Welcome to July 4th "Pineland on Parade"

Meet Your Neighbors

Wash Cunninghams "Old-Timers" In Loyalty to Pineland Area

Mr. and Mrs. C. W. (Wash) Cunningham are oldtimers, in their loyalty to Pineland.

"I came to Pineland from Warren", Mr. Cunningham stated. "My daddy, Elija Cunningham, was a sawmill man, and I learned from him. There was a little mill owned by Arthur Jeanes running here in Pineland cutting timber for the big sawmill under construction by Garrison-North Lumber Company. I worked at this little mill.

"There was no store, no office, and few houses", Mr. Cunningham said.

"I roomed and boarded with Mr. and Mrs. Tobe Grimes in the house now occupied by the W. F. Poindexters. The Grimes were the parents of Mrs. Ed Bailey."

In 1911 Mr. Cunningham married Armentha Martin, the daughter of Mr. and Mrs. L. C. Martin, and for awhile the couple lived away from Pineland.

In 1914 the Cunninghams returned here. Mr. Cunningham went to work as construction mill wright and worked at this job until his retirement two years ago. The Temples had bought the mill from Garrison-North, and Mr. Cunningham never worked for any other sawmill people after 1914.

Mr. and Mrs. Cunningham have brought up eight children: Addie, Lilly, Odell, Violet, C. W., Jr., Gene, and Don. They have ten grandchildren.

James M. Wilson Still at Large Following Escape from Hemphill Jail

Law enforcement officers from five East Texas counties fanned the woods with bloodhounds between Hemphill and Pineland Monday and near Bronson Wednesday seeking James M. Wilson of Pineland, who escaped from Sabine County jail at Hemphill sometime Monday.

Wilson, 46, had been held in the Sabine County jail since May 6 on two counts of assault with intent to murder. He was charged with shooting his two stepdaughters, Elaine and Betty Jo Franklin at their Pineland home last April. He then turned his gun on himself.

Wilson and the two girls were treated at the Jasper hospital and then transferred to a hospital at Galveston where all three recovered. Wilson was released from the hospital May 6 and immediately transferred to jail in Hemphill.

He was scheduled to face a sanity hearing Monday morning of this week.

Wilson was reported seen in the woods near Pineland Monday afternoon by Harry Low, principal of Pineland School. He was again reported seen Wednesday morning near Bronson and reports were that officers were expecting to have him in custody sometime Wednesday afternoon. As the Reporter went to press, Wilson was still at large.

According to Sheriff Smith, Wilson fashioned a key from tin cut from a tobacco can and a piece of wood which he used to unlock the jail doors.

Sheriff Smith stated that he locked Wilson in his cell at 11 p.m. Sunday and that Wilson was last seen from a window by the night jailer around midnight.

He was wearing a chartruese shirt, khaki pants and a straw hunting cap. Wilson weighs 165 pounds, has brown hair and brown eyes, a ruddy complexion and walks with a slight limp.

Sheriff Smith formed a posse and law enforcement officers from Sabine, Jasper, Shelby and San Augustine counties, with three units of the highway patrol, a patrol sergeant and one ranger, using bloodhounds and horses from Shelby County, were on the trail.

Statement from Mr. Frank Sloan

Mr. Frank Sloan makes the following statement to all citizens who have looked forward to dumping him in the water barrel at Friday's gala entertainment of the Ducking Stool.:

"I have never learned to swim, and I am afraid of all water over five inches deep. I realize that my presence on the Ducking Stool would have earned money to worthy causes of the "Pineland Service Club". I therefore promise that my wife Monte will serve in my place.

Mr. and Mrs. Albert Lane, Don and Keith visited Mr. and Mrs. Batson Gray and Mr. an Mrs. Roy White and Mr. and Mrs. Benton Whitton in Jasper Saturday.

Program for "Pineland on Parade"

9 A.M. - Registration
9 A.M. - 12 noon - Plant tours.
1 P.M. until 3 P.M. - Plant tours
Mill blows off - 3 P.M.
4 P.M. - Music on square
Welcome Address - Jack Sweeny
Master of Ceremonies - Latane Temple
Speech - Arthur Temple
Principal speaker: Martin Dies
5 P.M. - Awarding of prizes

a. To man and woman traveling the fartherest for the event - Chop Block
b. To the oldest person present - Armour's Star Ham compliments of Hayes IGA Supermarket
c. To the person with the oldest employment record in Pineland - Lord Elgin Watch compliments of Bertrand's Pharmacy
d. Homelite Power Saw Drawing - Complements of Minyard & Co., Jasper
e. G. E. Portable T. V. - complements of Home Furniture Company
f. Maple Credenza - compliments of Home Furniture Company

5:30 - Ducking Stool
6 p.m. Bar-B-Q supper
After dark - Giant Fireworks Display

Comins' and Goins'

Mrs. Charles Osborn, Jr. spent last week with her parents the Guy Suttons and her in-laws, the Charles Osborns. Her husband joined her the latter part of the week.

