The Pineland Star

DEDICATED TO THE PROGRESS OF PINELAND AND SURROUNDING COMMUNITIES

VOLUME 1—NUMBER 24 | THE PINELAND STAR, PINELAND, TEXAS, THURSDAY, OCT. 2, 1958 | $2.00 PER YEAR

Southern Pine Lumber Company brings another new product to the greater East Texas area. Pictured above are J. T. Newman and D. C. Newman from Cuero, purchasers of the first load and personnel from Southern Pine Lumber Company. The new plant, designed in a practical size to afford immediate service to lumber dealers, pressure treats quality southern pine with penta and a water repellent which affords permanence while maintaining brightness, cleanness and paintability. J. T. Newman placed the first order for the new product when he learned of the plant being under construction in order to have it for his extensive farm and ranch trade in Dewitt County. Left to right in the picture are: Ed Price, treated products sales manager, J. T. Newman, D. C. Newman, Latane' Temple, vice president, Joe Denman, production manager and Jack Hollingsworth, sales representative in the Corpus area.

Market News from Southern Pine

"The volume of SPIB 77 lumber orders during the fourth week in September was much lower than the three previous weeks. However, the volume for the entire month proved greater than any other one month during the year 1958. Now that the heavy rains seem to have slowed, we expect the sale of SPIB 77 products to again pick up to a very satisfactory rate."

"SP Supreme oak flooring sales have been slightly less during the month of September than they were in the past few months but this reduction in volume was a calculated one. We still have sufficient orders to tide us over and we are attempting to reduce our order file so that we might take full advantage of the market with each sale. The outlook for SP Supreme flooring sales continues to look good."

R. M. Burns

"Templetreat sales for the week of September 22 were not as good as they had been in the three preceding weeks. Even so, the volume of orders booked during September were greater than any month to date this year. The backlog of Templetreat orders is three hundred and sixty thousand dollars."

"Hardwood lumber sales continue very good. Prices are firm and I expect an immediate increase on the majority of grades and species. Practically all lumber on hand in Pineland is sold."

Ed Price

"Temple Seat sales during the week passed were at a rate slightly over current plant production.

"This reflects the good volume which Temple Seats have enjoyed during the current year, when more Temple Seats have been sold than in any comparable period of Temple Seat history. This good volume has been the result of the vastly improved quality and packaging of Temple Seats along with the more aggressive selling policy which was adopted about a year ago. However, the price of seats in what may be the most competitive market of its kind has continued to decline so that many of the advantages of plant efficiency and product quality have been lost. Many times during the past several months Temple Seat sales personnel have felt that the market had reached bottom. It is presently hoped that the anticipated increase in residential building during 1959 which is expected as a result of easing of credits will give a better tone to the seat market with somewhat higher prices."

Star Gazing

BY CHARLOTTE SMITH

"I would rather live in a country with newspapers and without a government than in a country with a government and without newspapers."

--Thomas Jefferson

The STAR, like our government, is meant to be of the people, and for the people. In the sense I am its reporter, I, too, belong to the people. Whatever you want to read, whatever you enjoy, is what I want to write--always in truth, in fairness to all, with equality for all.

Call me at 2792 when you have something you would like put in the paper. Your church news, your social news or your personal news.

Monday night at 7 p.m. the PTA will meet in the school auditorium, giving the fathers, and the working mothers a chance to attend for a change. And I hope they fill the auditorium.

September and October are months for PTA membership enrollment period in the State of Texas. Not only parents, but all interested and responsible citizens are urged to join the PTA and to attend the meeting Monday.

You ask "Why join the PTA?"

The PTA aims to unite home, school, and community in working for the good of the youngsters. It gives parents, teachers and all others who care about kids a common meeting ground. More than that, it gives them common goals to work for.

All the teachers attend PTA meetings.

There is not one parent among us who does not want the best for his child, who is not willing to work and sacrifice for the best.

Let's sacrifice a few minutes of our spare time Monday night and give our child the best of our help and cooperation in the Pineland PTA.

Remember! It doesn't cost: it pays to belong to the PTA.

Mrs. John Kirbow sent me the following poem - Don Edgar is the author - to put in the STAR.

DON'T QUIT - FIGHT ONE MORE ROUND

When things go wrong,
as they sometimes will,
When the road you're trudging
seems all uphill,
When funds are low
and the debts are high,
And you want to smile,
but you have to sigh
When cares are pressing
you down a bit,
Rest, If you must
but never quit.

