☆

Our story this week dealing with forthcoming trustee electioons and other pertinent matters was delayed. Next week's edition will carry results of the trustee election, with possible reports on rumored school consolidation, etc.

☆

Listening to a broadcast the other day by Cedric Foster, I was impressed by the progress made by the Crossett Lumber Company of Crossett, Arkansas.

Mr. Foster told of the many things Crossett is now doing so well and of improvements planned for the future.

His broadcast was direct from the town of Crossett (a town of about 5,000) via MBS and KTRE radio in Lufkin.

It seems that the progress being made at Crossett is similiar to that in Diboll. Mr. Foster explained that though most of the town's progress has taken place in recent years, the town is now building steadily and permanently, rather than bulging with a periodic boom.

This, I think, is the manner in which Diboll has progressed during the past eight or nine years. More business and small industry has located here, payrolls have increased and show a tendency to keep increasing,—in short, Diboll is steadily building into a cleaner, more permanent town.

☆

E. A. Farley passed from the ranks of man last week.

His service to Southern Pine Lumber Company and Diboll cannot be easily forgotten. Devoted to his job, his family, and to society, I can briefly and humbly say that Eddie Farley's high standard of character may serve as a guidepost for us all during our most trying times.

Election Saturday To Draw Record Vote

Election of trustees for the Diboll Public Schools Saturday, April 7, is expected to draw a record number of voters, judging from names, placed on this year's ballot.

Running for re-election are George (Rat) Johnson and J. Carr. Vieing for a place on the board are: C. F. Lord, Harrison Weeks, Calvin Lawrence, and Jewel Brown.

Only 147 votes were cast in the last trustee election, according to secretary-treasurer Jack Sweeny.

Polling place will be the local school cafeteria. Any citizen having his poll tax receipt and SOME rendered taxes is eligible to vote, said Sweeny.

Little League Play Begins Here At Close Of School

Official games in the newly formed Diboll Little League-Pony League will probably begin the week following the close of the school year, says Calvin Lawrence, president of the organization.

An open meeting was held by officers of the organization last Tuesday night at Diboll High.

Various phases of the leagues were discussed.

Darwin Kerr was elected umpire-in-chief of the league. D. C. Holder and Woodrow Crawford will handle concessions at Little League Park this season.

FRANCHISE OK

Franchise for the league was granted the Diboll organization earlier this year, following a meeting at which Mrs. Onita Hendricks was elected secretary and treasurer, W. F. Pate as vice-president, and Lawrence as president.

Mr. Lawrence said that about $300 worth of equipment was voted on and will be purchased for use by the league this year.

GAME TIME SET

It was agreed that game time would be 6:15 for all games.

Last year Diboll supported, seperately, both a Little League and Pony League. The only difference is that finances, officials concessions, and umpiring will be directed from a central point. Last year this was done by two different groups.

MEETING SET

Another meeting will probably be held before play begins, Mr. Lawrence said, to iron out other problems which might arise.

HUGH DAVIS

THE NEW MANAGER of the Diboll Gulf Station is a former Dibollian. Hugh has operated his own station at Port Arthur for some time before returning to Diboll. Of Course, Hugh believes in his product, as evidenced from the above picture. His parents are Mr. and Mrs. Oscar Davis of Diboll.

Tennis Court Project Planned For Diboll

Ralph Magill of the Diboll Lions Club said this week that plans for a modern tennis court for Diboll were being investigated.

Magill is working with engineer Pop Rich in contacting the fence companies in an effort to determine approximate cost of the court.

The Lion's President said that the idea is strictly in the investigating stage and that minimum costs must result from the investigation if the plan is carried through.

If it is built, the courts would probably be built clolse to the scout house or new community center.

DAN FENLEY

HAS RECENTLY announced for re-election as constable of Precinct 5. On the job day and night, Dan told the N-B last week that 'his record should be platform enough for the coming election.

Work Progresses On New Cafe Here

Work progressed this week on the new cafe under construction in the Village.

Hampered at the start of construction by inclimate rainy weather, carpenters and bricklayers are moving steadily. Officials of Temple Associates contracting firm estimated that a 60-day period would be needed to complete the building.

The cafe, with name and operators yet unannounced, is located between Diboll Insurance Agency and Village Furniture Co.

