Annual P.T.A. Carnival Slated Sat. Oct. 26th

Little "D"

If the present sunny seige by Old Man Weather continues, the annual P-TA Carnival this Saturday night should be a huge success.

P-TA members are working over time to make this the biggest carnival yet, one which all of us can enjoy with a minimum of spending!

—pd—

We hope our editorial last week concerning Muscular Dystrophy inspired all our readers to join the fight against this painless assiliant. Our contribution to a research campaign was a small one, but several hundred donations of even a dollar bill will be much to future generations. Possibly even to some of our children.

A son of Mr. and Mrs. Wilburn Harris here in Diboll is a Muscular Dystrophy patient.

Why not send your contribution today . . . in honor of the Harris boy.

—pd—

Supporting the old home town to the fullest of degrees sometimes gets editors in trouble. We feel justified in admonishing the ones who had rather support a neighboring football team than the one in hometown Diboll, however.

Class A football, which is the class we play here, is sharp enough for the most avid football follower, even though some will lead you to believe that more speed, deception and polish can be viewed at a AAAA classic.

Our class of football is different, to be sure; but you get hit just as hard in Class A as in the AAAA. The blocking is as vicious if a little less coached . . . and the resulting score means as much to 30-odd player families in Diboll as it does elsewhere.

—pd—

What we mean is this: Diboll has won two out of thhree on its home field this year, yet a small crowd saw the Cushing game on Friday.

Many of our hometown fans saw the Lufkin Panthers, a team on an off season like our Lumberjacks, win against South Park a team comparable in their class with Cushing in our class.

If Diboll is good enough to provide us with our living, its good enough to provide us with ample football on football on Friday nights.

Southwest Conference games on Saturday are o.k.

—pd—

Our football players will be introduced pictorially in The News-Bulletin on Nov. 7, a day preceding the traditional Corrigan game, which will be played in Diboll this season.

—pd—

Vocational Agriculture instrutor Bob McCurry and his boys are building a small pathfinder monument near the high school grounds. This, coupled with improvements being made on the high school parking area, will definitely improve exetrior appearance there.

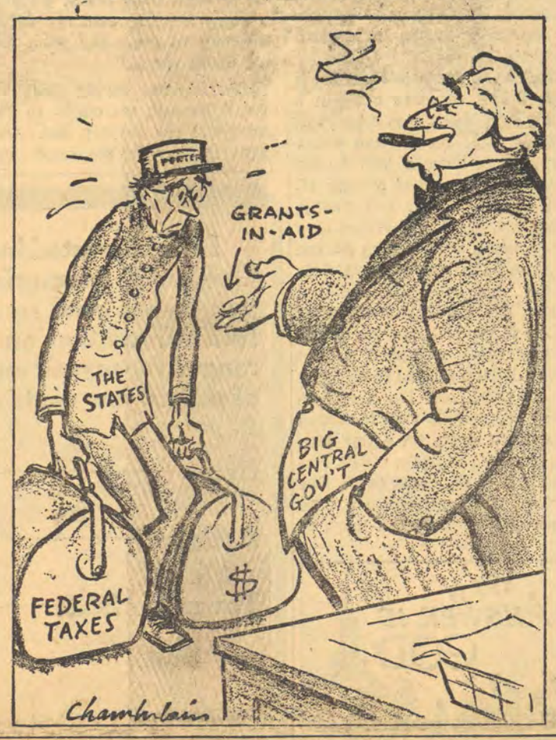

McCurry takes care of many jobs in and around the school, including upkeep of football and baseball playing areas. We salute Bob and his industrious F. F.A. boys.

Its been said many times before, but we'ed still like to tip our hat to station KSPL for giving us music all day on Sunday. Even with a second station going in at Livingston on Nov 1, station KTET, our local station will have little trouble in rating as cream of the crop in East Tex.

Do YOU own a Quarterback Club card?

Diboll Snares Third Place With 20-12 Win Over Hapless Cushing

"THANKS BUD, HERE'S A TIP"

Black Scampers For Two As Locals Rest Before Tackling Timpson Tigers Nov. 1

By BETH DURHAM

Diboll's Lumberjacks wrapped up third place in Dist. 22-A with a convincing 20-12 over the Cushing Bearcats at Lumberjack Stadium last Friday night.

