John Lee of Burke is probably one of the happiest boys in the State this week. And we don't blame him.

John's name was picked from a hat containing the nnames of several thousond Texas students, all hoping to receive the $500 scholarship. Only two selections were made.

All hat entrants specified they were interested in the teaching profession and the scholarship will work toward educating in that direction.

School is out and mother is once again faced with the problem of kids around the house for the next three months.

Parents will be saving themselves a lot of time and trouble, I think, if they push the Teen' Town program which plans to use the old scout house as a recreation center for the summer.

A project of this type must have porental backing from the beginning if its to sustain the fith put in it by the local business leaders.

Bro. Turner Speaks To Bell Co. Group

Bro. Don Turner Pastor of the First Baptist Church was the Speaker for the Bell County Associational Workers Conference at Killeen Monday Night. Bro. Turner spoke on the subject 'The Place Of The Training Union In Our Church Life.'

"No person who truly loves the Lord, can fail to recognize the obligation that Christians have to bear witness for Him." No other Organization in the church is so suited to this training Bro. Turner stated. Baptist have long realized that strong Training Unions have provined the Leadership for the other organizations in the church and as many Denominations are experiencing a 4let dow on their Sunday Night Preaching Crowds a Training Union has helped not only to sustain but to enable the Baptist to increase their Sunday evening Crowds. Largely by the efforts of Training Union Sunday Night services have become the truly evangelistic services of most Churches.", Brother Turner said.

ON MEMORIAL DAY

A Prayer for Peace

As we pause on Memorial Day to honor the memory of those who died in battle, let us pray, each in his innermost heart, that never again shall war destroy the flower of our youth.

It is noteworthy that our President. . . who achieved world renown as a man of battle, today is a world leader dedicated to peace. May we beseech Almighty God so to guid him, so strengthen our resolve and our arms, that we shall be able to preserve our freedom despite the threats against it, and yet maintain peace in our land and the world.

Mr. and Mrs. Avy Joe Havard enjoyed the evening with their daughter, Mrs. Bobbie Lowry in Huntington Friday.

Mr. and Mrs. Richie Oaks and children visited last weekend with Mr. and Mrs. Ed. Ferris inn Velasco, Texas.

Waldie Says 'Good-by'; Writes An Open Letter

"For the past two years I have had the privilege of being a part of Diboll. There will always be a great many memories for me here.

"Having worked with the local young people, as well as with the parents and adults, I can assure you that Diboll has a great future. It is one of the few small towns in Texas that is growing. Most small communities are now losing population, school enrollment, and payrolls. This is not true in Diboll, as new industries and businesses are steadily increasing. New homes, schools and churches naturally may be following.

"Having worked with the local Booster Club was a privilege and an honor. It is a 'live wire' organization of men who are dedicated to the improvement of Diboll, and they deserve all your support in all their projects in the future.

"To al of those people who gave me their help, cooperation and support in my effort to make Diboll well known for its athletics, I would like to express my thanks and gratitude. At the same time I should like to encourage you to continue your whole-hearted support of the person who replaces me. Support the Lumberjacks in all their sports. Cheer them on in defeat as well as in victory.

"It is my opinion that the local 'Jacks should have an excellent team next year. Go out to the games and let them know you are behind them and always remember that a pat on the back does much better than a critical remark!

"Visit your schools more often, not just on visitors night once a year, but during the day when school is going on. You will be welcomed and you will have a better understanding, or appreciation, of your schools.

"In closing, I should like to say that there will always be a place in my heart for the boys and girls of Diboll, Texas.

Honor Students Given Awards And Scholarships At Graduation Exercises Last Friday Night

That's all for another year.

School was officially 'out' in Diboll yesterday as all junior and senior high school students picked up their final grades and skipped home for the tough three months ahead.

Forty-three DHS students will probably not have it so easy the next three months, however, for this number of graduating seniors will be looking for either a full or part-time job and making plans to attend the fall semester of college.

Twenty nine of the graduating forty three have voiced plans for further study at colleges and universities.

Of the twenty-nine, five of them should certainly be able to take the step of entering a school of higher learning. These five were presented scholarships at graduation exercises Friday nite at the school gym.

Miss Lillian Franklin was named valedictorian of the 1956 class and Lillian is the daughter of Mr. and Mrs. B. B. Franklin of Burke.

Miss Doris Courtney was the salutorian. She had a four year high average. She is the daughter of Mr. and Mrs. J. L. Courtney of Diboll.

Larry Weber, on of Mr. and Mrs. A. R. Weber of Diboll, was presented a scholarship by virtue of being the highest ranking boy in the class. Larry was also the third ranking student in the class.

