Diboll Defeats Corrigan, 54-42 In First 1956 District Game

BY AMOS LEWIS

The Diboll Lumberjacks carried their record of 8 wins and 3 losses up to 10 wins and three losses last week as they defeated Joaquin 46-44 and took their first district game by whipping Corrigan, 54-42.

In the first quarter of the tilt Joaquin scored 12 points to Diboll's 10. Miller pumped in 8 of the 12. But in the second quarter it was Diboll the scored 16 to 10. Halftime score of 26-22, Lumberjacks in favor.

COME FROM BEHIND

The Rams came from behind a six point deficit in the final two minutes to tie the game at 40 all. The teams were then tied 42-42 and 44-44, before the Jacks worked the ball in to Ken Burnett. The big center dumped the winning shot and the locals then froze the ball for the remaining 35 seconds.

Burnett was Diboll's big gun with 19 points. The Ram's Miller made 14.

FIRST DISTRICT GAME

The Jacks found the going to be easy enough at Corrigan on Friday night, as they held a ten to fifteen point lead throughout the game to beat Corrigan 54-42. They held a 31-17 half-time lead.

Burnett tallied 25 points and teammate Don Capps chipped in 13. Corrigan's Watson and Boley both had 12.

PLAYED GROVETON

The Jaks were to have gone to Groveton Tuesday night for their secong district game. Hudson beat the indians very handily last week, and a Lumberkack win will show more of what the future holds for them.

COACH BENNIS FRANKS has again given Diboll a winning basketball team. Before Tuesday's game, the club had a 10-3 mark. Coming from a family that specilizes in the coaching field, Mr. Frank's Jacks have the inside track at their first 19-A title in several years.

Hankins and Ogg To Receive Awards

David Hankins and Mike Ogg have been approved by the Pineywoods Boy Scout Advancement Committee to receive the silver award, Ben Weber, District Advancement Chairman, has announced.

Other members of the advancement committee include: Rev. Robert Meier, Dr. Charles Mann, Coy Wade, Jr., and Bill Chapman.

The next session of the Board of Review Committee will be held January 19, at 7:30 p.m., in the Coca Cola Bottling Companys ales room, Weber said.

Tax Assessor Visits Diboll Tuesday

Angelina County Tax Assessor and Colllector D. B. Byrd was in Diboll Tuesday for the purpose of collecting taxes for 1955 and issuing poll taxes for 1956.

Mr. Byrd told newspapers in this area last week that he had a hunch 1956 would be a record year for the poll tax, since this is an election year and the fact the county's voting population has increased from last year.

Mr. Byrd was to have set up his collection desk in the lobby of the Diboll State Bank.

Bobbitt-Rice Vows Are Solemnized

Miss Billy Ray Bobbitt was married to Seaman Robert L. Rice on November 26 in Long Beach, Calif. The single-ring ceremony was performed in the Westside Church of Christ at 4 p.m., by the Rev. James L. Shields.

The bride is the daughter of Mr. and Mrs. J. D. Bobbitt of Diboll. The groom is the son of Mr. and Mrs. Robert L. Rice, Sr., of Washington, Georgia. He is stationed aboard the USS Enhanse as a seaman.

The couple make their temporary home in Long Beach.

Little "D"

DOROTHY NELL WEEKS—and son, MORRIS, returned to Odessa for a visit with MR. and MRS. A. G. BLACK, who were in Diboll over the weekend --- MARGIE BOBBITT reporting on sister's wedding - - W. F. PATE and DOUG WARNERS among group enjoying Sunday dinner at Provost's - - CLYDE THOMPSON catching up on office work Sunday - - MRS. JOE YOUNG taking a rest after she broke her arm two weeks ago - - JANICE FOX in a rush to see TV show- -

Pay your poll tax, the cartoon says. You can pick your candidate only if your poll tax is paid —If you want to gripe about political representation, do it legally—after you've voted.

It always makes you feel good to see an old friend and associate going places. So it is with our good friend, Bob Bowman.