Life is queer,
with its twists and turns,
As every one of us
sometimes learns
And many a failure
turns about
When he might have won,
if he'd stuck it out;
Stick to your task,
though the pace seems slow-
You may succeed
with one more blow.

Success is failure
turned inside out -
The silver tint
of the clouds of doubt -
And you never can tell
how close you are,
It may be near
when it seems afar;
So stick to the fight
when you're hardest hit -
O-it's when things seem worse
that you MUSTN'T quit.

According to rumors, and too much evidence, there is a new game going around presumably an import from Orange, Texas, I'm sure will interest parents. The name is "Chicken" and the rules are these. Two persons touch arms drop a lighted cigarette someplace where the arms touch. The one to move first is "Chicken". One wonders if real courage could be measured by such methods.

PHS Students To Attend Stae Fair

Applications Being Taken for Deer Hunt on Moore Plantation in Dec.

-By CHARLES E. BOYD

Applications are now being received by the Game and and Fish Commission for public deer hunts on five wildlife management areas in Texas. There will be 1,520 permits issued this year, according to E. A. Walker, Director of the Wildlife Restoration Division. Assistant Director Albert J. Springs will be in charge of permit issuance.

The five areas on which hunts are planned are:

1. Gus Engeling Area in Anderson County, November 16-25 inclusive, with 240 permits for both buck and doe.

2. Kerr Area in Kerr County November 16-25 and November 29-30, with 250 permits for both buck and doe. Permits for this area will be for two days of hunting for each permit holder.

3. Sierra Diablo Area in Culbertson County, December 1-8, with 80 permits to be issued for both buck and doe. Two days hunting will be allowed for each permit holder on this area.

4. Black Gap Area in Brewster County, December 1-8, with 400 permits to hunt both buck and doe. Each permit holder will be permitted two days of hunting on this area.

5. Angelina Area—Included in this area are three operating units with planned hunts for November 17-21st inclusive on the Lake Tejas Area near Colmesneil, Texas in Tyler County; December 1st-5th inclusive on the Shawnee Creek Area near Zavalla in Angelina County; December 17-21st inclusive on the Moore Area near Pineland and Hemphill in Sabine County, Texas. There will be a total of 550 permits issued for all three units of this area. Persons interested in hunting on the Angelina Area do not have a choice of which unit they hunt on but there is a chance that you will be able to hunt on the area that you want. Each permit holder will be permitted one day to hunt bucks only.

Only persons 17 years or older will be permittd to hunt on these areas.

You may make application to hunt as a party if you desire. Parties can be of 2, 3, or 4 persons but will be limited to no more than 4 persons. Use of this procedure will assure you of being assigned to a hunting area with your friends. This is a recommendation for your own convenience and is not mandatory. If you wish to hunt in a party, list the names and addresses of your companions on the application blank in the appropriate places. Instruct your party members not to send in duplicate applications for the same party. Duplicate applications will not be accepted, as a man's name shall not appear in our files more than one time in order to be elgible for the hunts. There can be no substitution of names of the party members after the application has been received in the office. No preference can be given as to dates.

The application blanks and permit, if you are one of the lucky applicants, is free. If your name is to be included in the drawing, this application must have been received in the Austin Office of the Texas Game and Fish Commission, Walton State Building, Austin, Texas by 8 A.M., October 30, 1958. Bread 'n Butter

BY LATANE' TEMPLE

Tom Lester rode back from Lufkin with me a few days ago and remininsced some about the old days in Diboll's principle industry. This always pleases me because tales of the old days and some memories of my own are wrapped up in very pleasant association of my life. He mentioned my father when he used to work out in the mill and described him as a rootin tootin youngster who worked twice as hard as anybody on the job---when he worked. He also mentioned my dad's father and told about his visits to the mill. Tom told particularly about one time in 1907 when he showed up out at the planer and everyone immediately noticed that he was pale and anxious. Anyone who has ever worked around a sawmill knows how keen senses can become to detecting not only the presence of a boss but the mood he is in. At this particular time few had ever seen him look so drawn. In a few hours they found out what the trouble was. Panic had hit the nation's business and it had become necessary for him to cut the crew drastically. Before night most of the young single men had been paid off and laid off. Apparently, it was the hardest thing he had ever had to do.

Other old timers will remember the panic of 1907. Tom thinks that our long period of prosperity has put folks in shape where they could not stand such a lick today. We would like to think that such radical collapse is no longer possible. However, he is still right in my opinion.

Our exchange of goods and services have become so compliclated and we depend so much on processes that most of us have never seen and couldn't understand if we did see them, that just one drittle s'ip-up somewhere can work real hardship on thousands or even milions of people.

