Consolidation Vote On Burke - Diboll Schools

RALPH W. YARBOROUGH

Ralph W. Yarborough of Austin, pledging to "build a structure of morality" in state government, has announced his candidacy for the Democratic nomination for governor of Texas.

Yarborough announced a platform "of progress including water conservation, drought relief, higher old age pensions, improved schools with adequate teacher pay and adequate retirement pay, adequate classroom space, a youth development program, a juvenile delinquency program" based on "broad general humanitarian principles." He said he would take his campaign in person "to the people in ever corner of this great commonwealth."

Yarborough made his announcement simply to the press, in contrast to the statewide radio and television broadcasts of the other gubernatorial contenders.

"Humbly I accept," Yarborough said, "the commission of duty you have given me in tens of thousands of messages — to lead the fight for the good name of Texas.

"The people of Texas want a new state government, free of entangling alliances and partnerships with the outgoing administration. Texas wants a state government free of the policies of the past and capable of independent action."

Yarborough added: "I pledge the people of Texas the restoration of honor, integrity and dignity in their state government.

"To every one of the 693,132 Texans who voted and worked with us in the hard campaign of 1954, I extend my thanks and gratitude. I urge each of you, and all Texans who believe in the triumph of honesty and morality, to join us in this crusade for a new administration in Texas."

FOR ATTORNEY GENERAL—Justice Will Wilson, whose term on the State Supreme Court expires this year, will begin his campaign for Attorney General around June 1. Wilson, 44, served as assistant Attorney General under Gerald Mann and Grover Sellers. As Dallas County's "fighting district attorney," his drive against organized crime put many racketeers behind bars. He saw combat duty in the

Services Held For Andrew Havard

Funeral services were held at Ryan's Chapel Sunday afternoon at 2:30 p.m. for Andrew Havard, young Diboll man who was shot to death in an apparent attempt to escape from the Bosque Co. jail at Meridian, Texas, last Friday night. He was 21.

Havard and his 19 year old companion, Gerald Howard, were attempting to escape from the Bosque County jail when he was shot by Highway Patrolman Bill Cooksey of Hamilton. Both were to have been tried on eight count of burglary in Bosque County.

Havard and Howard reportedly used bottle openers and pieces of metal from jail bunks in an effort to dig their way into the jail wall. They let themselves from their cell by slipping the door bolt with a long wire from a mop handle, reports said.

Upon hearing the pair digging at the jail wall, Bosque County Sheriff Clark Royal and Cooksey entered the cell block to investigate. Havard slugged the sheriff with a blackjack, then advanced on Cooksey who felled him with two shots. Howard surrendered to Cooksey soon after the shooting.

WANTED

Havard and Howard earlier admitted staging burglaries in a ten county area, plus an assault charge with intent to murder in Houston Co.

Andrew Havard was born on October 15, 1953 in Angelina County. He had lived here all his life.

Rev. Sam Prewitt officiated at funeral services Sunday at Ryan's Chapel.

Survivors include: His parents, Mr. and Mrs. Tommy Havard of Diboll; four sisters, Mrs Ruby Mistric of New Iberia, La., Mrs. Lavern Tobias of Burke; Tommie Jean Havard and Florence, both of Diboll; the two brothers, Tommy Wayne Havard and Jessie Havard of Diboll; his grandfather, Johnny Havard of Zavalla; and his grandmother, Mrs. Sarah Jane Havard of Diboll.

Gipson Funeral Home was in charge of all arrangements.

Clergymen To Get S-S Benefits Now

April 15, 1956, is a very important date for clergymen who desire to receive credit for their 1955 earnings under social security according to L. R. James district manager of the Lufkin social security office.

This is the last date for filing Form 2031 (Waiver Certificate) with the Director of Internal Revenue in order to have 1955 earnings counted for the social security protection.

The Wavier Certificate is effective for a taxable year only if it is filed on or before the due date for filing the income tax report of that year. That means that those ministers or members of religious odrers who want to begin their social security credits with 1955 must file the certificate on or before April 15, 1956.

AFL-CIO Want New Name. . . xxxx

AUSTIN—Organized labor in Texas moved today to get in the letter-writing act, butthis one is non-political.

They want to find a name for the merged AFL-CIO state organization, so the merger committees of the Texas State Federation of Labor and the Texas State CIO Council are offering a $200 United States Savings Bond to the letter-writer coming up with the best name.