Thursday evening Mrs. Charles Osborn, Sr. entertained with a birthday dinner for her son and daughter in law. The Osborns left Sunday for their home in Aqua Dulce, Texas.

Joe Walker's father, who has been ill in a Jasper hospital, is reported improving slowly.

Accie Sample of Brookehaven, Mississippi, visited last week with his brother, Joel Sample.

Mrs. Leon Hughes and granddaughter made a business trip to Jasper Friday.

Rev. and Mrs. Thomas McKee of Hampshire, spent Monday and Tuesday of last week with the Palmer Conners and other friends. Rev. McKee was formerly pastor of the First Baptist Church of Pineland.

Mr. and Mrs. T. B. Patterson and Pam of New Orleans are expected over the 4th of July weekend as guests of the J. C. Lindseys. The W. B. Fulmers of Diboll are also planning to visit the Lindseys.

Visitors in the home of Mr. and Mrs. T. J. Hopson over the weekend were their daughter, Mr. and Mrs. L. P. Letney of Beaumont.

Mr. and Mrs. Kirby Reeves, James Edward, Tommy Gene, Lloyd Daniel, Norman Carol, and Blanche, accompanied by Mr. and Mrs. Henry Kerbow and Mrs. Leonard Thornton, Eugene and James Leonard made a trip to Orange over the weekend to visit Mr. and Mrs. Kirby Joe Reeves.

Last week Mr. and Mrs. Henry Kerbow visited Mr. Kerbow's mother, Mrs. Nettie McMullen of Deridder, Louisana, returning via Pineland to visit Mrs. Kerbow's parents, Mr. and Mrs. Kirby Reeves.

Collum and Susan Hall from Kinder, Louisana, have spent two weeks in the home of their grandparents, Mr. and Mrs. C. A. McDaniel, and their aunt, Mrs. A. J. Jackson. Collum was accompanied home by her parents, Mr. and Mrs. Ray Hall, as they returned from a week's vacation in Florida. Susan stayed here and will go with Gloria Jean to G. A. Camp.

Mr. and Mrs. V. R. Worsham, Jerry, Lorane, Ralph, and Arvin of Curundu, Canal Zone, Panama, arrived by plane Wednesday to spend two weeks with his parents, Mr. and Mrs. V. B. Worsham of San Augustine and his sister, Mr. and Mrs. J. C. Lindsey, Jr. of Pineland. Mr. Worsham is a civic employee of Albrook Air Field in the canal zone.

Paula Byley is spending the week with Mary Hayes.

Mrs. Berniece Adkins was a visitor in the Ellie Hayes home last weekend. Mrs. Adkins is in Beaumont during the summer months.

Mr. David E. Evans of Lufkin visited last week in the T. T. Fowler home and toured the plant. Mr. Evans' father, C. C. Evans, was an old time sawmill mill hand, having been a filer and co-worker of W. B. Hayes at Southern Pone in Diboll.

Mrs. E .H. Shaw, Carolyn Cammack, Diana Lindsey, and Lillian Graham have returned home from the East Texas Baptist Encampment in Newton.

Mrs. B. K. Wright and her brother, Robert Reeves, visited in the home of T. J. Jones in Hemphill Monday.

Rev. and Mrs. W. K. Perkins visited friends and relatives in Deweyville, Orange, Orangefield and Sulphur, Louisiana, Monday through Wednesday of last week.

Temple Praises Pinelanders for Their Preparation

We are extremely proud of the job the people of Pineland have done in preparation for "Pineland on Parade". Through their untiring efforts and fine cooperation Pineland is cleaner and looks better than it ever has. We share your pride and look forward to the opportunity to "show off" to our friends and neighbors in the surrounding area. We have invited business connections from all over the country. Many will be with us on July 4th.

We want to thank all of the fine public spirited people of Pineland who have worked so hard to make this day a success.

Sincerely,
Arthur Temple, Jr.

Welcome to Pineland, Hardwood Capitol of the South, home of Southern Pine Lumber Company, which also has plants in Diboll and 38 retail yards from the Red River to the Rio Grande.

Pineland is ready to greet all visitors for an all-day celebration July 4th, called "Pineland on Parade", which will especially honor long-time citizens and out-of-town former residents.

In 1906 Pineland was a small lumber camp in the heart of a virgin pine forest owned by the Garrison-Norton Lumber Company.

In July of that year the camp clearing was enlarged to accomodate a small mill to cut the timbers for a larger mill frame work. September saw the first post of the mill frame erected and in March, 1907, the first board was cut by the single band mill installed by that company.