At present, Bob is finishing school at Tyler college. He is employed by the T. B. Butler Publishing Co. of Tyler, publishers of The Tyler Courier Times, Tyler Morning Telegraph and Sunday Courier-Times- Telegraph. Bob is also editor of the college newspaper, so it goes without saying that he is jumping with ambition.

Next week we have a feature story on a former Dibollian everyone will want to read.

It concerns football, and when one speaks of football in Diboll, Elmer "Hot Dog" Thompson and one you won't want to miss. We think it's a good story, too.

Notice that the Lufkin Publishing Co. purchased the Crockett Democrat last week.

Congratulations to that company and W. R. Beaumier. We hope the Democrat enjoys the success of all their other publications.

I think Bennis Frank's basketball team is moving a bit fast for most of us. It is true that he has fashioned an excellent team this year, as the team's 11 to 3 record shows.

The team is certainly good enough to warrant more fans than have been seeing the games. The district home opener is tomorrow night, Friday at Lumberjack Gym.

Anybody can enjoy a home team that is on a winning skien. You should, then, enjoy the Lumberjacks tomorrow night as they tangle with the Woodville Eagles at 8 p.m.

—PAUL DURHAM

JANUARY

Jan. 12, 1839—The first iron was made with anthracite in Mauch Chunk (now Jim Thorpe) Pa.

Jan. 13, 1834—Born, in Revere, Mass., Horatio Alger, who was to write more than 100 up the ladder books for boys.

Now there's a screwdriver that drives screws around corners.

A GREAT AMERICAN

HIS GREATNESS GROWS

January 17 is the 250th anniversary of the birth of Benjamin Franklin, whose greatness as American patriot, diplomat, philosopher, grows with the years.

Franklin's was the only name signed to all four basic documents of our beginnings: The Declaration of Independence, the Treaty of Alliance with France, the Treaty of Peace with England, and the Constitution.

CHAMBER OF COMMERCE NEWS

The Chamber of Commerce, through the Legislative National Affairs Committee, W. R. Beaumier, Chairman, will sponsor a Business Leaders Conference here on January 23, J. B. Perry, Jr., president of the local Chamber announced.

Members of the Executive Committee for the chamber met Friday with Mr. Lester G. Flesner, District Manager of the U. S. Chamber of Commerce and selected the date for the conference.

The conference will be held at the Angelina Hotel at 6:30 p.m., in the form of a buffet dinner. Members of the chamber of commerce are being urged to make reservations for the dinner conference.

One of the unique features for the program will be a "Discussion 66" forum so designed that all those who attend will participate in the program in groups of six people.

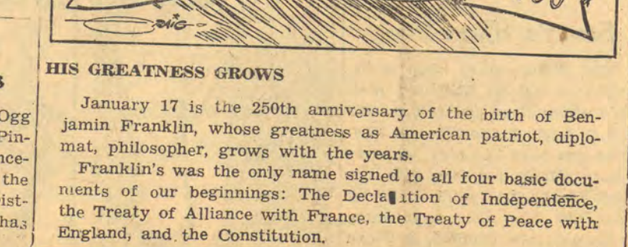

The conference was scheduled for October, but due to a conflict with the Community Chest Drive the conference was postponed.

NOTICE

The Diboll News-Bulletin has set its political announcment rates which will be in effect for the forthcoming year. The rates are: federal and state offices, $25; district offices, $20; county offices, $10; commissioners, $7.50 and local announcements, $5.

For this rate the candidate will get a formal announcement and his name will be carried in a political column. Cash with the announcement order is required.

For further information, candidates should contact the editor by dialing 2546.

Booster Club Planning Field House For Diboll Athletes

447 Workers Hear Dr. T. C. Gardner

447 Training Union Workers of the Unity Baptist Association packed the auditorium of the First Baptist Church in Corrigan Sunday afternoon to hear Dr. T. C. Gardner, State Baptist Training Uunion Director. Dr. Gardner has been in Training Union Work since its very early days when it was known as B. Y. P. U. and designed to meet the training needs of young people only. Today training union prepares material for everyone from the cradle roll department through the senior adults.

Dr. Gardner reported that the average attendance gains over a five year period for Texas training unions has been 829 per Sunday.

