W.C. DuBose's S.F. 6 Form #67, dated Sept — 1911 reports this survey denuded of merchantable Pine.

See letter of J. W. Whitcomb to A.W.S. 9/11/11, advising M. M. Co. estimated on Sept. 29, 1910 was 128,000 ft. Mr. Black's record in 1901 showed the survey entirely cut-over. On Oct. 8th 1908 Eugene McMahon reported 896,000 ft. on this survey. No record in the office of any timber being cut since McMahon's Estimate.