All residents of Texas are eligible to enter the name-finding contest. All entries must be postmarked no later than May 1, 1956. In case of duplicate entries of the winning name, the the one with the earliest postmark will win the $200 bond.

Suggested names should be sent to Merger Committee, 413 Littlefield Building, Austin 15, Texas.

Ralph MaGill, president of the Lions Club, reminded citizens today that the Caravan Sale For The Blind will be in Diboll all day Friday.

Magill said that Lions will probably canvas the town, selling the many products made by the blind people at the Fort Worth Factory.

A Caravan truik is soheduled to be in Te Village all day Friday for the benfit of the shoppers.

The Lion President pointed out that buying these articles will not only help the blind, the local Lions Club, but will benefit consumers. Articles to be sold are of highest quality and carry an easy to afford price, Magill said.

Some of the items to be on the sale are: brooms, toy brooms, whisk brooms, mops, dish cloths, ironing board covers, barbecue arprons, pot holders, dust and cup towels, door mats, garage and floor brushes. Items range in price from 25c to $4.50.

Lawrence - Brown Named As Trustees

Calvin Lawrence and A. J. Brown polled near identical number of votes Saturday as they replaced J. J. Carr and George (Rat) Johnson on the School Board of Trustees.

Lawrence received 95 votes, Brown 93, Johnson 35, Carr 13, Harrison Weeks 31, C. F. Lord 14. Mrs. A. R. Weber received two write in votes and Mr. Fred Simpson one.

A total of 150 votes were to be counted when the polls closed at 7 p.m. Saturday night.—The vote fell short of the 1 4 cast in last year's election.

In 1957 three other members of the present board will be up for replacement or re-election....

Mr. L. W. Snelson acted as presiding officer for the election. Mrs. Snelson was the judge. Mrs. Pearl Havard and Mrs. A. R. Weber were the clerks.

Lawrence and Brown join 5 other board members in quiding the functions of the Diboll system. They are: V. B. McKinney, Ernest Breazeale, Dick Hendricks, Sherod Powell, and Jack Sweeny.

Tentative Vote Set For May Twelfth

In a meeting of the Board of Trustees Monday night, May 12, has been set as the tentative election date for the consolidation of the Burke and Diboll school districts, Supt. W. F. Pate said.

Mr. Pate said that elections will be held at Burke and Diboll simultaneously, with only a majority of votes needed for consolidation.

In giving a brief history leading up to the election, Mr. Pate told The News-Bulletin:

In 1952, the Texas Research League, a non-political, nonpartisan group, made a survey into school situations in 35 Texas counties. The Texas Education Agency figured the survey would be an accurate cross section of study.

Angelina was one of the counties included in the survey.

REPORT MADE

When the report was made to the TEA in 1954, the Research League reccommended that all school districts not having a hi-school should consolidate with the nearest high school district.

The league also recommended that all school districts not having an average daily attendance of at least 1,000 be consolidated with the next largest district.

These recommendations will come before the Texas Legislature for study in Jan., 1957.

WILL HELP BOTH

At present, and we still quote Mr. Pate, Diboll has an average daily attendance of 870, while Burke has an attendence of 170. Should the consolidation election carry by a majority vote, Diboll would be 'safe' from being annexed to the Lufkin district by having more than the required 1,000 students.

At a joint meeting of the Diboll and Burke Board of Trustees, it was agreed that school will continue as usual at Burke, should the consolidated carry. It would be considered a Ward of the Diboll School District.

Should the bill which comes before the legislature in January become law, Burke will have to vote to come to either Diboll or Lufkin, unless the May 12 election proves otherwise, Pate has said.

NEW TRUSTEES

Under present election laws, the town recording the smaller vote must be represented on the Board of Trustees by two members.

In this case, Pate continued, trustee elections were held only last week. Therefore, trustees now in office at Diboll would reign until elections next year, at which time the Entire Board, instead of the regular three, may have to be replaced. In this way, two Burke citizens would necessarily be elected to the board with the remaining five coming from Diboll.

PETITIONS PASSED

Mr. Pate said that the idea for consolidation came from the Burke residents. The Burke school board refused to have anything to do with the election, although they voted no objection to an election if it was what the Burke citizens wanted.'

Petitions were passed in both towns recently and a sufficient number of signers were reported to call for an election, Mr. Pate said.