The town in 1907 was little more than a quick stop on the Santa Fe railway. The water supply consisted of a one horse wagon equipped with three barrels, which made the route of the scattered dwellings, delivering each family's six gallon water quota.

Timber was plentiful and by 1910 officials of the Garrison-Norton Company were considering moving the mill to another location abandoning Pineland to the customary ghost status of lumber camps and mill towns of the day.

T. L. L. Temple, part owner of the Garrison-Norton Co., disagreed with his associates on the timber potential and the advisability of abandoning the community.

Back in 1893, 34 year old Tom Temple had stepped off the coach of the old H. E. & W. T. Railroad and bought 7,000 acres of timber from one J .C. Diboll. He engineered a small circular mill and laid out the town of Diboll. In June 1894 they blew the whistle, ripped the first slab off a saw log, to begin the operation of Southern Pine Lumber Company.

In 1910 Mr. Temple bought out Garrison-Norton in Pineland, renamed it Temple Lumber Company and the basis was laid for a permanent Pineland.

The old general commissary building was elected shortly after Tom Temple took over. The mill capacity was increased by the installation of a short side carriage which was followed by a lathe mill.

Increased production and distribution called for increased personnel, and the population of Pineland grew with each expansion of the mill. New dwellings were built, and a one room school was erected in 1917.

Continued on back page

Registration to Begin at 9 A.M.

Registration of visitors will begin promptly at 9 a.m. tomorrow, according to Mr. Bruce Burnett, chairman of the Registration committee. Signs will indicate the way to the Hardwood Remanufacturing Sheds, where the registration booth will be placed, and plant tours will also start from there

High school girls, Alice Faye Smith, Lynn Kilgore, Mary Lynn Martin, Charlotte Jordan, and Elaine Franklin will pin on badges and give tickets to everyone.

Old timers on hand to greet guests will be: Nath Weatherford, John Lindsey, Wash Cunningham, and Joe Parker.

The Service Club,, Pineland High School PTA and Bryant High School PTA will have concession stands on the plant allday Friday.

Boy Scout troops over the area have been issued special invitations to attend the celebration. These troops include those of Jasper, Kirbyville, Newton, Call, Hemphill, San Augustine, Brookeland, Burkeville and Bon Weir.

A list of the names of distinguished individuals in the deep East Texas region and elsewhere who have been invited to "Pineland on Parade", the big celebration being held in that town on July 4, would almost read like a who's who for the region and for the lumber industry of the nation.

Individual invitations have gone out to the leading journalists, financiers, public servants, jurists, East Texas lumbermen and others.

The entire board of Southern Hardwood Producers, Inc., the association to which most responsible producers of hardwood in the south belong, have each had individual invitations.

Local P. O. Gets 2nd Class Rating

The local post office attained a rating of Second Class on July 1, the beginning of the new postal year, according to Mrs. Agnes Sanford, postmaster.

The Post Office Department has recently obtained a ten year lease on the building owned by Southern Pine Lumber Company. The building contains approximately 1000 square feet, has toilet facilities, flourescent lighting, and new furniture.

The Pineland post office this past year had the distinction of being the only air-conditioned third-class office in the state.

Personnel of the office include: Agnes Sanford, postmaster, Mrs. Marion C. Wood, Ethel J. Droptini and Lonie R.

Three 'Copters To Salute Citizens During Event

Three helicopters from Fort Polk, part of an air show in Angelina County, will hover over Pineland fifteen minutes Friday morning in salute to the town's 4th of July celebration, "Pineland on Parade".

At 11:00 a. m. on a 150 feet square marked off east of the enlarged flooring shed, a Bell Aircraft Helicopter will land, carrying a delegation of Diboll Booster Club members and Angelina County Judge Eddie McFarland representing the City of Lufkin.

Nichols, in turn, will present Lawrence with a small hardwood tree, symbolizing Pineland's claim to the title "Hardwood Capitol of the South".

The helicopters are part of a large air show now being held in Angelina County under the direction of County Judge Eddie McFarland.

John Winston, Magnolia Distributor for Angelina County, who is also working with the Angelina County Chamber of Commerce for the Lufkin Air Show, has announced that the Bell Aircraft helicopter will land in the village of Diboll at 10:30 a. m. on July 4 to transport boosters to Pineland. Flying time is estimated to be approximately one-half hour.

Pineland Firemen Entertain Wives With Dinner

The Pineland Volunteer Firemen entertained their wives and children with a dinner at Scrappin' Valley Clubhouse Saturday night. Those present were: Mr. and Mrs. Floyd Parrie, Mr. and Mrs. G. W. Russell, Jr., Mr. and Mrs. J. C. Lindsey, Jr., Mr. and Mrs. Leonard Kilgore, Mr. and Mrs. Enzor Smith, Mr. and Mrs. Cecil Lindsey and Charles Jene, Mr. and Mrs. Bob Creech, Mr. and Mrs. Fred Burks, Mr. and Mrs. Bill Williams, Orville Crocker, Walter Smith and L. H. Green.