Diboll To Have 44 Grads This Year

Diboll High School will produce the llargest graduating class in the history of the school this year.

Principal Robert Ramsey said last weekk that the class is the largest since the one of 1950 when 35 graduated. A class of 38 seniors, mostly boys, graduated here in 1947.

Enrollment at DHS has grown steadily since 1947, however, and the principal said that classes even larger than 50 would probably be graduated in a few years.

Mrs. Thompsons Named Chairman

Mrs. E. D. Thompson of 1702 South First Street, Lufkin, has been appointed Chairman of Women's Activities, U. S. Savings Bonds for District No. 19.

Mrs. Jack Hopkins, the State Chairman of Women's Activities had this to say about the women's organizations: — "Women's Savings Bonds Coommittees in every community play a key role in the tremendously important Savings Bonds Program. We know that Savings Bonds have a direct connection with the value of the dollar, and women, who spend approximately 80 pct. of the income, should have more facts about these bonds."

Constable Recovers Stolen Goods Saturday

Constable Dan Fenley this week had a word of caution for the people of Diboll and surrounding communities.

Stolen goods are believed to have been hidden in the woods west of Diboll by Andrew Havard and Gerald Howard, who were recently tried by a grand jury for burglaries in Angelina county.

Constable Fenley said that two .45 pistols were among the goods given to him Saturday. Fenley last week located one of three .45 pistols and a set of silverware in thearea west of town. A 30.06 rifle is still missing.

"Evidently, folks are afraid they might be implicated in the crime if they turn the stolen articles over to authorities" said Fenley.

"This is not true", he said.—'But persons can be arrested if they find any of the goods and do not report them. "The pistols and rifles were taken from a nearby National Guard Armory and Belong to The United States Government."

Other loot stolen by Havard and Howard is believed missing, also.

Fenley said that he would advise anyone knowing the location of any other items to contact him immediately. He said that local people had been very cooperative in reporting location of items lost in the burglaries, but that he felt this note of explanation necessary to those who might be in doubt about resulting penalties.

Havard, a former resident of Diboll, and Howard admitted to burglarizing the M. M. Flournoy store at Shawnee Prairie.

The sentenance has not been passed, though punishment will be set according to the action of the recent grand jury.

The pair burglarized business firms throughout a ten-county area during January and February.

Jacks Warm Up For District Track Meet At Huntsville

Coach Erwin LuBose took his Lumberjack track team and field men to Livingston on last Wednesday to participate in an un-official triangle meet. Diboll competed with Corrigan, Hudson and Livingston trackster's in the preparation for the district track and field meet to held on Saturday, April 7 at Huntsville.

The meet represented schools from the southern half of the district. Trinity, Groveton, and Madisonville compose the other half. All will be represented at Saturday's meet, with Madisonville holding a slight edge as far as this district is concerned.

LOTS OF SPIRIT

DuBose said that the Jacks showed a lot of competitive spirit in the Livingston meet. Many of the boys had never participated in such events.

Twelve of fourteen scheduled events were held, with Diboll winning at least 6 first place births, and three seconds and thirds.

A few of the un-official times were: 440 yard dash, Wiley Courtney, 57 seconds; James Grover and Glen Smith only boys to jump 5'4" in high jump; Royce Grimes, first in pole vault; Glen Smith second in broad jump at 17' 88"; Red Rector in shot put with 38' throw; Pinkerton third in shot put; Smith first in discus throwing; Carroll Black was third in his first mile run; and Royce Grimes beat Corrigan's Buddy Chishold in the 100 yard dash.

Temple-White To Get New Office Building

H. C. White, Sr. told the News Bulletin this week that plans for a new office building had been approved, and that a construction date will be named soon.

Temple-White, one of the largest manufacturers of round handles in the U. S., has occupied its present offices since '39.

The new building will be completely modern, and will cover 2800 square feet of office space. Outside walls will be of a brick veneer.

Seperate offices for secretaries, book-keepers, salesmen, and executives will be incorporated in the building. A spacious lobby with coffee bar, and a long hallway will add office privacy.

Construction work will be done by Temple Associates of Diboll.

OTHER PLANS TOLD

Mr. White also revealed that an 80x120 foot steel storage shed will be constructed on the ground where the present offices are located.