Delores Camp was given the PTA scholarship. She is the daughter of Mrs. M. L. Warner of the Pine Valley community.

John Lee, whose parents are Mr. and Mrs. W. W. Lee of Burke, was perhaps the luckiest of all.

His name was picked from a hat up in Austin that contained names of more than 1,000 students, representing 230 Texas High Schools. This is the first year the award has been given.

It is provided for by the president of Star Engraving Co., whose profits from the magnificient book of etchings, "Following Sam Houston," have been set up as a scholarship fund for two Texas students wanting to follow the teaching profession. One boy and one girl were honored this year. The Association handling the fund has not announced how many awards will be given next year.

A Letter To The EDITOR

The Diboll News-Bulletin
Diboll, Texas
Dear Mr. Durham:

"We will be in Kentucky for the next two months—would you please send the paper to us there —I am enclosing twenty-five — (25c) to pay for this 'out of co.' service.

I also want to thank you for printing the article on "Self-Association" by Zore Neale. I would have missed it otherwise and I feel that it is the 'most worthwhile' articles on the question that I have read. We need more Zore Neales in both races.

Sincerely,
Mrs. Jack C. Weaver

(Editor's Note: This letter is typical of the way our segregation story has been accepted. We too thought it had much food for thought.)

NO COMMENT

WASHINGTON — The U.S. Senate recently established a dangerous precedent. It passed legislation putting the District of Columbia transit system under public ownership. And then it made an important exception. It refused, by vote of 42 to 32 to place on these new public employees the same ban on strikes now applying to all other federal workers.

Since Calvin Coolidge halted the Boston police strike—and he rose from governor to president — strikes by public employees have been consistently condemned. The reason is obvious. Grievances against government must be settled by established legal procedures or normal political methods. Coercion or force directed against the government—or government institutions— is directed against the people.

Former President Roosevelt met the issue squarely in 1937 declaring flatly that government employees have no right to strike; that they must take the grievances to Congress, where their wages, hours and working conditions are fixed by law.

The trend away from basic—principles — inviting trouble ahead—was evident in another direction. Unions are also demanding collective bargaining rights against government. With only about 5 per cent of federal employees now organized, the drive is on to increase their membership.

Their scheme is contained in a bill by Senator Johnston of S. Carolina. It is being pushed—Hundreds of union delegates have invaded Washington in a mass 'lobby' for the bill.

Allan Jones To Be State Fair Feature

Dallas—Allan Jones, popular motion picture, television and stage star, has been signed for the lead in "Silk Stockings", the third of the season's State Fair Musicals in the air-conditioned State Fair Auditorium.

The gay musical, "Silk Stockings" is based on the story of "Ninotchka", one of the last motion pictures made by Greta Garbo. The humorous treatment of communism involves a Communist delegation to Paris and the conversion to the luxuries and gaiety of a captilistic world.

Allan Jones last appearance in the State Fair Auditorium was as Sky Masterson in the sensationally successful "Guys and Dolls". He also is well remembered for an earlier appearance with the State Fair Musicals in which he sang his famous "Donkey Serenade."

The season ticket sale for the 1956 season will open May 21 at the box-office 1315 Elm St.

Season tickets offer a discount amounting to all six shows for the price of five and place the season ticket holder on the priority list for all subsequent attractions.

Lease-Purchase Of P. O. Buildings

The Post Office Department has come out with a new brochure on the lease-purchase program under which many towns and cities are beginning to get badly needed post office buildings.

Entitled "Post Office Department Lease-Purchase Procedures and documents," the brochure will be of interest to prospective bidders and investors. It can be obtained from the regional real estate manager A. P. Dewitt, Box 3, Dallas 21, Texas.

The lease-purchase law enacted by the 83rd Congress, also makes it possible to employ the financing and construction capacity of private enterprise to provide modern buildings for government use.

It Is The Law In. . . TEXAS

Suppose that you hire your neighbor's teen age son, Jimmy, to cut your grass, and he runs your new mower into another neighbor's hedge. The hedge is ruined. Are you responsible for the damages? Quite likely you are.

Or let us suppose that you find you need a loaf of bread for the evening meal. You ask a friend to take your car and run to the store for it. On the way, he runs down old Mr. Peabody, and seriously injures him. Can you be held responsible? It is possible that you can.

In both instances, an 'agent' was acting for you. His acts in performing those duties, in the eyes of the law, your acts. In legal terms you are the "principal."

You may be liable despite the fact that you may have cautioned him to be extremely careful.