Right halfback Carrel Black came into his own against the Bearcats as he churned up Lumberjack sod for 117 yards in nine carries. It was the senior's best performance in three years on the varsity squad. He also captured a Cushing fumble which ws later converted into a TD.

The DuBosemen rest this week while the game of the week unfolds with Garrison going to Hemphill. Corrigan hosts Joaquin and Timpson and Timpson is at Cushing in other 22-A action.

Diboll goes to Timpson for battle with the mighty Bears on Nov. 1.

TIE AT HALF

Black climaked a 40-yard Diboll drive in the opening quarter on a five-yard sprint for a TD. Quarterback Telford's kick for point was wide.

Quarterback Frank Whitehead gave his Bearcats their first TD in the second period on a 1-yd. plunge to finish up a 68-yard assault, featuring nice runs by the fullback, Bill Arrington. Arrington's kick for point was short.

The teams faced a 6-6 deadlock at intermission.

BLACK AGAIN

Black set up Dibolls second touchdown in the third period.

After two down exchanges, W L Miller punted 40 yards to the Cushing 30. The alert Black darted in to snare the ball from a listless Bearcat end, putting the Jacks in business on Cushing's 30. Fullback Vernon Oaks powered to the 23, Black pounded right guard for six to the 18, then took a slick handoff from Telford going inside left tackle to score from the 18. Oaks banged the middle to add extra point and Diboll led, 13-6, late in the third.

CLIPPING KILLS TD

Another exchange of downs found Diboll in possession on the Bearcat 35. Two nice runs by Black set the ball on Cushing's 15.

A well-executed pass play by Telford to Robert Fenley carried over the goal on the next try, but a clipping penalty nullified a TD. Operating then from Cushings 28, Ramsey, Black and Oaks manuvered the ball to the one yard stripe.

Ramsey skirted left end for the score to open the fourth, with Oaks running the point and Diboll had insurance points at 20-6.

CATS PASS

The Bearcats executed a 20-yard pass play to score against Jack reserves late in the fourth quarter, climaxing a 56-yard drive which ended the night's scoring as Arrington failed to run the point.

Quarterback Telford had skillfully engineered his Jacks on a 38-yard drive to the Cushing 31 as the game ended.

PASSES IMPROVE

With Carrel Black looking good both as a pass receiver and break-away runner Friday, Coach Ervin DuBose now has another badly needed offensive thorn to throw at the mighty Timpson Bear on Nov. 1 . . . a Bear roaring fiercely because of two previous trouncings in district play.

Passes from the arm of J. R. Telford are definitely improved,

CONTINUED ON PAGE 4

Hornets, Dogs, Bears Guessed For Victories

We're bragging a little.

This department missed narry a guess last week (we're brave, since we tried only three) and allour games were called right again this week.

We said Diboll would take Cushing 20-6 and the score was 20-12; we put Garrison over Corrigan at 13-0 and that wone was 20-8; and finally we hap Timpson winning over Joaquin 33-6, which was almost exact as they did it 32-7.

This week's games won't be nearly so easy, since the important Garrison-Hemphill contest takes place. Anyway, here we go:

OUR GUESS

Hemphill 27—Garrison 14
Corrigan 27—Joaquin 0.
Timpson 26—Cushing6

DIST 22-A

TEAM	W	L
Garrison	3	0
Hemphill	2	0
Diboll	2	1
Joaquin	1	2
Corrigan	0	2
Cushing	0	2

CARREL BLACK

. . . galloping Senior comes into his own against Bearcats.

Belated Vote Of Thanks Is Given

An article which was scheduled to appear in these columns two weeks ago has been found. It follows:

Mrs. D. F. Cade was the winner of a Wizard Deluxe Model portable television at Colored Diboll Day activities on Sept. 28.

The television was donated by the combined facilities of: Cash Drug Store No. 3, Powell's Food Center, Holder's Grocery and Feed, Lynn's Food Center and Bennie Rector's Sinclair Station.