The company's drying yard or 'green yard' will be transferred to the same location. The entire storage area will be asphalted.

Plans for a dry kiln are now pending. Absolute decision on that part of the expansion and improvement program will follow end of office construction.

LOOKING AHEAD

Mr. White said that these - - - plans hinged on the idea of expediting flow of material to and from the handle factory. All plans are being drawn with the possible future expansion in the mind.

The new offices will be located about 100 yards south of the present location. Front oof the building will face the factory, to the north.

Parking lot for office employees will be located near the new building. A lot for factory workers will be placed to the east of the building. Both building and parking lots will occupy lots which only recently housed the houses belonging to Southern Pine Lumber Co.

Residence homes have been moved from the northern part of the Temple-White area. Expansion plans for that area have not been disclosed.

DIBOLL **CORRIGAN**

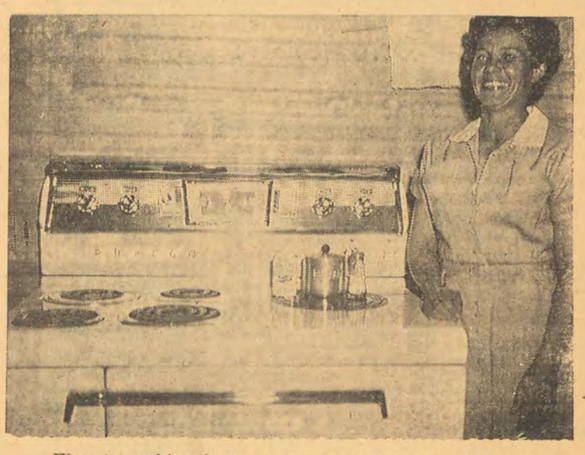

Mrs. Clyde Rector of Diboll is shown as she prepares to remove food from her PHILCO home freezer. Mrs. Rector has nothing but PHILCO appliances in her home, and her thought on good home appliancesis; "Nothing but PHILCO for me".

Oliver Bradley, teacher at H. G. Temple High School, enjoys this table model PHILCO TV as one of the most relaxing habits of his busy day. A good TV program is relaxing after a rough day at the school, and any TV program is better on a PHILCO.

Mrs. Louise Mc Kinney of Burke, Texas, gets near perfect reception from this PHILCO TV from Village Furniture Co. "I'll take a PHILCO any time", says Mrs. McKinney. Her sentiments are exemplified by the hundreds of PHILCO TV sets now being sold in this section of East Tex

Electric cooking is fast becoming a trend in this section. Proof positive of this new clean, fast and luxious method is this beautiful PHILCO range belonging to Mrs. Lamar Bunch of Diboll. All the dials are up front and easy to reach. And Mrs. Bunch doesn't have to worry about soiling wallpaper and woodwork in her kitchen. This rahge, and many others of various prices, is from Village Furniture.

GOVERNOR SETS TEXAS CANCER CONTROL MONTH—Governor Allan Shivers is shown above as he signed a strongly worded proclamation this week declaring April as Cancer Control Month in Texas, urging all citizens to support the educational fundraising crusade of the American Cancer Society. With the Governor are Joe Polichino (center) of Rosenberg, 1956 ACS crusade chairman for Texas, and Maxwell T. Dalby (right), crusade director for the Society's Texas Division. Governor Shivers designated April 17 as Texas Cancer Control Day—a day on which thousands of ACS volunteers will make a concerted statewide effort to tell all Texas citizens lifesaving facts about cancer.

Appaloosa Horses To Be TV Feature

Appaloosa horses will featured next week on the Humble Co. T-V. program, Texas in Review. Oonce used for war, racing and buffalo hunting, the Appaloosa is now used for handling stock, pleasure riding and in parades. There are only about 100 registered Appaloosa horses in Texas.

No two Appaloosas are colored alike but have a white ring around the eyes, parti-colored skin and parti-colored hoofs.

Horses of this rare color can be tracked back to 500 B.C.

They were probably brought into this country by the Nez Perce Indians who got them from the Spanish in Mexico about 1730.

Another interesting feature will show work being done at the Graham-Hoeme Plow Co. at Amarillo. The Graham plow is known throughout the world and is designed to break through the subsoil crust so that water will go deeper into the soil.