When the Federal Reserve Board about two-and-one-half years ago raised interest rates on borrowed money, residential home building dropped around one-fifth, lumber manufacturers took about a fifteen percent reduction on the selling price of lumber and many mills had to shut down, so you might say the Federal Reserve Board raised interest rates and folks who work in East Texas sawmills had to tighten up their belt a notch or two.

When we think about what affects our bread and butter, it's hard to visualize all the things that can come at it.

It impressed everyone who had anything to do with Diboll Day preparations and with the disappointment of having to call most of it off on account of the cloudburst how thoroughly obliging and sincere Governor Price Daniel was about wanting to come to Diboll to talk to us. It brings to mind that the real success of a man in public office grows out of a sincere interest in people and the events that affect people. This is a good example. When the rains came and airplanes were all grounded, Price Daniel wanted to get in a car and race to Diboll and be here on a thousand to one chance that the weather might clear long enough for us to go on with our program.

Smokey Bear Being Seen In The Schools

According to the U. S. Forest Service, "Smokey the Bear" reports a very successful trip was made to Pineland, Hemphil and Brookeland public schools.

He was so pleased with his enthusiastic boys and girls that he plans to make another visit next year. "I know these young men and women will help me eliminate woods fire. Remember, be careful, only with your help can we prevent forest fires.

President Eisenhower has proclaimed the week beginning October 5 as Fire Prevention Week, and no one has a more direct interest in this proclamation than the foresters of Texas.

The number of forest fires on the Sabine National Forest has been low for the past several years. U. S. Forest Service says that two things have helped - people are more careful and the weather has been cooperative. The foresters fear, however, that the weather conditions may not always continue, and this leaves it entirely up to man.

The U. S. Forest Service, Yellowpine Ranger District, according to ranger Ralph Moyle will present the following films for showing at the designated place and time noted below.

"The Woods and the Way", Lion's Club, Hemphill, Wednesday, Oct. 1, 12:30 p.m.

"The Woods and the Way", "Little Smokey", "Mice In The Council", and "Turkey Raising" slides, Pineland Community Hall Monday, night, Oct 6, at 7:00 p.m.

"The Woods and the Way", and "Mice In The Council", Rosevine School, Tuesday, Oct. 7, 8:15 a.m.

"The Woods and the Way", "Little Smokey" and "Mice In The Council" Pineland Bryant School, Tues., Oct. 7, at 10:15 a.m.

"The Woods and the Way", "Little Smokey" and "Mice In The Council", Hemphill Colored School, Tues. Oct. 7, at 1: p.m.

"The Woods and the Way", "Little Smokey", "Mice In The Council", Gravelhill, Tues. night, Oct. 7 at 7 p.m.

"The Woods and the Way", "Little Smokey", and slides on "Improved Turkey Stocking", Court Room, Hemphill, Thurs. night, Oct. 9 at 7:00.

Date of film showing at Griffin Store not detrmined.

These films will be shown in cooperation with the Texas Game Commission.

The general public is cordially invited to attend. The comedy movie is shown primarily for the youngsters, also the "Little Smokey" film depicting Smokey Bear's original role in becoming the National symbol of fire prevention.

SS Man To Be In Hemphill; Help On Insurance

STAR COOKS

Last week's cook, Mrs. W. S. Burch tells me I made a mistake in her No-Crust apple pie. The cheese IS NOT served on the pie, but baked in the pie. After mixing flour, butter and sugar, add the 2/3 cup cheese and toss lightly with fork with apples and bake as directed.

This week Mrs. E. H. Shaw has given us one of her favorite recipes. If you have a favorite recipe, you would enjoy sharing with your neighbors, send it to me, Box 25.

CHOCOLATE POUND CAKE
By Mrs. E. H. Shaw

½ pound butter (or oleo)
½ cup shortening
3 cups sugar
5 eggs
3 cups all-purpose flour
½ teaspoon baking powder
½ teaspoon salt
4 teaspoons cocoa
1 cup milk
1 tablespoon vanilla

Cream butter (or oleo) and shortening. Add sugar and eggs. Sift dry ingredients together. Add alternately with milk to creamed mixture. Add vanilla. Bake in greased and floured pan one hour at 325 degrees.

FROSTING-MOCHA BUTTER CREAM FROSTING. ½ cup oleo. 3 cups powdered sugar, ⅛ teaspoon salt, 3 tablespoons strong coffee, 1½ teaspoons vanilla, 2 tablespoons cocoa. Cream butter until soft. Add sugar and vanilla, and coffee gradually. Beat after ea ch addition until well blended. Add cocoa, beat well until of spreading consistency.