A Philco portable television was won at the white D-Day activities by Mrs. Mildred Winder. That set was given by Elwyn Jones and Temple Associates of Diboll.

ATTEND CHURCH SUNDAY

'Around The World' Theme Set For Show At Gym; Two Queens Will Be Crowned

BY BILLIE JEAN TUCKER

The 1958 Parent-Teacher Association carnival, an annual event in Diboll for several decades, will officially begin at 5:30 p. m. Saturday, Oct. 26.

Carnival grounds will again be on the elementery school campus near the old Community Center.

The colorful carnival program, originated years ago in association with Hal'O'ween, will this year have "Arownd The World" as its principle theme. This program will have participation of most elementery, junior and the high school grades.

"Around The World" will be presented at the gymnasium at 7:30.

Grade school principal Mrs. Bee Burkhalter today released a list of carnival ground activity:

Fish pond will be managed by the first grade, second and third grades will operate the stew concession, fourth and fifth grades will sell hot dogs, sixth, seventh and eighth grades will have the hamburgers for sale and the 9th grade will operate the grab bag novelty booth.

The 10th, 11th and 12th grade will sell cake, pies and coffee.

Mrs. Burkhalter also announced grade school King and the Queen and the Royal Court.

They are as follows: Janice Wilkins and Larry Kemper of the sixth grade will reign as the King and Queen; Rosemary Scoggin and Glen Gleaves will represent the first grade class; Peggy Wilkerson and Don Grigsby, second grade; Rebecca Bowman and Joe Henry Smith, third; Elender Oaks and Wayne Nash, fourth; and Sharon Taylor will be escorted by Moody Smith, Jr. to represent the fifth grade.

Flower girls for grade school will be Jerri Burkhalter and Patsy.

Crown bearers for the grade school will be David Wimp and Joe Martin.

James Greer and Burton Wilkerson will act as crown bearers for the high school King and Queen, while Linda Hoot and Fran Rich will serve as flower girls.

Mrs. Curtis Heath, Mrs. Burkhalter, and Mrs. Paul Tucker appeared on KTRE - TV'S "At Your Service" program Tuesday evening to advertise the annual varnival and its program.

In previous years the big carnival has drawn a large attendance from Diboll and its surrounding rural communities. This year will be no exception, explains P-TA workers, and plans are being carefully laid to make this the most interesting of the programs.

Billie Myrl Howard and Carrel Black will reign as Queen and King of Diboll High School at Saturday's coronation ceremonies.

Members of the Royal Court will be: Linda Burnley and Alton Baker of the seventh grade, Gloria Taylor and John Ralph Pouland of the eigth, Elizabeth Brackin and Henry Perkins of the freshman class, Vela Stivers and Merlin Jones of the Sophomore class, and Alma Wilkerson and Kelley Welch of the junior division.

Severe Says Pate

Attendance At Schools Down Due To Flu

Attendance in Diboll's elementary, junior and senior high is running "about 15 percent below the average," according to information received from Supt. W. F. Pate early this week.

Pate said that 30 students are absent from high school and 43 missed classes from the elementery unit the same day.

No. less than 60 students missed classes in a single day at high school last week.

"The situation here as it now stands is severe," Pate told The News-Bulletin. "We keep going ahead with classes in the hope that things will get better.

A drop in the average daily attendance of 25 percent for 3 or 4 consecutive days would probably force the closing of school, Pate explained.

In case school is discontinued indefinitely due to flu, a 'holiday' period would necessarily be declared, according to the local superintendent.

Classes at Temple High, colored, are also imperiled because of the flu bug.

"If a 'holiday' session has to be declared," Pate said, "we may be forced to continue school after our regular closing time in May, for makeup purposes."

Should Average Daily Attendance climb back to normal in the next few days, however, the classes will be continued. Pate said that in evaluating the distressing situation, several teachers are absent, thus adding more strain to the problem.

"We'll do the best we can and hope for a rise in our ADA" Mr. Pate concluded.

HELLO WORLD!

