Foreword

This Yearbook has been published with but one objective - to capture the entire year between its cover. We, the Annual Staff, have tried to portray all activities at L. H. S. in this black and white form to remain as a memory in every-one's heart. With this in mind we present the 1958 FANG.

THE STAFF

In appreciation for his service, co-operation, and friendly attitude to the faculty and students of Lufkin High School, to Mr. Tom Jack Lucas the Annual Staff dedicates the 1958 FANG.

The fundamental purpose of education is to equip an individual to realize to the utmost his potential in accomplishment and satisfaction. The school administration and faculty have made every effort to provide the educational opportunities to help you do this. Because of the confidence and support of the community you have an attractive and functional building; because of the interest and professional attitudes of your teachers, you have access to their best efforts in academic, cultural and social development; because of the love of your family and their desire that you have the best that it is possible for them to provide, you are encouraged to participate in all phases of the school program, but how well these advantages are applied and the joy and value you get from them is entirely up to you.

We trust that this has been a profitable and pleasant year for you in Lufkin High School, and to those of you who are graduating seniors, we shall follow your further careers with interest, hoping that you will continue to grow and fulfill your highest possibilities. To those of you who will return for further study, we pledge our continued efforts to give you those things necessary to your fullest development.

We appreciate our students and are proud and happy to be of service to you.

Superintendent of Schools

This year has been one of the most pleasant for me. I have enjoyed meeting and working with all of you. Becoming a part of this high school has been a pleasant and satisfying experience. I am proud of this school, and of you, the student body. I feel sure that you will bring honor to yourselves, your school, and your community.

In our school we have placed emphasis on the three "R's" - Reading, 'riting, and 'rithmetic - encompassing all the studies that we have, plus rights and responsibilities. In a democracy each individual has certain rights, but in claiming those rights he should bear in mind that the other fellow has rights, too. The assumption of responsibility is the real key to the maturation of individuals. You have had ample opportunities to exercise these three "R's" and we hope that you will continue to exercise them throughout life.

May you have many pleasant memories of days spent in Lufkin Senior High School, and may God be with each and every one of you are my wishes.
