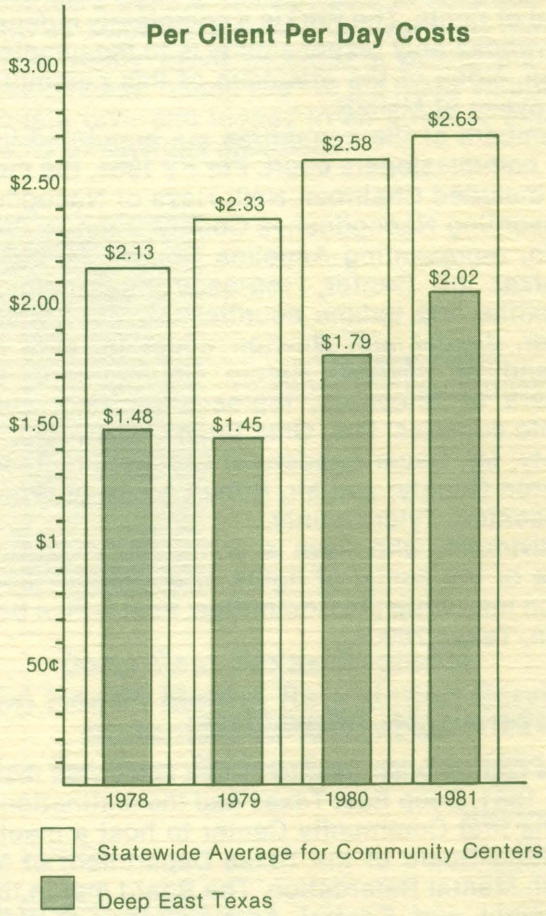

The Center also conducts a survey of 1000 former clients on an annual basis. All of those surveyed in FY 1981 had been discharged from services in FY 1980. The table below gives a sampling of responses.

	Positive	Negative
1. Do you feel better about yourself and others because you came to see us?	81%	18%
2. Are you satisfied with your life now?	68%	30%
3. Are you currently being seen by another service provider?	18%	81%

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

Costs of Services

Operating programs efficiently remains a high priority within MHMR. Deep East Texas continues to operate at a cost per client average well below the projected state mean. The chart below graphically illustrates the Center's efforts to keep costs down.

Per client per day costs have increased at an average rate of 9% per year, well below the rate of inflation for each of the four years shown. Costs adjusted for inflation have actually decreased.

A breakdown of service categories for FY 1981 reveals these cost figures: Outpatient Services, $22.55 per hour; Partial Hospitalization, $4.59 per hour; Inpatient Care, $73.28 per day; and Residential Services, $37.54 per day.

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

Public Responsibility Committee

Deep East Texas MHMR is firmly committed to guarding the rights of the mentally impaired. In order to insure that these rights are maintained, the Public Responsibility Committee continued to function in FY 1981 to receive complaints regarding abuse or denial of rights. The PRC is a completely independent body whose only responsibility is to the handicapped. citizen. None of the members of this committee are employees of MHMR.

Members of the committee are appointed by their local commissioners court. For FY 1981, the membership included Chairman Neill Hays of Nacogdoches, representing Nacogdoches County, John H. Smith of Lufkin, representing Angelina County, Mrs. Charles Scherzer of Center, representing Shelby, San Augustine and Sabine counties; Mr. P.V. Malone of Jasper, Jasper and Newton counties; Mrs. Robert Neyland of Silsbee, Hardin County; Mrs. Bessie Sanders of Shepherd, representing Polk and San Jacinto counties; Mrs. Oma Bush of Groveton, Trinity County; Mr. Oscar Sanders of Crockett, representing Houston County; and Mr. Robert Mann of Woodville, representing Tyler County.

Individuals who have a complaint regarding the abuse or the denial of rights of a mentally impaired person may write the Committee: Post Office Box 935, Lufkin, Texas 75901.

Statewide Meeting

The Center was the site of two statewide meetings in FY 1981. Deep East Texas had the distinction of being the first Community Center to host a meeting of the State Board of the Texas Department of Mental Health Mental Retardation. The Board met in the Day Treatment and Central Administration Building in Lufkin on September 26, 1980. The Board met to discuss a variety of topics. Their primary concern was the preparation of the budget request for the State Legislature in the 1982-83 Biennium.

Lufkin was also the meeting place for volunteers and volunteer organizers from around the State when this Center and the Lufkin State School hosted the 22nd Annual Meeting of the Volunteer Services State Council on September 25-27, 1980.

Copied from an original at The History Center, Diboll, Texas. www.TheHistoryCenterOnline.com 2017:005

The three-day meeting addressed alternatives available to Texas Department of Mental Health Mental Retardation facilities and Community Centers in planning programs of volunteer services.

In conjunction with the statewide meeting, the Center held its 4th Annual Volunteer Recognition Banquet. During FY 1980 Deep East Texas MHMR had 425 volunteers donate 19,096 hours of volunteer service with 41 volunteers receiving awards at the banquet. This yearly event provides a public platform from which to say "thank you" to the many volunteers who donate time and money in an effort to improve the quality of services provided.

Board of Trustees
Deep East Texas Regional Mental
Health Mental Retardation Services
Lufkin, Texas 75901

Members of the Board:

We have examined the financial statements of the general operating fund and general fixed asset account group of the Deep East Texas Regional Mental Health Mental Retardation Services listed in the foregoing table of contents as of August 31, 1981 and 1980, and for the years then ended. Our examinations were made in accordance with generally accepted auditing standards and the "Standards for Audit of Governmental Organizations, Programs, Activities and Functions" and, accordingly, included such tests of the accounting record and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the general operating fund and general fixed asset account group of the Deep East Texas Regional Mental Health Mental Retardation Services as of August 31, 1981 and 1980, and the results of its operation for the years then ended in conformity with generally accepted accounting principles applied on a consistent basis after restatement for the change, with which we concur, in the method of accounting for capital leases as described in the notes to the financial statements.