A girl weighing 6 pounds, 13 ounces was born to Mr. and Mrs. Prentice Carter on October 9. The girl, Deborah Lynn, has as her proud grand-parents Mr. and Mrs. C. P. Carter Jr., and Mr. and Mrs. Wilson Clark, all of Diboll.

If so it's your duty to attend each and every meeting held during the football season. A headcount last week showed that only one of nine attending members had a son playing on the Jack squad.

The cost of being a member of the Quarterbackers is only $2 per year, plus about an hour of your time each week.

If you're the father of a Lumberjack, Littlejack or an ex-Diboll footballer, wont you join us tonight at the Fire House?

—PAUL DURHAM

Dodge Grille Combines Boldness, Good Taste

Adding a dramatic touch of boldness to the Swept Wing '58 is the completely redesigned front end. Dual headlights are arranged side-by-side, under flaring, fashionable hoods, for safer, surer night time driving. Parking lights are recessed in protective "bombs", placed to shield the cross-hatched grille from damage. Adding to the uncluttered look of good taste are the straight lines of the front bumper with its sturdy overbar to protect both grille and front license plate.

Under New Ruling . .

Axmen Will Play In New District For Next 3 Years

Mrs. Johnson's Rites Held Last Sunday

Funeral services for Mrs. E. L. Johnson, 76, were held at 2 p.m. last Sunday in the Gipson Funeral Chapel in Lufkin.

Rev. Dan Smith and D Townes Windham officiated and interment was in Ryan's Chapel Cemetery.

Mrs. Johnson died last Friday night at the residence of her daughter, Mrs. F. H. Smith, in Diboll after a long illness.

Mrs. Johnson was born Feb. 7, 1881, in Longview, and had resided in Diboll for nine years. She was a member of the Diboll First Baptist Church.

Survivors include one son, E. F. Johnson of Houston; two daughters, Mrs. Frank H. Smith of Diboll and Mrs. Will F Williams of Beaumont; and one sister, Mrs. Tom Brown of Longview; nine grandchildren and 7 great-grand children.

Flowers and contributions to the First Baptist Church here were deemed acceptable by the family.

Gipson Funeral Home of Lufkin was in charge of arrangements.

Garrison's Ramsey Elected Moderator

E. P. Ramsey Jr., of Garrison was elected Moderator of the Shelby-Doches Baptist Association which met in convention in Nacogdoches Oct. 10 and 11 with 28 of the 31 Associational churches represented.

Ramsey is the son of Mr. and Mrs. E. P. Ramsey Sr. of Diboll.

New 19-A Foes Will Include Madisonville

Great Galloping Ghosts!

Diboll's Lumberjacks have been placed in the same district with the Madisonville Mustangs!

Word from Rhea Williams of the State Executive Committee Monday informed head DHS coach Ervin DuBose that his Jacks will participate in District 19-A during the 1958-59, 1959-60 year.

Included in 19-A under shuffled schedule will be: Alto, Corrigan, Diboll, Elkhart, Grapeland, Madisonville and Trinity.

Diboll's present district 22-A will be renamed 18-A and will include: Cushing, Garrison, Hemphill, Joaquin, Shelbyville and Timpson.

Jasper Cockrell of Corrigan was named by Williams as tentative chairman. Cockrell was directed to call a meeting and vote the district into being by Dec. 18, 1957.

Texas will now have 32 Class A conferences, and the new districts will make decision of a state champion easier, said Mr. Williams in a letter. Class A schools having an average daily attendance of from 120 to 200 are included in the new program. The old program included the schools with ADA of 125-225.

The new districting was set up with three rules in mind: (1) Enrollment in the four high school grades, (2) Location of schools, and (3) More orderly assurance of a state champion in playoffs.

Since inaugurating 11-man in 1949, Diboll has been knocked around in three different districts staying in each one for two years

Coach DuBose said unofficially that he didn't mind the change in district foes. He indicated his squad next season will be a contender for the championship in either its present district or the new one.

Neither DuBose nor Supt. W. F. Pate could explain the absence of the mighty Groveton Indians on any of the newly-assigned Class A districts in Texas.

