Trinity Tigers Beat Lumberjacks In Thrilling Game Last Friday

The Trinity Tigers used three on-side kicks and fullback K. D. Dunlap in edging Diboll Lumberjacks last Friday night at Trinity. The game closed out the season for both teams.

Playing in drizzling rain most of the game, the two teams lost no time in showing spectators how easy it is to score touchdowns.

Trinity's Martin scored from the two yard stripe in the first quarter to put them ahead, 6 to 0 but Diboll, who always gives a TD or two to make the game interesting, counted seven plays later as halfback John Lee dashed for 25 yards to knot the score.

DUNLAP TAKES OVER

Then Mr Dunlap took over.

Taking a pitchout on his own 49, the elusive fullback stepped off 51 yards to the goal line to put Trinity ahead, 12-6.

Running Diboll's ends is easy, Trinity scouts found out during the Groveton game.

LEE GALLOPS AGAIN

Quarterback Royce Grimes pitched passes to Ken Burnett, and varied a good running attack to the Trinity three, from where John Lee escorted the ball across to tie the game again at 12-12.

Taking the ensuing kickoff, the Tigers marched for another score just before the half ended.

Score, 18-12.

GETS MAD

Seeing that his club needed more points to ice the game, Dunlay romped back on the field at the half and put Trinity ahead, 24-12, with a 20 yard run. The sprint followed the second on side kick.

Grimes got the Jacks rolling on another sustained drive to the three. He went over from there to make it 24-18.

Trinity's Stevens gave Dunlap a breathing spell by guiding his team to Diboll 11. He scored from there on a keeper play

Score 31-18.

WATCH HIM GO

Adding proof to the fact that he is Diboll's best quarterback, Royce Grimes took the next kickoff and returned it 92 yards for a TD to make the final score 30-24. Two key blocks paved the way for Grimes to get started, then he was on his own. The tiny 135 pounder almost gave way as he neared Trinity's 20, but recovered to score without a hand being laid on him.

A wet ball hindered extra point attempts, although neither team had an accomplished punter.

A FEW NOTES

Trinity's on side kicks probably kept the Jacks from winning a good ball game. Grimes proved that when he took the only decent kickoff for a TD.

Grimes continued his good passing ti end Ken Burnett. Burnett again showed well on defense.

John Lee, a very adept halfback on defense, put on his running shoes . Something he may have done sooner.

There are only 26 more shopping days before Christmas. - - From now until the 25 of December all merchants will be harping on this. Newspapers, radios, and TV advertisements will also proclaim 'so many days until Xmas.'

And, they have a goodpoint too. All of us wait until the last minute to buy gifts, etc.

At any rate, all of us should do as much shopping in Diboll as possible. In years gone by, most of us went to Lufkin and other towns to make special purchases. Especially did we do this at the Christmas season, for the articles were not on hand here.

Saw a copy of the enterprising newspaper from Van, Texas, the other day. It is embarassing, but I've forgotten the name. It's a wonderful weekly, though, and I'm sure it serves the town well. Under the paper's name was one wittiest by-lines I've seen in a long while: "The Only Newspaper In The World That Cares About Van." ....

Evaluation Tests Given Diboll Students In Two-Week Time

During the past two weeks, fundamental evualation tests have been given to students of all grades in the Diboll Public School System, according to W. F. Pate, Superintendent.

These tests are being given to determine just how good Diboll's school system is. They help teachers decide whether a ninth grader should be a ninth grader, according to what his aptitude is on these test series, Mr Pate explained.

Primarily, the tests do four important things: I General achievement evaluation the school; 2 Discovery of 'strong' and 'weak' areas in the scholastic program; 3 Discovery of 'strong' and the 'weak' areas in individual students; and 4 Location of gifted students.

The tests, according to the superintendent, have been given to many thousands of students all over the country and have helped schools to revamp their instruction to suit the mental capacity of all grades. They are not required by law, but are used as a progressive step by individual schools to improve the present school system and provide graduates with a better education.

"We will give another series of these tests in the Spring," Mr. Pate said. "We are in the process of grading the last series. As soon as grading is completed, the results will be made known", he concluded.

Farm Operators Sign Under S-S Laws

Scores of East Texas farm operators have already signed up as employers under the new provisions of the Social Security Act, covering farms, according to a report from the District Manager of Social Security Administration. This means that these farmers have indicated that they have paid, or expect to pay, at least $100 cash wages to one or more hired workers during 1955.

Employer identification numbers have been assigned for the farmers, and they have been pu on the mailing list to receive social security tax return forms for their employees early in January. Meanwhile, they have been withholding the 2 per cent social security tax from cash wages they are paying their own workers. During the month of January, each one will complete the tax return form, showing a name, the social security number, and the wages of each employee who was paid $100 or more in cash during 1955.