Visitors were Miss Virginia Eppes of Houston and Paul Franklin Sheffield of San Augustine, Mr. and Mrs. Joel Sample and Mr. and Mrs. Joe Walker of Pineland.

Martin Dies, Sr. To Be Principal Speaker Friday

Martin Dies, Sr., prominent lawyer - politician of Lufkin and Jasper, will be guest speaker at tomorrow's Independence Day Celebration, Pineland on Parade.

An excellent speaker, Mr. Dies is well known and well liked throughout the area. During the 20 years he has served in Congress, he has never failed to receive a majority vote in Sabine county.

Now serving in the United States House of Representatives as Texas' Congressman at Large, Martin Dies was born November 5, 1900, in Colorado City, Texas. He is the son of Martin Dies, Sr., deceased, who was Congressman of this 2nd District from 1908 until 1919, and Olive Cline Dies, a native of Woodville, Texas.

Mr. Dies was educated in the public schools of East Texas and the University of Texas. He was elected to Congress in 1931 and served as Representative from this Congressional District until 1945 when he voluntarily retired. During the 14 years that he was Congressman of Sabine County and this District, Mr. Dies was the author of several immigration laws and one of the principal monetary laws of the Roosevelt Administration.

For seven years Dies was Chairman of The Dies Committee on un-American Activities. Most people now agree that if the findings and recommendations of the Dies Committee had been heeded takes in our dealings with Communists at home and abroad could have been avoided.

It was during the time Mr. Dies represented this District in Congress that the McGee Bend project was authorized by Congress in a bill

By Mrs. C. A. Bell

Mr. and Mrs. Chester Kelled and children of Houston were week end visitors here last week.

Miss Marilyn Forse of Nacogdoches spent last week end here.

Mr. and Mrs. Alton Sanford of Houston visited her mother here last week.

Those from Plainview who attended the 5th Sunday meeting at Bethel Chapel last Sunday were H. H. Forse, Mr. and Mrs. Charlie Forse and children, and Mr. and Mrs. C. A. Bell.

Our new church is nearing the finishing line now and we are very proud of it.

Mr. and Mrs. J. D. Easley of Camp Springs community were visitors in the C. A. Bell home last Sunday.

Mrs. Bill Ferguson and childen of Springhill visited here recently.

Mr. and Mrs. H. E. Hasson and Pasty visited the H. H. Forse home last week.

Mr. and Mrs. Cleatus DuBose are the parents of a son born last Tuesday in Jasper.

Terrell Ener who has been making his home with his aunt, Mrs. Sudie Meeks, was married last week and has moved to a home of his own in Pineland.

He is a young preacher and delivered the morning message at the 5th Sunday meeting at Bethel Chapel last Sunday.

Mr. and Mrs. H. H. Mc Gown and Mrs. Evelyn McGown visited in the Scott Cooper home in Pineland last Sunday afternoon.

Cost to Build On Increase

According to F. W. Dodge Corporation, the cost to build today is roughly 2½ times what it was in 1941.

"Saying it another way, it takes $2.50 today to buy what $1.00 bought 17 years ago. The $8,000 house of 1941, exclusive of land and charges other than labor and materials for construction, would come today with a tag for $20,000.

Obviously it's advisable to make your construction dollar go the full limit, particularly if you're operating under a tight budget. So take a closer look at your home plans to eliminate any unnecessary extravagance.

First of all, says the Southern Pine Association, be sure the foundation and roof follow straight regular lines. Contour irregularities can be striking, but they're costly luxuries. To maintain simplicity and at the same time avoid monotony, the Association suggests the use of horizonal Southern Pine siding sheltered by a deep roof overhang in a straight rectangular plan. By making the house seem longer and lower, this arrangement eliminates any "box" impression. The big overhang is an economical device that makes the house look larger while the depth of it's downward sweep, balanced off against the horizontal lines of the siding, integrates the house with the surrounding landscape.

Secondly, make sure that all the space in the house is put to profitable use. While nearly everyone wants plenty of storage area, this desire has to be reconciled against the knowledge that closets and other enclosures run up the cost. So build as much of the storage as you can into the walls. Your living areas need partitions and it's wise economy to use them into the form of space conserving storage devices. This in easy, says the Southern Pine Association, then wood trussed rafters are used for the roof structure. These coordinated wood components require support only at the outer house walls, thus paving the way for the use of cabinets to partition the rooms.