A GOOD PLAN

Mr. Pate said he thought it best that the board decided to leave the school at Burke as a Ward, since children would be closer to home and their parents —Should the consolidation effort be defeated, the Diboll Supt said that Burke High School students would probably continue studying at DHS, with transfers to Lufkin, obtainably if desired.

Further information regarding the election will be available later in The News-Bulletin. — Several technical actions must be followed before the election takes place.

From Here To There

First its dust then mud. Wish it could get together. The weather keeps everybody in a dither.

Mr. and Mrs. L. H. Chollett, U H Carroll, Jr., and Clifford Conner, Jr., Mrs. Roy Ament, Mr. and Mrs. Glenn Satterfield, all of Pasadena, are visiting Mr. and Mrs. Boots Havard.

Mr. and Mrs. Billy Lain of Houston, Mr. and Mrs. Robert Morris of Keltys, Mr. and Mrs. Martha Robertson of Longview are visiting Mrs. Austin Ferguson and Mrs. Jim Nash of Diboll.

Mr. Lee Bryce of Livingston are visiting Miss Betty Ferguson.

Mr. and Mrs. Horace Ferrell, Mr. and Mrs. Earl Harvey of Beaumont are visiting Mr. and Mrs. Willie York.

Ruby Louise Havard of Diboll visited in Cleveland last weekend.

The Home Ec Girls of Diboll have an expense paid trip to Freeport, La.; planned for April 10.

Mrs. C. S. Shivers is visiting her daughter, Mrs. Glenn Sullivan. Mrs. Sullivan is the mother of a 6-lb. 11-oz. girl.

Prairie Grove Church members want to thank everyone who contributed to the new building of the new cemetery. A total of $48 was received.

On our sick list: Ruby Ferguson, Gerald Crawford.

Sen. A. M. Aikin Opens Campaign

PARIS — Senator A. M. Aikin of Paris formally opened his campaign for lieutenant governor of Texas here April with an humble,sincere promise to — "do the best I know how to do right."

Friends from across Texass gathered at City Baseball Park in North Paris as the Senator in his first formal campaign speech for the state office pledged his efforts to keep Texas moving to the forefront of economic progress.

NELL AUSTIN of Burke starts this week in reporting personal news of interest from that community.

Fewer people voted in this year's school election than did last year. With six candidates in the running, we figured to have a much larger vote.

This was not the case, however, annd the reason or reasons are unknown as far as we are concerned.

At any rate we have two very good men on the school board and I'm sure they will try to uphold those ideals which may promote the welfare of Diboll children.

Together with V. B. McKinney, Jack Sweery, Ernest Breazeale, Dick Hendricks and Sherod Powell, Calvin Lawrence and Jewel Brown should be able to make our school system an even more perfect organization.

There is talk of a semi-pro league for this area.

In plans recently revealed by leaders in Lufkin and Nacogdoches, Diboll would field one team to compete with two teams each from Lufkin and 'Doches.

We hope the league comes into being, but at the same time hold misgivings as to the future of sandlot baseball in this part of the country. It may be the same as in the rest of the U.S. If so, sandlot baseball is not the only way out . . . it's gone for good.

Only four years ago the Lufkin Foundry and Machine Co. fielded a team that won 17 games straight, yet was dissolved for lack of attendance.

The same year a famous former major leager disbanded one of the best semi-pro teams at Conroe that I have ever seen or heard of . . . for lack of attendance and funds. . .

The reason: I would guess the major league broadcasts and telecasts detract the fan's attention from that of the local team. For instance: Our local boys don't hit like Ted Williams, run like Micky Mantle, field like Willie Mays.

Sure, I like to watch the experts perform. But what is in store for our present little leagurs and teener leagers if there is no semi-pro outfit to offer added experience? Where is that much needed step between high school and college? The refresher course from college to the farm club?

I, and many others, have now banged out countless reams of paper regarding semi-pro baseball. I may be wrong but the efforts seem to have been in vain.

Lumberjacks Place Fourth In District

Erwin Dubose's Diboll Lumberjacks racked up 16 1-2 points at the district track and field meet at Huntsville Saturday to come in fourth. Madisonville won the event with a 47 effort. Diboll's only first place ribbon came on Bobby Glover's best high jump of 5'11". In other events Dale Courtney placed second in the 440 with a 57.4 time.

Royce Grimes tied for third in the pole vault. Glen Smith won second place honors in the discus throw and Robert Rector placed third in shot-put.