The First Baptist Church of Diboll won the banner for attendance at this meeting. "We would never have won it with the crowd who attended from the other churches, without the fine support from the Lakeview Baptist Mission," Bill Saxton, Training Union Director of the First Baptist Church said.

Services Are Held For Infant Daughter

Funeral services for Wanda Gail Kennedy, infant daughter of Mr. and Mrs. Alvin B. Kennedy, Sr., were held at 2 p.m. on Thursday at the graveside in Ryans Chapel Cemetery with the Rev. Sam Prewitt and Rev. Don Turner officiating.

Wanda Gail was born Wednesday, January 4, 1956 in a Lufkin hospital and died four hours later.

Survivors include her parents, Mr. and Mrs. Alvin B. Kennedy, Sr., of Diboll; one brother, Alvin B. Kennedy, Jr., of Diboll; her grandmother, Mrs. Beulah Goins of Diboll; her grandfather, Mr. Hugh Kennedy of DeKalb.

Gipson Funeral Home was in charge of arangments.

Bro. Don Turner Attends Meeting

Pastor Don Turner of the Fst. Baptist Church, attended the evangelistic conference in Fort Worth this week. This annual meeting of pastors and evangelist has grown to such an extent that only Ft. Worth with its coliseum can accomadate the audience!

The theme this year was "Ye Are My Witnesses!" Earh year many Pastors and Laymen from other states come to Ft. Worth to attend this great meeting Bro. Turner said. "I believe it is one of the finest meetings we have," Bro. Turner concluded.

Attend Church This Sunday

Johnny Waldie, president of the Booster Club, presided at the club's bimonthly meeting at Thursday noon at the Youth center.

Club members discussed the amount of money raised by selling chances on the five $100 bills recently. Closing estimates on the profit are about $250, although some of the pledges are still out. Proceeds will go toward constructing a fieldhouse for Diboll athletes.

DISCUSS ROAD

Another project was introduced by Waldie at the Thursday meeting. He suggested a small pathway be cleared between the new Diboll High School and the football field. This would enable members of the band and football team to travel back and forth without getting on the main road leading to the football field.

Waldie pointed out that this would make a shorter distance between the two points, but as mainly it would decrease the crowd of pedestrians that clog the road to the football field following a game.

"All that is needed", Waldie said, "is to ask permission of Southern Pine Lumber Co., to clear the right-of-way for the small road, and construct one small bridge across a drainage near the field."

MAY HELP YOUTH

The Youth Center, on which the Booster Club has already spent several hundred dollars, was also discussed.

Members had voted earlier to make arrangements for a joke box to be installed. President Waldie suggested that a hamburger stand might be added for Friday and Saturday nights.

The Club would hire a cook and provide the food. Hamburgers and sandwiches would be sold to pay expenses, on non-profit basis, Waldie said.

MOTION TABLED

Part of this postponed until the next meeting, while several members will try to locate a reasonably priced juke box.

Volunteer Firemen Called To Wreck

The Diboll Volunteer Department was callled to help fight an uncontrolled fire at the scene of the Southern Pacific freight train wreckk, two mile north of here, last Saturday afternoon.

Diboll firemen worked with firemen from Lufkin in fighting a blaze feeding on rolls of newsprint and pulpwood.

The fire was not reported as a big one but the source was dificult to extinguish.

The Diboll crew was recalled from the train wreck at 3:30 p.m. to fight a woods fire south of town, however.

GRASS FIRES

Diboll's EFD has been answering many calls daily to extinguish grass and small woods fire. So far, no major forest fires have been reported in the Diboll area, although towns north of here in the Rusk vicinity have battled the woods blazes for two weeks.

Southern Pine Lumber Company planes, ground equipment, and men have been on a 24-hour vigial in an effort to prevent a repetition of the disastrous Boggy Slough fire of 1952.

NOTICE

W A. "Wild Bill" Jones and L. D. "Red" Smith are in a dither.