Thirdly, avoid decoration "gimmicks". Many home owners labor under the false impression that luxury and "class" can be built into a house by ladling on the adornment as with a fruit cake or Christmas tree. While an Egyptian hieroglyphic, intricate hand carving or painted design undoubtedly will extract comments from your neighbors, you can create the same effect more tastefully and much less extravagantly simply by an adroit blending of the basic materials with which the house is built. The bright red of a brick fire place, the light gold of a Southern Pine paneled wall and the brilliant copper of lamps and light fixtures, can do more for your rooms in a purely natural way than a ton of artificial trappings.

You Can't Depend On The Weather!

It might be warm—and it might be cold and unfriendly. But you can depend on a warm welcome at our church. Visit this Sunday. "Jesus Christ, the same yesterday, today, and forever." Hebrews 13.8

Whitewash for Broiler House Roofs

Whitewashing the roofs of broiler houses particularly galvanized iron roofs, will result in increased reflection of the sun's rays and consequently cooler houses. Most tests have shown whitewashing the roof to lower the temperature in the house 6 to 8 degrees.

A good formula for a whitewash that will stick to the roof is given below.

50 lb. lime
3 oz. alum
1 pint molasses
10 gallons water (approx.)

Slake the lime with boiling water, adding the water slowly and stirring constantly until a thin paste results. If water ture is not well stirred the is added too fast or the mix- paste will be lumpy. Add additional water, the alum and molasses, continually stirring, until the mixture is the proper consistency for spraying or for applying with a brush.

NEW DeWITT HATCHERY IN SAN AUGUSTINE offers GOLDEN OPPORTUNITY for PROFITS FROM POULTRY

DeWitt's brand new hatchery located in San Augustine is nearing completion and will be open for business real soon. It is located on Highway 21 on the east side of San Augustine. Watch for date of grand opening to be announced soon.

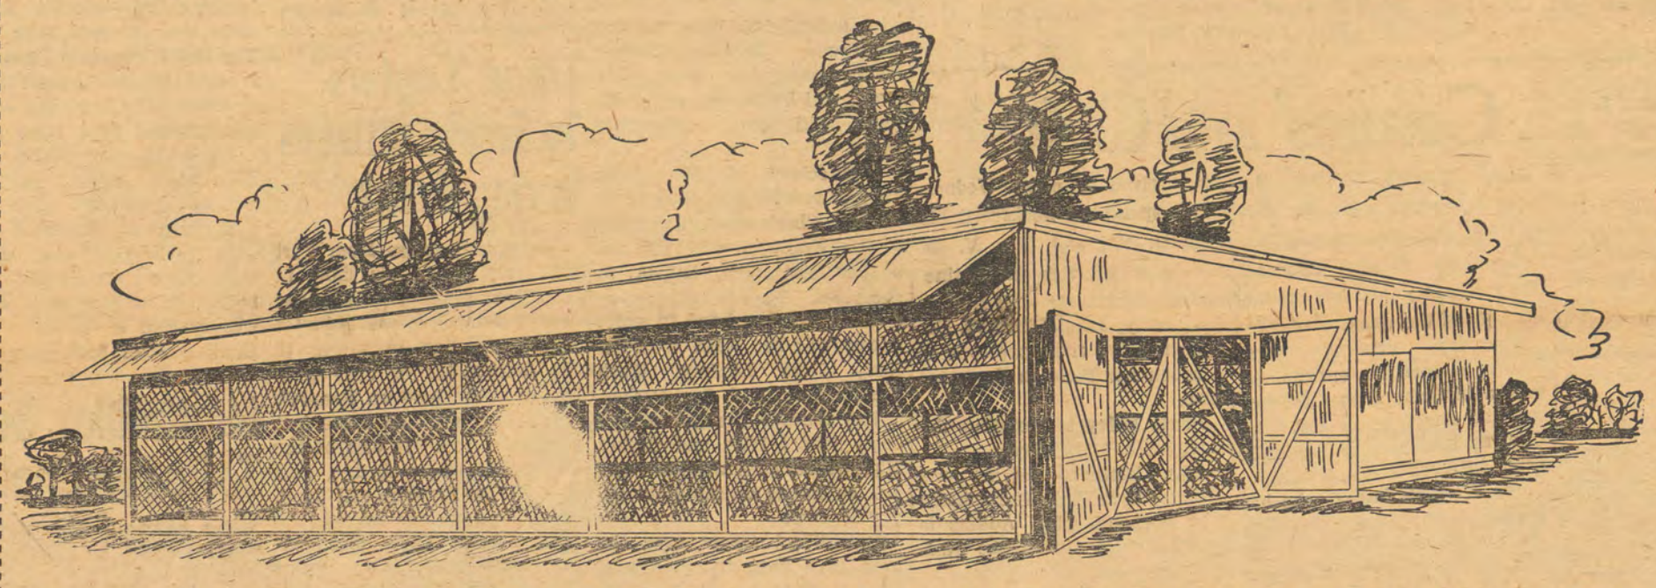

— WANTED IMMEDIATELY —

25,000 Breeder Hens Needed At Once to Supply Hatching Eggs For DeWitt's San Augustine Hatchery

DeWitt's new hatchery in San Augustine will have a capacity to set 250 cases of eggs per week. We want these eggs to be produced right here in this area.