It is known as the world's largest plow, coming in widths up to 45 feet.

Texas In Review can be seen Sunday, April 8, on Kprc-TV In Houston, 10 p.m. and KTRE - T-V, Lufkin, 10 p.m.

AN UPHILL FIGHT

There is some increase in sentiment evident on Capitol Hill in favor of legislation to prohibit the expenditure of labor union funds for political purposes in the 1956 and subsequent elections.

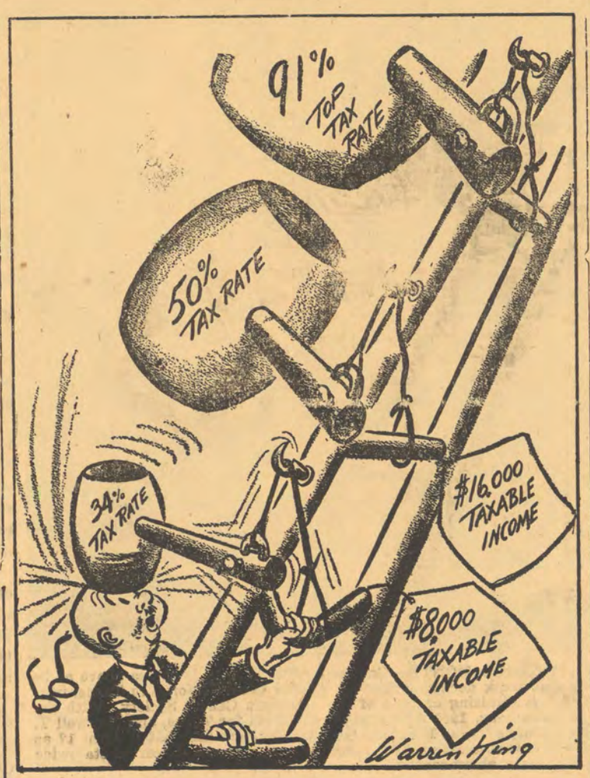

The drive is being spearheaded by Senator Goldwater of Arizona and Senator Curtis of Nebraska.

They have introduced a bill which is designed, among other things, to protect union memzers belonging to one political party from having union dues, which they have paid under compulsion, used in a primary or a general election in behalf of a candidate or another political party.

Admittedly, the Senators face an uphill fight. They will need lots of support if their proposal gets anywhere in an election year.

The combined CIO-AFL seeks a $15,000,000 political fund by means of $1 each from the combined 15,000,000 members.

THE LADDER OF SUCCESS!?

N. D. Bartlett To Receive Tribute

Austin—N. D. Bartlett, oil editor of the Amarillo Globe-News since 1927 and dean of Texas oil writers, will receive an industry tribute at the tenth annual meeting of the Texas Independent Producers and Royalty Owners Association, April 15, 16, and 17 in the Statler Hilton Hotel, Dallas.

Said A. P. King, Jr. the TIPRO president, in announcing the award: "Regardless of its contributions to its state and nation, an industry cannot hope to fare well in the public mind or in the legislative chambers unless there are men like N. D. Bartlett, capable and willing to ferret out and print the true — facts. He fully understands the struggle faced by independents in the day to day business of finding and producing oil, and he has sought over the years, to report this struggle to the reading public in a which shows clearly that the public is the ultimate beneficiary."

"From the Crown Block," Mr. Bartlett's lively newspaper column, has been a feature of the Amarillo paper for 28 years. In it, he has kept a shorp and a sometimes critical eye on the oil and gas industry. Now 75, he has been a newspapprman for 60., pears.

Attend The Church Of Your Choice

Attend

Church

Every

Week

Shall I force my child to go to Sunday School and Church?

Yes, definitely!

Startled? Why? How do you answer Lucy when she comes to the breakfast table and announces, "I'm not going to school today!" You know, Lucy goes.

How do you answer when Lucy comes in besmudged with dirt and says, "I'm not going to take a bath!" You know, Lucy bathes.

How do you answer when Lucy, threatened with illness, says, "I'm not going to take that medicine!" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what Church she'll go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about ". . . . too much religion when I was young . . . . parents made me go?" This tale is obviously false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Lucy when she announces she doesn't like Sunday School and Church. That's easy. Be consistent.

By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess—Christian habits and ideals.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