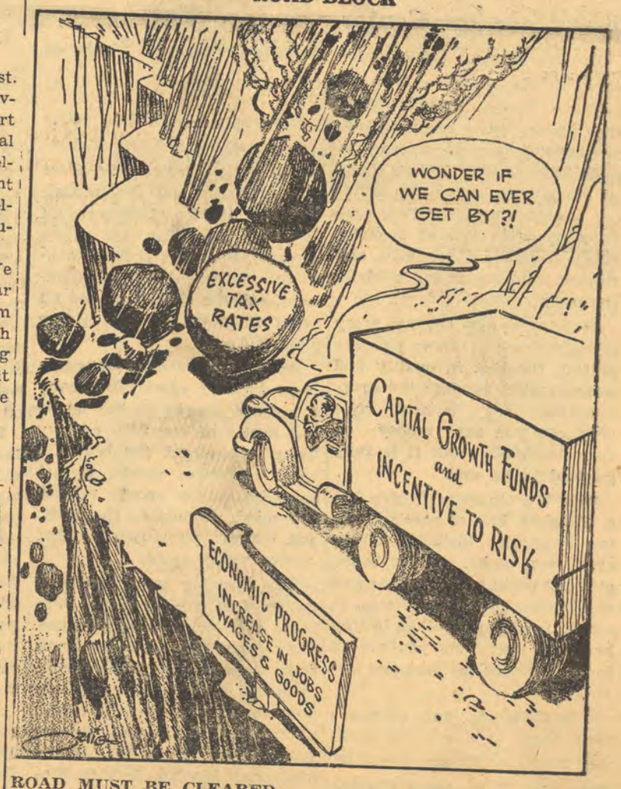

A couple of months ago the two got together and figured a way to build a small, inexpensive fence at High School Stadium. The fence was designed to keep spectators off the playing field.

The two have since worked diligently in appropraiting neccesary funds with which to buy the posts and pickets.

For the past three weeks, however, they have been unable to collect the remaining $15.75 necessary to finish buying materials.

Would you like to help?
Contact either Bill or L. D.

ROAD-BLOCK

ROAD MUST BE CLEARED—

Tax discrimination — the excessive, steeply-graded surtax rates — has destructive effects that go far beyond the penalties on those who bear the heavy burden.

They form a "tax block" to the economic growth of our country—to the investment in industrial plant and equipment, investment in jobs, which will be needed on a vast scale to provide for our rapidly growing population. Thus, our present tax structure adversely affects everybody.

Removal of these blocks on the road to economic progre

Breeders Know

One Out of Five Calves Will Die!

Of every five calves dropped last Fall, one will die before it is six months of age. Faulty management and poor sanitation are often the reasons. But poor nutrition is a contributing cause, too.

Calf feeding may not be sufficiently balanced to maintain calf health some nutrients lacking or a poor balance in all. Good feeding includes these practices:

1. Calves are *gradually* weaned from whole milk or milk replacements. A safe age at which whole milk or milk substitute may be replaced by a suitable starter—grain mixture and roughage—depends on their vigor. Usually six weeks can be considered a safe age for this change.

2. Calves are turned out to pasture as soon as practicable after four months of age. Continue to provide the usual feed and allow access to salt, water and shade. (While grass is an excellent feed for mature animals, it does not contain enough essential *growth*-permitting nutrients for calves. As a result, they easily fill their smaller stomachs with grass and are still nutritionally deficient.)

3. A selection of branded feed with a *balanced* content is a very necessary diet supplement.

Experiments in agricultural colleges and laboratories have repeatedly shown that well-fed calves using a balanced diet grew faster, had sleeker coats at four months, carried more flesh and were larger. Calf losses were negligible.

Assuming proper sanitation methods, farmers who give proper feeding the attention it deserves will cut their calf losses to the vanishing point, says the Agricultural Service Department of Union Bag & Paper Corporation, makers of multiwall paper feed bags.

34 S. P. Freight Cars Derailed Near Diboll

The only news in Diboll the past week has been the big Sp. P. feight train wreck just two miles north of Diboll, in which 34 cars were strewn hither and yon.

At least that's the only news as far as Mr. and Mrs. Franklin Taylor are concerned. For, since the S. P. disel left the tracks and crashed 34 cars hurly-burly behind it, the Taylors have done nothing - - nothing that is but drink coffee and to discuss the now famous wreck.