Red Oaks was third in the 880 yard run, the first time he has run any distance other than the 100 yard dash.

Dubose said he thought the boys did very well, since this is the first year many have participated in track and field events. The Diboll coach had only 12 boys for the event at Huntsville. Several of the other school entered as many as three boys in each event, he said.

Dubose said time and place of the regional meet will be named later this month.

Humble To Present The Texas Farmer

What makes a good Texas farmer will be shown next week on The Humble Company's TV program, Texas In Review. For this interesting feature, camera men visited Bruce Rigler of the city of Plainview to illustrate why he was selected as Texas' outstanding young farmer by the Junior Chamber of Commerce. This interesting film story has the farm methods used by Rigler to win the honor.

Another item of interest will be films of a fire control clinic held for Texas butane dealers and representatives of local fire departments.

Texas In Review can be seen Sunday, April 15, on KPRC-TV Houston, 10 p.m.; and KTRE-TV, Lufkin, 10 p.m.

your dinner will taste better cooked *Electrically!*

Good food deserves to be cooked *electrically* . . . the *modern* way! Electric cooking steams in the natural vitamins and minerals . . . retains the natural juices of meats . . . and there's no shrinkage to speak of. And, besides being clean and cool, modern electric cooking is easy. Just put your roast in the oven, set the controls and your meal is cooked to perfection while you are away or attending to other duties.

Enjoy all of the advantages of easy, electric cooking . . . see your appliance dealer for a new electric range.

A PENNY Still BUYS A LOT OF GOOD Gas COOKING

The new thermostatically-controlled gas top burner. Ends boil-overs and scorching. Makes every pot and pan an automatic cooker.

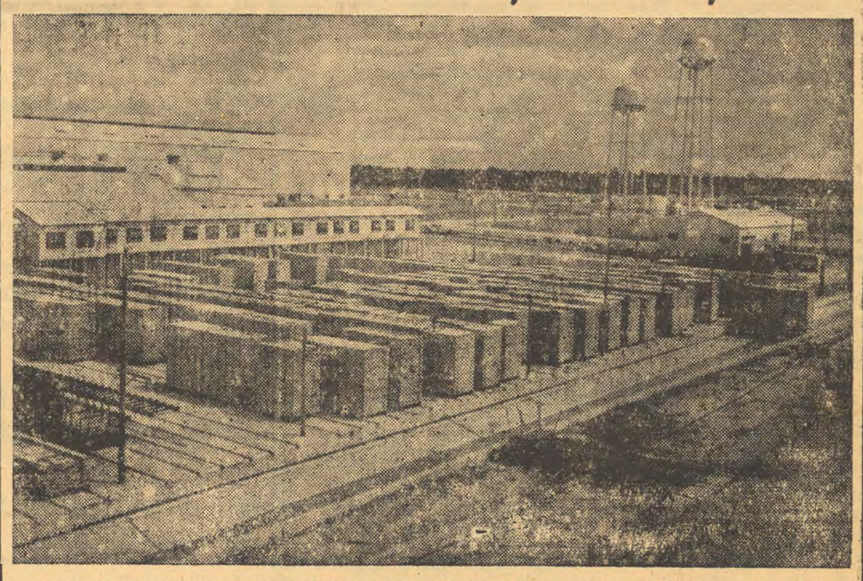

A penny goes a long, long way when you cook with natural gas, for that clean, blue flame is the biggest bargain in your home today. While the cost of most other things you buy has increased sharply, natural gas service still offers you more for your money than ever before in convenience and comfort.

Cooking is just one of the household jobs natural gas does better and more economically. Natural gas refrigerates, heats water, dries clothes, air-conditions or heats your home . . . all for less than any other fuel would cost you.

In the industries of this Gulf South area as well as in the homes, natural gas has found many uses . . . because no other fuel serves so well, so economically.

A PICTURE PROSPECTIVE HOME OWNERS SHOULD REMEMBER—Shown is a battery of modern dry kilns at a Southern Pine lumber mill. These kilns reduce the moisture content of lumber so that stability of size, greater strength and stiffness is assured. Dry kilns play an important role in nationwide "crusade for quality."

$250 Reward For Forestry Arson

A reward of $250 will be paid by the Texas Forestry Association for information leading to the arrest and conviction of a person or persons willfully setting a fire to East Texas woodlands, arcording to E. R. Wagner, executive-secretary of the Association.