Sabine County is ideal for hatching egg production. We have mild winters - - ideal for egg production. While summers are hot, with open houses, and special fogger fans, we can get good production, even in July and August. This hatching egg program is ideal for anyone who has a few extra hours each day. Work is not heavy and actually most of it can be done by the woman of the family or the elder children - -1,000 hens takes an area of about 30 x 120 feet of 3600 square feet. Your range area and brooder house will take up about an acre. The income possible from this project is about like adding another 50 acres of good farm land to your farm.

YOU CAN HAVE THIS HATCHING EGG FACTORY WITH 1000 WORKERS MAKING YOU MONEY!!

THIS IS THE HOUSE WE RECOMMEND

We have construction plans for this style house that we can furnish you free of charge. We also have plans for other type houses available for you. This particular house, however, is about the most economical we have found, and it works just as good as the more expensive house.

"Whitey" Goodline Says....

THIS "EGG FACTORY" CAN EARN YOU OVER $4,000 PER YEAR ADDED INCOME FOR ONLY A FEW HOURS WORK EACH DAY

Poultrymen on DeWitt's flockowner program are reporting profits of over $4.00 per hen this year. Which would mean a profit of over $4,000.00 per year on this size poultry house. On DeWitt's "Full House" program where you keep this house full of breeders every week of the year, you can earn even more. Where else on your farm can you make this much money on less than an acre of ground?

I'll be in our San Augustine Hatchery on Saturday, July 5th. I'll be glad to talk to you about our Hatching Egg Contract. We'll be looking for you.

A. C. "Whitey" Goodline is in charge of DeWitt's breeding flock program. Whitey has a B. S. Degree in Poultry from Louisiana Tech at Ruston and a Master's Degree in Poultry from Louisiana State University. He also has lots of practical poultry experience to back up his technical training. Whitey knows his business and is anxious to help you plan your poultry project.

IS THERE MONEY IN Producing Hatching Eggs?

This is a question asked by most prospective flockowners. It is our honest opinion that a complete program of producing hatching eggs can be far more profitable than just producing market eggs. Here's why ——

1. SERVICE PROGRAM
Flockowners who sell eggs to us have the advantage of servicemen who know their business and who are not trying to sell you any high sounding product for big prices. Their job is to make you the most money they can by getting more of the pullets you buy into the laying house at the lowest possible cost . . . get the most eggs out of each hen at the lowest possible cost . . . and to make you the most money.

2. YEAR AROUND GUARANTEED MARKET
We guarantee to buy your eggs every week the year around. So you have no worry at all about your market. We'll take the eggs.

3 LARGER EGGS SOONER
Our broiler strain is bred to lay large eggs early. By the time these birds are 8 months old about 80% of the eggs are acceptable for hatching. Many times at 10 months of age every egg, except cracked and dirty eggs, are taken for hatching and paid for at hatching egg prices.

4. NO FUSS—NO BOTHER—NO CRATES—WE DO IT ALL FOR YOU
While you have to clean eggs you don't have to grade them. We take all the eggs your hens produce. We grade them at our Hatchery. All you have to do is to see that your eggs are clean. . .put them in cases that we furnish. . . deliver the eggs to our Hatchery twice a week.

5. CHECK EVERY WEEK
After your birds are laying you get your check every week. You don't have to collect a little money here, a little there. We send you one check to cover each week's eggs.

6. FEEDING PROGRAM
We figure the feeding program out for you that has worked best for our flockowners. Our feed program is set up to take advantage of your home grown grain. You feed about 50% grain and about 50% mash under our program.

7. ADVICE ON NEW PRODUCTS — NEW WAYS TO SAVE MONEY
We are a nationwide organization. We have men in about every major poultry area. Every new thing that comes up we usually know about it very soon. This helps us keep ahead of the field—and it will help you make more money.

So, if you consider all points and if you want to be in the poultry business, our hatching egg program is the best. Most profitable poultry deal you can get—year after year.

During 1959 More Than 2 1-2 Million Dollars Will Be Paid Poultrymen Who Produce Hatching Eggs For DeWitt Hatcheries. You Can Be Part Of This Program --- ACT NOW!!

DeWitts Hatchery of San Augustine

Cost to Build On Increase

According to F. W. Dodge Corporation, the cost to build today is roughly 2½ times what it was in 1941.