SAW IT HAPPEN

Frank Taylor was awakened by what must have been the first tremendous crash as the box cars began piling from the local tracks, located just across the old highway about 100 yds. from his front doors.

Frank describes it at random: "I jumped out of bed and looked out through the blind. All I could see was fire and smoke up and down the tracks.. There was also fire down the old road.

"My first thought was that the sparks being thrown off by the grinding metal might ignite oil or gas tankers, if there were any. I grabbed the kids out of bed and took them back for protection.

"When everything had quieted I went out front and looked around. It was too dark to see much. I went back inside, turned the light on, and started to call the Lufkin phone operator. She came on the line a few minutes later as the train's conductor knocked at the door.

said how glad he was to see our light come on, since it was the only light in the neighborhood at the time. After he had made his phone call I drove him and the engineer to Diboll to the S. P. Depot there."

COFFEE BREAKS

Elaine Taylor says that her coffee pot hasn't been cool since the wreck occurred.

"I know it's silly of me," she says, 'but while there is so much excitement outside, I can't bring myself to do any housework."

The Taylors say they have the S. P. workers. Their telephone, too, as employees call their wives, and executives manuever their clearing operation, has come in handy.

It is fortunate, the couple agree, that no one was hurt in the accident and that there were no inflammables in the cars to endanger their nearby home.

Frank summed it all up this way: "We wish we could have been of more assistance, but the S. P. men are so efficient they don't need much help.

"This is probably a once-in-a-lifetime experience for us, and though it has been exciting, I'll be glad when it's all over—so my wife will have my meals on time and get the

Readers are invited to stop in Ray's Auto Supply and look over their display of equipment. They have a complete selection of the Maytag appliances and accessories as they are a franchised dealer.

No amount of effort is spared by the management to see that every customer becomes a permanent friend.

We strongly recommend this firm to the people of this area, and recommend their many services.

If you need the services of a washateria, then be sure to take your clothes to Ray's Washateria located at 915 Atkinson Dr. in Lufkin, Phone 3-7418.—You'll be very pleased with the rapid courteous service.

A Doll Among Dolls

Folks at the New York Life Insurance Company usually have a wonderful Christmas, perhaps because they give a wonderful Christmas to others. This holiday season, as in more than 30 seasons past, underprivileged youngsters in the New York metropolitan area will find their stockings filled with toys, games, books and dolls—big ones, little ones, —blue-eyed and brown-eyed. Supervising the job of bringing the dolls and the kiddies together is Audrey Acquiviva, who is shown here with part of her 1,200-member family. The dolls are purchased and dressed by New York Life employees, who once again are helping Santa make it a merrier Christmas for New York's underprivileged.

IT'LL OPEN THE DOOR!

Tips on Touring

By Carol Lane
Women's Travel Authority

You may not turn in your car every year — but at New Year's you can turn over a new leaf and resolve to take better care of it. Here are some pointers on protecting your car in winter.

Snow damages a car more than rain because it sticks underneath, rusting and corroding parts. The same action results on chrome and paint. The remedy for this is frequent washing.

You can do your car another service by changing oil more frequently in winter than in summer. Cold starts rub tiny particles of metal off engine parts until the oil begins to flow. The particles, carried by the oil, act as abrasives all through the engine. You can get rid of them by putting in fresh oil.

If you notice a steaming engine while you're riding along, chances are the radiator has frozen. Pour water into the radiator until you melt the ice that's blocking circulation. Serious damage to your engine may result if you continue driving to melt the ice. If you find yourself in a pinch, use melted snow — but a word of caution — pour it in slowly and keep the engine running. Sudden chilling may crack the engine block.

Here's a word to those who run the risk of getting stuck in the snow or mud. Roll and store two pieces of metal lath in your trunk. Wedged in front of the rear wheels, the metal lath provides good traction.

The best New Year's resolution of all is one everyone should make everytime he gets behind the wheel: Drive Safely.