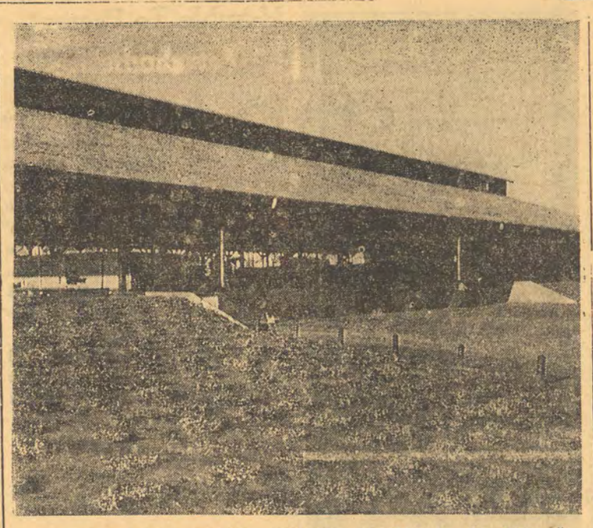

Wagoner expressed the hope that giving the reward will reduce the total number and the extersive damage caused by incendiary fires in East Texas.

Fires intentionally set on property belonging to another usually accounts for the greatest loss of acreage and is annually one of the largest causes of the fires. In 1955, 484 of the 2134 total fires and in 1954, 1160 of the 4184 fires were classified as incendiary.

Woods arsonists freqhently work at night under the cover of darkness when fires are difficultly located and suppressed. Individuals convicted of willfully setting fires to the woodlands belonging to another, without the owner's consent, are guilty of committing a felony and upon conviction can be fined $300 to $1000 and also be confined to the state penitentiary for a period up to five years.

Claim for the reward, based on arrest and conviction of the offender, should be filed with the Texas Forest Association, Post Office Box 1032, Lufkin, Texas. The offer of this reward is to extend through 1957.

The Population of the United States has increased approximately 10,000,000 during the pre- and Post War Years.

NEW LOADING DOCK—SHOWN ABOVE is the biggest section of the new truck loading docks at Southern Pine Lumber Company. Barely discernible in the background are the three concrete docks which house S-P Road Trailers. Rather than build from the bottom up, S-P transormed an old building into this modern useful one.

TPA Slams At Freedom Spending

WACO, Tex.,—Any law which places a dollar and cents limit on a man's right to express his opinions, violates the Federal — State Constitutions.

That is the summation of the remarks made here today by Russell W. Bryant, president of the Texas Press Association, relative to the Texas Electric Code.

Bryant was in Waco for the habeas corpus hearing of Vernon T. Sanford, who seeks an immediate hearing by the court of criminal appeals on the constitutionality of a law unde which he was indicted by a McLennan Co., grand Jury in February.

Sanford was charged with the spending of a total of $76 for three ads in Waco newspapers in 1954 in behalf of Ben Ramsey, candidate for re-election as Lt. Governor of Texas.

"Neither TPA nor Vern Sanford has violated any phase of the Texas Election Law," Bryant stated. "This case was politically inspired and is politically motivated. We intend to take it out of the realm of politics. That is the prime purpose of this hearing today."

"We fell that any law which says a newspaper, or a handbill printer, or a radio station, or a TV station, can accept only $25 worth of advertising from any individual, is unconstitutional—(An Impeachment on the freedom of SPEECH).

Clyde Thompson To Attend Convention

Clyde Thompson of Southern Pine Lumber Company was to make plans this week to attend the Southern Forest Fire Prevention Conference, to be held in New Orleans April 13-14. Headquarters for the convention will be the National Bank of Commerce Building in New Orleans.

Representatives of Southern Pine's Pineland plant were expected to attend the meeting also.

Eleven different forrestry associations are sponsoring the conference which is expected to draw 3,000 interested foresters and manufacturers.

Delagates from a 15 state area will attend. The span extends — from Texas to Floridato Maryland.

Mr. Thompson said that the convention is the first major step taken toward finding a solution of the wildfire problem. He pointed out that 85 out of every 100 wildfires in the nation's forests are in the South.

A phamplet endorsed by the Conference of Southern Governors said: "The Wildfire Meeting at New Orleans is for the sole purpose of developing plans to wipe out this evil which threatens the orderly growth of our economy.'

Among the impressive group of speakers who will appear on the convention program is the Hon. Howard Pyle, Deputy Assistant to the President of the United States.