Mrs. Miller Honored With Pink-Blue Shower

Mrs. M. M. Miller was honored with a pink and blue shower Thursday evening at the Community Hall with Mesdames Cecil Vaden E. W. Ener, Jr., Price Rash, Guy Cammack, and Ben Smith, Jr. as hostesses.

Pink rosebuds in a crystal container centered the table which contained a crystal punch service and a cake, decorated with tiny blue and pink rosebuds and the words "Baby Miller" against a background of white icing.

Gifts were presented in a pink and white bassinette by Mary Van Sally, and Jennifer Miller, to their surprised mother who had thought them at home.

Some rules and regulations to be in effect on the Angelina Wildlife Area hunt are: Bag limits - Bucks only - One (1); Possession limit one (1); The carcass must have a special tag in addition to one from the hunters valid hunting licenses; for all deer killed on the areas must be checked and hunter clearance secured before he can leave the area. Means of taking: It shall be unlawful to shoot or take any deer with (1) any rifle that is not capable of being fired from the shoulder, (2) with any shotgun using other than solid slugs, or (3) a .22 caliber rifle using rim-fire ammunition. It shall be unlawful for any person or persons to make use of a dog or dogs in the hunt of/or pursuing or taking or attempting to take any deer; provided, however, that it shall be lawful to use one dog on a leash (no more than 10 feet long) controlled by the hunter, for the purpose of trailing a wounded deer. Proof of wounded deer must be evident.

We are aware of the fact that some of these rules and regulations do not appeal and are unpopular with some hunters but these rules and regulations are vital to our being able to maintain a sustained yield for future hunts on these areas. In this regard we have to first consider the wildlife and then the hunter. In the past the wildlife has been given a very poor second consideration in many cases.

The Angelina Wildlife Managment Area in Sabine, Angelina, and Tyler Counties like most other areas includes units which have been in game restoration areas for the past seven or more years on both national forest and private land. This program has been financed with 75 per cent Federal Aid or Pittman-Robertson funds and 25 per cent state funds. The Federal Aid or P-R funds are provided from Federal excise tax on guns and ammunition and other sporting equipment while the state funds come from funds collected by the Game and Fish Commission by the sale of licenses, sand, shell gravel, and so forth. The point is that these programs are not financed by ordinary taxes but are paid by the sportsmen who also receive the benefits. The funds come from all sportsman allover the State of Texas and for this reason each has an equal right to the benefits of the hunts on the areas. Some local people are highly critical of these "out of county" people coming into "our" county but the truth is that the "out of county" people have just as much right to hunt here as anyone who lives here since local hunters may also go any place in the state. There are rumors of all kinds being circulated regarding all of the trouble and damages to be expected from the "outsiders". We hope for the best but we intend to be prepared for the worst and expect anything but if and when any static does come before, during, or after these hunts you can trace the origination straight to some local game law violator and trouble maker who also has a long list of game law violations on his record. In the past he also has encouraged these outsiders in their violations by showing them where to go and condoning these violations in every way and fighting these game restoration programs every time the opportunity presents itself.

We intend to cooperate 100 per cent in fire protection and control with the U.S. Forest Service, all private landowners, and others interested in conservation. Your cooperation will be greatly appreciated.

Mass Set For St. Pius Church

Rev. E. F. McKenna, M.S. will offer the most Holy Sacrifice of the Mass Sunday morning at 10:30 o'clock at St. Pius Catholic Church, Hemphill.

Gospel read for the nineteenth Sunday after Pentecost will be taken from St. Mathew 22, 1-14. Epistle is from Ephesians 4, 23-28.

October is the month dedicated to the Rosary, prayer of meditation on the entire life of Our Lord Jesus Christ.

Thursday is the Feast day of the Guardian Angels; Friday the Feast Day of St. Therese of Lisieux, and Saturday the feast of one of the most notable saints on the calendar of the church: Francis, the poor man of Assisi.

Which Suit Has Been
SANITONE DRY CLEANED 50 TIMES
...which is brand new?

Here's dramatic proof that repeated quality dry cleanings do not alter look and feel of newness

Now you can be sure your family's clothes are safe! Have us dry clean them like these two suits featured recently in national magazines. You'll find that not only does regular Sanitone Dry Cleaning cause no perceptible wear, but never before did you see those clothes quite so clean nor quite so perfectly pressed. They retain both the look and feel of newness through cleaning after cleaning, too! Try us and see!