Diboll Band Places In Second Division

The Diboll High School Band placed in the Second Division of the annual marching contest on last Saturday at Jasper.

Since the 1st, 2nd, and 3rd place plaques have been discontinued, bands are now placed in one of the three divisions. Diboll, being a Class A school, was placed in the 2nd Division of Class A.

Diboll placed second in the contest last year, prior to the new judging changes.

It received an anonymous letter. However, the letter, instead of having some dishonorable objective, stated tersely: "Southern Pine, I am sending you ten dollars for some goods I took out on approval some time ago."

The envelope in which the anonymus letter and the ten dollar bill came had a cancellation date at Lufkin, Texas, of November 12.

"LET US GIVE THANKS"

Cause for Thanksgiving

The amazing performance of our countrys economy, in face of the dire predictions of the prophets of gloom and doom, is a real and a present cause for thanksgiving, 1955.

We produced goods and services at a record annual rate of $392,000,000,000 in the third quarter of this year. For the first time in history, employment went past the 65,000,000 mark in August. Personal incomes established a record-breaking yearly rate of $304,700,000,000. Building construction reached a new peak.

Business this year showed its faith in America's future by record outlays for plant and equipment, with expenditures for factories, machines and other production equipment estimated at $27,000,000,000.

Truly, let us give thanks!

THE FIRST THANKSGIVING

An Example to Remember

The first crop had been bountiful in the new, strange land; the perils of its wilderness, while present still, were no longer unknown. So the Pilgrims offered prayers of thanksgiving on the day of the feast — girded spiritually and materially against all dangers.

As we today follow, in effect, their example in the festive turkey, so should we be girded as they were that first Thanksgiving, against all who imperil us and our heritage of freedom.

It is from our Pilgrim Fathers' grateful prayers in the wilderness that our present Day of Thanksgiving derives. They set an example in word and deed which we well might remember at least once a year. Even before the Mayfower landed them at Plymouth they had written in their Compact: "We whose names are underwritten have undertaken, for the glory of God, to establish in Virginia the first colony for the advancement of the Christian faith - "

Lions Club To Sponsor Annual Football Banquet On Dec. 9th

H-O-W-D-Y

I get quite a kick out of newspaper headlines sometimes. Saw one the other day that said:— "Horse Sense Good Guard Against Colds". Of course the following article went on to say that we should get plenty of rest and proper exercise, fresh air, fruit juices, etc It was a good common sense article and worth reading.

But it struck me that horse sense can be used against a lot of things. If we all practiced the use of horse sense in our dealings with each other, we could avoid hurt feelings, fights and our jails and penitentaries would be empty.

Think how much we would be saving in taxes. After all, using good horse-sense is just another way of using judgement, which is the final analysis, applying the Golden Rule.

So, why can't we just say that horse sense is a 'good guard',— period.

Another headline said: "Two Priests, A Fireman, and a Pint of Whiskey Saves Suicide"

Seems that over on San Francisco some nut crawled out on the ledge of a seven story building and threatened to jump. A couple of priests happened along and began talking to him in an effort to hold his attention unt[illegible] fireman could get to the nearest window.

He was still out of the fireman's reach so, to entice him to come closer, the fireman held a pint of whiskey out to him and grabbed him as he reached for it. The man was then dragged to safety.

That was an unusual combination to say the least. But as a life saving team it seemed to be effective in this instance. Probably the fellow wanted a drink worse than he wanted to die anyway.

Notice that the hospital in Denver charged Ike only $1.10 a day while he was there. According to the papers, squawks are coming in from all over the country But the hospital authorities say that as commander-in-chief of the Armed Forces he was entitled to free hospitalization, and that the charge was for meals only.

Don't see why folks should complain. In this day of high prices, $1.10 won't more than pay for one good meal. When you stop to think that the man can't ever hope for anymore promotion, looks like they could have given him at least two more meals a day free.

How many of us would relish the idea of living on one meal a day with no hope for future advancement!

Tickets for the annual Football Banquet to be held December 9 went on sale here last week according to Lions Club President, Ralph McGill. The Lions sponsor the benefit each year.

Around 40 guests are expected for the banquet, in addition to a 22 member squad of Lumberjacks. The banquet will be held in the old community center.

McGill reported that a Texas A and M coach would be the principal speaker. However, since their season is not over, Coach Paul (Bear) Bryant was unable to name the speaker at this date.

"We will probably know who it will be by the end of this week," said McGill

Tickets for the banquet are being sold by Lions and are $2 each. One will buy dinner for one Lumberjack as well as the purchaser.

Bryant said in correspondence to Lion officials that his speaker would bring along the full length film of the A and M-TCU football game. The film will be shown at the Community Center immediately following the dinner.

Diboll FFA Class Will Attend Contest

The FFA class of Diboll High School will attend the Area Leadership Contest on November 29 at Huntington.