"Saying it another way, it takes $2.50 today to buy what $1.00 bought 17 years ago. The $8,000 house of 1941, exclusive of land and charges other than labor and materials for construction, would come today with a tag for $20,000.

Obviously it's advisable to make your construction dollar go the full limit, particularly if you're operating under a tight budget. So take a closer look at your home plans to eliminate any unnecessary extravagance.

First of all, says the Southern Pine Association, be sure the foundation and roof follow straight regular lines. Contour irregularities can be striking, but they're costly luxuries. To maintain simplicity and at the same time avoid monotony, the Association suggests the use of horizonal Southern Pine siding sheltered by a deep roof overhang in a straight rectangular plan. By making the house seem longer and lower, this arrangement eliminates any "box" impression. The big overhang is an economical device that makes the house look larger while the depth of it's downward sweep, balanced off against the horizontal lines of the siding, integrates the house with the surrounding landscape.

Secondly, make sure that all the space in the house is put to profitable use. While nearly everyone wants plenty of storage area, this desire has to be reconciled against the knowledge that closets and other enclosures run up the cost. So build as much of the storage as you can into the walls. Your living areas need partitions and it's wise economy to use them into the form of space conserving storage devices. This in easy, says the Southern Pine Association, then wood trussed rafters are used for the roof structure. These coordinated wood components require support only at the outer house walls, thus paving the way for the use of cabinets to partition the rooms.

Thirdly, avoid decoration "gimmicks". Many home owners labor under the false impression that luxury and "class" can be built into a house by ladling on the adornment as with a fruit cake or Christmas tree. While an Egyptian hieroglyphic, intricate hand carving or painted design undoubtedly will extract comments from your neighbors, you can create the same effect more tastefully and much less extravagantly simply by an adroit blending of the basic materials with which the house is built. The bright red of a brick fire place, the light gold of a Southern Pine paneled wall and the brilliant copper of lamps and light fixtures, can do more for your rooms in a purely natural way than a ton of artificial trappings.

You Can't Depend On The Weather!

It might be warm—and it might be cold and unfriendly. But you can depend on a warm welcome at our church. Visit this Sunday. "Jesus Christ, the same yesterday, today, and forever." Hebrews 13.8

By O. W. Thompson

Whitewash for Broiler House Roofs

Whitewashing the roofs of broiler houses particularly galvanized iron roofs, will result in increased reflection of the sun's rays and consequently cooler houses. Most tests have shown whitewashing the roof to lower the temperature in the house 6 to 8 degrees.

A good formula for a whitewash that will stick to the roof is given below.

50 lb. lime
3 oz. alum
1 pint molasses
10 gallons water (approx.)

Slake the lime with boiling water, adding the water slowly and stirring constantly until a thin paste results. If water ture is not well stirred the is added too fast or the mix- paste will be lumpy. Add additional water, the alum and molasses, continually stirring, until the mixture is the proper consistency for spraying or for applying with a brush.

BRONSON

BY DORA MARSHBURN

Mr. and Mrs. Hugh N. Wood entertained employees from Bronson, Jasper, and Hemphill, and their families with a fish fry at Rocky Ford last Sunday. Present were: the Lewis McDonalds the A. E. Griffins, the E. Ludlows, the G. L. Beauchamps, the Bernard Watsons, the Earl Henleys, the Lamar Martindales, Lana Warner, the A. R. Burketts, the Clarence Prewitts, and the J. J. Hales.

Mr. and Mrs. Winston Jones and son visited the Corbet Jones over the weekend.

Mr. and Mrs. John Dean Winkle, Dub and Phyllis Ann of Pasadena are spending their vacation with Mr. and Mrs. Otto Winkle.

Mac Roach of Beaumont and Miss Connie Wallace of Harlingen visited Mr. and Mrs. Joe Ed Marshburn Saturday.

Mrs. J. W. Clark and Mrs. W. W. Bourland, Jr., visited in Lufkin Monday.

Mrs. John Buckley of Merryville and Mrs. Mary Buckley of Houston visited Saturday in the G. G. Buckley home.

Mrs. C. W. McClelland of Kountze visited this week in the R. C. McClelland home.

Bob Farrell Dies; Services Held Tuesday at 2 p.m.

Funeral services for Robert E. (Bob) Farrell, 55, who died Sunday afternoon at 4:45 in a Galveston Hospital were held Tuesday at 2 p. m. in Gipson Funeral Home Chapel.

Rev. Thomas McKee of the First Baptist church in Hampshire conducted the services, assisted by Rev. Jack Lee, pastor of the Bethel Chapel Baptist Church, Pineland, and the Rev. W. K. Perkins, pastor of the United Pentecostal church of Pineland.

Burial, under the direction of Gipson Funeral Home, was in City Cemetery, Hemphill.