—BETH DURHAM

Valuables Found By Mrs. Pate At Game

Mrs. W. F. Pate found a 'valuable' sum of money at Lumberjack Stadium following the Diboll-Cushing ball game last Friday night.

The exact sum was not identified by Mrs. Pate.

Owner of the money can retrieve it by contacting Mrs. Pate either at her home or at the Diboll Elementary building here.

Her residence is in the Pineland Addition.

SCHOOL PANEL NAMED

Way is clear for a new study into needs of the public school system. Six appointments by the Gov. Price Daniel completed the membership of a new commission created by the last legislature to do the job.

Six appointments each were made earlier by the Speaker of the House, the Lieutenant Governor and the department of education.

ENOUGH

McGregor, Texas.—When Mayor Jim Gilmore turned in his resignation to the City Council he set some kind of record for brevity and clarity.

His letter of resignation read, in full: "Five years is enough, I quit."

Littlejacks Capture First Grid Victory

Diboll Junior High's Littlejacks finally broke into the win column at Corrigan last Thursday night with a come-from-behind victory over Corrigan's Bull Pups, 19-14.

The Littlejacks lost to Hemphill and Colmesneil, faced a 14-12 deficit at halftime and then roared back to win the dual in the third quarter.

Corrigan scored first in the opening quarter on quarterback Milton Bell's 40-yard pass to halfback Sam Watson. The conversion try was good and the Bullpups had a 7-0 grip.

Diboll shaved the margin in the same period when Wayne Halsell zoomed over right guard for 45 yards and a touchdown. The try for point failed.

Corrigan increased their lead in the second stanza on the same play from Bell to Watson, this time for 25 yards. The conversion was good and the Bullpups went ahead, 14-6.

Halsell put Diboll back into the game in the same quarter on a 35-yard sprint. Try for point was wild and the Littlejacks behind 14-12, at halftime.

In the third quarter, Clinton George passed to Andy Kerr for 30 yards to put the Littlejacks on the Corrigan one-yard stripe.

After three tries, quarterback Paul Murphy barged over on the fourth down for the winning TD. Halsell converted to complete a scoring parade.

Playing for Coach Ulman McMullen were Kerr, Robert Durham, D. L. Busby, Jackson Wiggins, Billy Bowman, John Pouland, Ronnie Rogers, Paul Murphy, R. D. McClendon, Clinton George, Wayne Halsell, Lawrence Capps and Roland DuBose.

The Littlejacks meet Corrigan in a return match here tonight at 7 p.m. at Lumberjack Stadium.

REAL REALISM

MIDLAND—A Midland Community Theatre play rehearsal became a little too realistic.

The cast was rehearsing the forthcoming production of . . . "Detective Story". Hugh Broyles, a Midland school teacher, was playing the part of a prisoner handcuffed to a chair.

Time came to free him. The key was missing. The wrong handcuffs had been used.

Broyles was taken, chair and all, to Midland police headquarters where Officer Vernon Conn succeeded in picking the lock.

See Anyone You Know?

SNAGGLE-TOOTHED and roguish of mien, the gay group below is the vanguard of millions of Jack-O'-Lanterns soon to gleam from the windows of America as citizens again take knife in hand in the annual move to carve these symbols of Halloween.

THE OMINOUS threat, "Trick or Treat," again will echo across the land as adults pay nervous tribute to stave off disaster.

HALLOWEEN'S MYSTERY is reflected in this youngster's eyes as she wonderingly contemplates arrival of "the witching time."

PUMPKINS, the golden fruit of frosty autumn, are loaded into an International truck to begin the trip to market. Some will become pie fillings, others will be given the more romantic assignment of appearing as grinning Jack-O'-Lanterns.

STOVALL CREEK PHILOSOPHER

Stovall Philosopher Wonders If Manned Flight Will Be A Big Joke On Scientists

(Editors Note: The Stovall Creek Philosopher on his Jhonson Grass farm seems to be undisturbed about the Russian satellite, his letter this week indicates.