Advisor Bobby McCurry said that Diboll will enter six different teams in the contest. A team will be entered in parliamentary procedure, skills, quizes, radio broadcasting, and several others.

November 27th Is Boy Scouts Smile Day For East Texas

Sunday, Nov. 27, is Smile Day —the day on which the Boy Scouts do a good turn for the handicapped.

Approximately 80,00 Smile Day bags are being distributed by the Boy Scouts of the East Texas and Lone Star Councils of Boy Scouts of America.

In some of the towns within these two councils, this is the Boy Scouts first Smile Day drive and in others, Smile Day has already become a tradition in which the Scouts and their communities take deep pride.

The discarded clothing collected by the Scouts in their Smile Day drive plays a truly vital role in the operation of Goodwill Industries, the rehabilitation agency which serves the handicapped of North and East Texas. At Goodwill Industries, 270 handicapped men and women from this area earn a living and learn a trade by reconditioning discarded articles for resale to low income families through Goodwill's non profit stores. The income from the sales pays the wages of the handicapped workers.

Rat Tales...

(Editor's Note: Our teller of tales is out of town, so his column will be used this week to give as many deer kills as have been reported. Rat may be hunting, although we doubt he can shoot anything but bull, especially since he has turned honest and quit his wildcat style hunting.)

Unusual luck has been had by East Texas hunters so far this season. Deer seem to be plentiful, if one can judge from the number of kills made. Last season was considered a poor one.

Probably the reason for so many kills is the fact that there are more hunters on the open range, driving the bucks to pastures. And there are certainly plenty of hunters in the pastures this year to make it tough on deer.

Thus far, the following hunters have made kills in the Ryan Lake Club, Arthur Porter, Ray Rector, Paul Tucker, Bob Scoggins, Thomas Wells, Glenn Wells, Eddie Shaw, Jay Boren, Ed Strickland, W. Engram, and Garrison Wilkins. Strickland's kill had the most points, 14, as Tucker bagged an 11 point buck.

Lucky men in the Old River Club were: E. S. Scoggins, A. R. Weber, R. C. White, Jr., and Mr. Horace Stubblefield.

Dick Hendricks also made a kill in Ryan's Lake and Lottie Wimp felled a 10 point buck at Boggy Slough.

A line full of shirttails are on display at Fenley's Cafe. O. D. Stivers was the first to lose his shirttail, but many others have since been added.

Jack Fears Services Are Held Here

Funeral services for Jack Fears were held in the Perry Chapel CME Church, last Sunday at 2 p.m. with the Rev. Geo. Odom officiating.

Interment was in Diboll Colored Cemetery.

Colonial Mortuary was in the charge of arrangements.

FFA Boys Prepare For Sears Contest

Diboll FFA boys are making preparations for the Sears, Roebuck Forestry Judging Contest, to be held sometime this month.

Practicing forestry management on their two-acre plot to the north of Diboll, the boys received $25 92 for pulpwood sales and $8 for post sales.

Heading the 1955 group is president Bobby Chandler. Other officers are Prentiss Carter, secretary; J. R. Telford, treasurer; Don Capps, sentinel; Amos White Reporter; Kendall White, vice-president; and Bobby McCurry, advisor.

Woodville Win District Championship Friday

The Woodville Eagles won the first district championship in 19 years last week when they routed the Groveton Indians, 41-31.

Groveton has long been the powerhouse of this district, although they have been going — 'downhill'—for the past three years. Woodville, on the other hand, will be a short lived champion. Next year they advance to AA competition—and they will lose many of this year's players.

Groveton will probably be back up front in 1956, for the nucleus of their present club is composed of sophomores and juniors.

Diboll, however, can't be worstead, they will be faced with even stiffer competition in a new district. Timpson, Garrison and Cushing will be Diboll's foes next year.

.... DIBOLL THIRD ....

Diboll finished third in a district of five teams this season. The record: Woodville, 4-0; and Groveton 2-1-1; Trinity, 2-1-1; Diboll, 1-3; and Corrigan, 0-4.

At the time of this writing, the Woodville bi-district foe was not known.

Folks around this part of the country think they will win state honors this year—which would be an honor indeed for District

Tips on Touring

By Carol Lane
Women's Travel Authority

Coast to coast without a traffic light . . . driving to South America . . . sound impossible? Not according to automotive experts who have come up with these and many more predictions for the future of highway travel.

At present, there are 58 million cars on the road in this country, and by 1965, it is expected that this figure will increase to 81 million. All these cars, bumper to bumper, would reach around the equator ten times, or stretch to the moon.