Mr. Farrell was born in Many, Louisiana. He came to Sabine County at the age of 16 and had lived here since then.

Survivors are his four stepchildren, Mrs. Rayburn Beard, Jasper, Mrs. May Worry, Voth, Burton Thompson, Buna, Herbert Thompson, of Evadale, four grandchildren, three sisters, Mrs. Ruby Gray of Pineland, Mrs. Lizzie Peters, Kirbyville, Mrs. Alda Briggs, Vidor, and one brother, Leo Oxley, Pineland.

Pallbearers were Rex Defee, J. T. Barlow, L. J. Dickerson, Terrell Ener, Doyle Amason, and W. J. Barlow.

Mr. and Mrs. Eldridge Ellison moved into their new home Saturday. Tuesday evening they were surprised with a House Warming.

Mrs. Henry Shettles, Myrtle Ruth Loggins, Murline Clegg, Flo Baldree, Betty Adair, and Susan Gale of Houston have returned from the East Texas Encampment at Newton. Phyllis Dubose made the Lady-in-Waiting step.

Mrs. J. L. Shettles, and Mrs. David Lee Shettles of Tupelo, Mississippi, with Glenda Provence and John Dillard spent last week with Rev. and Mrs. Henry Shettles.

Mr. and Mrs. G. T. Fox took their granddaughters Susan and Phyllis Gale home to Houston Thursday.

Mr. and Mrs. Weldon Meadow of Houston visited Mr. Meadow's sister, Mrs. Clyde Tatom over the weekend.

Mr. and Mrs. Vernon Pickard and Lowery are spending much time at the bedside of Mrs. Pickard's mother, Mrs. Lowery, who is at the home of her daughter, Mrs. Leighton in Lufkin.

Luther, J. W. Alton, and Henry Watson, with their families, of Dallas, attended the Jule Brown family reunion Sunday.

Robert Peters of Sturgis Mill has accepted the superintendency of the Bronson Baptist Sunday School.

Company History

Continued from page 1

During this period, a gang saw was installed at the mill, a new planer was installed, the yard trams were lowered, and many improvements were made on the plant and town.

From 1935-1945,Pineland acquired new schools for white and colored students, the Community Hall was erected, and a general expansion of housing facilities accomplished. Playgrounds and gymnasiums were installed for students of white and colored schools. New churches were erected and old ones remodeled.

Today, timber is still the backbone of the economy of East Texas. Lumber manufacturers of the area began early to take steps to conserve the great forest heritage, and Southern Pine Lumber Company was one of the first to recognize its trust.

In 1956 Temple Lumber Company, and its sister company in Diboll merged, both becoming known as Southern Pine Lumber Company.

Tomorrow, July 4, 1958, Pineland boasts of still greater progress. Celebrating the Independence Day, Southern Pine Lumber Company shows its honor and appreciation toward the employees who have done their part, by loyalty, and hard work, to make it the company it is today.

To be seen on the plant tours, indicative of company progress, will be a brand new sawmill incorporating the latest automatic devices, electronically controlled dry kilns, furniture parts plant, an automatic plant for the manufacture of molded wood toilet seats, a new 5,000 kilowatt power plant, and a hardwood seasoning yard with 18 million foot capacity.

Underway in Pineland is construction of new water system, gas system, and sewer system, residential redevelopments, and parks for recreational facilities.

Ten steps set up as a goal for progress by civic leaders at a meeting of the Service Club April 14, some of which already materialized include: 1. A city hospital, 2 .Highway 96 through town, 3. Farm-to-market road west, 4 .Development of parks with swimming pools, 5. Consolidation of schools, 6. approval of a bond issue for sewage, gas and waterworks system, 7. Long range planning survey, 8. Urban redevelopment program, 9. Attraction of new businesses and industry, 10. Establishment of a newspaper.

—o—

Martin Dies

Continued from page 1

which Mr. Dies sponsored.

In 1952 Martin Dies was elected Congressman at Large, defeating nine opponents in the first primary. He is now serving his third term as Congressman at Large, but this office has been abolished and he has announced that he is returning to the practice of law in association with his two sons, Martin Dies, Jr., and Robert Dies, and Clark Anderson, their law partner.

Mr. Dies' bill to outlaw communist organization was passed by Congress in 1954 and approved by the President. If that bill is properly enforced, it will strike a serious blow to the communist conspiracy in America. In pursuance to his resolution 26, the Committee on Government Operations made the first inventory and appraisement of the 208 billion dollars worth of federally owned property. As a member of the Interstate and Foreign Commerce Committee Mr. Dies has helped to write and report many important measures dealing with health, science, transportation, natural gas, foods and drugs.

Important to our section, Mr. Dies has taken an active part in the legislation to improve our forestry, roads, and water conservation.