DEAR EDITAR:

Last week it wasn't necessary to go out of your way at all to get hold of the main topic of discussion throughout the world—that satellite the Russians shot out into space, and while I have not heard of anybody around here who has seen it, I'll admit if they're like me they haven't tried very hard.

If it's passing over my farm every 95 minutes, it's all right with me. There's no law against it.

But I have been thinking. Now I understand some people in the United States are concerned over the fact Russia got a satellite up first, but it dosen't bother me. I figure we'll get one up before long. The secret of a satellite is sort of like the secret of the bicycle—it's pretty generally known in scientific circles.

But what doesn interest me is this, I feel sure we can get a small satellite up into space, and a little later on we can get a bigger one, then a still bigger one, and if we spend enough effort and money we can finally, I suppose, get a real rocket ship up in space, with a man on the ship, and I'm sure we ought to do it.

But I've been thinking, what a joke it would be on the scientists if after we spend several billion dollars, get the rocket ship up all right, and the man on board successfully sails it around throughout space for a few days and then radios back: "Well, I've been around the moon twice, I've traveled a hundred million miles in every direction I can think of from the earth, I've explored everything I can find out here, and while I hate to say this, I know you've spent a lot of money getting me and this rocket ship into outter space, But There Ain't Nothing Out Here. I can't find a blamed thing out here worth having and you can see just as much of nothing as I can by looking straight up from where you are standing on earth. No trees, no rivers, no land, no people, just a lot of nothing and a million or so monotonous stars that sunburn you if you get close.

"If it's all right with you, I'd like to come back down. I'd even enjoy arguing with my wife. Anything to get away from all this blank space."

Now I'm not saying this is what'll happen, we ought to go ahead and see anyway, but we ought to keep in the back of our mind that it is possible a twinkling star is sort of like a movie actress — it looks a lot better from a distance.

Yours faithfully,
J. A.

For the future of a farmer

A good harvest comes from good planting. All farmers know this. That's why so many thousands of them are seeding their future in United States Series "E" Savings Bonds.

Every $300 you "plant" now is going to grow to $400 in 9 years 8 months . . . to $538.72 in ten years more. Here's a big return on your money to help you over the stormy days and such "fair-weather" expenses as that new tractor . . . and that *big* vacation.

For a farmer of the future

U. S. Savings Bonds are one of the best ways to brighten the future of your children, too. By putting part of your yearly earnings into U. S. Savings Bonds you'll find it easy to save *systematically* for your youngsters' college education.

See your banker and see how well U. S. Savings Bonds fit the future of *all* your dreams!

Also ask him about "H" Bonds—if you're interested in getting your interest paid by check every six months.

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donations, the Advertising Council and

Diboll State Bank

News - Bulletin Church Page

Little girls seem to be "natural-born" little women, right from the start.

Laura washes for her dollies just as seriously as if she were tending a "real-life" family. She likes to bake tiny cakes and cookies too, and she has her own way of enforcing discipline when her dollies are "naughty."

Sometimes I'm amazed by her, even if I am her mother. And I am awed at the way God fashioned little girls, so that from the beginning they seem to sense that one day they will be mothers themselves.

When I take Laura to Church with me, she's such a little lady, demure and yet amazingly intent for one her age. I look at her. I see one of God's miracles, and I marvel anew. Watching a child grow is a perpetual lesson in Faith.

Sometimes after Church Laura lines her dolls up on a bench. She tells me that "the dollies are in church,"—and I don't feel in the least like chuckling at her childish antics. Rather, I am grateful.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Harvest Recipes From a Country Kitchen
Harvest-Time Favorites (Clockwise)

GRANDMA'S BACON-RICE MUFFINS

Mix together 1½ cups cooked rice at room temperature and ¾ cup of milk. Sift together 1 cup sifted all-purpose flour, 3 teaspoons double acting baking powder, ½ teaspoon salt and 2 tablespoons beet or cane sugar. Stir in ¼ cup cooked, finely chopped bacon. Add the milk-rice mixture to 2 beaten eggs. Stir in 2 tablespoons melted shortening. Make a well in the flour mixture. Pour in the milk mixture. Stir with 15 circular strokes just to moisten the flour. Grease muffin pans. Fill two-thirds full. Bake in a pre-heated 400°F. oven about 30 minutes. This makes 14 muffins 2½ inches in diameter.