Automobiles may well evolve into three types, say the experts. One type may be the luxurious highway cruiser for safe, intercity transportation. The second, for general, around-town driving, will combine maximum passenger space and maneuverability in a small package. (In line with the idea of a small vehicle, don't overlook the open air scooter. It seats two, uses a minimum of gasoline, folds and unfolds in a minute, and can be stored in your larger car trunk, boat, plane, or under the desk—if you're a commuter.) The third type will be the "sports" car, to help you recapture the thrill of driving for pure pleasure. It's excellent for your "Shun-piking" trips. Plastic-body cars are already on the road, but someday, the entire car may be made of plastic, including a completely transparent scenic dome.

A highway modernization program is in progress and it envisions a 40,000 mile national system of intercity highways. This could mean coast to coast without a traffic light in a few years! Plans for the completion of the Pan-American highway are underway, so that drive from "Hometown U.S.A." to South America may someday be a reality.

All this adds up to one thing: bigger, better, safer, driving days for all . . . Here's to them!

Honors Won by Texas 4-H'ers

FOUR Texas 4-H Club members have won all-expense trips to the 34th National 4-H Club Congress in Chicago, Nov. 27-Dec. 1, for their outstanding records in the 1955 National 4-H Clothing, Food Preparation, Garden, and Home Improvement programs.

Texas' 1955 4-H Clothing champion is Regina Ann Cato of Vernon. The 18-year-old 4-H'er has made 134 garments in her club career. She will be the guest of Coats & Clark Inc. at the Club Congress.

Regina made a wide variety of apparel, ranging from aprons to a lined wool suit. She makes all of her own clothes and made dresses for her mother and grandmother. Besides silk and cotton dresses, she has made and lined a wool suit, corduroy jacket, blouses and hat.

Regina served as clothing demonstrator and play leader for her club. This year she attended the State 4-H Roundup as a county delegate and helped with the dress revue where she did the narration. Her leaders are Mrs. Willis Cato and Mrs. C. A. Schmaker.

Regina Ann Cato

J. Toepperwein

Joanne Toepperwein, 17, of San Antonio, a 4-H'er for five years, has been named the state 4-H Food Preparation winner. Kelvinator will be her host at the National 4-H Club Congress.

Joanne has cooked and served over 2,900 meals and has helped with 261 others and planned almost 1,100.

Joanne has been a Jr. Leader under Mrs. R. L. Cook, has been president of the Northside Senior Club and has served on county committees. She has given 10 food preparation demonstrations, and cooks for a family of nine.

She is a member of the Girl Scouts, F.H.A. and other school organizations.

Carol Ansley, of Fort Worth, has won state honors in the 1955 4-H Home Improvement program. The Sears-Roebuck Foundation is providing her trip to the Club Congress in recognition of the work done in making the interior of her home more comfortable and attractive.

In carrying out the project, the 16-year-old 4-H'er helped paint all the rooms in their house. All colors in the interior of the house were selected by Carol. She papered the kitchen and bathroom, and refinished kitchen furniture. She helped cover a chair and worked out a practical arrangement for her dresser drawers.

She is a member of the County Wide 4-H Club of Tarrant county led by Mr. and Mrs. William Watt.

Carol Ansley

Bob Bates

Bob Bates, 18, of Wichita Falls, has been awarded state honors in the 4-H Garden program. His all-expense trip to the Club Congress is made possible by the Allis-Chalmers Mfg. Co.

In his nine years of 4-H, Bob planted 6½ acres in garden. He learned soil conservation, rotation of crops, irrigation and entomology so that he could cope with the elements and insects.

He has given demonstrations showing how to plant and select the best quality vegetables for the table and food preservation. Bob is a member of the City View, Zundy Junior High and Senior High School 4-H clubs led by O. T. Freeman and G. A. Reeves.

All these programs are conducted under the direction of the Cooperative Extension Service.

Argentina's New Leader

BUENOS AIRES, ARGENTINA. — Major General Eduardo Lonardi, longtime foe of Peron, emerged as Argentina's new leader to take over as provisional President. The 59-year-old artillery officer flew to the capital from Cordoba, where he helped mastermind the four-day revolt that ousted Juan D. Peron. He was imprisoned in 1951 for 8 months after an abortive attempt to unseat the government of Peron.

Drink Hearty!

Here is the first bottle cap that is both attractive and colorful, easily applied and removed at a flick. Costs but 25 cents, it's a joy to the hostess because it keeps her carbonated beverages from getting flat for weeks—it holds up to 100 lbs. pressure! The "Major Seal" saves you dollars a year on beverages by enabling you to buy 32-oz. bottles instead of small ones.

Local Collegians Better Dressed

There are 3,045,701 students registered in colleges and universities this year, 104% more than in 1940. Enrollment today is twelve times as great as in 1900.

Local merchants report that as enrollment has increased, so has appearance - consciousness among students.

Our college men, say merchants, are now wearing fashionable new shirts like the above — a hobnail oxford with tiny pin-point checks. Here, the Arrow shirt is smartly set off by an all-silk repp tie and matching pocket handkerchief.