"If we ever get smart enough in this country to make it as easy for a kid to buy a small bottle of milk as it is for him to buy a bottle of a lot of other things, both the dairy industry and the kids will be better off."
— George Mather

Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

HUMBLE

Texas In Review To Show Texas Factory

Cap pistols have a particular place in the hearts of youngsters and oldsters alike. Particularly those "shootin' irons" that pack an authentic flavor of the Old West, like the Nichol's cap pistols made right here in Texas.

Next week, The Humble Company's TV program, Texas in Review, will feature films showing the step by step manucafture of cap pistols at the Nichols Industries, Inc. plant in Jacksonville, from the raw metal to the finished toy in the hands of a small 'cowpoke'.

Monday, Jan. 16, Texas in Review can be seen on KTRE-TV Lufkin, at 10 p.m., and WOAI-TV, San Antonio.

THE FACT IS

Despite reckless statements made from time to time by so-called economic "experts" [illegible] should — and do — know better, the returns which [illegible] Americans receive from shares in companies, bought with their savings, have lagged behind the increase in other forms of income.

For this is the love of God that we keep His commandments: and His commandments are not grievous.—(I John 5,3.)

We may profess with words and gestures that we love God and yet by our actions which violate even one of His commandments, be a living denial of our protestations, in church or out. Loving God, obeying Him, is no part-time, half-hearted thing.

NO COMMENT

Washington — Those of you who are counting on collecting social security benefits when you become 65 would do well to pay more than passing attention to social security proposals now pending in Congress.

There is a substantial group in Congress who are fearful that some of you may not collect unless the present tendency toward increasing benefits and broadening coverage is restrained.

This group of Congressmen is afraid that the tax rate will become so high to pay for bigger and expanded benefits—that the public will balk and the entire structure will collapse.

The big fight will be over a bill—which swept through the House—to provide benefits to women at 62 instead of 65, to provide disability benefits for those over 50, and to extend coverage to most of the self-employed.

To finance the program, the tax on employers and employees would be raised at once from 2 pct. to 2½ pct on each and by 1975 would jump to 4½ pct on employers and 4½ pct. on employees.

This program admittedly is a "foot in the door" proposition. The real objective is a full federal disability program and benefits to women when they become 60. And, for this purpose, you can be sure that most women will admit being 60.

The program was conceived by Democratic members of the House Ways and Means committee. It was intended to embarrass the Eisenhower Administration and to encourage votes for Democrats in next November's elections.

So fas as the House was concerned, it was a huge success, passing by 372 to 31 vote. Republican jumped uneasily on the bandwagon, fearing that a vote in opposition would jeopardize their political future.

Democrats on the ways and means committee had turned down Republican requests for public hearings at which the multi-billion-dollar cost and the other dangers of the legislation could have been emphasized.

Safety-First in the Swiss Alps

In Switzerland — where every man's a soldier — the advent of winter adds still another task for the country's hardened troops. Here, a seasoned patrol, members of a mountain brigade, makes an ascent high in the St. Gotthard Region of the Swiss Alps keeping tabs on existing snow conditions in the area.

Continual training received by Swiss Army Units is credited for the exceptional fitness of her soldiers whose diligent patrolling and precision-perfect action on snow blanketed alpine slopes has maintained a near perfect safety record among daring, high-altitude skiers and mountaineers.

For additional facts on Switzerland write Dept. F-12, Swiss National Travel Office, 10 West 49th Street, New York 20.

HEARING BAD?

If so, you will be happy to know how we have improved the hearing and relieved those miserable head noises, caused by catarrh of the head, for thousands of people (many past 70) who have used our simple Elmo Palliative Home Treatment in the past 16 years. This may be the answer to your prayer. NOTHING TO WEAR.

Here are SOME of the symptoms that may likely be causing your catarrhal deafness and head noises: Head feels stopped up from mucus. Dropping of mucus in throat. Hawking and spitting. Mucus in nose or throat everyday. Hearing worse with a cold. Hear — but don't understand words. Hear better on clear days. Worse on rainy days. Head noises like crickets, bells, whistles, clicking, escaping steam or many other sounds

If your condition is caused by catarrh of the head, you, too, may likely enjoy such wonderful relief as many others have reported. WRITE TODAY FOR PROOF AND 30 DAY TRIAL OFFER.