DROP DUMPLINGS IN CHICKEN-VEGETABLE STEW

Put 2/3 cup uncooked white rice, 1 1/3 cups water, 1½ teaspoons salt in a saucepan. Bring to a boil. Turn heat down. Cover. Simmer 14 minutes. Allow to stand off heat, lid on 10 minutes. Sift together ½ cup sifted all-purpose flour, 2 teaspoons double acting baking powder, ½ teaspoon celery salt, ¼ teaspoon black pepper. Stir in 2 teaspoons grated onion, 1 tablespoon chopped parsley, the hot cooked rice, 2 beaten eggs. Form into balls 1½ inches in diameter. Add flour if mixture is too moist. Slip into 2 quarts hot chicken stock thickened with ½ cup of water mixed into ½ cup all-purpose flour. Dumplings should hold together in the hot mixture. Add 2 to 2½ cups canned or frozen peas and carrots, 1½ or more cups diced cooked chicken, ¼ teaspoon poultry seasoning. Simmer uncovered 10 minutes. Season to taste. Cover. Simmer 10 minutes. This makes 18 small dumplings, about 6 to 8 servings.

COUNTRY GARDEN VEGETABLE SOUP

If desired make stock with a soup bone. Keep in refrigerator. Melt 1 tablespoon cooking fat in soup kettle. Add ½ pound ground or stew beef, 2 cups chopped onions, 1 clove garlic, minced. Brown the meat. Add 3 stalks diced celery, 2 sliced carrots, 1½ cups cut up green beans, 2/3 cup uncooked white rice, 1 bay leaf, 6 cups of water or the stock, 2 teaspoons monosodium glutamate, ½ teaspoon black pepper, ¼ teaspoon chili powder, 1 tablespoon salt, 2 teaspoons Worcestershire sauce. Cover. Simmer 45 minutes. Break up 1, #303 can tomatoes. Add to the soup. Simmer 10 more minutes. Thin if desired. This recipe makes 6 quarts of soup.

HOPPING JOHN (FOR GOOD LUCK AND GOOD EATING)

Place 1 cup dried black-eyed peas and 2 cups boiling water in a saucepan. Cover and allow to stand 2 hours. Do not drain. Cut 1/3 pound salt pork or bacon in squares. Brown on all sides in a hot skillet. After the peas soak, add the pork, 1 large onion, chopped. 1 spray of celery leaves, a bay leaf, ½ teaspoon salt and ⅛ teaspoon black pepper. Add 2 cups boiling water. Simmer in a covered saucepan until the peas are tender. Remove the bay leaf. Add ½ cup uncooked white rice. Simmer until the rice is tender. Add water if necessary. Salt and pepper to taste. Serve with the pork on top and sprinkle with 2 tablespoons minced parsley. This makes 6 generous servings.

WARM APPLESAUCE CRUNCH PUDDING

Put 2/3 cup uncooked white rice, 1 1/3 cups water, 1 teaspoon salt in a saucepan. Bring to a boil. Turn heat down. Cover. Simmer 14 minutes. Remove from heat. Leave lid on 10 minutes. Layer the cooked rice, ¼ cup beet or cane sugar, ¼ cup brown sugar, 1 teaspoon pumpkin pie spice, ½ cup milk, 1½ cups applesauce and 1 tablespoon lemon juice in a greased 1½ quart baking dish. Mix together 1 cup quick cooking oats, ¼ cup beet or cane sugar, ¼ cup melted butter or margarine. Spread over the pudding. Bake at 350°F. 35 to 40 minutes or until the top browns and liquid is absorbed. Serve warm with milk or cream. This makes 7 to 8 servings.

enough at least to upset stout line defenses used by Timpson, Hemphill and Corrigan. And, unlike any other team in 22-A, Telford does not throw to any particular player.

His aerials have been equally effective to Fenley, Pate, Miller, Ramsey, Black and Smith.

OAKS HARD RUNNER

Vernon Oaks proved against Cushing that he is a hard running fullback. And with his fine faking from that position, DuBose might think of leaving him in, and moving the fleet Morris Smith to left half.

Larry Goins played a good game Friday on defense, as did Robert Squires, Leo Clark, W. L. Miller, Jerry Brezeale, Glen Smith, Black and a host of reserves that included Don Hendricks and Larry Porter.

The Axemen will polish up the newly-found offensive show during the week's layoff. Defensive patterns for Timpson will be studied.

Improvements Being Made At High School

Improvements are being made to the landscape at Diboll' Hi-School plant this week.

The Texas Highway Department is leveling the parking area in front of the school. The last phase of this gratis work will be the addition of a 36-foot strip of asphalt.

The asphalt will be used for one-way traffic and palking, says Supt. W. F. Pate. The asphalted area, about 100 yards in length, will have three traffic entrances.

Vocational Agriculture instructor Bob McCurry and his students are aiding in the beautification program of the grounds, also. The group this week will complete a stone monument, located at the north edge of the new asphalt driveway.

CLASSIFIEDS

FOR SALE

Baby bed, bathinette and jumper chair, all for an unbelievably low price of $15. Be the first to call 4326 in Diboll today.

Games Of *Famous People*

Games have become America's national pastime. Like millions of others, famous people also relax and have fun playing their favorite games.

Presidents, including Eisenhower, have burned the White House lights well into the late hours for government conferences, writing speeches,—and to play Chess.

Kate Smith, beloved singer and "The Songbird of the South," prefers the South's very popular Rook card game.

Bob Hope plays the new game of Careers, invented by a college professor, with his four children — who are now embarking on careers of their own.

Guy Lombardo, always a relaxed performer, owns lots of property. His favorite: the real estate trading game, Monopoly.

K

WELCOME TO SANTA

One way to wish Santa a warm welcome when he slides down the chimney is with a decorative "Merry Christmas" mat. This one by Mallinson, made of red or green cotton chenille with white letters, is as practical as pretty, says the Cleanliness Bureau, since it can be washed by machine or hand in soap or detergent suds.

Supt. Pate said today the excellent cooperation of the hiway department has been invaluable in the school system's beautification program.

"It'll be nice not to have all that dust from FM 58 fogging through windows into our new classrooms," Pate pointed out.

350th Anniversary Planned for 1958

Texas lumber manufacturers are already making plans to celebrate the 350th anniversary of the Southern Pine Industry in 1958, according to Tom Carter, president of Texas Lumber Manufacturers Association.

The keynote of the anniversary in Texas will be "Build Texas schools with Texas Southern Pine."

Modern wood school construction of the type recently demonstrated at Diboll, Texas, provide maximum convenience, comfort and safety yet saves a third of the cost of conventional schools built of hard imported materials.

Lower cost, low maintenance, expense and safety combined to the superior warmth, beauthy or flexibility of wood make the modern wood school 'the school of tomorrow', according to Tom Carter.

The 350th anniversary of the Southern pine industry, the first in the new world, will be commenorated nationally, according to Southern Pine Association.

WHY MOTHERS GET GRAY

ENNIS—"Anything can happen," said Mr. and Mrs. H. A. Docteur of Ennis as they told about their daughter, Barbara, in breaking her arm by sitting on it.

Barbara, a seven-year-old second grader, said she was trying to arrange her multi-ruffled petticoat at home when she "just flopped" in a chair with her arm under her.

this skillet is 50 years old

but now it's AUTOMATIC

with my new GAS RANGE

There's a big difference nowadays in that old cast-iron skillet, even if it's the same one your grandmother used 50 years ago. The new, modern GAS range, with its thermostatically controlled top burner makes that cast-iron cooking favorite, and all your pots and pans, as automatic as your oven. With this amazing "burner with a brain" you simply dial the heat you want and forget it. The burner *maintains* the desired temperature *inside* the pan . . . eliminates scorching or boiling over . . . ends pot-watching forever. You never over-cook or under-cook. And only NATURAL GAS gives you such dependability with automatic control.
